WALKING

By A. D. McSweeney

BOB CLARK won the Cambridge Open Seven Miles at Eltham on Saturday, making him two wins and two second places in the four "Opens" this season, so far. Very good going indeed. Certainly his walking is very much improved upon a couple of seasons back. Clark had 42 seconds to spare over Ray Middleton of the Bels., and this was Middleton's best yet, after some very consistent improvement and good style walking. Don Thompson, who simply refuses to be left out of the picture, was third after a win the week before in the Trowbridge 7 Miles.

Stan Vickers was not fit enough to start and Clark and Colin Williams soon went ahead with Middleton, John Godbeer and Colin Young next. At two miles Clark and Williams, facing a cold wind, were still level, while Don Thompson had joined Young. In the next mile Williams lost ground and Middleton closed on him fast. At the halfway stage leaders were:

1, Clark 26.15; 2, Williams 26.37; 3, Middleton 26.38; 4, Godbeer 26.54; 5, Thompson 26.54; 6, Young 27.11; 7, Hall, R. 27.47; 8, Macfarlane 28.00; 9, Easlea 28.01; 10, Knifton 28.02.

Over the second lap Clark increased his lead and made the issue safe, Williams, troubled by stomach cramp, went back to fifth, while Thompson got away from Godbeer and chased Middleton. Middleton however finished strongly to beat Don for second place by 40 yards. Belgrave had another comfortable team win, while Surrey Walking Club stepped up the ladder to second. They had just two points in hand over Woodford. The course was cut from previous years by 100 yards to bring it nearer to the prescribed seven miles, so comparisons cannot be accurately made, but Stan Vickers' 51.13 of 1958, was in no danger. 142 started, which was quite pleasing, and everything went off without a hitch for Cambridge H. except that they were without Geoff Weston and Stuart Percy, which robbed them of a share in their own prizes.

The R.W.A. hold an Olympic Celebration Dinner at the House of Commons on Saturday, February 18th. Tickets 27/6d. from A. I. BELL, 13 Trenholme Terrace, Anerley Park, S.E.20.

This Saturday. The Midlands complete their Winter League series with a 7M. at Sutton Coldfield quarters, Birmingham.

DYSON STAYS

IT was indeed good news that Geoff Dyson, his salary differential restored at last week-end's meeting, will remain as Britain's Chief National Coach, but Jim Alford's departure in the New Year to a post as Chief Coach to Northern Rhodesia and Nyasaland will be a great loss.

Jim Alford's long experience as an international middle distance runner was invaluable in his work as a National Coach. A quiet and thoughtful student of running, I rated Jim the best middle distance coach I have met, with a grasp of all the fundamentals of track and cross-country running. Also an excellent linguist, there was little that he missed and I have had good reason in the past to appreciate his valuable help in translating technical articles from overseas. As Geoff Dyson has said, it is doubtful whether he has ever been fully appreciated.

Geoff North has written complaining that with the upper age limit for the Junior Cross-Country International Race being "on the day of the race," many of our runners in the same season's "Junior" will be too old to compete. This is quite true, but we can hardly expect all the other countries to fall into line with our ruling which permits juniors and youths to compete when they are in reality many months over age. When we passed this rule we became the "odd man out" but in this international race we must expect to conform to the usual ruling.

Barry Sykes writes a ten page letter about Bolotnikov's great 10,000m. run and the fact that no 6 miles time was taken. He suggests we should scrap all our distances except the mile and go over to metric distances, a suggestion which has been made many times before and will no doubt be made many times in the future before any change takes place—if indeed it does.

Would club officials in particular please note that there is a rule for team racing which states that in the event of a tie on points, the position of the last scorer decides the issue. (A.A.A. Rule 109 refers). We are getting many "ties" sent in amongst the results for publication which in effect are nothing of the sort, and it is obvious that many officials do not know the rules.

Today's events include the Hog's Back Race, with Basil Heatley, Martin Hyman, Bruce Tulloh, George Knight, Alan Perkins and Brian Hill-Cottingham amongst the entries, and teams from Bristol, Coventry, Portsmouth and Walton; the Southern A.A.A. Meeting at Stanmore; Hants. Women's Championships at Portsmouth; and the inter-league match between the Chingford and Chiltern Leagues at Enfield.

RADFORD'S MARK WAS NOT WIND ASSISTED

Dear Sir,

Mr. Hallett's contribution on Peter Radford's 100 yards races at Aldersley Stadium on 28th May was most welcome. A variety of rumours have circulated both here and abroad on Peter's great performance that afternoon. It is evident on reading French, German, Italian and American magazines that writers abroad think that his 220 yds. world record was made possible by a strong assisting wind. In his world "All-Time" lists appearing in this month's "World Sports" Roberto Quercetani omits Peter's 220 yards time and states in a footnote that it was not acceptable under A.T.F.S. rules (which apply similar considerations to 220 yards performances as to 100 yards performances). Peter himself says that it was not wind-assisted and this, I understand, is confirmed by the referee of the meeting.

May I, in my official capacity as chairman of the N.U.T.S., refer to a point arising from the "Top 50" lists which have been appearing in A.W. Readers have drawn our attention to the omission of university etc. for those athletes who compete both for a club and a university/school/services. We deliberately reduced the description of clubs to a minimum and limited each athlete to one affiliation to reduce the time and space required by the marathon effort of producing these lists as soon as possible after the end of the season. We apologise for any irritation we have thus caused but assure readers that such details will not be omitted from "British Athletics 1961" to be published next Spring.

Yours sincerely,

Len Gebbett

It would also have been impossible to have included more than one affiliation in a single column line, unless initials were substituted for the first name. Ed.

WAS THE REFEREE WRONG?

Dear Sir,

I am reluctant to appear to take up the cause of Herne Hill Harriers at the London Championships, as there is clearly no merit on their side but, as I am quite sure that

the Referee acted "ultra vires" in disqualifying the Herne Hill team, the whole matter seems of sufficient importance to require a public airing.

The rules do not give the Referee any power to disqualify, except in certain clearly specified cases under Rules 70 (a), 70 (c), 105 (b), 105 (c), 106 and 111. He is the final authority on the ground under Rule 115. Under Rule 74, any club may bring a complaint to him and he may decide it on the ground, but Rule 74 confers no powers on him and he can only disqualify if the complaint discloses a situation covered by the rules listed above.

In the Herne Hill case, this is clearly not so. He was entitled to rule Don Taylor ineligible (subject to the Rules), and thus to exclude him from the result sheet. But I can find no authority whatever for his action in disqualifying the Herne Hill team.

The allegation that Don Taylor ran improperly is covered by Rule 4 (9) ("misbehaviour or unfair practices") and any action against his club under the similar Rule 4 (10). These powers are, under Rule 6 (1), exercised by the Southern Committee and cannot be delegated. The Referee was therefore acting quite outside his jurisdiction in taking summary action.

In any case, it would be necessary to show that officers of Herne Hill Harriers approved or agreed to Taylor's action before any penalty was applied to the club. This would appear to be a question of fact for the Southern Committee.

What you report as the official view—that it is a matter for Club discipline—is untenable on two grounds. Firstly, Rule 6 (1) clearly puts the duty on the Southern Committee. Secondly, the Rules of most clubs confer no such disciplinary powers on their Committees, which are therefore legally prevented from acting.

It is painfully clear that many Referees are inclined to usurp powers that are not legally theirs. They do this in good faith, but it weakens confidence in the fairness of officials. There is a clear need for the Rules to be amended so that the Referee is required to give every athlete or team disqualified a brief statement in writing specifying the precise rule under which the disqualification takes place. A copy could usefully go to the A.A.A.

It is my view that many Rules are obsolete and worthless; the A.A.A. promote their own Junior Championships in flagrant breach of Rule 40 (d). But any sensible *de facto* relaxation must be in the direction of more liberty of action, not less. In applying the extreme penalty of disqualification, the Referee must show beyond all reasonable doubt that the action concerned falls clearly within the very few rules which provide for disqualification.

Yours faithfully,

D. J. Cole

4 x 1 MILE RELAY

Dear Sir,

As Hungary have a match with Gt. Britain next season, would it not be a good idea to have a 4 x 1 mile Relay included on the programme?

Hungary hold the world record and Britain has never been pushed hard enough to record a really fast time. A team like Wiggs, Haith, Taylor and Kent-Smith could total 16:06.3, but even if this is unlikely, they could still beat Hungary's time by a second with an average of 4:06.0. Even if there is no record, there is sure to be a thrilling race.

Yours sincerely,

Roger Pinkerton

COACHING COURSE

The Northern Counties A.A.A. Coaching & Development Committee have arranged for a Course for Intending Hon. Senior and Hon. Coaches, and Athletes, organised by Bingley Harriers at the Marley Stadium, Keighley, Yorks., on Saturday and Sunday, January 28-29, 1961. Events covered will be sprints, middle distances and throwing events. National Coaches will be in attendance. Particulars from W. J. Lewis, 45 Mount Street, Clecheaton, or R. Smith, 16 Charles Street, Bingley.

SPECIAL TRAIN FOR INTER-COUNTY

A special train will leave Kings Cross at 8.20 a.m., calling at Peterborough 9.46 and arriving at Bingley 1 p.m. on January 21st, when the "Daily Telegraph" sponsor the Inter-County Cross-Country Championship at Milnerfield Farm, Bingley. The train will leave Bingley again at 5.38 p.m. calling at Peterborough 8.57 and arriving Kings Cross 10.33 p.m. Return fare is 50/-. Bingley H. are staging a Boys' Race to precede the main event and the fare for any boys travelling will be 30/-. Tickets from L. J. Cohen, 34 Lower Kenwood Avenue, Enfield, Middx.

MIDLANDS 21 pts. beat R.A.F. 70 pts. and U.A.U. 88 pts.

OVER 6½ miles of heavy, sodden country with a number of swollen streams to cross, the Midlands scored their second success in this series with minimum possible points—first six home. After a mile John Reeve (RAF) led Basil Heatley (M), followed by five more Midlanders and Brian Craig (RAF). At 2¼ miles Reeve surrendered the lead and at 4 miles the first six Midlanders had settled into two groups of three, followed by Reeve, who was well supported throughout by Craig. Heatley and Fowler came home together with the other four Midland scorers not far behind.

THE SPORTS CENTRE
8 Medway Street, Chatham, Kent

Members of the INTERNATIONAL ATHLETES CLUB were asked recently to answer several questions about their sport. Forty leading athletes replied to the Questionnaire and the following is a summary of the questions and their answers.

1. What changes do you feel are necessary in our athletics administration?

26 favoured a U.K. body instead of the existing A.A.A./B.A.A.B. set up.

21 favoured a professional administration staff.

1 said, "no change."

Among the specific suggestions were: a public relations officer to advertise the sport; a professional secretary to command a salary of £2,000 to £3,000; the purchase of a permanent national centre.

2. How can we improve our coaching set up.

(a) Governing body to keep closer contact with coaches and athletes (6).

(b) Allocation of more money especially to improve coaches salaries (4).

(c) National coaches to be enabled to spend more time coaching athletes rather than administering or coaching coaches. (4).

(d) Improve research and closer contact with international developments in training techniques.

(e) Graduated system of coaches with pay (National Area County Club).

(f) Allow successful coaches to accompany all British teams abroad.

(g) Internationals to assist more with demonstrations and to adopt small groups of potential champions.

(h) More coaches for beginners.

(j) Coaches to be appointed as athletic "scouts."

(k) Establish more training camps and week-end courses.

(l) A permanent indoor coaching centre and central base for the (National Coach).

(m) More "field" coaches.

(n) Remove names of non-practising Hon. Coaches from the list.

3. Do you think the idea of a training camp a good one?

36 people felt this was a good idea and that we should start to establish such camps here.

4 people were against the idea.

Reports on Jim Alford's training camp at Merthyr Mawr (the Welsh Camp), the Midland experiment by Lionel Pugh at Cos-

ford, and Mitcham A.C.'s caravan-camp week-ends, were given. A camp in each area was urged strongly.

The I.A.C. established a special sub-committee at their A.G.M. to try to set up a permanent training camp available to athletes at any time — near the sea, and forest land. This sub-committee is already working actively on the problem.

4. What changes do you think would improve your local track?

10 people said a professional coach resident at the track.

4 people said "no" to this idea.

26 urged floodlighting where it was not now available.

11 urged improved changing accommodation.

6 urged a restaurant.

Among other suggestions were:—

Increase the number of lanes at many tracks, all weather track surface, tracks to be free for training at all times, more showers, separate throwing facilities, separate warm-up track, better preparation of tracks, travelling expert groundsman to visit each track periodically, asphalt strips for sprints and vault and jump run ups, weather screens for throwing circles, reduce local rates on tracks (Birchfield reported £1,600 p.a.) and more athletes!

5. Looking back on your athletics career what are the main weaknesses you have found in the sport?

(a) Lack of winter training facilities in many areas (5).

(b) Lack of competition in certain areas.

(c) Lack of co-operation between athletes and local authorities.

(d) Lack of senior athletes training together.

(e) Gap between school and club.

(f) Lack of loyalty to clubs by some internationals.

(g) Lack of co-operation between athletes and officials amounting to mistrust and similar criticisms.

(h) Lack of central meeting place for officials, coaches, athletes for special and technical discussion.

(i) Too many demands on athletes (county, club, country, etc.).

(j) Lack of competition for the sixteen to twenty-one group.

(k) Absence of junior and youth internationals.

6. How do you feel about amateur status?

9 said enforce it.

10 said abolish it.

15 said re-word it.

Others had no opinion.

Some opinions were:—Legalise broken time payment; scheme of limited payments to athletes subject to stringent rules; re-word laws so that no-one is out of pocket; move into line with general world practice (esp. Eastern Europe and American setup); enable world class athletes periods of full time training; substitute "athletes" for "amateurs and professionals."

7. How can athletics as a sport best co-operate with other sports?

10 had no comment.

6 asked was it necessary?

Some proposals were:—Multi sports meetings, combined social activities, pooling of research and training methods, multi-sports clubs, week-end gatherings of "mixed" sporting groups, association with soccer clubs and joint efforts to maintain standards of sportsmanship.

The average age of the athletes answering the questionnaire was 27 years, 5 were "representatives," 4 were teachers, 3 were engineers and 3 forces or police—the others were a hybrid selection—lecturer, biologist, veterinary surgeon, doctor, nurse, execu-

tive, typist, journalist, draughtsman, book binder, and clerks.

Before the war the majority occupation would surely have been "student." Here only one student was replying. The practice of the sport is now much wider among all social groups and athletes stay in the sport much longer.

Who's Who in Olympic Track & Field, Published by and obtainable from "Track & Field News," P.O. Box 296, Los Altos, California, U.S.A. \$1.00.

A.T.F.S. Olympic Handbook, by D. H. Potts and R. L. Quercetani. Obtainable from "Track & Field News" (above). \$1.50.

These two books, although of particular interest before the Rome Olympics, are nonetheless of great reference value. "Who's Who" contains biographical details of 60 U.S. men, and 86 from the rest of the world. The Handbook has fullish details of all Olympic finals with short comments on each. Also included is a 60 deep all-time list as at 1 Jan. 1960 and a supplement of marks to 18 July. Neil Allen's book is presented in the form of short daily notes starting on 19 August at Berne and ending on 11 September.

FRED NORRIS SECOND IN U.S.A. CHAMPIONSHIP

AFTER a great race with Al Lawrence (Australia), Fred Norris, who emigrated recently to America, finished a close up second in the National A.A.U. Cross-Country Championship over 6½ miles at Belarmine College on November 24th.

Norris led from the start with Lawrence close by. A steep climb after half a mile split the field and the race was virtually a procession behind Norris. Great runners like Truex, O'Riordan and Henderson failed badly and were left behind.

At 3 miles Norris was still leading with Lawrence still close handy. Then Norris developed stitch and had to hang back, but Lawrence did not make his effort until a quarter of a mile from the finish, when he surged away to win by 35 yards, with Norris well clear of the rest of the field.

AYLESFORD PAPER MILLS WIN BEXHILL RELAY

DESPITE a bad start, Aylesford, who looked easy winners on paper came through steadily to win the Bexhill Road Relay after a close race between the first six teams. A slight increase in distance estimated at some 50 yards, on each leg made records unlikely and the high wind and at times heavy rain made them next to impossible. Even so, Hugh Foord was only 8 sec. outside his time of last year, and only 12 sec. outside Sando's record of 12.35, while Aylesford's winning time was 10 sec. outside their winning time of last year, though this time they had a stronger combination.

Tony Barnes (Crawley) led the field on lap 1 in 13.03, followed by Presland (Surrey) 13.05, Harris (Mitcham) 13.07, B. Fernee (Poly) 13.08, Fozard (Brighton) 13.11 and Stone (NLH) 13.14. T.V.H. (Stacey) were 8th and Aylesford "A" (Webley) 18th.

On lap 2 Rogers (Mitcham) went in front to lead by 4 sec. from Collins (Shaftesbury) and Parr (Reading) at the take-over. Then came Rooke (Essex Beagles), Thompson (Highgate), Fuller (Surrey) and Vivian (TVH). Sando pulled Aylesford up eight places to 10th.

On lap 3 Derek Haith brought the Valley through to a 10 sec. lead and was followed by Hazeltine (Surrey), Huxley (Shaftesbury), Brown (Highgate), Floodgate (Essex B.), Simmons (Mitcham) and Pemble (Aylesford).

Gillett brought Mitcham from 6th to 1st on lap 4, with Harry Minshall putting in a good run to finish on his heels, having taken Aylesford up six places. Close up in third place was Hicks (TVH), then a slight gap before Shilling (Highgate), Littlewood (Shaft.) and Hugh Foord came along, the latter with fastest time of the day—12.47.

Mayatt virtually ensured Aylesford's

victory by giving them a 15 sec. lead on lap 5, with Fruin bringing Mitcham in 2 sec. in front of Roberts (TVH). George Knight (Essex B.) and Dave Richards (Poly) took over together and after a great race which gave them equal second fastest time, finished with only inches between them, well clear of Derek Caulder (Surrey).

On the last lap Pettitt had no difficulty in coming home with a clear lead from Card (TVH). Then a gap of 37 sec. before Hogan brought Poly home in third place after a great fight with King (Essex Beagles) and Snowden (Surrey), all of whom had passed Mitcham for whom "B" team runner Davies substituted for Bill Pawsey, whose car broke down on the way to the race.

1, Aylesford P.M. (Webley 14.00, Sando 13.05, Pemble 13.18, Minshall 13.03, Mayatt 13.08, Pettitt 13.01) 79m. 35s.

2, Thames Valley H. (Stacey 13.16, Vivian 13.38, Haith 12.53, Hicks 13.41, Roberts 13.23, Card 13.05) 79m. 56s.

3, Poly H. (B. Fernee 13.08, Allen 14.07, Dunkley 13.42, Proffitt 13.32, Richards 12.48, Hogan 13.16) 80m. 33s.

4, Essex Beagles (Townsend 13.15, Rooke 13.25, Floodgate 13.27, Simmonds 14.22, Knight 12.48, King 13.18) 80m. 35s.

5, Surrey A.C. (Presland 13.05, Fuller 13.47, Hazeltine 13.05, Barham 14.05, D. Caulder 13.42, Snowden 12.58) 80m. 42s.

6, Mitcham A.C. (Harris 13.07, Rogers 13.25, Simmons 13.35, Gillett 13.18, Fruin 13.24, Davies 14.10) 80m. 59s.

SALVAT BEATS HYMAN IN PORTSMOUTH "5"

THE Portsmouth "Round the Houses Race," held over a dead flat 5 miles course in the vicinity of Alexandra Park last Saturday, Dec. 10th, attracted an entry of 80. At the end of lap 1 Hyman, Salvat, Edwards and the Portsmouth Cooke twins were running together 30 yards ahead of another bunch of 20 runners.

By the end of lap 2 Hyman and Salvat were 100 yards clear of Edwards and B. Cooke, with J. Cooke beginning to drop back. Just before entering Alexandra Park at the end of lap 3, Salvat broke away

from Hyman and went on to win by 7 sec. Edwards just held on to beat B. Cooke for third place, while Terry Porter, former Portsmouth runner, won the handicap.

WELSH NOTES By Bernard Baldwin

ICY roads prevented the Carmarthen Harriers team from travelling beyond Llandovery on Saturday, when they set out on the 100 miles trip to Gilwern for the Welsh Novice, and perhaps this was the reason for one or two other absences, but the 1960 championships were a great success nevertheless. 10 teams completed the flat soft-going course, which a week before was under 5 feet of water, and all agreed that the arrangements—marking, stewarding, accommodation, catering, etc., were what they should be at a championship. Gilwern Harriers, and Les. Williams are to be congratulated.

Local boy, Tom Edmunds, soon ran into a good lead, but although the home team were favourites, Roath and Barry Harriers were well placed after the first 3 laps, and they stayed there, edging out Gilwern, whose fourth man was tailing. The course was as flat as it is possible to be, and surprisingly free of mud and water, giving Gwyn Morris, Gallivan and Lane of Roath scope for some short bursts. New club, Bargoed Y.M.C.A., turned out a full team in their first championship, and finished a creditable fifth. The 5 miles course was accurately measured; promoters please note.

Result: 1, T. Edmunds (Gilwern H.) 23.57; 2, B. Gallivan (Roath H.) 24.57; 3, G. Morris (Roath H.) 25.6. Teams: 1, Roath H. 31; 2, Barry H. 64; 3, Gilwern H. 65.

The biggest field of runners seen in Wales for many many years will run in the mid-night 4 miles race in Mountain Ash on New Year's Eve. The Accommodation Officer has a problem on his hands this year, and the Treasurer is wringing hers every day, as more and more bills come in. If you can spare a donation to keep NOS GALAN alive, especially if you are a Welshman, please send it to THE NOS GALAN TREASURER, 21 Telcelkebir Road, Pontypridd, Glam. Thank you.

Can you spare a donation for

NOS GALAN

this year?

If so, the organisers would really appreciate it, for funds are running low.

Please send it, however small, to:

The NOS GALAN Treasurer, Mrs. N. Jennings, 21 Telcelkebir Road, Pontypridd, Glam.

Entries for the midnight race have now closed, and they are greater than ever before.

THANK YOU
