Race Walking

By L. W. Woodcock

U.S.A. Walkers for Gosport: When the U.S.A. Athletics Team arrive in London for the Bank Holiday Match at the White City they will be accompanied by their two walkers, Ron Zinn and Ron Laird, both of whom took part in the match 20km Walk against the U.S.S.R. at Moscow. The B.A.A.B. agreed to the R.W.A. request for a walk at the White City, either as a match scoring event or as a non-scoring event, but the A.A.U. of America would not approve a track event and the police will not agree to a road event because of the traffic conditions in the vicinity of the stadium. The A.A.U. have, however, given approval for their walkers to take part in any event within reasonable distance of their hotel and arrangements have been made for them to compete in the Gosport Open 6 miles on Bank Holiday Saturday, and Essex Beagles hope to put on a special event on the Monday to include the U.S.A. servicemen serving in this country in Rudy Haluza and Blakeslee.

Don Thompson Recovery: Everyone was pleased to see Don Thompson on the roadside last Saturday at Victoria Park. He looked far from well but he is determined to make progress and says that his recovery is more a matter of getting better under his own efforts rather than by medical treatment. The complaint which laid him low a month ago has been diagnosed as sub-acute-rheumatism. Everyone will wish him a speedy recovery to full fitness coupled with the hope that he will curb his natural enthusiasm and not try to get back to racing too soon.

Southern Area 20km: A very good afternoon's sport was seen at Victoria Park on the occasion of the R.W.A. Southern Area's Open 20km and supporting events. The 20km was won by Vaughan Thomas (Belgrave) after Paul Nihill (Surrey WC) had opened up an early lead which was about 100 yards at 5km, where he was followed by about the same distance by Bob Clark (Poly) and John Edgington (Coventry). At 10km Thomas had

pulled back Nihill to within 3 secs. and John Edgington had begun to make a determined effort to get with the two leaders. Times at 10km: Nihill 46.50, Thomas 46.53, Edgington 47.20, Godbeer 48.09, Clark 48.25, Selby 49.30, Vale 49.49. At 15km Thomas had taken a 2 sec. lead over Nihill and Edgington was only a further 6 secs. behind. Times at 15km: Thomas 69.27, Nihill 69.29, Edgington 69.35, Godbeer 72.25, Clark 73.10, Selby 73.39, Vale 74.13, Chaplin 75.00, R. Hall 75.00, Read 76.19. Over the last 5kms Thomas increased his lead and Edgington drew away from Nihill, but was unable to stay with Thomas. Clark retired before the end, which left a large gap of 5 mins. before the fifth man to finish. Times were slower than expected, but this was probably due to one of the warmest afternoons for a long time. The six miles was won by David Levy (Trowbridge) after a scrap at the finish with Colin Young (Essex Beagles) where Young came under the judges' ban. Maurice Fullager (Surrey WC) was second and Ray Pearce (Poly) third. The three one mile track races each received a good entry and some good times were returned.

"Race Walking" arrived later than usual this week and the remainder of this feature will be included next week.

PROSPECTS GOOD

JUDGING from performances in the English Schools' Championships at Chelmsford last weekend, there is nothing wrong with our young athletes of the future. Some of the performances were fantastic—all they need are the right facilities and encouragement to challenge the best in the world. The full results were received as we were going to press and will appear next week—they make interesting reading.

Shot-putters now have their own specialist club with Dr. Martyn Lucking as the Circle's first President. Further details and a copy of their first Newsletter can be had from secretary George Smith, 203 Gilbert Road, Cambridge.

Reader J. P. Moran writes a lengthy letter this week to criticise the amount of space devoted in the national and specialist press to our failures in the 880 and mile, and lack of space used to praise and publicise our walkers, who, he says, are our best athletes. In particular, he feels Ken Matthews—"the only Briton who is unchallenged No. 1 at his event in the world"—gets a raw deal, and that if the newspapers had made his performance in the A.A.A. Championships their main feature, as they should, "they'd have had to lock the gates at the White City when the repeat performance (England v. Italy, August 14th) was due." Well, I wonder.

Reader, G. E. Shaw, writes to complain at the amount of space we devoted to the A.A.A. Championships, having sent us details of the Birmingham Schools' Championships a few weeks ago, which have not been published. He feels that schools' results, district, city, county, etc., should be published before the All-England meeting. No-one would be more pleased than I to be able to do this, but you cannot get a gallon into a pint pot. This week we are unable to include any Welsh or Scottish results, and many of the quite important meetings and road races of last Saturday, or even earlier, cannot be included because we just do not have the space. We cannot do the impossible. Colleague Melvyn Watman suggests increasing the size of the magazine still more, but this would mean an increase in price to 1s. 3d., which I am not too keen on doing as it might hit some of our younger readers. Readers' views on this would be helpful.

Events today include the Sward and Norrköping Trophies Meeting at Chiswick, with the Sward Mile the highlight and most of our leading field events athletes in opposition, the Women's A.A.A. National Intermediate & Junior Championships at Watford, the opening of Middlesbrough's new stadium by the Duke of Edinburgh (Friday), Welsh Games in Cardiff with a really top class entry (the sprinters read like an A.A.A. final), Yorkshire Championships, Deptford Park Graded Meeting, Harlow Festival, Southend Hammer Competition, and Liverpool-Blackpool "48½".

RAISING MILING STANDARD

Dear Sir,

Another pathetic mile at the White City has prompted me to suggest two ways in which British Milers (and athletics in general) can be treated with respect.

Firstly, I blame the spectators at the White City for accepting such poor performances. Why has the public got to be so polite and so typically British? Performances like that of Simson's, Keeling's and Co. should be greeted with loud booing and jeering, particularly during the race itself. Enthusiastic cheering being reserved for a race or athlete really deserving it. Incidentally, Simpson was reported as saying "Roseman's burst was sheer madness," but is it mad just to set a reasonable pace?

Secondly, part of the responsibility lies with the Selection Committee for the Olympic Games and other major events. A list of times should be issued together with a statement that no-one would be selected unless he/she attained this pre-determined standard for their event. Such would reach the final. The mile standard would be, for example, very close to 3.56. Sending milers who cannot achieve this is a sheer waste of the public's money. The money would be far better spent on providing more or better facilities for athletes who have the correct psychological approach.

In conclusion, I would seriously like to know how such athletes hope to run creditably in a 1500 metres race won in around 3.32.

Yours sincerely,

G. F. Fletcher,
(Senior A.A.A. Coach)

Dear Mr. Editor,

I should like to offer a vote of thanks to Ray Roseman for trying to inject some life into the otherwise listless mile at the A.A.A. Championships. I, and many others present, were only too sorry that Ray was unable to hold out and give the rest of the "cream" of Britain's miling a pasting they thoroughly deserved. How can we expect the public to return to the White City when we are "treated" to such pathetic performances.

No doubt we can expect at least one of the British contingent in the mile at the forthcoming U.S.A. match to retire if they reach the "half" in under two minutes, and pronounce to the press—"ridiculous—done to get them into the limelight . . ."

Yours sincerely,

Terry Brann,
Hercules A.C.

WHY BURTON?

Dear Sir,

I find it difficult to see what possible justification the B.A.A.B. have for selecting Trevor Burton in place of David Stephenson for the international v. U.S.A.

Burton's 14 foot vault was made on the 14th April, whereas in the last month Stephenson has had one 14 footer in the A.A.A. Championships, a 14'0½" vault at Pitreavie (which he cleared by about 3 inches), not to mention a 14'2" exhibition jump at Kinlochleven.

Yours faithfully,

Brian Jerram

The two met at Portsmouth last Saturday.
Result: Burton 14ft., Stevenson 13ft. 6in. **Ed.**

FROM ERNEST NEVILLE

Sir,

May I, through you and "A.W.", thank most warmly my many friends and acquaintances for their good wishes on my 80th Birthday.

"Age I abhor thee"! but now "I bud again" for my age is even as nothing. What concerns me is what I can still do for the good of Amateur Athletics, particularly road running and walking.

I am Sir,

Your Obedient Servant,

Ernest Neville

BELGRAVE WALKS

Dear Sir,

I feel I must write to point out some inaccuracies in your correspondent's report on the Belgrave Inter-club Walks.

Mr. Woodcock writes "Bob Clark won the 3 miles without much trouble from Rod Hutchinson, etc. . . ." I do not think that this is a strictly accurate assessment of the situation. It is true that up to ¾ mile I was lying second to Bob Clark, from then onwards the situation changed somewhat and just after the 1 mile mark, I lost a quarrel with a judge and took no further part in the race. From then onwards Brian Hawkins took over second place and stayed there—in fact Brian did not compete in the five miles. The Metropolitan first string in that race was Arthur Thompson.

Yours sincerely,

Roderick L. Hutchinson

Finish of the A.A.A. 100 yards final—Berwyn Jones (nearest camera) has just held on to an early lead to win from Larry Questad (USA), with Ron Jones third, Seraphino Antao (Kenya) fourth, Willie Williams (USA) looking decidedly unfortunate to place only fifth, and Alf Meakin sixth.

LUSTY WINS R.R.C. MARATHON, July 13th

by Sam Ferris

SUCH is the present enthusiasm for long distance running that the R.R.C. Marathon lured an entry of 96 to Luton, where the Vauxhall Motors Recreation Club gladly accepted the responsibility for the organisation of the fifth annual championship on 13th July—same day as the AAA Championships at the White City! "First I've missed in years," Race Hon. Secy. (M. R. Thrussell) and chief henchman (Geoff Seabrook) moulded their "differentials" so smoothly that the organisation could be described by the liberal phrase *par excellence*.

A cloudburst at noon obliterated many markings on an undulating two-lap course over traffic-free roads but Boy Scouts did their "good deed" for that day. Soon after the 74 competitors got weaving the weather clerk showed disapproval by "letting them have it" but, in this instance, it proved the wrong end of the stick and Michael Keily's sentiments were simply "Send it down David." The smoothly moving Michael could have been no one else but a Keily in appearance, style and attitude to the sport. You may remember that Michael was Race Hon. Secy. when this "farmed" event was held at Derby.

Michael was on his own at 5 miles—reason, 24:59! Dyer and Titterton (25:35) showed they could also be a bit hasty by having 10 seconds in hand from Dellar, Keough, Lusty, Buckingham and Silverman; then came Powell and Don Harris (26:20) followed by Foulkes and Honney (26:48). During the next half-hour someone treated us to a temporary glimpse of sunshine which dried out the "smalls" no end. Come what may Keily was gliding past 10 miles in 51.51, exactly 50 seconds ahead of Dyer—another promoter in his own right: "Welwyn Half." Titterton was holding on remarkably with 53.42. I would call Keough, Lusty and Dellar a friendly trio in 54.04. There was little change in the immediate followers except that Powell had dropped back to let Drewett (54:55) step into 12th position.

"Heavens above" were clattering again but Keily pressed on to reach 15 miles in 1.19.30 to show a 3 minute margin between himself and friendly trio (Lusty, Keough and Dellar (1.22.30). In the first dozen Dyer had dropped to 8th and Titterton to 5th, otherwise only a slight difference. Then came Honney and Foulkes (1.23.18), Silverman with Dyer (1.23.24), Buckingham, D. Harris and Powell (1.25.07).

At 1.48.44 (20m.) the Derby legs were losing the real Keily elasticity—"Could be that Welwyn-Half last week, not to mention a gruelling 10,000 metres on Wednesday; why didn't you say, Michael?" In the follow-on Keough and Lusty (1.51.30) were sorry to leave Dellar

(1.51.36) but Dave was there again to join in an attack on the Keily lead. It was a pity that Michael had to give way at 25 miles when Dellar and Lusty gave a nod of sympathy as they fought out the issue over the last 500 yards where the latter's speed could not be overcome by Dellar.

To complete the issue I give you the times of the others at 20 miles: Foulkes 1.53.18; Titterton 1.53.32; Silverman 1.54.15; Dyer 1.54.58; Honney 1.55.37; Drewett 1.56.01; Powell 1.56.24; and Tallon 1.57.45.

A wire was received from John Tarrant—winner 1962 "Congratulations to the new champion of 1963 whoever he may be."

BILLINGHAM TRACK "10"

A WARM and pleasant day greeted the 27 starters in the RRC (Teeside) Billingham Track "10" on July 13th. Dennis (Burn Rd), Sugden (H'hills), Rooke (Midd. and C) and Lupton (Burn Rd) forced the pace from the start and at 2½ miles, reached in 12.21, were some 30 secs. up on the much improved Gomersall (H'hills).

By 5 miles (24.58) Lupton was feeling the pace and had lost touch with the leaders. By 7½ miles Dennis was running strongly and had pulled Sugden away from Rooke. From then on it was a battle between these two leaders. With six laps to go Sugden took over the lead and went on to win in 50.40, 8 sec. ahead of Dennis who had nearly a minute to spare from Rooke. The first five gained 1st Class Standard.

ROYAL NAVY CHAMPIONSHIPS

At Portsmouth, June 28th/29th

A FEATURE of the Royal Navy Championships was the defeats of Great Britain 'A' Internationals P.O. John Dutton and A.A. Bob Ellis in the Hammer and Triple Jump respectively. Dutton failed to catch Scottish Champion Alec Valentine who took an early lead and improved to 178'5" in the second round. This was Valentine's 15th win in 17 years.

Bob Ellis could only manage 44'8½" into the strong headwind and this was 3" too little to hold App. Nessiama who also took the high jump.

STERNBERG'S DREADFUL ACCIDENT

Brian Sternberg, who raised the world pole vault record three times this year, is lying critically ill in a Seattle hospital—paralysed from the neck down. He fell 14ft. onto the back of his head and neck while attempting a double twist back somersault on the trampoline. Short of a miraculous recovery, his athletics career is over and in fact the doctors are still undecided whether he will ever walk again.

Told of John Pennel's new record, the modest and likeable Sternberg said: "I really think it's great about Pennel. He's the most deserving of all of us to represent the United States at Moscow. I don't know of anybody who has tried harder and put more into vaulting than Pennel."

Sternberg, who turned 20 just 11 days before his dreadful accident, was unbeaten outdoors all season and had won both of the major American titles, the N.C.A.A. and A.A.U. His father, himself a vaulter before the war, introduced Brian to the event in 1957, and his annual progress was unrelenting: 1957—8'6"/2.59, 1958—10'0"/3.05, 1959—11'9"/3.58, 1960—12'0"/3.66, 1961—14'3 $\frac{1}{2}$ "/4.36 (14'2 $\frac{1}{2}$ "/4.32 with glass), 1962—15'8"/4.78, 1963—16'8"/5.08. Sternberg, ironically on record as stating: "I attribute 90% of my good fortune in track to gymnastic training", had planned to compete for another ten years.

2:54.0, 2:56.0, 2:56.0, 2:56.0, 2:47.2. His final 200m: 28.0.

U.S. Men Win in Moscow . . . Just

BRUMEL LEAPS HIGHER YET

FOR the third year running, Valeriy Brumel highlighted the United States-Soviet Union match with a world high jump record. Watched by Mr. Khrushchev and 75,000 others in Moscow's Lenin Stadium on July 21st, Brumel straddled over 7'5½"/2.28 at his final attempt to add a centimetre to his own record. It was his sixth record instalment since he succeeded John Thomas as the world's highest jumper two years ago.

The match was something of a disaster for the Americans. Their men's team scraped home by a mere 5 points, compared with 21 in California last year, while the U.S. girls were crushed to the tune of 47 pts., against last year's 25. On combined scores the Soviet team won by a margin of 42 pts. compared with 2 in 1958, 8 in 1959, 16 in 1961 and 4 in 1962. The Americans have had their share of disqualifications, etc., in previous matches but they excelled themselves this time: the men's sprint relay team was disqualified after finishing yards up, a girl half-miler was pulled out for two false starts and in the hurdles one girl was ordered out for breaks and the other tripped over the first flight. Report next week.

Results: (a) July 20th; (b) July 21st.

FAST SPRINTS IN S. AMERICA

Arquimides Herrera (Venezuela), Pan-American Games silver medallist, equalled the world 100m record of 10.0 at Cali, Colombia, but the wind was blowing well above the limit at 5m/sec. Later, on the same track, which is situated high up in the Andes, Santos (Brazil) clocked 10.1 ahead of Herrera (10.2)—with no mention of wind!

U.K. TOP TEN LISTS

The 9:11.0 steeplechase mark was by Gerald Stevens, and not his brother Donald. Rosemary Payne has put the shot 41'9¼".

SOUTHERN W.A.A.A. PENTATHLON At Hurlingham, July 13th

BEFORE a crowd that probably never exceeded 50, Mary Rand put up one of the greatest displays in British track and field history, and in doing so set two national records. The first came at about 12.20 a.m., when, on her second—and only valid—long jump trial, she hit the board beautifully and hitch-kicked to 20'10½", 1" over her own mark set in the 1960 Olympic qualifying rounds.

There was no evidence of wind, but on the other hand there was no anemometer and no plasticine or sand 'no jump' indicator. An interested official was Muriel Gunn-Cornell who jumped 19'2½" in 1930. Pat Nutting fell awkwardly when running through on her third attempt and took no further part in the competition.

In the first 200m. heat Mrs. Rand and Ann Packer were drawn together, and although run during a heavy shower, both ran brilliantly. These two met in the 80m.H. after the lunch break (by this time conditions were excellent) and although it was her first competitive hurdles event this year, Mary ran with verve to record 11.3 against 11.5 for Ann.

After a shot series of 10.38 (34'¾"), 10.50 (34'5½"), 10.19 (33'5½") Mary was 106 pts. ahead of her 1959 record in the corresponding events. She thus needed to achieve 5'1" to exceed her Wolverhampton total of 4679. She cleared 4'8½", 4'9½", 4'11½", 5'¼" each at the first attempt and at 4.51 B.S.T. she rolled over 5'1", also on her initial try. Successful at 5'2¼", she then failed 3 times at 5'3".

Ann Packer exceeded her previous best by 273 in moving to 5th on the U.K. all time list, while Jean White (25.10.46) set a U.K. best for a 16-year-old, although she was far below her 5'3" high jumping form.

The top ten all time best performers in long jump and pentathlon now read as follows:

R.A.F. & W.R.A.F. WIN INTER-SERVICES

SEVERAL notable marks were achieved in the Inter-Services Championships, held at Pitt Street, Portsmouth, on July 17th. Ex-Antiguan Edward Byam, who has resided in the U.K. for 15 years, improved his shot-put best to 51'9½". Before this year his best ever was 45'5" in 1961. Alan Lowe beat 50ft. for the first time to take 2nd place. David Baye's personal best in the hammer beat John Dutton, the latter's selection for the G.B. v. U.S.A. match having been announced the previous day.

Bill Bennett achieved a personal best in the mile and the steeplechase duel between Ernest Pomfret and Brian Jeffs resulted in both coming under nine minutes, Jeffs for the first time. Another personal record was set by Derek Clarke in the discus behind Eric Cleaver. Derek Boosey, injured since the R.A.F. Championships, lost the triple jump by an inch and will probably not compete again outdoors this year.

SUGDEN WINS BELGRAVE '20'

by SAM FERRIS

WHEN the Deputy Mayor of Wimbledon—Councillor T. W. Scott—set off his “blunderbuss” 95 starters—on 20th July—were on an accurately measured 20 miles laid on a three-lap course. Weather was hot and sultry but cooled a little towards the end of the race. Leaders passed 3 miles in 15.30 and came up to 5 miles in 26.30; in a bunch of a dozen I spotted two strange faces whom I felt shouldn't be there—I was ashamed to have to check their numbers to see “how come”.

Sugden, of Leeds Harehills, and Wright, from Derby & County, were “them”—“Never heard of them?”, “You will”. These two strangers simply dominated this twelfth annual Belgrave ‘20’. Side by side they kept up a relentless pace which burned off all rivals by 8 miles and 10 miles (53.30) had a commanding lead of over half-a-minute. Fifteen miles in 1:21.30 and the lead was extended to 1½ minutes yet there was no sign of either of these two remarkably fit boys cracking as they neared the crucial part of the course which demands that wee bit extra on a long gradient over the last mile.

It was here that Sugden “found a little” and slowly opened a gap which Wright could not stem and both finished in fine fettle with respective times which place them 4th and 6th in the all time ranking list of this event. Only Norris, Linstead, Pawsey and North have better times.

I'm sure we will see a lot of Terry Sugden and Keith Wright. Their clubs will see to that. Sugden, only last week, won the “Teesside Track 10” in 50.40; he was 3rd to Ron Hill (1:45.36) in the Pembroke “20” (1:47.30), 12th in the Yorks Marathon (2:34.58), 10th in Longwood “10”, 7th in Northern “6” (30.27) and 7th in the Junior C.C. National. Terry has just turned 21 years of age. Keith Wright is 25 years old, he was 7th in Longwood “10”, 2nd in Hyde “12”, and 5th in Oxford “10”. This is his first “20”. During his National Service Keith was Army Champion but explains two years' absence from athletics to domestic reasons.

“That's it chaps”—“From me to you”.
