GDR beat Britain 114-97 & 80-55 (Women)**At White City, July 10th/11th**

Steve Chappell's Undreamt Of Victory

AS anticipated, Britain lost to the German Democratic Republic (East Germany) in both men's and women's matches. The 17-point margin in the men's encounter reflected well on the British team: the presence of Malcolm Yardley, David Jenkins and Lynn Davies—all late withdrawals—could have reduced the deficit to single figures. The girls, though, were crushed by 25 points and although Marilyn Neufville and Lillian Board were badly missed the East Germans were without their long jumper Margrit Herbst (second ranking in the world) and used a javelin thrower in that event and the high jump. The only British victories came from Sheila Sherwood and the sprint relay squad.

More humiliating was the dreadfully thin crowd: some 2000 on Friday evening and little more than double that on Saturday. What sort of welcome is that to the strongest all-round athletic nation in Europe or encouragement to the home athletes prior to Edinburgh? We can learn from the French; at last week's France v. USA match in Paris a high proportion of the 20,000 who attended each day were schoolchildren aged under 16 admitted free. Why cannot we do the same?

The match was sponsored by Watney Mann.

FRIDAY, JULY 10th

400m: Len Walters and Ricky Taylor came in for Malcolm Yardley and David Jenkins and the chances of splitting the opposition, both of whom have beaten 46 sec, were reduced. Taylor, despite his fine speed (21.2 200m the previous week), was left way behind in the first half of the race while Walters, who also lagged into the straight, made up ground fast at the finish to no avail. 1, W. Muller 47.3; 2, M. Zerbes 47.4; 3, L. Walters 47.6; 4, R. Taylor 48.3.

1500m: The Stewart brothers' plan to burn off the Germans did not quite come off; obviously Klaus-Peter Justus (best of 3:42.8) was not consulted. This 19-year-old stayed close as Ian led through 400m in 58.1, Peter through 800m in 1:59.5 and Ian through 1200m in 2:58.8. Peter took the lead early in the finishing straight, only for Justus to flash past. Peter never recovered from the shock but Ian responded in his usual strenuous fashion. Justus was first declared the winner but study of the photo finish resulted in Ian Stewart gaining the verdict. A dead-heat would have been just as fair. 1, I. Stewart (3:41.5 (57.1 last lap); 2, K-P. Justus 3:41.5; 3, P. Stewart 3:41.9; 4, S. Kunzel 3:43.9.

10,000m: The second half developed into two separate races. In the "A" section Wright was powerless to drop Gert Eisenberg (looking very much like Jurgen Haase and running as well), who uncorked a 57.4 last lap to win by 30m in easily a personal best. Wright was well pleased with his own 61-odd last lap and his best ever time, which he thought was worth under 28:15 on Tartan. Only Canada's Jerome Drayton, among Commonwealth

runners, has bettered 28½ min. this year. The battle of second strings was won by Ron Hill, whose typical grandstand finish accounted for 20-year-old Joachim Krebs; an excellent sharpener for the Commonwealth marathon. 1, G. Eisenberg 28:27.0; 2, T. Wright 28:31.4; 3, R. Hill 28:40.0; 4, J. Krebs 28:04.8.

110mH: Frank Siebeck, credited with 13.5 the previous week-end, never looked in the same class as Dave Hemery (in a season's best) narrowly held off Alan Pascoe in another of their stirring duels. What a closely matched pair they are; their races never fail to excite. (nil wind) 1, D. Hemery 14.0; 2, A. Pascoe 14.0; 3, F. Siebeck 14.4; 4, H. Ueber 15.0.

400mH: John Sherwood was always in control and pulled away comfortably at the end without appearing to exert himself unduly. One of East Germany's few weak spots. 1, J. Sherwood 51.0; 2, C. Rudolf 51.6; 3, R. Roberts 52.3; 4, L. Zitzmann 52.6.

4x100m: The British team did remarkably well (a) to hold a crack East German team to less than a metre and (b) to clock 39.6 to equal the best ever UK time outside of Mexico City. 1, GDR (H-J. Bombach, S. Schenke, D. Beckmann, H. Eggers) 39.5 (eq. UK all-comers rec); 2, GB (I. Green, M. Reynolds, D. Dear, R. Jones) 39.6.

HJ: Unlike at Cosford last winter, there was no surprise result this time: strictly to form. 1, H. Hutt 2.10/6'10½" (1.95, 1st; 2.05, 2nd; 2.10, 1st; 2.15/7'0½", fail); 2, G. Duhrkop 2.10 (1.95, 1st; 2.05, 2nd; 2.10, 3rd; 2.15, fail); 3, D. Wilson 2.00/6'6½" (1.90, 1st; 1.95, 1st; 2.00, 1st; 2.05/6'8½", fail); 4, P. Taylor 2.00 (1.85, 1st; 1.90, 1st; 1.95, 1st; 2.00, 2nd; 2.05, fail).

TJ: Jorg Drehmel showed why he is currently world's number two behind Saneyev, with three efforts at 54ft or better. His best of 16.63/54'6½" was with a 2.5m/sec wind but his 16.51/54'2" was legal. Tony Wadhams' one valid effort, into an 0.2m breeze, was a year's best. 1, J. Drehmel 16.63/54'6½" (—, 16.63, 16.51, 14.87, 16.46, 15.18); 2, A. Wadhams 15.93/52'3¼" (—, 15.93, 4 fouls); 3, D. Boosey 15.43/50'7¼" (12.47, —, 15.39, —, —, 15.43); 4, K. Beer 15.32/50'3¼" (14.85, 15.32).

SP: Remember the three East Germans who swept the medals at Athens? Well, Briesenick and Grabe were not among them—which is a fair indication of the GDR's reservoir of talent. 1, H. Briesenick 19.74/64'9¼" (19.29, 19.43, 19.36, 19.74, —, 19.65); 2, U. Grabe 18.92/62'1" (18.20, 18.25, 18.56, —, 18.90, 18.92); 3, J. Teale 16.66/54'8" (—, —, 16.66, 3 fouls); 4, G. Capes 16.60/54'5½" (—, —, 16.60, 16.34, 16.38, —).

JT: Although 27ft separated their respective national record marks the previous week-end, Dave Travis finished little more than 10ft. behind Manfred Stolle, the sixth longest thrower in history. M. Stolle 83.46/273'10" (64.94, 83.46, —, 78.06,

Spotlight on Youth**by Dave Cocksedge****Glassborow Narrowly Misses Age Mark**

THIS edition is being penned just prior to the English Schools Championships and is a summary of activity as the season reaches its peak for the UK's teenage athletes. As the Commonwealth Games takes up available space for some time now, this will be the last "Spotlight on Youth" for a few weeks.

At Alsager College on July 1st, Kevin Steere's 8:39.4 for 3000m at the age of 15 just survived as a UK age record, after a determined assault from Coventry Godiva Harrier David Glassborow (17.7.54). Pulled along by John King until the bell, David kicked hard around the last lap of the rather wet grass track and snapped the tape in a fine 8:40.8.

Peter Kelly of Wolverhampton & Bilston lowered his 400mH age 16 record once more during the National League (Div. 3) match at Nottingham on July 4th. This time Peter won in 55.1 to trim a fifth off his previous record, and is now only a tenth away from equalling Paul Young's UK best by a 17-year-old, set last year. Tony Saunders reports: "In the West Bromwich Schools half-decathlon contest on July 2nd, Peter was allowed to have the hurdles at 3'6" instead of the regulation 3'3" flights and was reliably timed at 14.7 on a slightly downhill track. After winning the 400mH at the National League match, he came back to run the high hurdles into a headwind and finished inches down in 15.3." At the same meeting, Philip Parker of Wolverhampton & Bilston, who has the unfortunate birthdate of 1.9.53 (which means he just misses out of a second year this season as a AAA Youth) clocked 9:42.8 for 3000mSC.

Aldershot's bright young hope, Bernard Ford (3.8.52), equalled Julian Goater's UK age record when winning the 5000m in 14:33.8 at the Southern League (Division 1) match at Reading on July 4th. After a torrid duel with Belgrave's ageless Bill Kerr, Bernie broke away and ran the last four laps in majestic isolation to clip his previous best by 3.2 sec. He runs the AAA Junior 3000m on August 8th . . . 14-year-old Stephen Simson (Rutlish School and Mitcham AC) ran 400m in 51.7 at Crystal Palace on July 4th. Last year, at the age of 13, Stephen clocked 53.6 . . . Versatile Carol Brown of Verlea has this year leapt 5.50/18'0 $\frac{1}{2}$ " in the long jump, and cleared 1.53/5'0 $\frac{1}{2}$ " in the high jump with very little training for the event. The bar was set at 1.55/5'1" but on re-measurement was found to drop $\frac{1}{2}$ " . . . Busy Lesley Cobden won a 1500m invitation race at Welwyn on June 27th in blustery conditions in 4:58.2 from Julie Van Cuylenburg (Croydon) 5:01.3, Kay Kosbab (Feltham) 5:08.5, and Jill Lessiter (Uxbridge) 5:11.5. Crawley's Diane Attwater clocked 5:16.8. The Intermediate race was won by Mary Sonner (4:41.6) in her third fastest time for the distance. Behind her came, inevitably, Sandra Marquis

(4:47.4). Third was Betty Price of Uxbridge (4:58.8) and fourth Hilary Dunsdon (Feltham) in 5:04.8. Ryde's Angela Salmon clocked 5:06.3 and Janet Low of Uxbridge 5:06.9. Sonner passed 300m in 49, 700 in 2:05 and 1100m in 3:23, five seconds up on Marquis.

David Glassborow's 5:59.4 for 2000mSC last May is the fastest for the distance by a UK 15-year-old . . . Christine Tranter of Farnworth, winner of the Junior Girls 800 in the English Schools last year, hacked her best down to 2:12.1 in winning the Northern Women's Inter-County Senior race at Cleckheaton on July 4th. Among her victims was Pat Stanley (second in 2:14.4). Christine, of course, is a first year Intermediate, and it's worth remembering that the fastest Mary Sonner ran last year in the same position was 2:12.4 . . . Coventry's John Wheway (18) warmed up for the defence of his English Schools steeplechase title by running 3000m in around 8:25.0 at Crystal Palace on July 5th during the Sward Trophy Meeting. Unfortunately his exact time was lost in a mass finish, but it was easily a per-

sonal best . . . Lawrence Reilly (15) who ran 8:44.4 for 3000m last April, clocked a magnificent 14:57.2 for 5000m at Scotstoun on July 2nd. The occasion was a time trial, run in order to gauge Lawrence's fitness over this distance. He was timed at 3 miles in 14:30.2—10.2 sec faster than the UK age 15 best. He turns 16 next month . . . bedevilled by a foot injury which restricted his training in the spring, John Boggis (19) is now back in business. He got back his top place in the UK Junior 5000m when he won the National League Division 1 match race in 14:22.8 for Birchfield, and is training steadily towards a late peak in September, month of the European Junior Championships in Paris.

Olly Caviglioli beaten in France v WG v Switzerland Match at Frankfurt, June 27th. (Junior 10kms). In very hot weather (37 deg C) over a four lap course, Olly Caviglioli broke away after a kilometre and was 80m up on Hohmann after one lap. Around 7 kms Olly crumbled and was passed by Hohmann, who won the track 10km walk against our Juniors last September. Olly just managed to hold on to second spot at the finish. 1, F. New event in Gloucester. A 7 miles road walk held in conjunction with the Gloucester Carnival is being organised on behalf of Bristol RWC by Chris Newman, 89 Melbourne Street, Gloucester on August 2nd at 2.30 p.m. from Gloucester Park. As great efforts are being made to promote the sport in this area it is hoped that many good class competitors will compete. All interested please look out for an advert in "A.W."

Brian Armstrong easy winner in Romford to Southend 29M, July 4th. Regaining his county title that he lost to Bob Dobson last year, Brian Armstrong led throughout to win in very humid conditions. Building up all his lead in the first half, Armstrong hung on to win in the second fastest time yet recorded. Behind him, Colin Young dropped Jim Venn at 8½M but was passed by Geoff Hunwicks and Steve Gower at 16M. However, a mile later Gower slowed and Young then retook Hunwicks at 20M to finish strongly well clear in second place. John Hedge-thorne, "fresh" from the Manchester-Blackpool of a week before, could not quite get on terms with the two 19-year-olds, who were competing in their longest race yet. Essex Beagles, including 60-year-old Arthur Leveridge, just edged Ilford in the team race. 1, B. Armstrong (Ilford) 4:19.22; 2, C. Young (Ex.B) 4:32.15; 3, G. Hunwicks (Ilf) 4:43.58; 4, S. Who To Look Out For In Edinburgh

Prospects by Mel Watman

THE ninth British Commonwealth Games at Edinburgh will feature more athletes from more countries in more events than at any previous celebration. The standard promises to reach Olympic heights in many of the track events; while the field events, although often mediocre by world standards, will not be short of keen competition—the essence of our sport.

A detailed form chart, prepared by Stan Greenberg, begins on page 13 and here, briefly, are some thoughts on the athletes to watch out for in each event together with my forecasts and those of Stan Greenberg.

100m: Jerome will not be defending and there is no obvious successor as Miller, Olympic silver medallist in 10.0, has clocked only 10.7 this year and may run only in relay. There are 16 men in 10.1-10.3 range this year, all of whom must stand a chance, but Quarrie is one of the few to have confirmed his form recently in top competition. Dralu could prove to be the best of the Africans and Eddy looks the pick of the out-of-season Australians. Any UK sprinter to reach the final will have excelled. Forecast—(MW) 1, Quarrie; 2, Eddy; 3, Dralu. (SG) 1, Quarrie; 2, Lewis; 3, Dralu.

200m: Allotey defends with a reasonable chance of success, but Roberts (2nd in 1966) has been in devastating form in Europe and Olympic silver medallist Norman has to be rated highly too. Quarrie and Fray form a brilliant Jamaican duo, as do Asati and Sang for Kenya. Reynolds or Jenkins could make the final eight but will need a personal best to do so. (MW) 1, Roberts; 2, Norman; 3, Quarrie. (SG) 1, Roberts; 2, Allotey; 3, Norman.

400m: Roberts will probably go for this event too but the fact that the final takes place only two hours after the semi (poor programming) may work against him. Asati, a 1:51 half miler as well as 10.2 100m performer, should thrive on it. Wilson could break into top world class here. Yardley (or any other Briton) will need around 46 sec to make the final, with the daunting prospect of having to run even faster two hours later for a medal chance. (MW) 1, Asati; 2, Wilson; 3, Roberts. (SG) 1, Asati; 2, Case; 3, Wilson.

800m: One of the classic confrontations of the Games: Olympic champion Doubell against four ambitious Britons—Davies, Campbell, Lewis and Winbolt Lewis—with three evenly matched Kenyans capable of following in Kiprugut's tradition . . . and Dyce eager to succeed for Jamaica where Kerr twice narrowly failed. Question mark over state of Doubell's current form—but he knows how to prepare himself for the big event. Winner should dip under 1:46. (MW) 1, Doubell; 2, Davies; 3, Ouko. (SG) 1, Davies; 2, Doubell; 3, Campbell.

1500m: Keino has predicted it will be a close race, and so it should be . . . for second place. Quax must be rated a danger but UK runners are in good position to snatch two of the medals

through Whetton, Kirkbride, Foster, Peter Stewart and McCafferty. The race down the finishing straight should be quite a sight. (MW) 1, Keino; 2, Whetton; 3, P. Stewart. (SG) 1, Keino; 2, Whetton; 3, Quax.

5000m: The order in the Kingston 3M was Keino, Clarke, Rushmer, Temu, McCafferty and Taylor—and all, assuming McCafferty runs this event as well as or instead of the 1500m, will be on duty again. The race could be the supreme highlight of the Games, considering European champion Ian Stewart will be in there too, and Baxter should not be overlooked for a high placing. Clearly, the race is going to be super-fast for Clarke and Taylor in particular can't afford to let it develop into a sprint finish with Keino and Stewart around. McCafferty could be sunk without trace . . . or score a famous victory. Who can tell? (MW) 1, Keino; 2, I. Stewart; 3, McCafferty. (SG) 1, I. Stewart; 2, Keino; 3, Taylor.

10,000m: I confess I shall be unable to view this race with professional detachment; I badly want Ron Clarke to win. Clarke is the athlete I admire most in the world and I feel that it will be gross injustice should he pass from the scene without a gold medal to his name. If he can't make it, and there has been little evidence lately that he is anywhere near his very best form (which may prove beneficial as the "big one" may come at just the right time), then I hope it's Dick Taylor who succeeds—just to shame the critics who kicked him when he was down last September. Temu (the Olympic champion), O'Brien, Drayton and Matthews among others should ensure it does not simply develop into a private duel. (MW) 1, Clarke; 2, Taylor; 3, O'Brien. (SG) 1, Matthews; 2, Clarke; 3, Drayton.

Marathon: This shapes up as the greatest marathon race yet, matching the world's fastest Clayton against the 2nd, 3rd and 5th fastest in Hill, Adcocks and Drayton—not forgetting defending champion Alder, who happily is over his recent illness. The very experienced Julian should not be discounted either. (MW) 1, Hill; 2, Adcocks; 3, Drayton. (SG) 1, Hill; 2, Adcocks; 3, Drayton.

3000mSC: Olympic champion Biwott against world record breaker O'Brien . . . sounds great, although I feel that the British boys may provide more of a challenge to the tough Australian, with Jipcho the man most capable of upsetting the favourite. Excellent chance for one or more of the UK contingent to break 8½ minutes. (MW) 1, O'Brien; 2, Bryan-Jones; 3, Stevens. (SG) 1, O'Brien; 2, Biwott; 3, Stevens.

110mH: Three outstanding contenders for Hemery's title: Hemery himself, fellow 13.6 performer Pascoe and American-based Jamaican, Murray. Could be closest race of Games. (MW)

1, Hemery; 2, Pascoe; 3, Murray. (SG) 1, Hemery; 2, Pascoe; 3, Ohene-Frempong.

400mH: Knoke, 4th in 1962 and 5th in 1966, should be under 50 sec but Sherwood, such an excellent big-time competitor, has the ability to handle him. The Ugandan pair have immense possibilities and one or other could cause a shock. (MW) 1, Sherwood; 2, Knoke; 3, Koskei. (SG) 1, Koskei; 2, Sherwood; 3, Knoke.

4x100m: Ghana, 2nd in 1962 and champions in 1966, have a strong tradition to maintain but Jamaica will start favourites with Australia also in strong contention. Should be a spirited race for the UK "championship" between England, Scotland and Wales but no guarantee of medals for the "winners". (MW) 1, Jamaica; 2, Ghana; 3, Australia. (SG) 1, Jamaica; 2, Australia; 3, England.

4x400m: Kenya have already clocked 3:04 this year and only Jamaica look to have a chance. Trinidad, Uganda and England should fight for the bronze. (MW) 1, Kenya; 2, Jamaica; 3, Uganda. (SG) 1, Jamaica; 2, Kenya; 3, England.

HJ: The man who tops the rankings at 2.16/7'1", Wright, is not certain to be competing; he was not in the original Australian team and it is not clear whether he has been added. In any case, compatriot Peckham is favoured to retain the title. An inspired performance could win a medal for one of the UK jumpers. (MW) 1, Peckham; 2, Wright; 3, Wilson. (SG) 1, Peckham; 2, Wright; 3, Taylor.

PV: An intriguing four-way battle is in prospect between Simpson, Raftis, Boyd and Bull—with the winner likely to be called upon to improve on Simpson's Commonwealth mark of 5.12/16'9 $\frac{1}{4}$ ". (MW) 1, Bull; 2, Boyd; 3, Raftis. (SG) 1, Raftis; 2, Simpson; 3, Bull.

LJ: Will Davies be fit to defend his title? That is the burning question and it will be sad if he loses the last of his great titles through injury. Even at 95% efficiency I would choose him to win, although May and Lerwill represent formidable opposition. (MW) 1, Davies; 2, May; 3, Lerwill. (SG) 1, Davies; 2, May; 3, Lerwill.

TJ: May, a man capable of breaking Saneyev's fabulous world record if he can hold back a little on the hop and step phases, is the solid favourite, with McGrath and the East Africans most likely to challenge. Wadhams, if fully fit, could go close to a medal... with Lerwill a dark horse. (MW) 1, May; 2, Onyango; 3, McGrath. (SG) 1, May; 2, McGrath; 3, Munabi.

SP: Veteran Mills is the man to beat, particularly if Steen (the holder) carries out his threat to withdraw from the Canadian team. Teale has as

THE COUNTRIES REPRESENTED

A total of 42 nations will be represented at Edinburgh, seven more than the previous record established at Cardiff 1958 and equalled at Perth 1962.

They are:—Antigua, Australia, Bahamas, Barbados, Bermuda, Canada, Ceylon, Dominica, England, Fiji, Gambia, Ghana, Gibraltar, Grenada, Guernsey, Guyana, Hong Kong, India, Isle of Man, Jamaica, Jersey, Kenya, Malawi, Malaysia, Malta, Mauritius, New Zealand, Nigeria, Northern Ireland, Pakistan, Papua & New Guinea, St. Lucia, St. Vincent, Scotland, Sierra Leone, Singapore, Swaziland, Tanzania, Trinidad & Tobago, Uganda, Wales, Zambia.

good a chance as any one for the bronze—or silver in Steen's absence. (MW) 1, Mills; 2, Steen; 3, Teale. (SG) 1, Mills; 2, Steen; 3, Teale.

DT: Mills, Puce and Tait was the order in 1966 and the same three should be closely involved again in the battle for medals. Antunovich is a possible winner, if not too tired from a long American college season, and Tancred at his very best could do well. (MW) 1, Puce; 2, Tait; 3, Tancred. (SG) 1, Puce; 2, Tait; 3, Tancred.

HT: Something would have to go seriously wrong to deprive Payne of his third consecutive gold medal—which would equal Val Sloper's feat in the women's shot. Kumar is favoured for the silver, as in 1966, with Britons and Canadians battling for the bronze. (MW) 1, Payne; 2, Kumar; 3, Williams. (SG) 1, Payne; 2, Kumar; 3, Salmond.

JT: FitzSimons will be hard pressed to retain his title against Travis, who has already relieved him of the Commonwealth record, but has every chance of a medal. Koscik, a novice internationally, could be dangerous. (MW) 1, Travis; 2, Koscik; 3, FitzSimons. (SG) 1, Travis; 2, FitzSimons; 3, Koscik.

Dec: Although the event may be "lost" among everything else happening, those who follow it should be rewarded by a very close fight involving Smith, King, Gabbett and title-holder Williams, with the Commonwealth record almost certainly doomed. (MW) 1, King; 2, Gabbett; 3, Smith. (SG) 1, Smith; 2, Gabbett; 3, King.

20M Walk: Wallwork has every chance of holding his title: he won the Mercury "20" in 2:37:22 and was first British walker home in the National. Lightman and Dobson will provide sound English support and Sutherland, on home ground, will be tough. The fast 10-milers recently by Freeman and Gardiner may prove significant. (MW) 1, Wallwork; 2, Sutherland; 3, Freeman. (SG) 1, Wallwork; 2, Oakley; 3, Gardiner.

MEADOWBANK

Meadowbank Sports Centre, extending over 25 acres, was built at a cost to Edinburgh Corporation of £2,300,000 — the Government making a grant of £750,000. The Tartan track cost £60,000. The stadium for athletics has a seating capacity of 30,000.

WOMEN

100m: The Australian girls, though desperately short of competition, are reported to be in good form, which spells danger to everyone else. Anum, on the strength of her recent 11.3 in Germany, could fare even better than her compatriot

WHEN ARE THE FINALS?

Saturday, July 18th: 100m, 10,000m, 110mH, HJ, HT, 20M Walk; women's 100m, DT.

Tuesday, July 21st: 400mH.

Wednesday, July 22nd: 200m, 1500m, LJ, DT, Dec (2nd day); women's 200m, Pen (2nd day).

Thursday, July 23rd: 400m, Mar, 3000mSC, PV, JT; women's 400m, 1500m, 100mH, LJ, SP.

Saturday, July 25th: 800m, 5000m, 4x100m, 4x400m, TJ, SP; women's 800m, HJ, JT, 4x100m.

Preliminaries only on Friday, July 17th and Friday, July 24th.

Boateng in 1962 (4th). Golden and Neil look the fastest of the British girls. (MW) 1, Lamy; 2, Neil; 3, Anum. (SG) 1, Lamy; 2, Boyle; 3, Neil.

200m: Boyle, the Olympic silver medallist, must start favourite but will need to be in top form to hold off her compatriots, with Anum, Golden, Critchley and the Canadian girls in close attendance. Neufville could run this event before the 400m, in which case she would be major factor. (MW) 1, Boyle; 2, Lamy; 3, Critchley. (SG) 1, Boyle; 2, Lamy; 3, Anum.

400m: The world record of 51.7 is definitely within the grasp of Neufville, and she might have to run that fast anyway to withstand Brown and the girl who could be one of the sensations of the Games, Ayaa. (MW) 1, Neufville; 2, Ayaa; 3, Brown. (SG) 1, Neufville; 2, Ayaa; 3, Brown.

800m: The regretted absence of Lillian Board throws this race even more open. Carey has perhaps the best qualifications but Potts is by all

accounts a remarkable runner, Stirling will have the benefit of the home crowd rooting for her and Lowe, if fit, can be relied upon for 100% effort. Peasley and the Canadians cannot be ruled out and neither can Anne Smith, though there is little form to go on. (MW) 1, Carey; 2, Stirling; 3, Potts. (SG) 1, Carey; 2, Potts; 3, Stirling.

1500m: The English runners could really come into their own here, unless Smith is back to her 1967 form. Ridley showed the way home in the WAAA but either Braithwaite or Page seem to have more room for improvement. Attention to Potts and Liepens. (MW) 1, Braithwaite; 2, Ridley; 3, Page. (SG) 1, Page; 2, Braithwaite; 3, Ridley.

100mH: There is an appreciable time margin between the Australian trio and everyone else, and a clean sweep is perfectly feasible. Kilborn, twice 80mH champion (and long jump winner in 1962), has been showing her usual fine form in Europe and Caird will have to find something special to beat her. Peters may have to miss out as the event clashes with the shot. (MW) 1, Kilborn; 2, Caird; 3, McCallum. (SG) 1, Caird; 2, Kilborn; 3, McCallum.

4x100m: Australia, surely, with Scotland, England and Canada fighting for the other medals. (MW) 1, Australia; 2, England; 3, Scotland. (SG) 1, Australia; 2, England; 3, Scotland.

HJ: Canada offer a two-pronged challenge; Brill we all know about but there is also Van Kiekelbelt who improved dramatically the other week to 1.77/5'10" behind Brill's 1.83/6'0". One of the British girls should secure a medal and on such a big occasion as this the chances are it will be Shirley. (MW) 1, Brill; 2, Shirley; 3, Van Kiekelbelt. (SG) 1, Brill; 2, Shirley; 3, Oshikoya.

LJ: An England/Scotland benefit performance, with only that fine sprinter Anum likely to pre-

Naftali Bon (Kenya) leads from Thomas Saisi (Kenya), John Davies, Pete Browne and winner Robert Ouko (Kenya) in the 600m at Crystal Palace.

vent a sweep of the medals. Should be one of the most stimulating competitions of the Games, with possibly 21ft. proving insufficient for a medal. (MW) 1, Sherwood; 2, Wilson; 3, Walls. (SG) 1, Sherwood; 2, Wilson; 3, Walls.

SP: Peters was 4th in 1962, 2nd in 1966; this year it could be her turn for only Charteris (who will seek to preserve New Zealand's unbeaten record in this event) has been anywhere close to Peters' best mark this year. Bedford is in line for the bronze. (MW) 1, Peters; 2, Charteris; 3, Roberts. (SG) 1, Charteris; 2, Peters; 3, Bedford.

DT: This final begins at about the time the hammer ends, so there is every chance of celebrating a unique husband-wife double on July 18th. Payne's main rival must be Roberts. (MW) 1, Payne; 2, Roberts; 3, Charteris. (SG) 1, Payne; 2, Roberts; 3, Charteris.

JT: Dahlgren and teenage prodigy Rivers should dominate the rest, who could well be led by 1958 bronze medallist Williams. Farquhar, however, usually has the measure of her and King has plenty of scope for improvement. (MW) 1, Dahl-

gren; 2, Rivers; 3, Farquhar. (SG) 1, Rivers; 2, Dahlgren; 3, Farquhar.

Pen: Held for the first time at the Commonwealth Games, this event should get off to a memorable start with perhaps a couple of girls—Peters and Wilson most likely—surpassing 5000 points. Walls and Scott should smash their personal bests in fighting Meldrum for the bronze. (MW) 1, Wilson; 2, Peters; 3, Scott. (SG) 1, Peters; 2, Wilson; 3, Meldrum.

Fowler's Record Broken In Winsford "7"

SID HOPE of Stoke defied continuous rain to shatter Roy Fowler's course record of 1968 when he won the Winsford 7 mile Road race on July 4th. He led Stoke to an easy team victory with 4 runners in the first 8.

Hope was in the leading bunch from the start with Stan Clegg of Salford and Frank M'Guire of Blackpool. This group opened up a 20 yard gap after 1 mile. After 3 miles Clegg and Hope had opened a 30 yard gap on M'Guire. The two leaders had increased their lead by 5 miles and then Hope surged away to hold a lead which was never challenged to the finish.

GARNER APPEAL

It is some twelve months since the sudden passing of Mr. C. S. Garner—the well known and much respected Secretary/Treasurer and President of Rotherham Harriers & AC.

Originally an athlete, he turned to the official side of athletics in the mid-thirties and for more than 35 years gave a tremendous amount of time, energy and determination to the sport. His achievements are well known to all.

It is the wish of his many friends and supporters that his name be remembered in the form of a trophy, this to be competed for annually.

If you wish to donate please send to my address, giving your own name and address, so I can acknowledge each and every contribution. The fund will close on November 30th, 1970.

P. G. Wood,

(Rotherham H. & A.C. Chairman)

ENGLAND'S PREMIER FELL CLIMB

GB v. E.GERMANY continued from page 4

76.70, —; 2, D. Travis 80.22/263'2" (71.16, 75.22, 75.24, —, 80.22, 79.36/260'4"); 3, H. Biering 79.66/261'4" (79.66, 79.46, 66.16, —, 65.78, 76.72); 4, J. FitzSimons 71.90/235'11" (—, 71.90, —, —, 71.46, 68.94).

Scores: GDR 59, GB 47.

Women

100m: Val Peat, improving with every race, held 11.2 girl Renate Meissner for half the distance; both she and fast finishing Anita Neil had no trouble from Karin Balzer. (+ 0.2m wind) 1, R. Meissner 11.5; 2, V. Peat 11.7; 3, A. Neil 11.7; 4, K. Balzer 12.0.

200m: On paper, Meissner might have been expected to win by some ten metres but in fact Margaret Critchley ran her to three, equalling her best legal time of 23.8 in the process. She has made really commendable progress this year. (nil wind) 1, R. Meissner 23.5; 2, M. Critchley 23.8; 3, H. Golden 24.4; 4, C. Heinrich 24.4.

400m: In the absence of the original pairing of Neufville and Board it was a clear 8-3 for the visitors, even though strong finishing Jannette Champion set a personal best and Linda Peck was not far off hers. The much publicised refusal by Marilyn to compete in this match (which, to the almost complete exclusion of any other sort of preview by the National Press, contributed to the pathetic attendance) may have prejudiced her entire international future. Although one can understand her enthusiasm to remain with the Jamaican team throughout their strenuous European tour and fly with them direct to Edinburgh, it was wrong of her to ignore her commitments at White City. Her reported statement that she was too exhausted to race against East Germany justifies the British Board's insistence that she should undertake only the first half of the tour—a directive with which she did not comply. I hope, in view of her youth and the excusable clash of loyalties, that Marilyn is not disciplined in the Anne Smith manner but she will have to make up her mind whether she intends to continue running for Britain or—the only alternative as the rules stand, unless she returns to Jamaica—to sit out international competition until 1973. Meanwhile, our sympathies go out to Lillian Board, who has no such choice before her. She is in hospital and definitely out of athletics for the rest of this year. Get well soon, Lillian; athletics in this country just isn't the same without you.

Result of White City 400m: 1, H. Fischer 53.5; 2, M. Zehrt 54.1; 3, J. Champion 54.5; 4, L. Peck 54.8.

800m: An unfortunate incident at a crucial stage of the race—Sheila Carey cutting in so sharply in front of Pat Lowe that her team-mate had virtually to stop to avoid tripping over the kerb—ruined hopes of a British victory. In the circumstances, Pat did extraordinarily well to clock 2:05.9, easily her best this year. 1, B. Wieck 2:04.8; 2, W. Pohland 2:05.4 (61.2 at 400m); 3, S. Carey 2:05.4; 4, P. Lowe 2:05.9.

LJ: With East Germany fielding a hurdler and javelin thrower, Sheila Sherwood and Ann Wilson

could concentrate on a private duel to be resumed in Edinburgh. Both jumped 6.34/20'9½" in the 5th round (+ 1.8m wind for Sheila, + 2.0m for Ann), so Sheila's supporting 6.29/20'7½" carried the day. 1, S. Sherwood 6.34/20'9½" (6.29, 6.13, 6.13, 6.25, 6.34, —); 2, A. Wilson 6.34 (6.18, —, 6.19, 6.21, 6.34, —); 3, A. Jahns 5.70/18'8½" (5.70, —, 5.68); 4, R. Fuchs 5.60/18'4½" (5.60, —, —).

DT: Indisputably the greatest performance of the evening came from Gabriele Hinzmann (née Trepscheck). This 23-year-old, 1.78/5'10" tall and weighing 74kg/163lb, had a previous best of 59.12/193'11" to rank 11th of all-time. Here at White City she rose to 4th (behind one West German and two East Germans!) with a wonderful 61.26/201'0" toss which removed Tamara Press's all-comers, and former world, record from the books. Rough luck on Karin Illgen to have three throws over 194ft. and still lose! 1, G. Hinzmann 61.26/201'0" (58.98, 57.60, 61.26, 57.80, 59.40, 54.96); 2, K. Illgen 59.52/195'3" (59.30, —, 59.52, 57.84, 57.44, 59.50); 3, R. Payne 52.28/171'6" (—, 50.84, 50.82, 52.28, 49.52, 46.46); 4, B. Bedford 46.06/151'1" (42.92, 45.58, 43.72, 46.06, 44.24, 43.60).

Scores: GDR 39, GB 27.

SATURDAY, JULY 11th

100m: Siegfried Schenke dropped four-tenths between Erfurt and London but was a clear winner all the same; he's the man who beat Beer and Lerwill at Cosford in the long jump. Good finishing surge by Martin Reynolds. (+ 0.6m) 1, S. Schenke 10.5; 2, H-J. Bombach 10.6; 3, M. Reynolds 10.6; 4, I. Green 10.6.

200m: What a tremendous race this was, resulting in the first ever dead-heat per photo finish camera at the White City. The men involved were Schenke and Reynolds, the latter closing up from third place in the last few strides. (+ 4.2m) 1, eq. S. Schenke & M. Reynolds 21.0; 3, H-J. Bombach 21.1; 4, D. Dear 21.4.

800m: Such is Britain's wealth of 800m talent this year that Pete Browne, only 8th ranking on time at 1:48.2, was given six minutes notice of racing when John Davies injured himself warming up . . . and proceeded to win. His distinguished 600m the previous Sunday proved he was in exceptional form and Browne, who led at 400m in 53.2, came home well clear. Colin Campbell had a rare offday. 1, P. Browne 1:48.6; 2, U. Schmidt 1:49.3; 3, Campbell 1:49.7; 4, S. Kunzel 1:52.5.

5000m: Racing for Britain for the first time in two years, Ian McCafferty zipped through a final 600m in 87.6, leaving Dietmar Nagel standing over the last 80m. McCafferty says that although selected for 1500m in Edinburgh he doubts if he will run in that event: "I'm hoping I'm in the 5000m; that's what I've been training for". According to Ian, the Scottish selectors told him that he had still to prove himself over 5000m—even after running his 13:29.6! 1, I. McCafferty 13:56.6; 2, D. Nagel 13:58.4; 3, M. Tagg 14:04.0; 4, G. Eisenberg 14:14.2.

3000mSC: Ulrich Hobeck, who ran 8:36.8 the previous week, was left far behind as the two Britons waged a personal duel. Gerry Stevens, though clocking only 69.2 for the last lap, drew well clear of his colleague. 1, G. Stevens 8:44.0;

2. G. Bryan-Jones 8:46.6; 3. U. Hobeck 8:49.6; 4. W. Cierpinski 9:04.8.

4x400m: Martin Bilham (47.7) handed over ahead of Joachim-Peter Kolkowski (48.0) and Mike Hauck (46.6) extended the lead over Rainer Friedrich (46.9). Michael Zerbes sprinted past Len Walters at the start of the back straight with Walters (46.7) pulling level as he finished his stint; Zerbes ran 46.1. On the anchor leg, John Sherwood (47.0) could not quite get on terms with Wolfgang Muller (46.8). 1, GDR 3:07.8; 2, GB 3:08.0.

PV: A shocking result—in the nicest possible way! Who could have dreamed that Steve Chappell would win; certainly not the 18-year-old Thames Valley Harrier himself. Even when he cleared the AAA national & UK junior record height of 4.71/15'5½" at the first attempt he was not expecting better than last place in such distinguished company. But Christian Prygiel (a 5.05/16'6½" performer), who had missed out 4.71, failed at 4.80/15'9" . . . Mike Bull, who made 4.71 second time, went straight up to 5.00/16'5" without success . . . and Wolfgang Nordwig, whose last four competitions have yielded 5.458/17'10½" (world record), 5.30/17'4½", 5.30 and 5.40/17'8½", entered and exited at 5.00! Steve, who left Dr. Challenor's GS last month, is to study PE at Loughborough. 1, S. Chappell 4.71/15'5½" (4.20, 2nd; 4.50, 3rd; 4.71, 1st; 4.80, fail); 2, M. Bull 4.71 (4.71, 2nd; 5.00, fail); 3, C. Prygiel 4.60/15'1" (4.60, 1st; 4.80, fail); W. Nordwig no ht.

LJ: A legal personal best by Geoff Hignett (19), the wind registering 1.7m. 1, K. Beer 7.76/25'5½" (7.27, 7.68, 7.57, 7.76, —, 7.54); 2, J. Drehmel 7.67/25'2" (7.47, 6.93, 6.67, 7.62, 7.33, —); 3, G. Hignett 7.55/24'9½" (7.30, 7.55, 7.31, 7.30, —, 7.37); 4, A. Lerwill 7.50/24'7½" (—, 7.50, 7.49, —, 7.49, —).

DT: John Watts confirmed he is currently Britain's number one but even he was outclassed. 1, D. Thorith 60.40/198'2" (—, 57.70, 57.84, 59.36, 60.40, 59.20); 2, G. Schaumburg 56.96/186'10" (56.96, 56.60, 56.74, —, 55.76, —); 3, J. Watts 53.10/174'2" (53.10, 53.10, 50.74, 51.44, x, 50.52); 4, W. Tancred 51.26/168'2" (51.26, 51.08, 50.28, 51.22, 49.94, 50.72).

HT: Howard Payne has gone on record as saying that to split the East Germans (both 70m exponents) would mean more to him than winning another Commonwealth title . . . so you can imagine his joy at defeating Jochen Sachse for 2nd place. It was a gripping competition, Reinhard Theimer had victory sewn up from the start but Payne's 2nd round 68.10/223'5" sufficed for 2nd place only until the 3rd round when Sachse unleashed 68.42/224'5". Thus Payne was faced with the prospect of breaking his Commonwealth record of 68.20/223'9" to regain his position, and he did just that with 68.82/225'9"! What a great competitor he is; further proof of that is his total of points gained for Britain in matches—currently at the record level of 116. 1, R. Theimer 70.34/230'9" (UK a-c rec) (69.90, 70.34, —, 67.58, —); 2, H. Payne 68.82/225'9" (65.64, 68.10, 68.82, 65.74, 67.58, 67.06); 3, J. Sachse 68.42/224'2" (64.74, —, 68.42, —, —, 67.54); 4, B. Williams

61.12/200'6" (60.38, —, 61.12, 60.88, 60.96, —).

Women

1500m: Norine Braithwaite led past 400m in 67.6 and 800m in 2:20.4 before Gunhild Hoffmeister pulled away just after the bell to win by 20m. Her last lap: 64.6. Joan Page, deputising for an ill Rita Ridley, ran a passive race before finishing strongly for 3rd. 1, G. Hoffmeister 4:18.0; 2, N. Braithwaite 4:21.2; 3, J. Page 4:22.7; 4, K. Clausnitzer 4:23.6.

100mH: Karin Balzer avenged her GDR Championship defeat by Annelie Jahns in a wind-blown race, the fastest ever seen in Britain. The British girls ran to form though well behind. (+ 4.9m) 1, K. Balzer 13.2; 2, A. Jahns 13.3; 3, M. Peters 13.6; 4, A. Wilson 13.7.

4x100m: A first class performance by the British team, with snappy running and changing by all concerned. Margaret Critchley appeared to hold Meissner along the back straight and Val Peat built up a handsome lead against European hurdles silver medallist Podeswa. 1, GB (A. Neil, M. Critchley, V. Peat, H. Golden) 44.6; 2, GDR (B. Schrickel, R. Meissner, B. Podeswa, K. Balzer) 45.1.

4x400m: Athens seemed a world away as the British squad came home some 25m down. 1, GDR 3:34.8 (rec; W. Dietsch 53.5, I. Lohse 54.7, M. Zehrt 53.1, H. Fischer 53.5); 2, GB 3:38.5 (A. Bowring 54.8, P. Lowe 55.6, M. Tranter 54.2, J. Champion 53.9).

HJ: "I went out to show the selectors but I didn't expect to do that . . . it was such a shock after having an outdoor best of only 5'8½" this season." Barbara Inkpen not only put the pressure on Rita Schmidt by jumping 1.76/5'9½" first time against Rita's second-time clearance but went on to equal Linda Hedmark's UK record of 1.79/5'10½"—a height surpassed only by Debbie Brill among active Commonwealth athletes. The bar bounced off the pegs but stayed up—a lucky break for a girl badly in need of one. Schmidt, meanwhile, went up and up, finally failing at 1.88/6'2". 1, R. Schmidt 1.85/6'0½" (UK a-c rec; 1.60, 1st; 1.65, 1st; 1.70, 1st; 1.73, 1st; 1.76, 2nd; 1.79, 1st; 1.82, 1st; 1.85, 2nd; 1.88, fail); 2, B. Inkpen 1.79/5'10½" (eq. UK rec; 1.60, 1st; 1.65, 1st; 1.70, 2nd; 1.73, 1st; 1.76, 1st; 1.79, 3rd; 1.82, fail); 3, D. Shirley 1.65/5'5" (1.55, 1st; 1.60, 1st; 1.65, 1st; 1.70, fail); 4, R. Fuchs 1.55/5'1" (1.30, 1st; 1.40, 1st; 1.50, 1st; 1.55, 2nd; 1.60, fail).

SP: Strictly no contest but pleasing to see Mary Peters back near the 16m mark again. 1, M. Lange 18.07/59'3½" (UK a-c rec; —, 17.70, 18.07, 17.48, —, 17.96); 2, I. Friedrich 17.45/57'3" (16.93, 17.04, 17.45, 17.03, —, 17.45); 3, M. Peters 15.86/52'0½" (14.64, 14.98, 15.86, 3 fouls); 4, B. Bedford 14.63/48'0" (14.63, 14.24, 14.34, 14.52, 14.25, 14.19).

JT: The visitors brought only one javelin thrower, so discus star Hinzmann filled in. Good effort by Averil Williams (35) to place 2nd. 1, R. Fuchs 57.90/189'11" (UK a-c rec; —, 56.42, 57.90, —, 49.34); 2, A. Williams 47.00/154'2" (45.02, 47.00, 42.92, —, 44.80, —); 3, A. Faruquhar 45.90/150'7" (39.52, —, 36.80, 45.24, 40.54, 45.90); 4, G. Hinzmann 36.94/121'2" (33.86, 36.94, 33.78).
