Welsh Notes

by Bernard Baldwin

THE 46th annual Senior Championships of the Welsh A.A.A. held at Cardiff on 22nd June must surely have been the worst since their inception, judging by all the reports.

I only spent two hours at the stadium that day, but when only eight turned out for the 100 and five for the 220 (23 and 22 respectively were listed on the programme) it seemed that the pattern of recent years was going to continue.

About 200 people paid for admission in the afternoon and I counted no more than 13 in the stand in the morning. Newspapers described the championships as "The big Maindy flop" and criticized everything, announcements, presentation, lack of spectators, lack of competitors, surfeit of officials, and Press arrangements.

Welsh A.A.A. officials were as depressed as anyone, and they are now eagerly looking forward to the Welsh Games on 26th/27th July, when they hope to recover much of their lost prestige. Entries for the Games this year have exceeded expectations and everyone in Welsh athletics is hoping for a real athletics jamboree to end the season.

Despite the gloom which pervaded Maindy that day there were bright spots, as when Ron Jones scored a great double in the 100 and 220, winning the latter in a new Native Record time of 21.5. His 100 yards time of 9.5 was wind-assisted.

Although Liz Parsons ran a fine 100 yards heat in 10.9 in the morning she was beaten in the final by Liz Gill of Barry, who went on to win the 220 in 25.5. Some confusion about women's records in the programme remains to be sorted out.

John Williams of Carmarthen "walked" the half, in a new Championship record time of 1m. 51.6, and Pat Jones set new Native Record figures for the 440, clocking 48.4. Hywel Williams (who recently became the 6th Welshman to clear 12ft. with the pole this season) set new figures for the discus with 149ft. 8½ins. Hywel has now been competing in Welsh Senior Championships for 11 years and says he hopes to be there still at 50 years of age. He's got another 17 years. Monica Zeraschi jumped 19ft. 0½ins. (Native Record) in the long jump, and there was a misunderstanding at the pit when one jump, estimated at around 19ft. 6ins. was not recorded. Pam Guppy, the schoolgirl who has cleared 5ft. 3ins. this season, equalled the Native Record in the High Jump at 5ft. 1in.

A REAL TEST

THE Ovaltine sponsored Brighton-London-Brighton Open Walk organised by Surrey Walking Club, which starts from Brighton Front at 5 p.m. this Friday, is surely one of the greatest tests of fitness and stamina ever held in Britain. Race Secretary Maurice Horton should be well pleased with an entry of 61 which includes Olympic champion Don Thompson and a number of overseas walkers. Maurice is also one of the Race Referees, the other one being that inspiration behind long distance walking and running, Ernest Neville, whom I find it difficult to believe will be celebrating his 80th birthday this month.

IT will be interesting to see what effect the innovations at the Women's National Championships this year have on the attendance at the White City. The introduction of several top class invitation men's events should whet the appetite of athletic fans in the London area, as should the appearance of Iolanda Balas in the high jump.

The meeting will NOT be televised, incidentally, so your only chance to see these events will be to make your way to the White City Stadium. I understand that Phyl Perkins will be concentrating on the 880 yds. and another piece of less welcome news is that the much improved Maxine Botley will miss the 80m hurdles, an awkward fall when high jumping last Saturday resulting in torn ligaments which will keep her out of competition for a few weeks. Maxine has been pushing Pat Nutting so close this year that she should still clinch her international place for the important events later in the season. More about the Championships inside.

The many friends of Harold Abrahams will wish to join me in offering him sincere condolences on the death of his wife, Sybil, last week, a sudden and tragic blow when Harold had only just recovered from a serious operation.

As we are going to press I have received a letter from Arthur Winter, Poly Marathon organiser, to say that careful remeasuring of the course has shown it to be 103 yards short—which still makes Buddy Edelen's recent performance a fine bit of running.

Today's events include, as well as those already mentioned, Southern Counties v. Kent at the opening of the new track at Dover, Southern Junior Champs. (Part 2) at Wimbledon, Northern Junior Champs. at Blackpool, Midland Junior Champs. at Perry Barr, Welsh and Open Marathon at Port Talbot, Welsh Junior Champs. at Barry, Bexley Open Meeting, Ryder Cup at Southampton, Bristol Constab. Sports, Oxford Co-op Sports & "10½", Welwyn Half-Marathon, Thurrock "8", Dagenham "5" and Mamore Hill "14".

THE EDITOR

Britain 1-2 in International Pentathlon

B RITAIN scored a fine team victory in the pentathlon match against the Netherlands and Belgium at Vlaardingen (Netherlands) on June 22nd/23rd. Pat Nutting took an early lead by running the hurdles in 11.1 (wind across and slightly behind). Captain Mary Peters took over the individual lead with a moderate effort in the shot, Brenda Gill pushing her close with a 42'0 $\frac{1}{4}$ "/12.81 put. Sound high jumping by our girls was followed by only fair long jumping—room for improvement here.

The final event, the 200m, saw Pat Nutting clocking the day's fastest of 25.7. Mary Peters' 25.9 took her beyond the Olympic qualifying standard and to individual victory, whilst Brenda Gill wavered across the finish line to 26.7 and a personal best total of 4,297.

With all our four men at much the same standard, the decathlon competition between our athletes proved keen. The result was an improved display, with a promise of four more Britons over 6,000 pts. Eef Kamerbeek, the only ten-event specialist present, led the Netherlands to a comfortable victory but Britain's total of 16,992 pts. took us to 2nd place.

Brian Kettle set three personal bests (HJ, PV, hurdles) and by the 9th event had already passed his previous best total. By hanging on to John Jones in the 1,500m he placed 3rd in the individual totals—a most creditable international debut.

John Jones, lacking good class field events competition, did not have his best decathlon but nevertheless succeeded in placing 6th. Derek Clarke's well balanced performance gave him 4th place. Unluckiest competitor was Bob Walker. With a personal best high jump and a

52.2 400m he was well on the way to his best ever total when a hurdles fall cost him 350 pts. A 2:58 marathon man, he led Britain to a crowd pleasing 1-2 in the fastest 1,500m, whilst John Jones did the same in the final 1,500m heat.

The wind was across and slightly behind for the 100m and hurdles; almost directly behind for the long jump.

WALKING

by L. W. Woodcock

CONGRATULATIONS: The "Churchill" of Road Walking and Running, Ernest Neville, celebrates his eightieth birthday this month. He joined the Surrey Walking Club way back in 1901 and walked to Brighton as a teenager. Sixty years later he is organising both walking and running events on this same road. In the years between, he has played many parts in the development of athletics. He drew up the A.A.A. Rules, he represented Gt. Britain on the I.A.A.F. Walking Commission, he introduced the definition of walking and later had it accepted by the I.A.A.F., he founded the Centurions Club and the Road Runners' Club, he introduced an Insurance Scheme for road walking and running, he has been a member of both the R.W.A. and A.A.A. Committees and of Surrey County A.A.A. and other bodies, many of whom have honoured him by electing him to high office. At the age of 80 he is an active member of his Club's Committee, he is the Development Secretary of his County Association, he is an elected member of the Southern Counties A.A.A. and is Secretary of a special Sub-Committee set up by the A.A.A. to go into the question of a Headquarters for the parent body.

All connected with athletics, and especially those in Race Walking, offer their congratulations on the occasion of his 80th birthday coupled with their grateful thanks for all that he has done on our behalf for so long. We sincerely hope that he will enjoy good health for a long time to come. "Thanks, Ernest".

R.W.A. Southern "Garnet" Championship: This Junior Championship (performance, not age) is normally held in February, but, because of the severe winter we experienced this year it had to be cancelled on two occasions. It was a case of "third time lucky" last Saturday over a four lap course at Morden, Surrey. As the event was being held out of season, it was, perhaps not surprising that the field was smaller than usual. The Championship was very open this year and no one cared to forecast the result before the start. Brian Swallow (Trowbridge AC) was an easy winner. Leading from the start he finished over two minutes ahead of John Turner (Brighton AC) with Peter Marlow (Southend AC) third. The Team Championship resulted in the closest possible finish with Surrey Walking Club and their near neighbours from Mitcham, the London Vidarians Walking Club sharing 38 points and Trowbridge Athletic Club in third place. Surrey were awarded the Championship on the A.A.A. Team ruling. Their fourth man Melia (13th) finished in front of the Vidarians' Sharp (20th). If one of the Trowbridge team had not come under the judges' ban in the last three hundred yards, the result would have been even closer. A pleasing feature was that the first three in-

dividual places were all taken by walkers from outside the London area.

Today's event: Surrey Walking Club's Open Brighton-London-Brighton Walk. Start: Friday 5.0 p.m. (61 entries). Wednesday 10th: Croydon Championships: 2 Miles (Seniors), 1 Mile (Youths), 1 Mile (Boys).

15-YEAR-OLD JUMPS OVER SIX FEET

Leicester, June 15th

THE outstanding achievement in an inter-counties match between Leicestershire & Rutland, Warwickshire and Staffordshire was the 6'0¼" high jump by Richard McWhirter, the Birchfield schoolboy, who is not yet 16 years old. Reputed to have cleared 6'4" in training, McWhirter looks every inch an athlete, far removed from the general conception of the long lean high jumper which one expects in this country.

On the track, international Mike Neville, running as a guest in the 3 miles, looked untroubled in defeating Basil Heatley in a very fast time.

Fast Three by Ibbotson

Blackburn, June 12th

There's life in the old dog yet! An appreciative crowd of 3,000 thought Derek Ibbotson had erred when he made his finishing effort in the 3 miles, against rivals of the calibre of Ron Hill and Brian Craig, 600 yards from home but he proved to be in charge of the situation and held on to win. Notable performances in this race came from two 19-year-olds, Tony Byrne (6th in 13:59.6) and Tony Booth (7th in 14:14.0).

The mile was won by Ray Roseman in 4:05.4, the reward for taking the initiative shortly after the halfway mark; and Alf Meakin pulled off a sprint double with highly creditable times.

GOOD PERFORMANCES AT J. LEWIS TROPHY MEET

At Croydon, 15th June

ONE of the most encouraging performances was that of David Travis (born 1945) who threw 191'1½", 187'2", 197'6", 183'7". The third trial was 3'5" better than his previous best and he should soon become the tenth U.K. junior to surpass 200 ft. with the now statutory 800gr. javelin. Mike Fleet equalled his 440y best set in 1961 with a fluent 48.7, and then contributed a 48.2 anchor leg in the Mile Relay. Fred Stebbings' courageous front running was rewarded by a personal best, while Fred Maillardet also ran faster than ever before.

BELGIUM v. SCOTLAND MATCH

Particulars from W. Carmichael, 329 High Street, Edinburgh

LADIES . . . IT'S NOT TOO LATE

ALL of us have certain theories, ideas or strongly held notions. I certainly have my share and one of them is that the majority of our women athletes quit this sport of ours much too soon. This was brought freshly to mind recently when I saw Phyllis Perkins run her 4:57.0 mile and realised she had just posted the best performance of her life at the age of 29 years and 3 months.

The percentage of women who continue in full cry beyond say the age of 28 must be an extremely small one and that being so we shall never be able to state definitely any particular ages are the optimum ones for best performances; the vast majority of the ladies unfortunately never reach their maturer years in "active service" so that no effective base exists for such calculations.

The case is one which can only be argued by inference but I would suggest the number of women who returned the best performances of their career at ages when the bulk of their contemporaries were watching from the stands is much too large for them all to be written off as "the exceptions." Granted you accept that statement then it becomes very difficult to withstand the logical proposition that had their "lazier" sisters continued to engage actively in the arena they too would, in many cases quite surely, have been able to realise better performances in later years.

Messrs. Otkalenko, Popper and Cecins have just produced a most enthralling little booklet* listing the top 120 women of all time in each of the 12 world events. It may come as a big surprise to you to learn no less than 135 (more than 9%) of these best marks were posted by women past their 28th birthdays.

The numbers who figure in each event are as follows:—800m, 19; shot, 18; discus & 80m hurdles, 16; javelin, 15; pentathlon, 13; 100m, 9; 400m, 7; 200m & long jump, 6; 100y & high jump, 5.

It is not surprising to find 800m, shot, discus, javelin and pentathlon figuring prominently since these are events where one would look to find the strength and endurance of maturer years well in evidence. The hurdles, however, does show up well to a quite unexpected degree and in fact no less than six of the world's top 16 performers achieved their best marks between the ages of 28 and 32.

By contrast the high jump, which is the event probably most akin in suppleness and agility to the hurdles, is the most poorly represented in the list, but it should be mentioned among the five is one of the only two British girls in the entire series: Dorothy Tyler, of course.

Nationally, the major number of these outstanding peak performances by older ladies are claimed by U.S.S.R. 66, Germany 19, Netherlands 7, Poland 7, Czechoslovakia 6, Hungary 4, Australia 4, Ireland 4. All the marks for the last two nations were logged by that pair of superwomen—Shirley Strickland and Maeve Kyle. In all, 18 nations are represented in this group of the senior elite and it may be of interest to Spartan Ladies to know the only U.S.A. woman who makes the grade is none other than their old clubmate, Irene Robertson, who posted her best hurdle mark of 11.1 at the age of 30½.

The following table indicates the 20 peak performances made by the most seasoned women athletes, with ages in years and months:

Maria Feher (Hun, 37.6)	SP—14.36
Toyoko Yoshino (Jap, 36.2)	DT—48.08
Dana Zatopkova (CSR, 36.0)	JT—56.67
Anna Andreyeva (USSR, 35.5)	SP—15.02
Tatyana Sevryukova (USSR, 35.3)	SP—14.93
Maria Jeibmann (Ger, 34.7)	400m—55.6
Marianne Werner (Ger, 34.6)	SP—15.84
Fanny Blankers-Koen (N, 34.5)	200m—23.9
Fanny Blankers-Koen (N, 34.3)	100y—10.3w
Maeve Kyle (RoI, 34.0)	880v—2:11.5
Anna Fick (SA, 33.10)	DT—48.38
Nina Dumbadze (USSR, 33.9)	DT—57.04
Maeve Kyle (RoI, 33.9)	440y—54.9
Hermína Bauma (Aus, 33.8)	JT—48.63
Fanny Blankers-Koen (N, 33.5)	Pen—46.92
Maria Golubnichaya (USSR, 32.8)	80mH—10.7
Vyera Dmitruk (USSR, 32.8)	SP—14.81
Nina Ponomaryeva (USSR, 32.4)	SP—15.04
Yevgenia Sechenova (USSR, 32.1)	100m—11.8
Alexandra Chudina (USSR, 32.0)	SP—14.33

One woman appears five times among the 135 performances and it may or may not be a coincidence but she also happens to be my old choice as the Greatest Woman Athlete of All-Time: Alexandra Chudina. She high jumped 5'8½"/1.73 at 30 yr. 6 mth.; long jumped 20'5½"/6.24 at 29.10; put the shot 47'0½"/14.33 at 32.0; threw the javelin 173'0½"/52.75 at 29.8; and scored 4,750 points at 31.10. This athlete well and truly sealed her claim to fame with 27 national titles during 11 seasons' activity.

Having recently been called to task for being abrupt in dismissing disculette Allday, I hope Suzanne will not take it amiss if I point out to her no less than 12 of the top 114 discus throwers of all-time achieved their personal best after the age of 29½. So you have quite a while to go, Sue, before you reach the theoretical "best years of your life"!

POLAND: ZIMNY RUNS 7:56.4 3,000 METRES—IN FOURTH!

Veteran Siegfried Herrmann (East Germany), whom some regarded as a likely Olympic 1,500m champion in 1956, ousted Gordon Pirie from 2nd spot on the all-time 3,000m list with a brilliant 7:51.2—two seconds outside Michel Jazy's world record. Producing an astonishing finish, Herrmann shot past Witold Baran 200m from the end to win by nearly 30y! Two other Poles also beat the classic 8 minutes.

WOMEN'S A.A.A. CHAMPIONSHIPS

Pat Nutting is out to gain her third win in the 200m hurdles and her first 80m hurdles title.
Gerry Cranham

BRITAIN'S HIGHEST

Frances Slaap, 22-year-old school-teacher from Harrow straddled 5'9"/1.75 indoors last November. In last year's Championships she placed 2nd to Balas at 5'7"/1.70, her outdoor best.

Ed Lacey

GENEROUS sponsorship by Bovril Ltd. ensures that this weekend's Women's A.A.A. Championships at the White City will be one of the finest meetings ever staged. Star athletes from several countries will be vying with Britain's top-liners for the coveted titles—and here are some facts and figures about them:—

FRANCE

Claudette Actis. Best times of 11.9 (100m) and 24.5 (200m).

Marlene Canguio. Co-holder of French 80m hurdles record of 10.9.

Denise Guenard. Runner-up European pentathlon championship (4,735 pts) last year; co-holder of French 80m hurdles record of 10.9; 3rd in 1962 W.A.A.A. 80m hurdles.

Genevieve Laureau. Only 5'3½"/1.61 tall, yet has high jumped 5'6½"/1.69 this year—French record.

ITALY

Letizia Bertoni. Italian 80m hurdles record holder at 11.1; 4th in 1962 W.A.A.A.

Donata Govoni. Italian record holder at 400m (54.9) but will run the sprints—best times of 11.8 (100m) and 23.9 (200m).

Gilda Jannaccone. Italian 800m record holder (2:09.5); 5th in last year's W.A.A.A. 880; said to be the only girl athlete—and blonde—in the whole of Naples.

Magali Vettorazzo. Best long jump of 19' 8½"/6.01.

JAPAN

Fumiko Ito. Best long jump of 20'0½"/6.11, national record.

Hiroko Sato. National javelin record holder at 173'6½"/52.89.

Tatsuko Sukegawa. Best times of 12.2 (100m) and 25.7 (200m).

Kinuko Tsutsumi. Japanese high jump record holder with 5'5½"/1.66.

Ikuko Yoda. Japan's outstanding girl athlete; record holder at 100m (11.6), 200m (24.7) and hurdles (11.0).

NETHERLANDS

HUNGARY: MIDDLE DISTANCE STRENGTH STILL FORMIDABLE

The Hungarian middle distance running tradition is by no means dead: in one 3,000m race won by Attila Simon in 7:59.6 no fewer than 11 men cracked 8:10! Simon's kilometre splits were 2:34.6, 2:47.0 and 2:38.0. Vilmos Varju, the European shot champion, recorded the world's best for the year of 63'8½"/19.42 on June 23rd—a Hungarian record and 5th on the world all-time list behind Long, Nieder, Gubner and Rowe.

HAYES WINS AMERICAN 100y. TITLE IN 9.1

DICK BANK REPORTS

BOB HAYES became the first man to officially run 100 yards in 9.1, doing so in the U.S.A. Championships on a revolutionary asphalt-rubber track that has not yet received the stamp of approval by the I.A.A.F.

Dan Ferris, U.S.A. representative to the international body, revealed that the subject of composition running surfaces was discussed at the Council's last meeting in April at Sao Paulo. No action was taken and further study was recommended with a final decision to be reached at Tokyo. Feeling was that any track that permits the use of normal spikes is acceptable. This is already the case in the long jump and pole vault where world records have been established and approved in the U.S.A. Ferris will transmit the application personally in August while in London but he expects no

verdict until October 1964.

The first official 9.1 came in a heat and Hayes was off in his usual explosive fashion, holding a yard advantage at 20. He finished strongly with almost four yards on Nate Adams, a legitimate 9.4 sprinter. The wind was measured at 0.8m/sec. and everything was quite in order. An hour later he returned and though not as impressive he put up another 9.1, this time with a 4m/sec. wind and only a yard on Johnny Gilbert (9.2).

Said Hayes: "It was an easy race for me. I'm much smoother off the blocks than a year ago and I don't wobble. I owe this to Chuck Coker, who was the coach of the A.A.U. team in Scandinavia last summer. He put me in a harness and made me pull him along. This stress arm action and knee lift and it did the job for me. I'm looking forward to 100m. I've run 9.9 with wind and I think I can do it without wind."

I think that he will eventually do 9.8 for 100m and if Hayes can train under Coker next year I am sure he will return 20.0 for 200m around a turn. He is the strongest, most explosive, most powerful sprinter I have ever seen. He is aged 20, 5'11"/1.80 tall and weighs 193lb/88kg.

The mile was a great race, with Jim Beatty leading through three-quarters with 58.1, 1:59.5 and 3:00.0. Favouring a sore right leg, he gave way to Cary Weisiger who took the pace down the back straight. Beatty came back into the lead on the turn but Dyrol Burleson burst by them both and was soon followed by Tom O'Hara, 21 on July 5th. Burleson sprinted strongly down the home straight and O'Hara, waiting too long, just missed catching Burleson at the tape. The time of 3:56.7 was remarkable on the soft track. Beatty faded to a weak 4th.

Canadian Bill Crothers ran an impressive 1:46.8 half but didn't run away from the Americans as expected. Jim Dupree was 2nd in 1:47.3 (but much closer), 19-year-old Morgan Groth ran 1:47.5 and Steve Haas 1:47.6: Haas, a 9.4 and 20.7 sprinter, ran his first half-mile on June 7th! He has no distance or cross-country background and will be trained by mail by Arthur Lydiard. Haas, intelligent and hard working, can be a 1:46 man next year. Groth, considered a better miler, is another of America's coming greats. Britain's Bill Cornell placed 5th in 1:48.1, a personal best.

Hayes Jones nicked four hurdles yet ran the highs in 13.4, but he had to hurry to hold off the closing rush of Blaine Lindgren. Injured much of the last month, Lindgren (the A.A.A. champion) can be a gold medal threat at Tokyo. Roy Hicks, a great young hope of two years ago, is starting to realise his potential and was only inches behind Lindgren.

Randy Matson (18) showed excellent possibilities in finishing 4th in the shot: he could be over 63ft. next year. Dave Davis won it

LITESOME

Sportswear

The 'Litesome' Range of Athletic Clothing has everything for men and women! And what a selection you have at your usual Sports Dealer and Store!

There are Athletic Vests and the smart 'Scandinavian' Running Shorts in the latest 'action-cut'. And the two models of Tracksuits are excellent... the 'Standard' model which is probably the finest made, and the low-priced, but high popular, 'Patriotic' model of which tens of thousands are used. Men in athletics should never be without the world-famous 'LITESOME' SUPPORTER—for comfort, protection, extra stamina.

FRED HURTLEY & SON LTD KEICHLEY YORKSHIRE

from timeless Parry O'Brien on his final effort of 62'5½"/19.04 and should soon start to realise his training puts of 64'7½"/19.70 in competition. An unfavourable wind hampered the discus throwers, so Jay Silvester's 198'11½"/60.64 was sensational. Al Oerter missed the meet due to a slipped disc in his neck. He is finished for the year and the injury could prove to be quite serious if it does not respond to treatment.

Rex Cawley barely won the 440 hurdles from Jim Allen, 50.4 to 50.5. Allen, though not any better than a 47.5 man for 440, is a great talent—he is in his first year of 440 hurdling! Aged 21, he is 6'4"/1.93 tall and weighs 171lb/78kg.

FINE DISCUS THROWING AT SYDNEY WOODERSON MEETING, Sutcliffe Park, June 8th

TAKING full advantage of a favourable quartering wind, John Hillier (born 1944) moved to 7th on the U.K. all time junior list (1.5 kg. discus) with 173'8½"; he had another measured throw of 164'3½". It was perhaps unfortunate that there was only one circle judge. Hillier had earlier achieved a personal best of 142'9½" with the senior (2kg) discus.

LONDON OLYMPIADES REGAIN MERCURY TROPHY

At Eltham, 22nd June

LONDON OLYMPIADES coupled with the name of Mrs. Mary Rand" could well have been the toast at Sutcliffe Park when, led by evergreen Elizabeth Wheeler, the Olympiades regained the Mercury Trophy they last held in 1959.

Mary Rand, after four jumps tantalisingly close to 20 feet, reached 20'3" (albeit wind assisted), on her fifth trial, and then forfeited her final jump to run in the furlong in which she proved too strong for promising Pat Kippax. Add a sixth place in the shot and a leg of the winning relay team and it can be seen what an asset Mary is to her club.

Mitcham's Jill Hall was outstanding in the short sprint, indeed she won in 11.1 sec. after expecting a recall for an apparent false start by another competitor. Also of note were Anne Smith's solo 880 win, Phyl Perkins' hard earned victory in the quarter, and Dorothy Tyler's second place in the high jump.

The Rosebowl for juniors went to Mitcham by only a point, and their discus thrower Gwen Blake caused the surprise of the day by beating Heather Horsburgh—British junior discus "record" holder—the Aldershot girl's first defeat in this event for two years.

Selsonia, as last year, headed Mitcham in the Southern 4x110 relay before rushing off to compete in the Nan Brown Trophy at Croydon.

TO ALL ATHLETES OF GRADE I & GRADE II STANDARD

EVERY season, all over Britain, many athletes, through dedicated training, reach the above standards only to discover that their efforts are thwarted by a lack of first class competition. We believe that this is not a matter of a few individuals, but is a general problem which, in the past, has caused many fine and promising athletes to leave the sport.

We believe that this is a problem of "Supply & Demand" plus organisation, and that if it was tackled at national level, could be overcome once and for all.

As a first step to getting this done we require a comprehensive list of athletes to present, in a friendly manner, to the authorities concerned. Therefore, if you have found yourself in this predicament please write to us, including details of your performances and difficulties.

We look to everyone who can to please support us in this endeavour to help both you and British athletics.

17 YEAR OLD RUNS 10.0 AND 22.2 AGAINST WIND

RICHARD SIMONSEN, who will not be 18 until August, lifted some of the gloom caused by the unpleasant weather with four smooth displays. Besides equalling the meeting record in the 100y in a stiff wind, he twice ran 22.2 over the longer sprint; the wind recordings (-1.4 and -0.15) mean little, since the runners had to bear the full brunt of the wind round the bend, and much of the straight was sheltered by the stand.

Simonsen's international future is in the balance, since he has dual British and Norwegian nationality (his father is Norwegian, his mother British), and has already represented the Norwegian Junior team. With times of 9.8 and 21.5 to his credit this season, there is obviously a chance that he will qualify for the Senior team before long, but he also has ambitions to run for Britain. Our other young sprint hopefuls were somewhat overshadowed, although Bob Frith was running cautiously in his first race since his injury.

Juniors

440: 1, M. Hauck (TVH) 50.5; 2, B. Campbell (St. Alb. S) 51.0; 3, R. Flower (Windsor) 51.2; 4, D. Read (Ex. Bgls) 51.2; 5, D. Headley

Don Taylor (Herne Hill) making his final effort in the Southern Counties 3 miles Championship passing Mel Batty (Thurrock) and eventually catching Bruce Tulloh almost on the line in 13:31.6.
