BEST EVER CHAMPIONSHIPS?

THE Women's A.A.A. Championships Meeting last Saturday was undoubtedly the best of all time, both from the point of view of standard of performance, and sales of tickets and programmes. It was a great pity the crowd was not even larger, for the competition was really first class and inspiring in this Olympic year.

Sponsored by Pepsi-Cola, the A.A.A. Championships at the same venue this week-end could also be the best ever men's Championship meeting. Pepsi-Cola's financial contribution for each of the next three years will include the provision of coaching facilities—the encouragement of 1968 Olympic potentials, Loughborough Scholarships, Loughborough Study Group, Young Athletes Christmas Courses, and equipment for good "potentials"—and bringing over world class athletes invited to the Championships. Details of the latter will be found on the centre pages.

A particularly interesting award by Pepsi-Cola is a handsome silver trophy "for the best performance in the A.A.A. Championships by a United Kingdom athlete under 21". The recipient will also have the opportunity of attending a coaching course at the Company's expense. A photograph of the magnificent trophy appears on the inside cover of the Championships programme.

Bookings for this year's meeting are up considerably on last year and if the weather is reasonable we can expect a fine crowd, particularly on Saturday. The larger the crowd the more the athletes are inspired, and the greater the inspiration the better the performances. In particular, I want to see our middle distance runners rising to the occasion, as indeed they must to stand any chance at all in Tokyo. To help to this end I have put forward a suggestion for lap awards in the mile, providing the times are inside one, two, three and four minutes, which we are quite prepared to sponsor. If the Championship Committee agree to this, competitors will be advised beforehand. Even this is not necessarily world class now, but it would be a start and it is high time we had some mile times down inside four minutes, particularly when they are commonplace in America. A fast last lap is useless if you are 50 yards behind the leaders at the bell.

Illustrated brochures and booking forms for the "Athletics Weekly" party trip to Amsterdam, leaving Friday, September 4th and returning Monday, September 7th, which includes a visit to the Great Britain v. The Netherlands women's match on September 6th, will be available again this week-end from the bookstalls at the White City. We cannot guarantee accommodation for bookings made after July 15th.

THE EDITOR

Next week's issue will contain a complete Report of the A.A.A. Championships—Every Competitor and every Performance.

LETTERS TO THE EDITOR

Views expressed in readers' letters are not necessarily those of the Editor or the publishers

PUBLICITY

Dear Sir,

I entirely agree with A. Tite's letter concerning the lack of publicity of major athletic meetings.

Having personally gone to some trouble in attempting to secure posters for the London/New York match, they arrived the day before the match. Bus crews passing the stadium were even unaware of the match going on.

Could not a list be formed from AAA Coaches, Officials and honorary members who would be willing to receive, automatically, posters for international matches, so that they could be displayed in homes, factories, pavilions, schools, colleges, etc.

Yours faithfully,

R. H. Rudd,
Blackheath H.

B.B.C. COVERAGE

Dear Sir,

Yet again must one complain at the coverage given to athletics by the B.B.C. on sound radio. From 2.10 to 5.55 p.m. the Home Service reported on tennis and rowing, including 1½ hours devoted to the Ladies Singles. The third network broadcast nothing but sport from 11.25 to 6.35 (mostly Test Match).

According to my calculations this makes a total broadcasting time of 655 minutes, yet barely 4 mins. (sic) or 6% was devoted to the W.A.A.A. Championships. This meant that details given were very brief, with scarcely any place results mentioned.

I suppose one shouldn't complain though; after all, we did get one whole minute of results from the W.A.A.A. Championships after the 6 o'clock News!

(Miss) J. Arnold

P.S. I didn't see TV but according to the "Radio Times" there were no telecasts from the White City at all.

SOUTH SHIELDS MEETING

Dear Sir,

I would like to thank the organisers of the South Shields Sports Week for the way we were looked after at one of the best meetings I have attended.

On behalf of Neill Duggan, John Thresher, Laurie Reed, Derek Graham and myself, I would like to convey my thanks and gratitude to the Chief Constable, his able officer Norman Bell, and to one of the most helpful persons I have ever met in young Dave Martin. They

worked very hard, and the smooth way the athletic and cycling events were conducted could be used as an example by many promoters.

Yours sincerely,

Mick Gowan.
Herne Hill Harriers.

INSULT TO SPONSORS

Dear Sir,

One of the constant lamentations of British milers is that they cannot get enough invitations to good class races.

The South Shields Sports Committee allocated several hundred pounds towards two invitation mile races and were prepared to pay full travelling expenses and two nights' accommodation in a first-class hotel to all competitors.

Several outstanding performers accepted this invitation and a week before the race on June 27th they were given considerable publicity in the local Press. The result was that the South Shields stadium was packed on the Big Day.

However, a good number of these runners did not appear, nor did they have the good manners to write to the sponsors to tell them so. Instead, they chose to run in what they thought were "classier" meetings.

It is suggested that these runners be reported by sponsors to the A.A.A. with a strong request that they be suspended for one month from any competition. If British miling is to improve we cannot afford to offend generous sponsors.

One bright note: one runner who declined to run in the North v. South match because of his commitments to the South Shields sponsors showed the right spirit.

Yours faithfully,

F. J. Horwill.
Hon. Secretary, British Milers Club.

High Standard at Southern Junior Championships

SEVERAL noteworthy results were achieved, and several new meeting records established. The weather, although a bit disappointing after the first day, was not too unkind. David Dear outmanoeuvred Pat Morrison to win a good 100, recording 9.8 with a wind slightly over the limit; in the heats Dear looked rather unimpressive, whereas Morrison started by equalling the old championship record of 10.0.

Tony Ashton scored an excellent double by taking both mile and steeplechase within 2½ hours, but David Wright, who should have been a comfortable winner of the 880 found his exertions in the mile 90 minutes earlier had taken too much toll; the first three in the latter event beat the previous standard of 4:15.0.

Mike Tagg won an excellent 2 miles race from last year's winner, Kortenray. At last this event is receiving the status it deserves, and it should not be long before the 9min. barrier is beaten. In the field events, Gillo and Travis were outstanding, the former having several throws over 180'0" despite a split finger (he has recorded 190'5" in competition), the latter adding a few inches to his personal best set in the senior meeting two weeks before.

The Youth events produced nothing really outstanding, but a very good mile, in which

(Part II, Hurlingham, July 4th)

Badgery just failed to outspurt Gerald King, provoked the most excitement. The latter subsequently attempted to emulate Ashton, but found Groom of Hemel Hempstead, with a new British Best performance, was moving rather too briskly. Roger Herbert was the only double winner today, adding the 100 yards title to his 440 win on the first day. The two throwing events were noteworthy for the number of competitors—26 in the shot and 24 in the discus.

Unluckiest athlete of the day was Wideson of QPH, who won his heat of the hurdles comfortably in 14.5, after which it was discovered that the last hurdle was misplaced. A re-run was ordered, and Wideson crashed half-way.

JUAN TAYLOR WINS WELSH OPEN MARATHON

A CLOUDY sky and cooling breeze were welcomed by the 90 odd runners who lined up for the 1964 Welsh and Open Marathon at Port Talbot. After 2 miles a group of three had broken away, Juan Taylor (Cov'try), Hirons (Birchfield) and Davies (Newport). Not too far away were Joyce (Epsom), Turney (Coventry), Jones (Shrewsbury), Flowers and Davies (HLI).

Taylor and Hirons were running shoulder to shoulder and Davies soon dropped back. After a short gap came Joyce, shadowed by a bunch comprising Adcocks, Aylett, Franklin, Lloyd, Flowers, Davies, Robbins and Foulkes. Coming to the hilly section approaching five miles, Taylor had broken away and little Billy Adcocks had come out of the bunch and was fast catching Trevor Joyce. At 5M it was Taylor 25.04, Hirons 25.21, Adcocks 26.31.

Out along the Promenade for the second time Taylor had increased his lead to 2 mins. from Hirons, who seemed to be having a bad patch and was being overhauled by Adcocks. Turney and Joyce were another 1½mins. back, with the bunch still 50 yards away. Coming off the Prom, Joyce made an effort and got away from Turney.

Around 11 miles the bunch started to break up. Back into the Sandfields Estate for the second time, Taylor was now well in the lead, hotly pursued by a determined looking Adcocks, with Hirons in the distance. A similar gap to Joyce and another 100yds. back came a bunch led by Franklin, Foulkes, Davies, Flowers and Lloyd with Turney tailed off. Further back came Robbins, John Tarrant—who missed the start because an official insisted on him seeing the doctor—Bratt, Kembal and Ivor Adams.

At 18 miles it was seen that Adcocks was not gaining any more ground on Taylor and Hirons was still holding his own in third place. Trevor Joyce had never run so fast over 20M. as this and it was surprising to see Franklin and Foulkes moving past him just before that mark, having a battle royal. Davies and Lloyd also passed Joyce at the 20M. mark. Tim Buckingham, who seems to go on for ever, was now up in 13th place.

And so it remained to the finish with Juan Taylor an easy winner by nearly 4mins. from Billy Adcocks, and Maurice Hirons leading the remainder home in third place. Special mention must be made of Lyn Hughes (Bridgend YMCA) who ran a great last lap to come through to 8th, a minute up on his time of last year.

1. J. Taylor (Coventry Godiva) 2:15.37
2. W. Adcocks (Coventry Godiva) ... 2:19.29
3. M. Hirons (Birchfield) 2:26.12
4. R. Foulkes (Walton) 2:27.52; 5. R. Franklin (TVH) 2:28.50; 6. D. Davies (HLI) 2:31.42; 7. H. Lloyd (Cov) 2:31.55; 8. L. Hughes (Bridg-

end YMCA) 2:33.35; 9. T. Joyce (Epsom) 2:33.37; 10. C. Kembal (Wolv'n) 2:33.47; 11. I. Adams (Newport) 2:33.51; 12. T. Buckingham (Leam'n) 2:35.28; 13. P. Jones (Shrewsbury) 2:42.04; 14. L. By L. W. WOODCOCK

PAMICH in great form: Abdom Pamich retained his Italian 50 Kms title with a great performance at Calolziocorte, recording the fastest time in Europe this year. His 4h. 08m. 30s. shows he is in Olympic form and the fact that he won by 16 mins. how much he dominates Italian walking. Result: 1, Pamich 4:08.30; 2, De Rosso 4:24.01; 3, Vismara 4:34.10; 4, Algeri 4:38.44; 5, Bomba 4:44.17; 6, Capuozzo 4:47.24.

Goodair wins Manchester-Blackpool: The popular Wakefield Harrier, G. Goodair won the Open Manchester-Blackpool Walk. Following his sixth place in the recent National 50 Kms he confirms that he must be ranked No. 2 in the North to International Ronnie Wallwork. M. Holliman (Highgate) walked his best race to-date when he finished 27mins.

faster than last year to finish second. Third was Frank O'Reilly (Lozells H.) who was probably using the event as training for the Leicester-Skegness "100". Sheffield won the team race from Lancashire WC with Leyland Motors third.

Police Cadets Improvement: The interest and support for Race Walking in the Police Cadet Colleges is now showing signs of paying off. Last Saturday two Cadets, Trimming and Sutherland, finished first and second in the Southern Counties AAA One Mile Championships at Hurlingham.

The Open "100": Karl Abolins, the Latvian member of the Royal Sutton Coldfield Club, won last Saturday's annual Open Leicester-Skegness 100 miles in the good time of 17h. 32m. 16s. to finish about a mile ahead of the holder, Frank O'Reilly (Lozells H.). O'Reilly had four previous wins to his credit, and started favourite to win again and was leading at 40 miles. Abolins then came up to lead at half-distance by 50 secs., which he increased to 15mins. at 70 miles. O'Reilly then made a big effort and cut this down to 5 mins. at 90 miles, but could not sustain his effort and Abolins slowly drew away again to win by 15 mins. Third was John Goodall (Woodford Green) and the next two places were taken by Dutch walkers. Leicester W.C. took the team race by one point from Woodford Green.

Today's Events: AAA 2 Miles Championship at White City. Open 25 Miles "Outer Circle," Birmingham. Essex County AAA Romford to Southend 28½ Miles.

IBBOTSON "DOUBLE" AT SOUTH SHIELDS, June 27th

THE first Open Sports Meeting organised by South Shields Sports Week Committee on June 27th was a great success, whichever way you looked at it. An 8,500 crowd witnessed a great afternoon's entertainment and Derek Ibbotson emerged as their favourite. Derek ran the first half-mile of the "A" mile in 2 mins. dead and went on to win from John Hillen in 4:09, while in the 2 miles his effort two laps from the end carried him right away from Ernie Pomfret and Mick Gowan to score again in the excellent time of 8:54.6.

Nejll Duggan and Derek Graham fought out a great race in the "B" mile and just as it looked as if the Irishman had won, Duggan lunged for the tape to win by inches, both being given the same time of 4:06.5.

Joy Grieveson ran an excellent 440 to defeat Pam Piercy and the crowd rose to Dorothy Hyman in the 220 which she won in 25.1 sec.

A special word of praise for the officials who, on Saturday's showing, must rank as some of the most efficient in the country. In two months time the hard work put in for this year's inaugural meeting will begin all over again, and the organisers are hoping that next year even more stars will give their support.

SCOTTISH CHAMPIONSHIPS, Edinburgh, June 26-27

"MING" CAMPBELL (Glasgow Univ.) repeated his 1963 triple triumph in the 100, 220 and 440 to equal the feat of the late Eric Liddell, who achieved this in 1924-5. Campbell was racing into a wind which averaged 15ft per sec.

The 880 was an exciting affair, for with 200 yards to go George Wenk (Anglo Scot) led from R. I. Allen (A.S.) and E. C. Ross (Birchfield), when R. T. Hodelet (Glasgow Univ.) came with a storming finish which took him past them all to win by 5 yards, in a new best performance of 1:52.6.

W. A. Hogarth (Heriot) won the 120 and 440 hurdles but was disqualified in the former for trailing his leg. In the throws, Mike Lindsay, making his first appearance in these Championships, won the shot put with a new Ch. BP of 56'8½". The jumps produced the only national record when D. D. Stevenson retained his pole vault title with 14'4".

FAST QUARTER BY ANN PACKER

Ann Packer, who admitted she was aiming for a UK record of 54.0 (though it is unlikely it would have been ratified), clocked 54.9 for 440 yards at Norbiton on June 23rd. The watches, held by ungraded timers, read 54.9, 54.9, 55.0. She went through 220y in 25.6. Running later in the sprint relay she turned a 6 yard deficit into a two-yard winning margin.

A.C. BIRD TROPHY

At Tooting, June 27th

"The British club system is certainly one of the best to be found anywhere in the world." This description by Roberto Quercetani may well be true, but it is clear that there is nevertheless a shortage of qualified officials. Even in this trophy meeting there were only three timekeepers which, coupled with poor starting signals, must lead to certain reservations about times recorded in the sprints and hurdles particularly. Rosemary Morgan found the javelin runway unsatisfactory, and after two fouls, retired.

1, Ilford A.C. 75 pts.; 2, Mitcham A.C. 64; 3, Hercules A.C. 58.

100: 1, D. Brookes (H) 11.2; 2, J. Towl (M) 11.2; 3, D. Turner (Selsonia) 11.4. **220:** 1, Towl 24.9; 2, Brookes 25.0; 3, L. Rabey (I) 26.1. **440:** 1, C. Mitchell (M) 58.4; 2, P. Perkins (I) 61.4. **880:** 1, S. Chyc (I) 2:31.0; 2, Perkins 2:34.5. **80mH:** 1, C. Love (M) 11.4; 2, D. Sparrow (I) 12.5. **4x110:** 1, Ilford 50.3; 2, Mitcham 50.8. **HJ:** C. It isn't only the hours of training that count...

When it comes to an athlete's fitness, sleep plays just as big a part as training. Sound, refreshing sleep that helps tired muscles—and tired minds—to relax. That's why for over fifty years athletes have made Horlicks part of their training programme. Each night the goodness in Horlicks

helps to ensure for them the sound, refreshing sleep they need to keep at the peak of fitness. Let Horlicks every night do the same for you. Horlicks is accepted by the British Olympic Association for supply to those selected to represent Great Britain in this year's Olympic Games in Tokyo.

Heat Takes Toll in Oxfam Marathon

THE birth of a new marathon venture at Feltham on June 27th attracted 84 starters. This event, organised by the Feltham Garrison Sports and Social Association, was one of many attractions at the Oxfam sports meeting.

The organisation of this Marathon was placed in the capable hands of Maurice Horton, a member of the famous Race Walking family. Maurice is well aware that no-one in his right senses could hope to make a profit from a marathon race so I salute his gallantry and optimism! After viewing the plight of the 84 competitors, weltering under a scorching sun, it left me wondering who was in most need—the children of occupied Greece or the marathon runners of unoccupied Feltham!

The race was a lesson on "How to run a marathon in a heat wave." Let me firstly tell you what happened to the early leaders around the two-lap flat course which gave meagre relief from the sun. Len Jones—who else but Len!—was first out of the Sports Ground; he was in second place at 3 and 5 miles; 3rd at 10 and 15 miles—then retired. Next came Benn, who led at 3 (16.30) and 5 miles (28.17), was 2nd at 10 (54.30) and 16 miles (1.35.40), 5th at 20 miles (2.6.37) and finished 8th. At 10 miles (54.15) Barry Collins led; he had been 4th at 5 miles (28.43). The leader at 15 miles was Bignall but that was his lot; he had been 9th at 5 miles (29.58) and 7th at 10 (56.25). Came 20 miles with Moore in the lead (2:00.09); John went on to win leaving behind his pattern of pace:—12th at 5 miles (30.27), 9th at 10 (57.10) and leader at 16 miles (1.35.35); I missed the 15 mile point.

Now for the fortunes of those who were never in the lead but nevertheless shedded their few pounds of flesh in the hope that it would "make their day!" Let me emphasise the heat's toll by the fact that only 37 in a field of 84 were able to adjust their efforts in keeping with the conditions. Hearty congratulations to John Moore, for a grand win in difficult conditions; this performance is something to link up with 8th in the Isle of Wight and 22nd (2:29.47) in the Poly Marathon. For once I found something that "Made my day": Ray Bott's 2nd position. Ray was 10th at 5 miles (30.27), 10th at 10 (57.10), 5th at 16 (1.37.15) and 3rd at 20 miles (2.02.18). I enjoy a keen friendship with Ray whose perseverance is astounding and knowledge of athletic injuries second to none; he's had the lot. Geoff Stott is the marrow in the back-bone of our sport.

In Reg Minchington and Eddie Elderfield we have two of the most experienced men on this kind of day—"The tougher the conditions the better they like 'em." Neither of these two came into the first dozen before the 20th mile.

Ranelagh have unearthed hidden potential in young Forest, only just up from the juniors; his well-judged progress can be assessed as follows: outside first dozen at 5 miles, 11th at 10 (58.46), 9th at 16 (1:40.05) and 6th at 20 miles (2:7.21).

1. J. A. Moore (Belgrave)	2:42.37
2. R. Bott (Mitcham)	2:44.10
3. G. Stott (Smethwick)	2:45.55
4. R. Minchinton (TVH) 2:45.55; 5. E. Elderfield (TVH) 2:54.01; 6. J. Forest (Ranelagh) 2:54.53; 7. J. Fitzgerald (Mit) 2:57.04; 8. A. Benn (Bris) 2:59.36; 9. R. Reynolds (TVH) 2:59.45; 10. P. IRISH 3 MILE RECORD SHATTERED

HIGHLIGHT of the All-Ireland Championships at the John Kennedy Stadium, Santry, Dublin, on June 20th. was the wonderful performance of Derek Graham from Belfast when he returned the seventh fastest time in the world this year for 3 miles in setting a new Irish National record of 13:18.4. Tom O'Riordan, who must go to Tokyo on the Irish Olympic team, was credited with the same time.

From the start O'Riordan set a very fast pace going through the mile mark in 4.21, closely followed by Graham and Mick Neville (Coventry). The time at 2 miles was 8.53 with Neville dropping out of the picture. Going into the final lap it was still neck and neck until Graham managed to edge in front 10 yards from the tape to win by inches.

In the pole vault 17 year old Michael Bull (Albery Foundry) broke the Irish National record with 12'11". Now that Michael has managed to bend the fibre glass pole the sky is the limit and at last Ireland may soon have a first class pole vaulter.

Derek Graham overhauls Tom O'Riordan to win the All-Ireland 3 miles in 13min. 18.4sec., both being credited with the same time.

Fionnbar Callanan

The mile was disappointing, especially the running of John McDonnell, home on holiday from the U.S.A., who could finish only third behind the holder, Colin Shillington (Willowfield), who won easily from J. McNamara (Donore) in 4:12.6.

Dave Bennett (Shorts) came back into form at the right time to repeat his sprint double of last year and take the 100 in 10 sec. and 220 in 22.1.

GLITTERING ARRAY OF STARS

Great Competition in Prospect at White City

CARR! Hansen! Figuerola! Kerr! Crothers! Kidd! Zimny! This week-end's AAA Championships, sponsored by Pepsi-Cola, have lured several of the brightest stars in the athletic firmament to the White City. Visitors of this calibre will add still more lustre to an already sparkling meeting, for this year's Championships serve as an unofficial Olympic selection trial. Obviously any UK athlete placing in the first three, provided he had gained the Olympic qualifying standard, must be considered on the short list for Tokyo.

The entries in most events are sufficient to cause any fan to lick his lips in anticipation.

100y. Will Berwyn Jones' vacated title remain in British hands? Lynn Davies, Bob Frith, Dave Jones, Ron Jones, Alf Meakin, Peter Radford and Andrew Ronay face the outstanding Cuban competitor, Enrique Figuerola, who recently ran 10.1 for 100m in the USSR. That's 9.2/9.3 speed for 100y.

220y. The fabulous Henry Carr must, barring accidents, win this one, though holder Dave Jones and/or Peter Radford should put up more of a fight than in last year's USA match. Ronay, Richard Simonsen and Dick Steane are other likely finalists, the dark horse being Mel Cheskin—back from the States for the summer.

440y. Brightwell v. Metcalfe: what a race it could be if Adrian is fighting fit. Tim Graham, Menzies Campbell, Barry Jackson and Nick Overhead among others will be bidding for at least a place in the relay team. Australian Ken Roche, who may run this instead of the hurdles, has clocked 46.5 for 400m.

880y. A classic final is in prospect, with Irish holder Noel Carroll, Canadian Bill Crothers, Jamaican George Kerr, American Darnell Mitchell plus John Boulter and the best of the other British boys.

1 Mile. It is in the interest of such as Alan Simpson, Stan Taylor and others, who have yet to gain the Olympic standard of 4:01.5 that this be a fast-run race. The presence of Poland's Witold Baran may ensure this. Others entered include Boulter, Peter Keeling, Bill McKim, John Snowden, John Whetton and Mike Wiggs.

3M. It's such a fantastic field that 13:30 might not even be good enough for a place in the first ten. The 24 entered include holder Bruce Tulloh, John Anderson, Mel Batty, Lech

Boguszewicz (Poland), John Cooke, Derek Graham, John Herring, Derek Ibbotson, Lajos Mecser (Hungary), Fergus Murray, Mick Neville, Tom O'Riordan, Eddie Strong, Mike Wiggs and Kazimierz Zimny (Poland). Wow!

6M. An equally star-studded entry, featuring Ron Hill (holder), Batty, Mike Bullivant, Buddy Edelen, Roy Fowler, Mike Freary, Ron Gomez, Basil Heatley, Jim Hogan (who claims to have clocked 27:44 in a recent time trial!), Martin Hyman, Canada's unpredictable Bruce Kidd, Brian Kilby, Murray, Gerry North, Jozsef Suto (Hungary), Don and Juan Taylor and Mike Turner. Even Ron Clarke might feel a little apprehensive.

2M Walk. Ken Matthews demonstrates the fine art of speed walking.

3000mST. Holder Maurice Herriott meets up with his conqueror of last year, Jozsef Macsar (Hungary). Ernie Pomfret, Dai Davies, Dave Gibson, Tim Johnston, John May and 8:48.2 Argentinian, Domingo Amazon, form a sound supporting cast.

120yH. An all-domestic show starring Mike Parker and Laurie Taitt.

440yH. This may be the occasion for John Cooper to break the UK record, but he will have his hands full against Roche (50.7), Peter Warden and—if fit—Mike Hogan. Young John Sherwood will be watched with interest.

HJ. Crawford Fairbrother v. Gordon Miller with American 7-footer Otis Burrell thrown in.

PV. Fred Hansen, pending world record holder at 17'2"/5.23, will give the crowd a thrill. Two or three feet lower down the scale Britain's top trio will be gunning for the UK record.

LJ. John Morbey returns from Bermuda to challenge Fred Alsop and Lynn Davies.

TJ. Alsop, Derek Boosey and Mike Ralph should ensure a close contest.

SP. Will Mike Lindsay repeat his New York success against European champion Vilmos Varju (Hungary)? It's a tough task. Alan Carter and Martyn Lucking will also be bidding for a 60-footer.

DT. Roy Hollingsworth v. Lindsay.

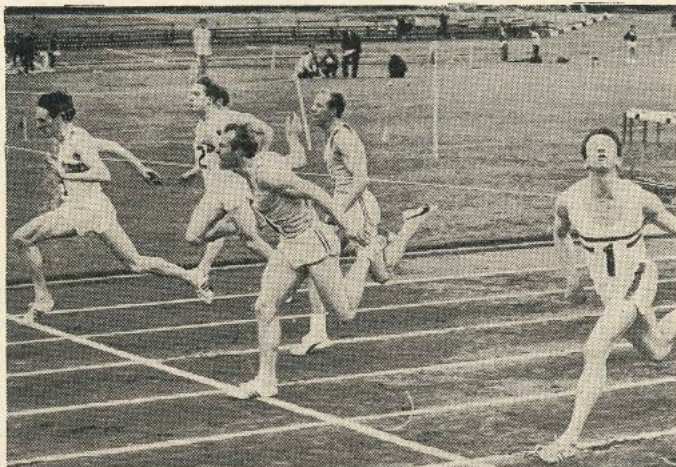

HT. John Lawlor (ROI), back in competition again, opposes Howard Payne.

JT. Australian Reg Spiers, currently currently resident in England, challenges Colin Smith and John Greasley.

FOR A.A.A. CHAMPIONSHIPS

Peter Radford (extreme left) wins the inter-area 100y in 9.6 from Dave Jones (middle) and Alf Meakin (far right). They will battle out the AAA 100y with Pan-American champion Enrique Figuerola, of Cuba.

Great Sprinting at NCAA Meet

GAYLE HOPKINS moved to third on the all-time long jump list and three athletes equalled the American record in the 100 metres at the 43rd National Collegiate (NCAA) Championships held at Eugene, Oregon, on June 18th, 19th and 20th.

Hopkins, who was third after four rounds, leaped 26'9 1/4"/8.16—a mark which has been exceeded only by Igor Ter-Ovanesyan and Ralph Boston. He jumped 25'11 1/4"/7.90 on his last attempt.

The 100m final was so close that Trinidad's Edwin Roberts thought he had won and raised his arms in a victory gesture. But the photo finished showed that Canadian Harry Jerome won, with Roberts and fast improving Trenton Jackson all given the same time of 10.1. Darel Newman appeared to be right with the leaders but was given a 10.2, the same as Richard Stebbins who was definitely further back.

Three men were timed in 45.9 in the 400m final. U.I. Williams went out fast, gained the lead prior to the 220 post but was caught by Bob Tobler for a dead-heat with Kent Bernard (Trinidad) close behind. The 1500m was fast from the start, with Bob Day leading at the quarter in 58.3 as well as the half in 2:00.6. Ben Tucker and Morgan Groth took off with about 220 to go and Groth went on to win comfortably although Archie San Romani and John Camien were moving faster on the home straight. Groth was given 3:40.4 and Day, the 6th man, 3:42.1.

EARLIER AMERICAN RESULTS

Parry O'Brien upset Dallas Long by half an inch in the shot at San Diego on June 13th but Long was the victim of food poisoning during the week. Blaine Lindgren beat Hayes Jones for the second time this season and an even bigger surprise was produced by Australian Ken Roche who easily beat Willie Atterberry, Rex Cawley and Cliff Cushman in the 440y hurdles. Jerry Siebert won the 880y in 1:47.5, fastest time of the year.

The 4x400m relay team to beat at the Olympics may well be Trinidad. Take four of these five athletes all attending US colleges: Kent Bernard 45.7, Wendell Mottley 45.8, Edwin Roberts 46.3 in 1963, Connie Alverson 46.4, Edwin Skinner 47.1. The four fastest times add up to 3:04.2. The US will need a healthy Ullis Williams and Henry Carr to win.

China's Highest Girl Jumper

by Li Yu-wen

WU FU-SHAN, the women's high jump champion of China, cleared 1.79 metres (5'10½") on June 9th to become the equal second best performer in history. This is 0.11 metres (4½") above her own height.

She made her record on the opening day of the North China Championships in Taiyuan to join Michele Mason-Brown of Australia as the second best high jumper of all-time in the world, behind Iolanda Balas of Rumania.

Bronzed Wu Fu-shan is a 21-year-old student at the Peking Teachers' College. She is slim and has springy long legs. She was equal third in the world rankings for 1963 with a jump of 5'9"/1.75 and won a gold medal at the First Games of the New Emerging Forces in Djakarta last November.

Although the straddle jump is popular among Chinese women high jumpers, Wu Fu-shan prefers the more natural Eastern cut-off style—similar to that of Balas and China's former world record holder Cheng Feng-Yung.

Wu Fu-shan was born on April 26th, 1943, in Peking. She is a good student as well as a proficient athlete. When she first started high jumping as a 15-year-old schoolgirl she cleared only 4'7¼"/1.40. In 1959 she jumped 5'3"/1.60 after one year of inter-school competition, and in 1960 she cleared 5'7"/1.70.

A popular student on campus, she was elected a delegate to attend the Peking Women's Con-

gress. In 1963 she was elected a deputy to the Peking Municipal People's Congress.

Wu Fu-shan is one of several promising high jumpers who have emerged in the past few years. Because of the keen competition and the large field of entries, the high jump is an important event in Chinese track and field championships.

Six Chinese athletes have cleared 5'7"/1.70 or more: Wu Fu-shan 5'10½"/1.79, Cheng Feng-Yung 5'10¼"/1.78, Chang Ching-ying 5'8½"/1.74, Yang Mei-ju 5'7¼"/1.72, Wu Yun-hsin 5'7¾"/1.71, and Hsuan Hsiao-mei 5'7"/1.70.

ROBBIE CAME SO CLOSE

And John Boulter cracks UK 1,500 metres record in sixth place!

THE British contingent failed to score any victories in the American AAU Championships (New Brunswick, New Jersey on June 27th/28th) but Robbie Brightwell came desperately close, whilst John Boulter gained the satisfaction of breaking a UK record even if it was in sixth place!

Brightwell impressed American observers as he clocked 46.0 for 400m, same time as the winner Mike Larrabee (30). It was only in the final 15 yards that Larrabee managed to slip by for his narrow victory. Brightwell's performance was all the more meritorious considering he had suffered mild concussion and facial injuries from a diving accident in Montreal a few days earlier.

Boulter became the first British runner this season to better the equivalent of 4 minutes for the mile by clocking 3:40.4 for 1500m. 0.7 faster than Brian Hewson's UK record of 1958. Caught up in one of the greatest mass finishes in middle distance history he found himself no higher than sixth in the nine-man final. Tom O'Hara not only beat Dyrol Burleson for the first time in seven races but set a magnificent US record of 3:38.1, a time bettered only by Herb Elliott and Michel Jazy. Peter Keeling, who shared the pacemaking for the first half with Bulter (58.2 440yy, 1:59.9 880y) finished last.

Lynn Davies was certainly not disgraced by his jump of 25'8½"/7.84 but again such was the standard that he was shunted into sixth place.

The temperature was 88° F. on the first day, 85° F. on the second, with high humidity. The crowd totalled 25,000 for the two days.

Best Ever Women's Championship Meet

IT was at the WAAA Championships of three years ago that Daphne Arden broke through to the top flight of British sprinters. At the age of 19 the slim brunette from Birmingham, whose fastest times the previous year were only 11.4 and 25.8, set personal bests of 10.9 and 24.8 in the preliminaries and went on to take third place in each final. History repeated itself at the 1962 Championships. Again she posted a couple of personal bests (10.7 and 24.5) and again she was third both times. Later in the season she confirmed her big race ability by finishing fourth in both 100m and 200m in Belgrade. Other than for her relay exploits, last season was not a distinguished one, but a tremendous opening to this year's outdoor campaign—a windy 11.5 for 100m in Germany — raised hopes that Daphne would resume her progression towards the upper echelons of world class.

Those hopes were adequately fulfilled at last Saturday's finest ever WAAA Championships at the White City. Running as never before, she won all six of her races: a 10.9 heat at 10.20 a.m., 10.7 semi at 11.20, 24.2 heat at noon, 24.1 semi at 12.55, 10.6 final at 2.25 and 23.6 final at 3.25! Even Dorothy Hyman never produced such a series of marks on one day. The 100y time equalled the European and UK record tied earlier in the semis by Dorothy and Mary Rand; the furlong mark was a new national record and equalled Maria Itkina's 1956 continental standard.

Daphne, whose target had been merely to place in the first three, will never again be satisfied with the role of second string. This will be to Dorothy's advantage, for stiff competition at home never harmed an athlete's international prospects. Dorothy, short of top class racing and bothered by a nagging thigh injury, took her defeat with good grace and was not displeased with times of 10.6 and 24.0. These are, after all, early days still for athletes aiming for Tokyo.

Mary Rand followed up her superb sprinting with a magnificent display of long jumping in a notable contest that yielded 15 jumps over 20 feet by six competitors. Mary's series was 21'5" (+ 1.3m/sec. wind), 20'11" (— 1.2m), 21'7½" (+ 0.3m), foul, 21'3 (zero), foul. Thus she bettered her previous Commonwealth and UK record of 21'1½" three times and fell only 1½" short of Tatyana Shchelkanova's world record—a mark that the Russian girl improved to 21'11½" in Moscow a few hours later. Mary's two fouls were both over 21 feet.

Norway's Berit Toien lived up to her reputation by notching a national record of 21'2½" (+ 2m) on her first jump. Sheila Parkin was a bang-up third at 20'7½" (but the wind was just over the limit at 2.3m), and Alix Jamieson

also rose to the occasion—surpassing the Olympic standard with 20'0¼" in sixth (!) place.

Next on the roll of honour must come Pat Pryce, who for the second year running scored over Japan's Ikuko Yoda, now a 10.6 performer. Off to a dream start Pat was never headed and resolutely withstood Yoda's challenge to win in 10.7 AGAINST a slight breeze. This is in effect a British record even if the books do list a 10.5 mark by Betty Moore.

More official was Ann Packer's UK quarter-mile record of 54.3. A 25.3 first furlong carried her way ahead of Joy Grieseson and Ann hit the straight a good ten yards clear. A disappointing Grieseson only barely held off the ever remarkable Maevie Kyle. Also in a class of her own was Anne Smith, who set her own fierce pace (62.4 bell) to win the half by 20y in a personal best of 2:08.0 from improving Anita Webb and the 17-year-old Canadian Abby Hoffman, whose time of 2:12.0 was promising for her first half of the season.

Mention must also be made of Pat Jones' best on record 200m hurdles time of 27.9, a championship best in the walk by Judy Farr, Alison Leggett's 4:56 mile with 18-year-old Penny Gardner also inside 5 minutes, Madeline Cobb's 10.7 100y semi equalling her 1958 personal best, Janet Simpson's scintillating 220y semi in 23.9, a personal best high jump of 5'8" by Frances Slaap and Suzanne Allday's first defeat in the discus by a British thrower (Rosemary Payne) in almost a decade.

Menzie Campbell and Derek Ibbotson were simply sensational in the men's races. The tall Scot ran an unanticipated 20.9 for 200m (only Peter Radford among UK athletes has ever run faster); whilst 32-year-old Derek turned in a pulsating final half-mile of about 1:57 to score a resounding 1500m win in 3:44.4, his fastest converted mile for six years. The meeting was sponsored by Bovril Ltd.

My thanks are due to Pat Brian and Martin James for their help in collecting the full results that follow.
