Book Reviews

"History of the Olympic Games in Pictures" by James Coote (published by Tom Stacey Ltd., 28-29 Maiden Lane, London WC2E 7JP; £2-80).

James Coote, athletics correspondent of the "Daily Telegraph", has written an informative account of the highlights of each Olympics but, in a sumptuous 152-page coffee table book of this nature, the words count for less than the pictures. There are more than 150 prints and photographs, ranging from a magnificent colour shot of the stadium at Epidauros, which was laid out in the 5th Century B.C., to action photos from this year's Winter Games at Sapporo. Among the more off-beat photos are those of IOC president Avery Brundage in a walking race some 60 years ago and two of the greatest standing jumpers performing their agonising contortions.

"Athletics Through The Looking Glass" by Brian Mitchell (90p post paid from Wildlife & Country Photos Ltd., 5 Woodleas, Barming, Maidstone, Kent).

Brian Mitchell has produced a book quite unlike any other I have encountered in athletics. The writing is witty, subtle and endowed with the insight of a man who knows his sport and holds it in deep affection. The whole spectrum of athletics comes in for Mr. Mitchell's jokey yet serious scrutiny: training (which "can be intervalled, fartlek, weighted, circuited or skipped"), clubs, coaches, officials, schools (part of this hilarious chapter appeared in "AW" last September), parents, the sociology and psychology of athletics.

The book is a constant delight. "I have always been intrigued", writes Mr. Mitchell in the chapter on Middle and Long Distances, "by those lines in Shakespeare's 'Macbeth', when Macbeth and Banquo are crossing the blasted country on a wet, cold windy day and they are confronted by the three witches. Macbeth says:

'What are these,
So wither'd, and so wild in their attire
That look not like th' inhabitants o' th' earth
And yet are on 't?'

"An accurate description of cross-country runners", concludes Mr. Mitchell.

The glossary of terms at the back contains such examples as: **Amateur**—one who is not seen to take money; one who buys his own shoes; etc; **"National"**—affectionate term used by habitués to refer to a populous cross-country race held several miles from the nearest bus-stop, toilet or restaurant; **Stopwatch**—a small mechanical object, widely worshipped.

If you want a good chuckle, buy this little book—with drawings by the late Tony Sharrad.

National League (Division I)

At Wolverhampton, July 29th

CARDIFF CLINCH IT

ANY fears that the National League title would be dominated completely by one club must have been dispelled during its brief existence. At the final Division One meeting not only were new champions, Cardiff AAC, acclaimed, but the 1969 champions, Birchfield Harriers, were unable to avoid a drop to Division Two, despite support from their Olympic men.

As the meeting started Cardiff and reigning champions Thames Valley Harriers were level on league points, and whichever club finished higher would be champions. Both brought noisy contingents of their supporters complete with banners, placards and football-crowd chants to urge their team on, and the scene at Aldersley Stadium must have been just what the League originators envisaged when the whole scheme started.

Quite a few of the athletes from the Helsinki mid-week match turned out for their clubs with success: Geoff Capes, feeling mentally shattered, took one token put in the shot, 18.87/61'11", which was enough to ensure full points for Birchfield, and was delighted with a personal best discus throw of 55.64/182'6". In the latter event Bill Tancred, another Helsinki competitor, was in good form, twice breaking the League record, with a final best of 59.42/194'11". With Howard Payne winning the hammer (64.10/210'3"), Ray Smedley the 5000m (personal best of 14:04.2) and Dave Cropper the 1500m (3:51.3) Birchfield were not short of their Olympic competitors, but the whole essence of success in this competition is sustained success throughout, and it just didn't happen this time for the Midlanders.

Phil Lewis ran a fast solo 800m in 1:49.6, for the home club, but Cardiff, meanwhile, were scraping up every possible point to move and stay ahead of the Valley. Berwyn Price held off the home club's Pete Kelly in the 110m hurdles, after setting a personal best of 53.9 in a rare 400m hurdles appearance, and Dic Evans and Bernie Hayward came home hand in hand to win the steeplechase A and B string races. Lynn Davies didn't long jump, but picked up some sprint points behind an in-form Roger Walters, who was enjoying the warm weather and home track.

The Valley suffered a blow through the injury in the 100m to Martin Reynolds, who had to drop out of the 400m and relay, and although Cardiff were disqualified in the final track event, the 4x400m, they still held on to a narrow 7 points lead, 232 to 225.

This, incidentally, was probably the last meeting to be staged on Aldersley's cinder track, which is still looked upon with awe by sprinters who recall Peter Radford's 1960 UK (and former world) 220y record of 20.5—a time which even all-weather tracks have not helped British sprinters reproduce yet. A Tartan surface is due to be laid very shortly.

Division 2

Hillingdon and Woodford Green Go Up

At Reading, July 29th

THE last match in the 1972 series at Reading turned into a great anti-climax, with the last two events being cancelled due to the condition of the track. The three inside lanes, for two-thirds of the track, were comparable with the sands at most holiday resorts, and so marred what should have been a memorable meeting. The times recorded showed the extent of the extra distance covered by the middle distance athletes, running for the most part in the fourth lane.

Most of the competing clubs were at full strength, more so Hillingdon, who dominated the meeting throughout. David Hemery overcame the conditions in the 400m with a very easy 47.5 — what would have been the time on a reasonable track? Mike Campbell, one of Hillingdon's other internationals, making his first appearance for his club in two years, broke the National League high jump record with a leap of 1.98/6'6".

Alan Pascoe gathered his usual points tally for Poly, winning the sprints and the 110m hurdles, and Murray Cheater again improved on his New Zealand hammer record. The expected return clash between John Davies and Colin Campbell did not materialise, due to Campbell's injury, and so Davies ran away with the race chased by Alan Gibson. Maurice Wands, having his first 1500m race of the season, ran an excellent tactical race to win in convincing style. In this race there was a tragic injury to Tony Settle, brought on by the state of the track, and to John Davies, who twisted an ankle.

Philips International Meeting**At Crystal Palace, August 5th**

Top Stars Few and Far Between

A SIZEABLE crowd of 12,000 had every right to feel a little cheated after the Philips International Invitation meeting at Crystal Palace last Saturday. This was not so much at the late withdrawals of David Bedford and Ian Stewart due to a mysterious stomach illness contracted during altitude training at St. Moritz; but at the general low level of the meeting, which lacked any big stars apart from the few top British athletes on view. One does not object to the Nigerians and Ghanaians using Crystal Palace for their Olympic trials, but the public should be informed in advance that this is in effect what they are paying to see. Good sponsorship money should also not be wasted on 13.4 100 metre performers.

The two big highspots of the meeting came with Debbie Brill's Commonwealth record in the high jump and the hammer throwing of Mario Vecchiato of Italy. Debbie, who approaches the bar like a straddle jumper without the conventional curved run of most Floppers (but then her style is called the "Brill Bend") again proved too good for Barbara Inkpen with an easy clearance at 1.83/6'0". She had one failure at 1.86/6'14" but then went over safely in spite of touching the bar on the way over—it was a new Commonwealth record by a centimetre and ranks her fourth in the World at the moment. With the record safely filed away, all her three attempts at 1.88/6'2" were half-hearted and never came close. Good jumping by Sue Wright in fourth place—she defeated Munich bound Penny Dimmock and Rosaline Few.

Vecchiato opened with 69.68/228'7", improved to 70.30/230'8" in the third round, and then really blasted the ball and chain out to 71.98/236'2" in the fifth, for what was announced as a new UK all-comers record. Alas, on inspection afterwards, the Italian's hammer wire was found to be two inches longer than the regulation length, so the all-comers' mark reverts back to Theimer's 70.34 of 1970. Vecchiato ended with another excellent cast of 71.12/233'4". Behind him, Barry Williams improved his AAA national mark to 67.64/221'11" in defeating Howard Payne. He had a good series too, his worst throw measuring 65.04/213'5".

There was a most encouraging run in the 400m from Martin Reynolds, who appears to have found his event now. Running powerfully from an outside lane, he flowed smoothly around in 46.4 to hold off a determined late rush from Ijirigho of Nigeria and get his Olympic Qualifying mark, and thus establish a claim for the third spot in the individual 400m for Munich. Later in the day he started off the 4 x 400m squad with a 47.9 behind Makama. In this event, Pascoe ran 45.4 against Robert Ojo's 45.4, Hemery 47.2

and David Jenkins closed in with 44.7 for a fairly sound 3:05.2 clocking.

In the 400m hurdles, David Hemery at last achieved the long sought after stride pattern he has been seeking, but was not at all satisfied with the end product. "It's taken me four races to get this right," he commented afterwards, "but the result was only 49.9, and that's not good enough. If it had been 48.9, I'd have been happy". Hemery was aiming to stride thirteens for six flights, then switch to fourteens from there to the finish, but though he managed it okay, he was over-striding so much at the ninth and tenth barriers that he was forced to jump them most awkwardly, and really had to rally a finishing burst in order to salvage the race. Now David is thinking seriously of reverting to his Mexico pattern of striding 13's for 7 hurdles and then closing with 15's—more suitable for a man who cannot lead with either leg. Certainly 49.9 won't be good enough to progress beyond the second round in Munich.

Dave Cocksedge reports

Ricky Wilde looked back to his very best as he destroyed a good 2 mile field. Following a 4:20.8 first mile, he swiftly followed David Black through 66.2 sixth lap, and then really cut loose, covering the penultimate circuit in a murderous 59.8 and the last 880y in 2:00.0 for a personal best of 8:31.4. What a pity he has hit this sort of form too late. Fine running for the quick-stepping young teenager from Small Heath, too. In the absence of Stewart and Bedford (who politely apologised to his disappointed fans over the public address) the "Philips Mile" turned out to be rather a damp squib. They opened with a 59.7 first lap, but with young Julian Goater and the Italian Renzo Finelli in charge, the middle half of the journey took all of 2:05.4 and the stage was set for Ray Smedley, dashing to the front 20m from the bell, to fly serenely untroubled around a 54.5 last lap. Andy Carter's belated kick took him into second and there was another personal best by Goater (19). Further bad news came with the announcement of Peter Stewart's back injury which is worrying at this late stage of the season.

Shock of the afternoon came when a jaded Sonia Lannaman finished well down in the 100m, but there was a solid 13.5/23.8 hurdles/200m double from Judy Vernon, who held off WAAA Champion Donna Murray in the long sprint. John Bicorn, who seems to have spent all this year finishing second in big steeplechase races, set off at a good lick this time, but was passed by Andy

Holden after 5 laps (5:43.0) and eased in behind him. Verona Bernard built up a big lead in the 400m as usual to come in with 53.7 and Mike Tagg predictably outkicked Dave Holt in the 5000m. Geoff Capes put together a satisfactory series of puts (18.85, 19.13, 19.37, NP, NP, 19.22) and reached a fine 55.92/183'5" in the discus, where Bill Tancred was over 61 metres again (as well as putting 18.72/61'5" in beating Jeff Teale) and John Hillier improved by over a metre in fourth place. In the long jump, Alan Lerwill and Lynn Davies came up with nine no-jumps between them. Joyce Smith set an 800m personal best—after 12 years!

100m: (—0.85) 1, S. Osei-Angyeman (Ghana) 10.8; 2, P. Centaro (Italy) 10.9; 3, R. Walters 10.9; 4, O. Kari-Kari (Ghana) 11.0; 5, H. Weidmer (Swit) 11.0; 6, B. Kelly 11.0; 7, I. Matthews 11.1. Welsh Notes

The Open Meeting at Abertillery Park organised by Abertillery Achilles AC was an excellent affair. Next year (July 1st) the event will probably double in size seeing that the Maesteg and Pontypool Open Meetings have been cancelled.

Swansea Harriers' Women's section, in Division 2 of the Midland League, seem bent on promotion this season, as do the Men in Division 3. The women were second in the first meeting at Brierley Hill and are confident of gaining Division 1 status next season.

Ex-International Arthur Richardson competed as a non-scorer in the Flints Youth Championships recently after 10 years of inactivity and beat the winner with a shot put of 47 ft. Jim Barry was twice beaten by Ian Thomas of Sale in the N. Wales Championships after two blistering runs, and now at 29 has decided to call it a day. Thomas beat him narrowly in both events in 11.1 and 22.2.

Mr. H. V. W. Robinson, a Life Vice President of the Welsh AAA, recently suffered a severe heart attack, then within two weeks had a leg amputated. The future seemed bleak for him but I am pleased to report that he is recovering well and will shortly be moved to convalesce at the local hospital at his home of Towyn, Merionethshire.

Valley Cross Country League Officers for 1972/73: President: R. Jones, Brecon AC; chairman: W. Morgan (Gilwern H); secretary: G. P. Jones, 8 Ashfield Road, Abertillery, Mon; treasurer: L. Davies.

The first £150 has been banked for the Olympic Appeal Fund in Wales, organised by President of the Welsh AAA, Arthur Williams. The target is £500.

Another Great Run by Lasse Viren

LASSE VIREN, who had already set Finnish records of 7:43.2 for 3000m and 13:19.0 for 5000m this year, gained another when he ran 10,000m in 27:52.4 in Oslo on August 3rd. This clipped 0.4 from Juha Vaatainen's mark and equalled Dave Bedford's world best for the year—the latter's AAA Championship time of 27:52.8 actually being 27:52.4 on the photo finish. Viren led practically from the start, winning by over a minute, and his intermediate kilometre times were 2:48, 5:34, 8:22, 11:12, 14:00, 16:47, 19:33, 22:22, 25:12; last lap of 61.2. This big two-day Oslo meeting featured almost the entire US Olympic men's team, the star of which was Steve Prefontaine who the day after running a personal best 3:39.4 for 1500 clocked an American 3000 record of 7:44.2 (2:35 at 1000, 3:53.5 at 1500, 5:11.5 at 2000). Late Additions to the Olympic Team

THE BAAB announced two new members of the Olympic team last Sunday: Anita Neil has been picked for the 100m (WAAA champion Della Pascoe cannot run this event as she never achieved the Olympic qualifying time) and the sprint relay squad, while Roger Walters has been added to the 4x100m squad. In addition, Martin Reynolds—originally named for the sprint relay—has now been picked for the individual 400m and the 4x400m, Paul Nihill fills the vacancy in the 50km walk (which is three days after the 20km), Judy Vernon is in the sprint relay squad as well as the 100m hurdles, Margaret Critchley runs in the 200m as well as being on relay duty, and Mary Peters tackles the hurdles in addition to the pentathlon.

N. IRISH CHAMPIONSHIPS

THERE were few surprises in the NIAAA Championships at Shaw's Bridge on June 24th. All the pre-race favourites produced the goods with commendable regularity: all, that is, except Dan Coyle who stood by helpless as his high jump title passed into the hands of schoolboy Robert Tavenor. Tavenor, a junior this year, raised his personal best by almost three inches to win with a leap of 1.88/6'2".

This year saw the integration of both Men's and Women's Championships and the big story of the day was the defeat of Maeve Kyle in the 200m hurdles by 16-year-old Gail Wilson. Although leading out of the bend Mrs. Kyle never looked her old confident self and it was a fine performance by Gail who refused to be over-awed by her opponent's reputation.

NATIONAL LEAGUE continued from page 5

At the start of the meeting, five clubs were in contention for the two places in Division 1, and the other to Division 2 (Liverpool already doomed). Hillingdon were promoted along with Reading, who have gone from the Southern League to Division 3 to Division 2 and now to Division 1, in successive years. But Poly, who were lying third at the beginning of the meeting, were relegated—which seems amazing with the athletes they have on their books. The total result is subject to confirmation, as the last two races were cancelled, and the League rules state that a full programme of events has to be run.

I hope in future that the Reading Corporation take some advice from the League authorities when making alterations to their tracks, and this sort of fiasco might be avoided.

Tense match at Cwmbran

July 29th

NOTHING could have been more tense and exciting than this nail-biting match at Cwmbran. Swansea set all the early pace, but as the afternoon wore on they were overhauled by Stoke and then in the last few events by Southampton & Eastleigh. David Dear established an unusual record by winning all eight league sprint races this season. He won comfortably, though his 100m start looked suspiciously fast. Bill Treharne gained his fourth win of the series in the hammer for Surrey AC and Nick Rose completed an exhausting treble for Bristol, winning the 'A' 1500, the 'B' 800 (in faster time than the 'A' race) and taking second in the 5000m. Behind him in the 800m, Swansea's promising young Tony Dyke (16) cut nine-tenths off his best time in returning 1:53.9.

WALKING

EMBLETON BREAKS HOUR RECORD

A HEAVY track, humid atmosphere, over-crowded field (over 40 competitors) and considerable extra distance covered by having to walk wide did not prevent Phil Embleton from notching up 8 miles 1187y in one hour at Ilford on August 2nd. He thus broke Ken Matthews' 12-year-old record by 36y, though the latter was walking a 2 hour race. Phil led throughout, passing 10,000 in 42.53 and it was a most encouraging finale to his pre-Olympic racing. Behind him worthy deeds were being accomplished by Roger Mills (over 8M 600y) and Olly Flynn also passed the once magic 8 miles barrier. Detailed results as soon as they are available.

That Isle of Man Walk. The fortunate walk followers in the Isle of Man have certainly witnessed two of the "Guvnor's" finest efforts. Commenting on his recent sensational exploit, Paul said: "I felt the humidity during the second and third miles but then a breeze came up, and everything went perfectly." The reason for those ultra-fast sixth and seventh miles? "I piled it on to get a good 10km time and then went for 7 miles—it means so much more than 6 or 8 miles to us in Britain." Not put off by the breeze caused by Nihill's lapping (!), Irishman Con Hearty (39) a former Lincs WC member, set a very encouraging personal best just behind local favourite Allan Callow and could improve considerably at Munich if selected by the Irish. 1, P. Nihill (Sy. WC) 84.50 (World's Best); 2, A. Callow (Belgrave) 99.14; 3, C. Hearty (C. Service, Dublin) 99.46; 4, J. Canwell (Boundary) 104.54; 5, D. Harrison (Boundary) 105.18.

World class 5km from Phil Embleton in Met. WC promotion, at Paddington, July 27th. 1, P. Embleton (Met) 20.52; 2, B. Ingarfield (Met) 23.37; 3, E. Holmquist (H'gate) 24.49; 4, I. Richards (Met) 24.51; 5, S. Harris (MP) 25.06; 6, G. Biddulph (B&H) 25.11.

Bill Sutherland wins Eastbourne 7M. 1, W. Sutherland (H'gate) 54:05.0; 2, B. Williams (B&H) 55:08.8; 3, D. Stevens (Steyning) 56:26.6; 4, K. Emsley (Steyn) 56:46.6; 5, B. Hawkins (Met. WC) 57:21.2; 6, P. Hodgkinson (Cab) 59.16.2.

Dave Boxall wins Leicester to Skegness '100'. Benefitting from his long distance exploits in France earlier in the year, Dave Boxall used his strength and stamina to advantage to overhaul clubmate John Lees (of Cross-America fame), in the latter stages. The Dutch walkers made their usual impact whilst Paddy Dowling and John Hoare had excellent results to figure in the first half dozen. 1, D. Boxall (Brighton & H) 17:58.49; 2, J. Lees (B&H) 18:15.34; 3, N. Van Thoff (Amsterdam) 18:23.20; 4, J. Dowling (Sheff) 19:29.03; 5, J. Hoare (B&H) 19:35.20; 6, D. Malyon (Leics) 19:42.13; 7, A. Stokes (Birm) 19:49.45; 8, S. Perkins (Trow) 20:05.32; 9, A. Etches (Sheff) 20:22.55; 10, P. Worth (Enf) 20:36.17; 11, N. Hopkinson (Sheff) 20:39.21; 12, J. Nutt (Leics) 20:55.21; 13, R. Nizeen (Amster-

dam) 20:55.21; 14, J. Zwarthoed (Ams) 21:11.19; 15, W. Mansveld (Roth) 21:11.20.

Dundee to Perth 22M Walk, July 29th. 1, R. Thorpe (Sheff) 3:07.21; 2, E. Crompton (Leyland) 3:24.20; 3, P. Dicks (H'gate) 3:32.20; 4, T. Edmondson (Leyland) 3:38.00; 5, G. Dowling (Yorks. RWC) 3:39.25; 6, W. Maxwell (Leyland) 3:44.25; 7, J. Ashton (Leyland) 3:52.15; 8, A. Brooks (Yks. RWC) 4:16.20; 9, D. Picton (Yks) 4:16.20; 10, R. Gamble (Perth) 4:18.40. Teams: 1, Leyland 12; 2, Yorks. RWC 22.

Today's events. In the Hastings to Brighton race, Shaun Lightman essays the longer distances again after a break of several years. The local ultra-distance stars, Boxall and Lees, should be vying for top placings as several of the event's "regulars" give it a miss on this occasion. In the team race, Brighton and Surrey should have a close battle, with Nolan Simmons and Peter Selby leading counters for the latter.

Kannenberg goes for the "double" while USSR rely on the "old guard" for Munich. The sensation of this year, Bernhard Kannenberg, tackles both distances for West Germany. His companions over the 50km trek are Hans-Rudiger Magnor and Gerhard Weidner while only Hans Mayr is named to accompany Kannenberg over 20km. A surprise omission, Bernhard Nermerich, or possibly Wilf Wesch may gain the remaining place depending on a late trial. The USSR squad contains no new faces with four men from last year's European team plus Golubnichiy now back to his very best and Sergei Grigoryev making his second Olympic appearance.

LETTERS

RWA COMMITTEE OUT OF TOUCH

Dear Sir,

Without putting undue discomfort on those fortunate to be selected for the Munich Olympic 20km walk, I am sure it will be agreed by the vast majority of Britain's walkers that the method of selection has not only been unfair but very unjust for those walkers who have been left out.

The members of the Race Walking Association's Selection Committee are utterly out of touch with the measuring of current British and international standards. This year:—

1. They have not at any stage informed possible Olympic walkers of what races they would be considering for selection purposes.

2. They do not appear to be aware themselves of which races they are looking at for selection purposes. On occasions this year certain RWA selectors have not been present at the major championships of great importance.

3. They select on personality and not on performance.

This year is not the first time they have made such errors, but must be the last for I feel the errors they have made in our Olympic walking team have put the final nail in the coffin of the RWA selectors.

From now on I am sure the top walkers will agree with a slightly amended form of the American system (used in this year's Maxol Marathon trial), where selectors are really not necessary. Walkers should be informed at the start of the season of one race, at either 20km or 50km or 20 miles as the case may be, from which selection will be based for the season's international fixtures as they arise and come what may the first three home will go. This system is harsh on those who miss out but is fair to all starters.

I write this as one competitor who has worked for four years to try to gain the honour of a place in Great Britain's Munich Olympic team only to find that at the last fence I am cut down by those who know so little, feel so little and can do so much.

VIC WOOD

Vic Wood, who died on July 22nd, was a former member of City of Rochester AC who later became one of Aylesford Paper Mill's most successful sprinters in the mid-1930s. His running career ended at the time war broke out and after the war he became a valued member of the Kent County AAA Executive as well as judging track and field events. He was secretary and organiser of the North Kent track and field and cross-country leagues, and was also appointed by the AAA as an official handicapper. Vic was this year's Kent AAA President. We shall all miss his help and advice in so many ways. **J.H.**

JIM FUDGE

It is with sadness that Aldershot, Farnham & District AC announce the death of their men's section treasurer, Jim Fudge, after an illness lasting six months. He was a very loyal, conscientious and extremely hard working official of the club, particularly interested in the younger athletes. He was a track and field judge of the Hampshire County AAA. He will be very greatly missed by all his friends both in and outside of the club, and the club sends its sympathy to his widow, daughter and son. **J.L.**

RESIGNATION STATEMENT

Charles Elliott has sent us the following statement for publication: "I should like to make quite clear that my resignation as Specialist Clubs Committee PRO was due solely to another officer issuing a press release purporting to have come from myself *without the knowledge or consent of myself or the SCC*. Incidentally, I resigned some 6 months before the SCC advised 'Athletics Weekly'."

Sale Harriers announce that an open discus competition will be held at Crossford Bridge on August 19th. The club decathlon on September 9th/10th will be an open event for anyone interested in competing. Contact G. Tyler, 12 Bath Crescent, Cheadle Hulme, Cheshire.
