A.A.A. To Help Athletes Travelling Long Distances

AS we were going to press this week a letter—which will be found on another page—came in from Barry Willis, A.A.A. Hon. Secretary, about the expense involved in travelling from the extreme north, or in fact any other areas of the country far remote from London, when competing in any of the major meetings.

National Coach Peter Harper had brought this to the attention of the Hon. Secretary and he so fully appreciated the position that in his letter he appeals for offers from other athletes or anyone interested and willing to put up athletes travelling long distances to compete at the A.A.A. Championships or similar important fixtures. If sufficient offers are forthcoming, and it is expected that these will be reciprocated when it is the turn of Southern athletes to make similar long journeys, the A.A.A. will help to pass details on to those wishing to avail themselves of this hospitality.

With the cost of rail travel so heavy these days, this will no doubt be greatly appreciated and the athletes will have much to thank Peter Harper and Barry Willis for in helping to cut their costs when competing at meetings a long way from home.

ARTHUR WINTER also appeals this week for help in connection with the Poly Marathon, and I am sure he will get it. It should be noted, however, that Arthur would appreciate offers of assistance being made *after* w.e. April 29th.

With quite a number of well known road races going by the board these days, and others having to move their course to avoid trouble with the police, we must ensure that nothing happens to the famous Poly Marathon. So anyone able and willing to help out should make a point of writing *next* week-end to Arthur Winter with their offers.

IN response to several requests we include our first article this week on the 880 for junior women. It comes from David Goldring, formerly of Loughborough College and now a biology master at Withywood School, Bristol, where he has been having great success with his schoolgirl runners. The other article on training for the 880 will now be included in a few weeks time, and will be followed later by another.

EVENTS this week-end include the L.A.C. Schools Meeting at Crystal Palace, including the Southern 6 Miles Championship; Finchley "20" including the Southern Championship; Canterbury "6"; Midland Marathon, Rugby; Blackpool Road Relay; Wolverhampton Road Relay; and the Perkins Trophy Meeting at Ilford.

THANKS

Dear Sir,

Two letters have recently appeared in your magazine criticizing the groundstaff at the Crystal Palace for lack of consideration to the needs of athletes training there.

Without wishing to enter into the rights or wrongs of that instance, I think it only fair to place on record the thanks of the Surrey County A.A.A. for the co-operation and assistance in attending to our requirements at the Field Events Coaching and training day held there on Sunday, 2nd April. On a day of really miserable weather, they went out of their way to provide as much indoor and undercover accommodation as possible at very short notice and at no time were our outdoor activities restricted.

Yours sincerely,
W. Payne,
Surrey County A.A.A.
Coaching Secretary

UNNECESSARY CLASH

Dear Sir,

On 17th June, 1967, the Southern Counties Junior and Youth Championships Part I are being held. On the same day the Kent Schools A.A. Championships are being held.

Quote from "Athletics Weekly", July 3rd, 1965:—"Remarkable lack of foresight caused a clash between Part One of the Southern Junior and Youths Championships at Hurlingham on June 26th and County Schools Championships, resulting in the absence of many top athletes."

This clash has arisen again at least for Kent Juniors and Youths, and probably other counties too. I speak for many Kentish athletes when I ask if anything can be done.

Yours sincerely,
M. T. Davis,
Canterbury A.C.
Simon Langton G.S.

INTERNATIONAL 1967

Dear Sir,

The various letters on the 1967 International have been read with interest. Readers should note that the host country is responsible for all arrangements and these naturally vary from country to country. Whilst the rules stipulate that the course should be *bona fide* cross-country, it is not always possible in these days to enforce the strict letter of the law. One has to bear in mind the local conditions, the need to try and recover some of the expenses involved, and that any spectators paying are

entitled to see something of the racing. Nobody regrets the lack of real country more than the Home Countries but in view of the present day requirements it is often impossible to oblige—very few towns have wide open spaces which are totally enclosed like Graves Park, Sheffield. Concerning the lack of refreshment facilities, Wales, knowing the lack of public interest in the past, was reluctant to embark on too much expenditure and the fact that they succeeded in drawing in a good crowd should not be held against them. In this day and age both athletes and spectators alike expect too much for too little.

Yours faithfully,
G. L. N. Dunn,
Hon. Secretary/Treasurer,
International Cross-Country Union

CLOSELY FOUGHT

Dear Sir,

With reference to the results of the Birmingham League Div. II, held on February 18th; printed in April 1st issue.

Not wishing to discredit Maurice Herriott's performance, we would like to point out that Bernard Browning did not share first place in this race, through an act of "kindness" on the former's part. It was a closely fought race and both men were equally deserving of first place, although we think Bernard Browning's run was superior in comparison to previous league races.

Yours faithfully,
**Misses Rita Gorton
and Pauline Ramm**
Bromsgrove & Redditch A.C.

The official results of this event were very late in coming in, and when they did we included a brief reference to this finish, taken from a local paper. Our apologies if this was in fact incorrect.

WHAT ABOUT NI-CHI-CHIN?

Dear Sir,

After reading the two articles about Valeriy Skvortsov and Valeriy Brumel ("A.W.", March 25th and April 8th), it seems to me that both of them consider the world high jump record safe, the only threat being from the Americans. Nobody seems to consider China's Ni-chih-chin, who at 24, surely must capture the world record. He has got within $\frac{1}{8}$ " of the record while the Americans are nowhere near this mark.

Yours faithfully,
Paul N. Lowe,
Torpoint, Cornwall

USE THE "AXED" RAILWAYS

Dear Sir,

May I, through your columns, ask for support in the following venture.

As an A.A.A. Sprints Coach, I have long realised the value of training on a cinder track, what I have not realised, until just recently, is that I do not live 30 miles from the nearest cinder surface, but only 200 yards.

I refer to the 18 inch strips alongside "axed" railway lines, some stretches of which provide top class training facilities. Some very useful sections, however, have been unfortunately lost due to lack of care in removing the ballast from the area. By the time lorries have churned the hard core about, and spread it around the line, the cinder margins are often obliterated and beyond repair.

Many of us no doubt have "axed" lines near our homes, but the value of them to us needs to be recognised nationally by those other than athletes. Please may I ask you to write to your local Councils and M.P.'s. We must point out that one section, at least, of the community can find a valuable use for "axed" lines, as long as unnecessary damage is avoided by builders' merchants and others in removing the ballast.

Legislation, if required, should be simple. Cost of upkeep will be zero as a single athlete is quite capable of maintaining a particular section of line, and has every incentive to do so.

It does not take many months for a track to become overgrown or damaged, and re-suscitation then takes a very long time.

Positive action now, on the part of all of us, will show everyone that athletes are prepared to use existing training facilities, if given the chance.

Yours faithfully,

Peter C. Clarke,

Sturminster Newton

THE C.C. INTERNATIONAL

Dear Sir,

The Welsh Cross Country Association sub-committee which organised the International Championships at Barry last month are mystified as to what body of opinion was sup-

posed to have been represented by the criticisms which were expressed, as they have received nothing but praise. Criticism of the course did not come from the runners, who were almost unanimous in their praise and of the hard work put into its preparation. The committee are now in a quandary. With so much "real country" around them from which to choose a course they opted for Barry Sports Centre because it would obviously satisfy spectators too. They recalled an International not so many years ago in Wales when all the continental teams threatened to go home the night before the race after viewing the course. There was too much "real country", and it had to be changed. Barry Sports Centre quite obviously pleased everyone except those who wrote the letters.

Yours sincerely,

Bernard Baldwin

This subject brought the largest batch of mail for a very long time and we published only a selection from experienced and knowledgeable people. Nearly all voiced the same main criticisms, the non-country course and lack of proper refreshments.

POLY MARATHON S.O.S.

Dear Mr. Editor,

This year, for the Poly Marathon on June 10th, we are trying to organise a new system of intermediate recording in order to reduce the number of official cars on the road, and for this purpose I would be glad of any extra help which local officials could give me.

We propose to have the usual stations at 10 miles near the "Red Lion," Wood Lane, Iver; 15 miles near the "Peartree" Hillingdon, and 20 miles near Heston Church, but instead of teams of travelling officials I am trying to get teams of local officials who will be on the spot and will be supplied with charts, etc., before the day. Shortly before the race is due to arrive each will receive a watch which will have been started by one official at Windsor and he will deliver the watch to each station in turn.

At the completion of their spell of duty each station will keep their charts and I will arrange to pick them up either Saturday night or Sunday morning.

NORTHERN ROAD RACES

Dear Sirs,

Although I absolve the magazine from all blame, I wonder sometimes why we bother at all. As reader R. W. Moore said a short while ago, the North gets worse with its road race reports, several races passing without comment either before or after.

I recently asked a leading Northern road runner why he wasn't ranked in the "Top 20" by the RRC and his reply was "the races I win never get the results sent to 'A.W.'". Enough said!

It is the Stockton "20" today (April 15th) but as in previous years its result will remain a secret to all but the participants.

Yours sincerely,
Michael Child,
Wakefield H.

Michael Child kindly sent in the result sheet of the East Riding and Northern Marathon—the only details we had received of this event were the first six, sent in by a guest competitor! Unfortunately, some Northern race secretaries either do not send us any results or send them in weeks late. Another athlete has just sent in the results of the Stockton event.

HOSPITALITY FOR ATHLETES

Dear Sir,

In a recent letter to me, Peter Harper, our National Coach stationed way up north in Durham, stressed the high cost involved for an athlete living in those parts who wishes to compete in, say, the A.A.A. Championships at White City. The return rail fare itself from Durham is £6.17.0, and of course accommodation can add considerably to that.

Peter suggested in his letter that athletes and other enthusiasts living in the London area might be glad to provide overnight accommodation for athletes from the provinces who are travelling to London to take part in a major meeting. "I know the athletes in the North would return this hospitality" he added—and I am sure this applies elsewhere to.

I am delighted to take up this suggestion, and invite all persons who are willing to offer hospitality to write soon to our Administrative Officer, Leslie Higdon, at the A.A.A. Offices, 26 Park Crescent, London, W.1. If the response is as good as I would hope, we

will (with your further help, Mr. Editor) then make it known that athletes who would like to benefit by these offers should let the A.A.A. know—and we will willingly act as intermediary and endeavour to see that the scheme works smoothly.

Yours sincerely,
Barry Willis,
A.A.A. Honorary Secretary

Race Walking

By L. W. WOODCOCK

WELSH Interest: The RWA Welsh Area received 52 entries for their annual 10 Miles Championship and Open race. This is the largest entry for a race in Wales since the war and it rather looks as if the sport is making a breakthrough in the Principality. Additional support for local efforts will come soon from the parent association who will shortly be posting a letter to every Welsh Athletic Club and other bodies. This year's race was won easily by Ken Bobbett.

Sheffield Open "15": As expected, the Empire and National Champion, Ron Wallwork, won the annual Sheffield UH Open "15" last Saturday, but Ted Taylor sprang a surprise by beating Malcolm Tolley for second place. Tolley returned to his native city for this race. Both Wallwork and Taylor beat the magic two hours and there is no doubt that Taylor is enjoying his best season.

"Lugano Cup" News: Fourteen countries have entered this year's "Lugano Cup" International Team Walking Competition. The entrants are:—Belgium, Bulgaria, Czechoslovakia, Denmark, East Germany, France, Gt. Britain & N.I., Hungary, Italy, South Africa, Sweden, Switzerland, U.S.S.R. and West Germany. Under the IAAF Rules for this event East Germany, Gt. Britain and Hungary, who filled the first three positions last time, will automatically qualify for the finals on 14th/15th October. South Africa, too, as an entrant from outside Europe, will go direct into the finals and they, together with the USSR, are newcomers to the competition. The composition of the eliminating qualifying zone matches and their venues will be announced later. There is no doubt that this competition is growing in popularity and now that the USSR has entered the only major walking countries still to do so are Australia and USA, but everyone will understand their problem of geography and the increasing expense of modern travel. The competition comprises two events at 20 Kms. and 50 Kms. with three competitors from each country at each distance. The result is worked out on a team-scoring basis and it is the country which goes forward from the qualifying zone matches and not the individual walkers, and a country may change the composition of its representatives when going forward to the finals. Each team party comprises six walkers with a team manager and a walking judge who is usually a member of the IAAF International Panel of Walking Judges. The finals venue will be announced later but a likely venue is Potsdam, East Germany.

Today's Events: Colchester-Ipswich Open "17"; Lanes WC 7M. Club Handicap at Wythenshawe Park (3.00 start); Welsh 20M.

Shaun Lightman (Metropolitan W.C.) winning the Open 20Km. Walk promoted by his club at Battersea Park, a success richly deserved by one of our most improved walkers.

South Africa 1-2 In Maidenhead Road Race

March 27th

BACON, who had always been up with the leading bunch, attacked shortly after the half-distance and by six miles (28.15) he had opened up a gap of about 20 yards over Sparks. 30 yards further back came a group of five made up of Morrison, Dekkers, Price, Edwards and Absolom. As the field began the long ascent of "the Mount" a five-minute hail-storm burst upon them and by the time the

top had been reached Morrison had gained a tremendous amount of ground on Bacon and Sparks. The Windsor man held on gamely but the South Africans, reaching 8 miles in 38.30, broke away on the next downhill stretch and at 10 miles (47.35) Morrison also dropped his countryman.

CAMBRIDGE & COLERIDGE WIN OWN SPRING RELAY

At Cambridge, April 15th

CONDITIONS were ideal for Cambridge & Coleridge's 4x5 Miles Spring Relay and the home club ran out clear winners. After lying fourth on lap one they soon moved to the front on the second circuit and went on to clip four minutes off the old course record which was beaten by the first six teams home.

1, Cambridge & C. (J. Roberts 24.44, J. Farmer 24.19, S. Larkin 25.05, R. Robinson 24.09) 98.17.

2, Windsor & Eton (R. Graham 24.39, B. Allen 24.57, D. Sparks 25.08, P. Yates 24.48) 99.32.

3, Liverpool (B. Jones 25.41, M. Fearon 25.49, A. Swindlehurst 25.30, M. Turner 23.23) 100.23.

4, Norfolk Gazelles 100.53; 5, Ranelagh 100.56; 6, Verlea 101.34; 7, Ealing & Southall 101.47; 8, CC "B" 103.34; 9, Windsor "B"

Welsh Notes

By Bernard Baldwin

Fixture list: The Welsh AAA are producing a fixture list before the end of April with the express purpose of advertising the main dates and encouraging promoters to fix their dates or to advise of clashes. Already one or two bad clashes have been discovered. Promoters are therefore urged to contact the secretary now with a view to having their date and venue included in the original list. An amended list will then be produced in May.

Open Meeting: Birchgrove are promoting open events at Maindy Stadium, Cardiff, on May 2nd, June 6th and July 4th, for all age groups except senior men. These are all Tuesday evenings and the programmes each begin at 6.45. Some senior events will probably be arranged too but the idea is to develop the other sections with seniors coming along to help.

Peter Lay made his debut as Welsh National Coach with a course at the University Grounds, Llanrumney between April 7th and 9th. He has set up offices at the CCPR, 47 Cathedral Road, Cardiff.

Sylvia Powell—a courageous athlete. The only Welsh athlete invited to attend Bovril's recent potential Olympic Athletes course at

Crystal Palace was 20-year-old Sylvia Powell. She started long jumping in 1962, clearing 17'9" with her first effort, but a few weeks after she nearly had her right foot chopped off in an industrial accident. Sylvia was on crutches for about 10 weeks and it looked like the end of her career at the age of 15. However she made a remarkable recovery and won the Welsh Intermediate 100 yards the next Summer. In the long jump she had to be content with second place and 16'4½", her take-off foot, the one concerned in the accident, now considerably weakened. Since then she has gradually built up strength, improving to 17'10" in 1964, 18'11" in 1965 and 19'5" last year. This winter she has leaped 19'8" in training and her coach, Matt Cullen, feels confident that with the right approach she could top 20 feet this season.

Bargoed Road Races, March 21st. Bargoed, at present enjoying a great revival, were delighted with the turn-out and intend making the races an annual event. 100: M. Davies (Barg) 10.0. 4½M: 1, A. RECORDS TUMBLE IN HORNSEY ROAD RELAY

At Finsbury Park, April 8th

IN the 21st edition of the annual Hornsey St. Mary's Road Relay both course and lap records fell. The first four teams all finished inside the time of 1:47.15 set by the now-defunct Ponders End in 1961, while Mike Gowan sliced 17 seconds off the lap record of 20.11 run by P. Mellor (Ponders End) three years previously.

On the first two legs the lead was held first by Luton's Tony Simmons and then by Southgate's Ron Gomez. On the third stage however Windsor moved into a 13 second lead and from this point onwards they were never endangered.

1, Windsor & Eton (G. King 20.45, N. Barton 21.07, R. Graham 20.42, B. Allen 20.43, P. Yates 20.26) 1:43.43 (rec).

2, Luton United (A. Simmons 20.20, B. Hutton 21.21, M. Pakey 21.06, A. Layton 21.37, G. White 20.54) 1:45.18.

3, Herne Hill H. (D. Taylor 21.09, D. Card 21.56, M. Gowan 19.54, S. Allen 21.21, D. Evans 21.16) 1:45.36.

4, Ealing & Southall 1:46.43; 5, Shaftesbury 1:47.15; 6, Borough of Enfield 1:47.32; 7, Hadleigh Olympiads 1:47.56; 8, Hornsey St. Mary's 1:48.15; 9, Hillingdon 1:48.55; 10, Verlea 1:49.29; 11, Eton Manor 1:49.32; 12, Canterbury 1:49.39; 13, Southgate 1:50.12; 14, Windsor "B" 1:51.40; 15, Luton "B" 1:51.52; 16, Hillingdon "B" 1:52.32; 17, Camden 1:53.00; 18, Enfield "B" 1:53.11; 19, Shaftesbury "B" 1:53.23; 20, Barnet 1:53.31. 35 teams closed in.

Fastest times: Gowan 19.54, Simmons 20.20, R. Gomez (S'gate) 20.21, M. Barratt (Eal) 20.22, M. Absalom (EM) 20.22, Yates 20.26.

The Veterans A.C. 10 Miles Road Championship will be held in Richmond Park, on Saturday, May 20th, at 3 p.m. Dressing rooms at the Pavilion, Wimbledon.

Southend-on-Sea A.C. act as hosts to the W. German club, C.S.M. Krefeld, from August 26th to September 3rd, and have three meetings on August 28th, August 31st and September 2nd.

Cambridge & Coleridge A.C. have vacancies for one or two clubs for their home fixtures at the University track on May 13th, June 17th, July 29th and August 12th. At all four meetings a 2 miles walk will be included, on June 17th an open ladies' mile, and on July 29th a youth steeplechase—all no fees, no prizes. A note to R. W. Summerfield, who moves to 3 Lents Way, Cambridge on May 1st, confirming entry, would be appreciated.

With The Ladies

ALPHA-BETA TROPHY

At Hendon, April 8th

THE first of the year's big Trophies stayed in the Midlands again as Notts, the Londoner's jinx team, again outscored Olympiades by the narrowest of margins. Jo Frampton chalked up a fine throwing double for the Sherwood ladies.

Aldershot took the second Division trophies with a good all-round team effort, particularly in the hurdles and throws. In unhelpful conditions Sylvia Mason was very close to a personal best in the discus. Angela Birch however produced the one sparkle of a rather mediocre day scoring a shattering 30 yard win in the furlong. She could well beat the field this year at this distance.

Miss Marea Hartman, who presented the awards, was highly delighted with the turn-out and slick efficiency of this first-class meeting. Superbly commented throughout by Dave McJannet, with event-by-event team placings, the afternoon passed all too quickly.

**Derby Easy Winners of
Warrington Road Relay**

At Burtonwood, April 8th

DERBY & COUNTY scored a convincing
victory in the Burtonwood Brewery Cen-
tenary Road Relay organised by Warrington.
After the first of four laps they lay in 3rd
place, Leeming coming home behind Richard
Wilde (M'r Lads) and Frank Briscoe (Leigh)
but ahead of Alan Simpson. John Simmons
took Derby over 30 seconds clear on the second
circuit with Mike Freary bringing Bolton
through from 8th to 2nd.

Alan Taylor took Derby even further ahead
on lap three while Bob Gregory established
Manchester Lads in second place. Sale moved
into third position, 13 seconds ahead of Bolton.

On the final stage Ron Hill quickly moved
past Sale in running the fastest lap of the day,
but the first two teams were too far ahead to
be in any danger.

The British Police Championships, at Maidstone, on March 16th, saw the Royal Ulster Constabulary finish 4th. London Metropolitan supplied the first two teams with Staffordshire just pipping the RUC for third. The RUC placings were: 15th, Bob Catterson; 18th, Billy McCue; 25th, Andy Hillis; 28th, Barry Holmes; 35th, Stuart Wilson.

Ballyclare "10", March 18th. Almost 100 runners started on a fine but windy day and by the half-distance it appeared that a hat-trick of wins was not to be for 30-year-old Willie

Dunne as he lay 7th, 13 seconds behind the leaders. However he came through strongly to catch Eddie Spillane at 9 miles and break his own course record of 51.25. 1, W. Dunne (unat) 51.13 (rec); 2, E. Spillane (Don) 51.22; 3, W. Bryans (Nomads) 51.26; 4, G. McEntyre (Clon) 51.33; 5, C. Holohan (Don) 51.40; 6, A. Chivers (Queens) 51.52; 7, R. Kernoghan (Nom) 52.10; 8, I. You must not miss this European Cup Semi-Final

Duisburg, West Germany, July 22/23

The British team will need all your support in the European Cup semi-final where West Germany and Hungary are our main rivals. Only two go through to the final. The itinerary for our long week-end trip is:—

Leave London 11 a.m. Friday, July 21st for Manston. Manston-Ostend by air, then by coach to Duisburg, arriving 7.30 p.m. approx. Three nights bed and breakfast in a good class hotel. Leave Duisburg 8 a.m. Monday, July 24th, arriving back in London approx. 5 p.m.

This gives a leisurely itinerary with no overnight travel and the cost for all transportation and hotel as stated is only 17½ gns.

Complete the form below, or send details required to Page & Moy Ltd., 221-223 Belgrave Gate, Leicester.

Please reserve me a place on the "A.W." trip to Duisburg, July 21st-24th.

Whitehead Road Races, March 27th. The field broke up slowly in the senior "43" with no one willing to bear the brunt of a blustery wind. Eventually Derek Graham burst to the front with team mate Harry Simpson. Doing no more than necessary the tall Olympian came home with 100 yards to spare, nearly a minute outside his own course record. Afterwards the awards for the Senior "All Rounder" competition was made and in examining the results it was quite obvious that a radical overhaul of the system is needed. 1, D. Graham (9th) 24.41; 2, H. Simpson (9th) 25.00; 3, I. Morrison (B'drain) 25.11; 4, A. Chivers (Queens) 25.16; 5, B. Deary (9th) 25.24; 6, M. Wilson (B'drain) 25.27. Teams: 1, 9th Old Boys 20; 2, Ballydrain 34; 3, North Belfast 66; 4, Duncairn Nomads 77; 5, Queens Un. 87; 6, County Antrim 90. (Novices) 1, P. O'Hare (Dun. H) 26.57; 2, J. Duncairn Nomads "15", April 1st. A representative match involving Southern runners (see below) detracted from the entry and road alterations caused changes in the course but a surveyor's wheel laid once and for all the claim of an under-distance course. At two miles Graham, running in his first race over 10, Simpson, Brown, Deary and McDonnell were already detached from the field but thereafter the first three pulled away. The icy rain seemed to have no effect on the 9th Old Boys pair and at 10 miles (52.49) they were forty seconds up on Brown who, in turn, was well ahead of Kernaghan, Deary and Newton

(54.25), running together. The leading positions changed little after this except for a parting of company between the Graham and Simpson a quarter of a mile from home. 1, D. Graham (9th) 79.44; 2, H. Simpson (9th) 79.50; 3, R. Brown (Co. Ant) 81.14; 4, R. Kernaghan (Nom) 81.51; 5, R. Newton (CA) 82.13; 6, B. Deary (9th) 82.14; 7, J. McDonnell (Clon) 83.36; 8, I. Best newcomer (outside awards): Morrison. 1st Junior: Brown. 1st Veteran: L. Reid (Clon).

NACA 32, AAUE 58, Irish Universities 114, at Belfield, April 1st. Very much a repeat of last year's inaugural race—a convincing win by Tom O'Riordan but a crushing defeat for his team. The Donore man led from start to finish but with the NACA packing 7 in 10 after a couple of miles, it was all over team-wise. Cork athlete O'Sullivan started very steadily but eventually almost snatched second place. 1, T. O'Riordan (AAUE) 37.56; 2, J. Buckley (NACA) 39.02; 3, S. O'Sullivan (NACA) 39.05; 4, M. FINE QUARTER EXPECTED AT LAC SCHOOLS MEETING

THE highlight of the LAC Schools Meeting, at Crystal Palace this week-end, should be the "quarter" where John Wilson meets Ralph Banthorpe. This in itself should be worth going a long way to see but there is added spice in the presence of 1965 ESAAA Champion Richard Green, who missed last year because of exams and glandular fever, Trevor Rodwell, Chris Laws and Dave Marchese. Banthorpe starts clear favourite in the 100 but a bad start might let in Chris Cheetham, Peter Wiltshire, Andy Todd or Dave Thomas.

Two interesting field event battles should also emerge. In the javelin Adrian Diffey meets the challenge of Tony Harper who has been throwing brilliantly with the 700 gm. implement. The hammer should fall to Paul Dickenson but he is also entered for the discus where he meets the defending champion and record holder, Kazimierz Kicinski. Dickenson starts with a personal best 35 feet short of Kicinski's but he has only ever once been beaten in a throwing contest.

The compilers have ranked only those athletes who have participated at least in official national competition. Those athletes who, for various reasons, did not take part in some of the important events have in some cases lost the chance of being ranked in the highest positions. Only those among them who were regularly beating other serious opponents have retained their position in the eyes of the compilers.

Distress in its Right Perspective

IN reply to Mr. Jack Harris' letter ("A.W." 25/3/67), and criticism of my previous comments ("A.W." 11/3/67), I would like to clarify my position concerning the advisability of half-mile events for young girls.

I am in full agreement with his and Miss Anderson's comments re: the need for considerable background work. Again, I have always been of the opinion that prior to serious interval training a careful build-up of stamina, both mental and physical, is required. It is with this end in view that I started training my group of young athletes over the country. I learned only later that there was no half-mile event for this age group, hence the enthusiasm with which I greeted its inclusion into the list of recognised events. The absence of this event appeared an incomprehensible anomaly, for girls of this age performed so competently in conditions hitherto deemed unsuitable, and thus surely a half-mile event would not be beyond their capabilities; it would also cater for those girls who excelled at longer distances, and whose interest might otherwise be lost.

Three types of distress

It seems that various correspondents who have contributed to this discussion have hinged their arguments around the use or meaning of the word "distressed". All athletes who have run *efficiently*, i.e. exploited all natural physiological energy sources, will experience "distress", which will be usually only momentary, as the oxygen-debt is "repaid". Three types of "distress" may be distinguished:

(a) **Muscular.** Loosely, malnutrition leads to an impoverished storage of energy-giving products. Capillary inefficiency or failure restricts oxygen supply to the muscles resulting in failure to release energy and/or failure to remove or re-oxidize lactic-acid produced in energy-releasing processes. Accumulation of lactic acid results in irritation of the sensory nervous system, i.e. pain, and ultimately, fatigue. At this point many girls will stop running. Those who have greater will-power will experience a mental conflict, becoming evident as tears. Those who have been adequately trained and who are "fit" will not experience fatigue unless pushed to the utmost.

(b) **Eliminary.** Vomiting often results from ill-considered feeding habits prior to racing. "Stitch" results from an ineffective "warming-up"—which may in some cases also cause fainting, as a consequence of a residual pool of blood in the abdomen and a lack in the brain.

(c) **Psychological.** Many athletes, by way of an excuse, or showing-off, feign "distress" at the end of a race. This is not new and can be partially remedied by educating the individuals concerned.

Yet still, despite precautions to avert these possibilities, athletes may feel discomfort—usually the responsibility of the coach who has motivated the athlete to perform in spite of physical stress.

How long does this "distress" last for, if indeed it is felt? The feeling of sheer well-being following a brief period of rest soon

By David Goldring

anaesthetizes any brief discomforts. If by "extremely distressed condition", Mr. Harris means permanent or long-term stress, then I cannot recall having seen any such distress evident, and I certainly do not advocate that anybody strives to achieve it. Efficient running means exploitation of the oxygen-debt mechanism—causing irritation and a brief period of pain.

Mr. Harris' contention that "... girls ... are using a certain amount of energy stored up by training in natural growth" contains more than one misconception. Training has basically a two-fold effect on the body, firstly it increases the efficiency of the Cardio-Vascular system, and secondly it effects an increase both in quantity and quality of the contractile element of muscular tissue. It does not cause energy to be stored—this is a popularly held misconception. Energy stores are a reflection of the nutritional state of the individual and of his/her metabolism. Increase in tissue bulk, or growth, places demands upon the protein constituent of the diet, which only secondarily supplies energy. That required for muscular contraction is derived from Carbohydrates (short term) and Fats (long term)—these contribute directly in only a small way to the process of growth. Thus, exhausting immediately available food supplies in the muscle cell—and there is a great reserve in circulation in the blood and liver—is in no way going to impinge upon growth processes.

Furthermore I cannot even be convinced that Menstruation and Competition reinforce one another to place unbearable demands upon the female body—*generally*. Individuals may vary of course, some may suffer badly—and they would normally abstain; many reflect only a little change; most reflect none; some even improve. As yet, there is very little published research on this topic to convince me otherwise. The significant factors here are the mental attitude of the individual, and largely, commonsense.

Anyway, we have got the half-mile now. Let's accept it and take every precaution not to abuse the girls whom we hope will benefit from its inception.

Who's Who in British Athletics

Peter Walker

Born at Bangor (N. Wales), 11.2.41; 5'10½", 180lb; 40" chest; 48 pulse at rest; site engineer; "unattached at present as I'm mobile"; advised by Ron Pickering, Tom McNab and Robbie Brightwell; single; lives at Heaton Moor, Stockport.

Became interested in athletics "at 6th form in school when by accident I took off with the 'wrong' foot and triple jumped four feet further". Began at high jump; favourite event now is triple jump. Best marks: 60y—6.6 (1962), HJ—5'10"/1.775 (1966), LJ—22'9"/6.93 (1962), TJ—49'4½"/15.05 (1966). Annual TJ progression: 1958—39'0"/11.88, 1959—43'8½"/13.33, 1960—44'11"/13.69, 1961—48'10½"/14.89, 1962—48'11"/14.91, 1963—48'0½"/14.65, 1964 & 1965—injured, 1966—49'4½"/15.05, 1967—49'4½"/15.05 (indoors). GB "B" international 1961; GB international 1966; Welsh champion 1960, 1963 & 1966.

Most pleasing performance was winning the 1966 Welsh title after three years of injury. Greatest disappointments have been "tearing Achilles tendon in 1963 and poor performance in Sweden v. GB match 1966". This year's target is 52'0"/15.85; all-time goal is 54'0"/16.46 and British team for Mexico. Intends competing "as long as work and thus time permits". Most likes "competitive and training spirit in all levels". Dislikes "windy conditions for competing". View of administration: "No reason for any complaints but lack of funds must restrict the Board considerably." Trialist for 1st Division soccer clubs.

Jenny Pawsey

Full name: Jennifer Beryl Pawsey (née Taylor); born at Sutton (Surrey), 16.7.44; 5'6½", 122lb; 36-24-36; 72 pulse at rest; P.E. teacher; Mitcham AC; coached by Mr. E. Cunningham; married to Alan Pawsey; lives at Morden (Surrey).

Became interested in athletics after the Surrey Schools Championships in 1959. Began at 100y and 150y; favourite event now is 220y. Best marks: 100y—10.9 (1962) & 10.7w (1966), 220y—24.6 (1966), 440y—58.0 (1966), 80mH—11.5 (1966), Pen—3640 (1963). Annual progress at 100y and 220y: 1959—11.5; 1960—11.0, 25.3; 1961—11.2 (10.9w), 24.9; 1962—10.9, 25.0; 1964—25.4; 1966—11.0 (10.7w), 24.6. WAAA Intermediate 100y/220y and English Schools Intermediate 100y champion 1960; English Schools Int. 100y Champion 1961; English Schools 100y champion 1962; WAAA indoor 220y champion 1967; GB international since 1961.

Most pleasing performance was "placing 2nd

in WAAA 220y in 1961—still an intermediate". Greatest disappointment: "Losing form at the vital moment in 1966". This year's target is "to run 220y under 24 sec." All-time goal is "to compete in 1968 Olympics". Intends competing for "a few more years!" Most likes "travelling around and meeting people"; dislikes "training in bad weather". View of administration: "I have always found the administration efficient and officials most helpful. They do a good job on the money available."

Edwin Pavitt

Born at Tyldesley (Manchester), 23.11.42; 5'7", 147lb; 37" chest; 60-65 pulse at rest; dental technician; Leigh Harriers; self coached; married; lives at Leigh (Lancs).

Has been interested in athletics "from my junior school days. I represented both junior and senior schools in the sprint events". Favourite events are 100y and 220y. Best marks: 60y—6.3 (1966), 100y—9.7 (1966), 220y—22.0 (1965, 1966). Annual progress at 100y and 220y: 1960—10.6; 1961—10.3, 22.8; 1962—10.2, 22.8; 1963—10.0, 22.5; 1964—9.9, 22.2; 1965—9.8, 22.0; 1966—9.7, 22.0.

Most pleasing performance: "I am pleased every time I win, as each win gives me confidence to go on". Greatest disappointments: "Failure to be selected for the Commonwealth Games, and failure to reach this year's AAA indoor 60y final as I expected to be the new champion." This year's targets are "to do 9.6 in the 100y, beat Barrie Kelly, and gain a full Great Britain international vest". All-time goal is to compete in the Mexico Olympics. Intends competing "as long as I am able to". Most likes "competition"; dislikes "training". View of administration: "All things in consideration, they do a good job."

RECORD BY BELGRAVE IN BRIGHTON "SEAFRONT" RACE

April 8th

IN ideal conditions Portsmouth's Meadows led home Croydon's Fred Stebbings and Belgrave "B" at the head of the 55 starting teams. On the second lap young Don Faircloth took Croydon into the lead with 12.34, just one second ahead of John Bicourt (Belgrave "A"). Horsham lay 3rd with Woodford Green a remarkable 4th, Tony Maxwell having taken over in 23rd position.

Inspired by his team mate's run, by the half-way stage Colin Moxsom had established for Woodford a two-second lead over SLH. But on the 4th stage Ray Roseman, returning to form after illness, took SLH to the front, 12 seconds ahead of Belgrave (Geoff North) with Portsmouth half a minute in arrears. On the penultimate circuit John Rix (12.34) kept SLH 4 seconds in front of John Thresher (Belgrave) only to have Tony Avila succumb to Laurie O'Hara in the closing stages.

1, Belgrave (W. Dance 12.42, J. Bicourt 12.32, A. Major 12.58, Geoff North 12.35, J. Thresher 12.26, L. O'Hara 12.39) 75.52 (rec).

14 Feet Is His Goal This Year

BOTH Gordon Rule and John Thompson have made their presence felt by the average British athletics follower in the determined way they have set about the age records in their respective events, the pole vault and triple jump. Another thing Gordon and John have in common is that both of them have experienced difficulties getting competition.

Gordon goes so far as to say "fortunately I am permitted to compete as a guest at most of the senior events. Otherwise I would get very little competition — about three events per season." Coached by David Stevenson, "without whose coaching, encouragement and interest I would have known nothing of fibre-glass pole technique," he hopes to reach 14 feet this summer and eventually attain the highest echelons of pole vaulting.

He first took an interest in the event when introduced to it by Mr. Hastie, his school games master—"himself a former star vaulter". Last year Gordon won the Scottish Schools title and went on to become the only individual Scottish winner of a Schools International event. Now he has seven training sessions weekly, winter and summer, Scottish weather permitting. Outside athletics, Gordon's interests range from magic to collecting antiques.

John Thompson's unathletic interests, less sophisticated but no less diverting, include going to dances and playing soccer. He has now given up the latter to concentrate on his jumping for which he trains five times a week. Living in Lincolnshire he has to travel widely for competition and in winter he travels to Cosford as often as possible, a round trip of 220 miles.

Once the winner of a National Schools title and twice runner-up, he also has two Northern Counties triple jump titles to his name. But John's best is still to come and he is aiming for 49' this year and eventually a place in the 1972 Olympic team.

Geoff Capes did not break an age record

last week(!) but further news of him has come to light and may be of interest. Geoff continues to grow; he is now 6'5½" and weighs 240lb. He is still coached by Stuart Storey but has also been advised by Alan Launder and Denis Watts. In the coming season he does not plan to throw the discus seriously but has set himself various shot targets. These include 55 feet with the 16-pounder and 70(!) feet with the 12. No athlete, including such talented juniors as Long and Matson, has ever achieved 70' with the lighter implement. Geoff is now a horticultural worker, a job he regards as good for building up his strength.

Postscript: Apparently I spoke too soon. The day after writing the above, word came of a meeting at Lincoln on April 8th where Capes put the senior shot 50'2½", bettering Alan Carter's best by a British 17-year-old. Capes writes saying he realises this put was a best performance but "I know I can better it."

Godiva Make It Four

At the 40th Harborne Relay, April 8th

COVENTRY GODIVA emphasised their great road racing strength (as if any emphasis were needed) when they won the Harborne Road Relay, their fourth success in as many weeks. Despite the fact that they were without Dick Taylor, Bill Adcocks and John Hammond and that Juan Taylor ran 200 yards off course on his leg, they still emerged as the comfortable victors. Taylor and Tipton's John Bygott were fighting it out at the head of the field when they both took a wrong turning, enabling Eric Austin of Worcester to reach the second takeover in the lead. But Godiva were never very far behind and although they dropped eight seconds on Tipton on the penultimate circuit, Phil Lancaster settled the issue with the fastest time of the day over the last leg.

1, Coventry Godiva (A. Grant 20.41, J. Taylor 21.40, M. Hiron 20.48, M. Thorpe 21.20, P. Lancaster 20.19) 1:44.48.

2, Tipton (J. Edwards 20.28, J. Bygott 22.05, G. Wood 20.50, A. Burkitt 20.58, A. Richards 21.16) 1:45.37.

3, Birchfield (R. Gibbs 21.01, P. Thompson 22.08, R. Mack 20.50, J. Orton 21.37, M. Bardsley 21.10) 1:46.46.

4, Worcester YMCA 1:47.14; 5, Tipton "B" 1:48.16; 6, Small Heath 1:48.33; 7, Halesowen 1:48.36; 8, Wolverhampton & Bilston 1:48.42; 9, Tipton "C" 1:49.32; 10, Warley 1:50.20. 30 teams finished.

Fastest times: Lancaster 20.19, Edwards 20.28, Grant 20.41, J. Rowe (SH) 20.46, Hiron 20.48, Mack 20.50, Wood 20.50.

MATSON'S GREAT DOUBLE

RANDY MATSON came up with one of the most fantastic one-day performances in the history of athletics, writes *Dick Drake*, when he missed not one but two world records by a total of 4½ inches at College Station, Texas, on April 8th. He put the shot 70'5½"/21.47, just short of his own mark, and threw the discus 213'9"/65.15, second only to Ludvik Danek's global standard. The discus mark was more than 12 feet farther than Randy had thrown before and it obliterated Jay Silvester's American record of 210'6"/64.16. His shot series was by far the greatest ever as he averaged 69'6½"/21.20—70'5½"/21.47, 68'5"/20.85, 70'5½"/21.47, 70'0"/21.33, 68'7½"/20.91, 69'5½"/21.17! He threw the discus 203'2"/61.93, 204'2"/62.23, 213'9"/65.15, 206'7"/62.97, 195'6"/59.59, 200'5"/61.09. "I'm surprised by both series," said Matson. "I have worked with the discus very little this week." He also revealed that for the first time this season he had rested Thursday and Friday. "This is going to be a long year. I want to conserve my strength for the summer months."

Fellow super-star Jim Ryun experienced an unhappier week-end. Competing at Lafayette, Louisiana, he finished last in a 100y(!) heat in 10.4, dropped out of the 2 miles (won by Ireland's McDonnell in 8:49.6) after leading for 5½ laps, and contributed only a modest ¼ mile relay leg of 3:03.0.

News of the British contingent on April 8th . . . "Ming" Campbell beat veterans Larry Questad (9.8) and Bobby Poynter (9.9) in a 9.6 100y at Hayward, Calif., fellow Scot Bill Ewing set a personal best mile time of 4:03.0 at Brownwood, Texas; John Vernon triple jumped 47'8½"/14.55 at Lexington, Kentucky; and John FitzSimons threw the javelin 240'0"/73.15 in Los Angeles—all were winning performances.

Detailed USA results summaries next week.

PERSEVERANCE PAYS OFF

WILLIAM EDWARD HICKSON'S century-old piece of advice—if at first you don't succeed, try, try again—might well be the motto of Mrs. Doris Brown, the Seattle housewife who two months ago recorded the fastest ever mile time by a woman. For six years Doris trained enthusiastically, only to have her hopes dashed time and again by injury or illness. By the end of 1965 her best times were merely 58.5 for the quarter, 2:13.1 for 800m, 2:14.1 for 880y and 5:21.6 for the mile. She was already 23, a relatively advanced age in the context of American women athletics for a runner who had never tasted any substantial success, and someone of lesser determination and ambition might well have called it a day.

Doris persevered, though, and her luck turned. Free at last from physical setbacks, she trained as never before under the guidance of her coach, Dr. Ken Foreman. In between her

Doris Brown (USA) And Her Training

—by Melvyn Watman

duties as a housewife and schoolteacher, Doris managed to fit in two sessions a day, six days a week. She would spend 20-40 minutes in the morning, covering from 3 to 5 miles, and 1-1½ hours in the evening on speed work. In preparation for the Canadian indoor mile championship in Vancouver on February 19th, 1966, Doris's evening programme took the following shape:—

Monday: 45 minutes fartlek over a variety of courses.

Tuesday: Repetition 440's in 72 sec. with 3 min. jog interval, followed by circuit training (stair running, leg press bar, curls, military press, back extension lifts, abdominal exercises, parallel bar dip, chinning, hip and leg stretching, etc.).

Wednesday: Repetition 880's or 1320's (e.g. 2 fast and 2 slow 1320's on grass).

Thursday: 30 minutes or more of fast striding, followed by circuit training.

Friday: Continuous relay activity over varying distances from 50y to 330y with members of the Seattle Pacific College men's team.

Saturday: Hiking or fartlek, usually on sand. Each speed session would be preceded by an 880y jog, 10 min. of stretching and build-up striding for 10-15 min.

All this hard labour paid off in Vancouver for there, in only the second indoor race of her life, she smashed Joyce Smith's world best of 5:03.6 with a time of 4:52.0. She was on the road to greatness.

Doris Brown pictured at Barry

Peter Tempest

In April she moved outdoors and posted an 880y time of 2:09.8 during a men's mile race. A bout of mononucleosis threatened to undo all the good work but she managed to recover quickly and in May recorded 4:37.9 for 1500m. Once school term had ended Doris was able to step up her training still more. She indulged in three sessions on most days of the week, including a 5 miles run in the morning and anything up to 10 miles in the evening. Speed work took place in the afternoon. A typical week of afternoon schedules:—

Monday: 10 miles run.

Tuesday: Repetition 220's (30 sec) and 440's (62 sec).

Wednesday: 2x660y with 10 min. fast jog in between (she clocked 1:34.9 and 1:33.4 in such a session).

Thursday: Repetition 220's (30) and 440's (62).

Friday: Striding.

Saturday: Competition or fartlek.

Sunday: Hiking, fartlek or beach running.

In all, she covered about 25 miles on a

Monday, with a weekly total of 70-100 miles!

Possibly no woman in history has trained so intensively as this 5'4", 108lb Washingtonian of Norwegian descent (her maiden name is Severtsen). It was only fair, therefore, that she should blossom into one of the world's foremost runners. On June 4th, 1966 she returned 2:12.1 for 880y and 4:31.2 for 1500m; two weeks later she followed up a 4:26.3 1500m with a 2:11.1 880y relay leg only half an hour later!

It was at the American Championships on July 2nd that she really captured world-wide attention. Passing the half-mile mark in 2:19.5, she won the 1500m by 100y from Marie Mulder in 4:20.2, only 1.2 sec. away from Marise Stephen's world best. Her speed underwent a spectacular improvement, too. At Tacoma (Washington) the following weekend (she was born there on September 17th, 1942) she set personal bests of 2:08.5 for 880y and 56.7 for 440y. Later in the month she posted 2:05.1 for 800m and 2:05.8 for 880y in separate races. She wound up her exciting 1966 season in December with an outdoor double in 4:55.1 (mile) and 2:12.9.

Back on the boards this past winter Doris made only a few appearances but each was an extra special occasion. She set an American indoor 880y record of 2:10.1 on January 21st; achieved a short-lived world mark of

2:08.5 on February 4th; ran the fastest mile on record (4:40.4), after passing 1500m in 4:21.2, on February 18th; and won the US mile title in 4:43.3 (and placed 2nd in the 880y with 2:09.2) on March 4th. Later in March, sponsored by a Seattle businessmen's organisation, Doris made a fleeting visit to Britain and demonstrated her exceptional qualities in the International cross-country championship at Barry by defeating 4:47.9 miler Rita Lincoln by 200 yards.

What does Doris hope to achieve in the future? Official world records at 1500m and the mile, of course, and a place in the USA's Olympic team. She will be almost 30 when the 1500m makes its long awaited appearance in the Olympic programme at Munich, so for next year she will have to direct her formidable energy and talent towards the 800m event. She is capable of breaking two minutes but it is at 1500m and upwards that this strong, free-striding runner will truly revolutionize accepted women's standards. For Doris, though, there is a more important objective . . . "I want to contribute to the acceptance of track and field as a worthy activity for girls and women by competing well now and by coaching and research in the future."

FRENCHMAN VAULTS 17' 5½" IN TRAINING "COMPETITION"

HERVE D'ENCAUSSE, France's European pole vault bronze medallist, created a sensation at an indoor controlled training competition at the National Sports Institute, Paris, on March 30th. Gripping his pole at 15'2"/4.62, he soared over 17'5½"/5.32—a height that in the entire history of the event has been surpassed only by John Pennel. The mark cannot count as any sort of record but it is certainly an exciting indication of what to expect this season. Behind D'Encausse, Jean-Pierre Colusso and Jacques Piacenta (whose best last year was only 14'11¼"/4.55) both cleared 16'1"/4.90, with Colusso making a fair attempt at 17'0½"/5.20! The man largely responsible for the high standard of French vaulting, national coach Maurice Houvion (34), himself cleared 15'11"/4.85 in an earlier training contest.

Jurgen Busch (E. Germany) shattered Buddy Edelen's 1963 course record of 2:23:06 in winning the annual Marathon to Athens race. A crowd of 50,000 packed the 1896 Olympic stadium to watch the finish. Abebe Bikila's winning time in 1961 was 2:23:44.6; this year Busch clocked 2:20:40.

GREAT RUN BY ABSOLOM IN WALTHAMSTOW ROAD RELAY

At Walthamstow, April 15th

The highlight of the race was a magnificent run by Malcolm Absolom. In bringing Eton Manor from 16th to 2nd he set a new lap record, beating Mel Batty's time of 1964. Highgate, never placed worse than second, were the easy winners but the battle for second place was fierce with H. Neeson, after losing ground early on, producing a devastating sprint to hold off Hornsey's R. Bennett.

1, Highgate (G. Harrison 9.55, P. Glucina 10.02, O. Fenton 10.12, R. Slowe 10.03, A. Alderson 10.16, D. Yaffe 9.53) 60.21.

EASY WIN FOR DONKIN IN STOCKTON 20 MILES

April 15th

ON a humid afternoon 36 competitors started in the Stockton "20" and by five miles (25.50) the leaders had been reduced to five, Bob Donkin, Terry Rooke, Colin Pickett, Dick Balding and J. Conway. The pace dropped a little over the next 5, and ten miles, covered in 52.32, saw the same quintet leading with the bunch, headed by Tribeck, two minutes in arrears.

Around the 12 mile mark the leaders started to break up, Conway being the first to go, followed by Balding, Pickett and finally Rooke, leaving Donkin to go through 15 on his own in 1hr. 20mins. with Rooke 23 seconds behind and Pickett a further 29 seconds away.

GOWAN WINS FAST 3 MILES AT LAURISTON R.C. MEETING

At Tooting Bec, April 16th

The Holt twins did all the early spadework in the "3", Bob leading at the mile (4:25.4), Dave at 1½ (6.46) and Bob at 2 miles (9:06.2) with Mike Gowan and Dave a step behind. The bell clanged at 12:38.2 with Dave Holt struggling and Gowan kicked 180 yards out to settle the issue.

The junior 2 miles was a fascinating struggle between Don Faircloth and Dave Williams. After laps of 69, 71 and 71 Williams went to the front and injected a 66 and a 68.6 to split up the field. At the bell (8.09) Faircloth led only for the Essex runner to swoop on the last bend.

3M: 1, M. Gowan (HHH) 13:41.4; 2, R. Holt (Herc) 13:43.2; 3, D. Holt (Herc) 13:48.4; 4, J. Thresher (Bel) 13:50.4; 5, S. Badgery (Mit) 14:05.2; 6, P. Whewell (S. Africa) 14:15.0;

7, W. Dance (Bel) 14:17.8; 8, J. Bicourt (Bel) 14:21.9; 9, L. O'Hara (Bel) 14:22.2; 10, P. Mulholland (Wimb) 14:26.0; 11, A. Pryor (SLH) 14:27.0. Pentathlon: 1, M. Ferne (Wimb) 2,822 (130' DT); 2, K. Kelly (HHH) 2,784 (20'8"); 3, R. Fisher (HHH) 2,715; 4, T. Holmes (Watford) 2,547; 5, P. Morgan (St. Luke's/Sy AC) 2,480; 6, M. Mein (SLH) 2,329. (Jnrs) 880: 1, G. King (Wind) 1:58.1; 2, G. Mountcastle (Mit) 2:00.5. 2M: 1, D. Williams (Wood. Gn) 9:14.0; 2, D. Faircloth (Croy) 9:15.0. D.C.

INTER-COUNTY "10"

T. G. R. Adams, 22 Oaklands Avenue, Brookmans Park, Hatfield, Herts. requests those County secretaries (Berks, Bucks, Beds, Middx, Oxon, Staffs, Hants and Northants) who have not answered his letters re the proposed inter-county match being held in conjunction with the Brookmans Park "10" on June 24th, to do so as soon as possible. Mr. Adams would be pleased to send details to any counties further afield who may be interested.

Hammer thrower Pat Culhane (best 176'0") would like to hear of any hammer competitions within 150 miles of Liverpool. Would any club able to help, please write to him at 13 Kilmorey Park, Hoole, Chester (Phone 22630).
