TODAY'S EVENTS

Main event today is the Inter-Area meeting at Aldersley which should provide some interesting clashes. Also on the card are the Eastern Counties Championships at Cambridge with an excellent entry including, Ted Buswell, Terry Cox (880), Terry Smith, Tim Johnston (3 miles) and some useful field events men; Perkins, Seal, Hill-Cottingham, Earl and Taylor are in the invitation 2 miles. Beds & Hunts meet Herts. at Luton, the Brockman Trophy Meeting at Croydon, Heathfield Shield and "15" at Walton, Southall Trophy Meeting, Wilts Constabulary at Devizes, Melbourne Trophy Meeting at Liverpool, City of Bradford Police Meeting and the Nottingham "15" are also being held this week-end.

EVERY SATURDAY — ONE SHILLING

NOT GOOD ENOUGH

MY plea for place performances having fallen on barren ground, we are printing the results with winners' performances only in the Warwickshire and Worcestershire Championships, as well as a few others.

A Midland "track nut" and member of the Warwickshire Committee tells me that at a Committee Meeting on June 7th his criticism of the announcement of the winners' performance only was shouted down with "The times were available if the athletes wanted them" and "You don't get any more in the Midland Championships". He comments "Heaven save us from ourselves!"

Another criticism of organisation comes from reader G. Parker of Shaftesbury H. regarding the Stevenage 10 Miles Road Race, which he describes as a shambles with only two stewards around the course. Hardly any of the runners knew how far they had run, and though only a "scrubber," even he had never run a "10" in 90 mins. until now, says reader Parker.

Jim Alford writes from Northern Rhodesia to say that he is enjoying life and his new post out there. He says there is plenty of potential among the Africans, who have been lacking the "know how" and proper training in the past, but his best prospect is an 18 year old European, Jeff Smith, who is showing 9.8 and 21.9 for the sprints.

Derek Hayward tells me that Timsbury is being well supported, though more offers of help at weekends by clubs and individuals would be welcome.

MIDDLESEX CHAMPIONSHIPS

Dear Sir,

As the Australians were in Sussex and the Bobby Wilson tennis squad in Austria, since the Chelsea Flower Show was over and the weather anti-cyclonic, I went to Hurlingham to see athletics officialdom at work and Derek Haith at play. (I really was just dying to see that strange bird, the 'comatose announcer'). It transpired that Derek was efficiently at work and the officials at play. Admittedly, these middle-aged men, with results boards in the crooks of their arms, were continually chasing and watching things, things like javelins, little boys, non-starters and the filling of the water jump.

From the preamble to the specific. It concerns the various 220 yd. races. One incident was quite remarkable. At University one was not surprised, on lumbering round the second bend on the first lap of the three miles, to spy a whole flight of low hurdles looking very high, leering menacingly and obviously bent on not moving an inch. That is all part of the spice of college sport; at least the comments of the leader were usually hot stuff. In this instance, however, the runners were stripped and standing behind their marks, preparatory to being given the 'get to your marks' order. Tea then arrived for the officials who, gregarious by nature, assembled into a loose posse, passed the odd pleasantries and, having decided that the brew was not all it might be, considerably returned to their places. Only then did the race get under way. Hardly the way to encourage athletes to treat a county championship medal as a worthwhile attainment.

A far more serious indiscretion occurred a short while later, concerning the junior 220yds. race. All but one of the qualifiers had arrived at the start at the stipulated time. The one was Len Carter, and the five others were obliged to wait for this errant performer. After a protracted moratorium the punctual runners came under starter's orders. No sooner were they on their marks than their concentration was disrupted by one of the officials, whose consistency lay in a heavily clouded judgment. He an-

nounced that the wanderer was returning, the other officials looked up and one of them told the patient sprinters to stand up. Carter did arrive, no doubt feeling very important.

Several points spring to mind. Firstly, surely the race should start on time, regardless of the importance of non-arrivals. Secondly, once the starter has the runners under his control, is he, or is he not, in complete command? If he is, the only permissible interference from other officials should be that of correcting the starting positions of competitors. Certainly it does not seem within their terms of reference to be able to hold up a race for an athlete who comes into view when the race is, technically, under way. This is what happened and the starter was not even consulted. Thirdly, if a star performer is to be accorded preferential treatment, in this way, one might as well print in the programme "220yds. (Final). Time: when Carter is ready."

Yours sincerely,

John F. Sawyer,

St. John's Wood.

OPEN EVENTS?

Dear Sir,

In my letter printed in the May 20th issue of *Athletics Weekly*, I asked if Junior County Championships are classed as Open Competitions. I also stated my reasons for thinking that they cannot be so regarded. To date, I am still seeking an answer to my query.

John Howell's mention of the London Shipping A.A. and his attack on myself do not help at all to clarify the position, though I must say that I agree entirely with the last paragraph of his letter regarding "novice standards" for all events.

It would seem that John Howell has a great future before him as an official, for he appears to believe that one should not go by the Rules, but by what he thinks the Rules ought to state.

Yours sincerely,

V. J. Fowle

HAITH WINS Q.P.H. ¾ MILE

Paddington, May 30th

A drastically reduced field eliminated much of the competitive spirit and a slow first lap ruined any chance of a fast time. The race came to life on the back straight of the final lap when Alan Gordon made his effort, to be rapidly overtaken by Derek Haith, who was challenged hard by John Sullivan of the promoting club. **1, D. Haith (TVH) 3:08.4; 2, J. Sullivan (QPH) 3:08.7; 3, A. Gordon (Achilles) 3:10.9; 4, R. Parker (Shaft.) 3:15.1.**

DONCASTER—ROTHERHAM

1½ MILES ROAD RACE

Chris Fleming Smith, in the absence of the holder Maurice Jackson and the record-holder Peter Wood, made the most of a slight following wind to smash the course record by 40 secs., nearly beating the time-keepers to the finish. He broke away from Herschel Thompson and Frank Rockett after a mile and finished nearly 2½ mins. clear.

1, J. C. Fleming Smith 57.38 (record); 2, H. Thompson 60.5; 3, K. Rollinson 62.46; 4, C. Hill 63.32; 5, G. Eden 64.13; 6, P. Small 64.40. Hc'p: G. Eden (6.45) 57.38.

BOOK REVIEW

The A.T.F.S. All Time World List (1961 Edition) by R. L. Quercetani and D. H. Potts, 15s. (post free) from A. Huxtable, 78 Toynbee Road, London, S.W.20. This is the fifth edition of the All Time List; contents of this 136 page handbook are: best 100 or more performers in every Olympic event plus shorter lists for other events; best 60 performances in the standard events; an alphabetically arranged list of the dates and places of birth of most of the top athletes, which was the work of Dick Bank. The most precocious athlete included is Don Webster (USA) who achieved a 46.7 'quarter' last year at 15y. 10m. The cover shows a certain Cambridge freshman with a 4:07.2 mile to his credit this year.

ROTHERHAM LIONS "9"

May 23rd

Twenty-nine faced the starter, an encouraging first venture. Gerry North soon took the lead, closely followed by Sharpe, Turney, Guilford and Birkinshaw. The two long hills took their toll on each lap and strung the field out. North went on to win easily in 48.40, which suggests a longer than 9 miles course, which will be measured accurately before next year's race.

Fleming-Smith and K. Pawson, having their third race in four days, were obviously feeling the effects. Derby were easy team race winners.

SWEDISH CLUBS REQUIRE MATCHES

The Idrottsforeningen Kamraterna, Sodertalje wish to engage in two or three matches with English clubs in 1962, preferably in July. This Swedish club expect to pay for their accommodation and board, but should any club(s) wish to pay them a visit another year they would be willing to arrange this on a reciprocal basis. Their general standard is shown by these performances: 100m. 11.3, 1500m. 4:10.0; LJ 19'8", PV 12'3", DT 124'8". Any club interested should write to Mr. J. C. Crump, Hon. Secretary, B.A.A.B., 54 Torrington Place, London, W.C.1.

HAYES IS LATEST 9.3 MAN

WITH almost monotonous regularity, the 100 yards world record has been equalled again. The latest to join the long, long list of 9.3 men is a little known college freshman from Florida, Robert Hayes. The record came in a heat on June 3rd at Sioux Falls, South Dakota. Hayes won the final in 9.5 and took the 220 yards (turn) in 21.0. He had, on May 13th run a 20.1 straight furlong—just a tenth outside Dave Simes world record. His previous best 100 was 9.4 in March. Another sensational sprint performance came from Frank Budd. He ran a curved 220 yards in 20.5, equal to Peter Radford's world mark, but the following wind was over the limit.

Summary of American results:

CORRECTION

We are advised that A. J. Bateman, not D. Wilson, was 2nd in the Middlesex HJ with 6'3" and that W. Worth did not compete in the PV. A printer's error gave Barry Thomas 111'7" in the HT instead of 161'7".

SOUTHERN WOMEN'S CHAMPIONSHIPS

At Chiswick, June 3rd

On an almost ideal day for athletics, fine performances boded well for the forthcoming National Championships. Jennifer Smart won both sprints, in the shorter race reversing her defeat by Madeleine Weston in the Surrey Championship more convincingly than the times suggest, while Mitcham sprinters Jennifer Taylor and Jill Hall continued to carry all before them in their respective age groups.

In the quarter-mile, after running a fast heat, Jean Dunbar improved in the final to hand Joy Jordan a rare defeat by a home athlete. Elizabeth Joyce beat 5 mins. for the mile after Joan Briggs had made all the early running.

The 80m. hurdles produced the most interesting race of the day, Pat Nutting gaining the verdict over Olympic finalist Mary Rand and promising Anne Fordyce.

Mary Rand, despite four no jumps, out-distanced her Olympic long jump colleague, Christine Persighetti, whilst Susan Etherton showed a welcome return to top form in the high jump, failing narrowly at 5ft. 5ins. Suzanne Allday scored a double victory in shot and discus — second place in the former going to intermediate Valerie Woods.

In the junior events K. Duckett had a fine double in shot and discus, but the outstanding performance of the meeting was M. Barton's junior long jump of 18ft. 7ins., a really great achievement by a junior.

TRAINING PROFILE ON DYROL BURLESON

America's Olympic 1,500 Metres Hope

By FRED WILT

DYROL JAY BURLESON, Cottage Grove, Oregon High School and the University of Oregon, age 20.

BEST MARKS: Mile, 3:57.6; 1500 metres 3:40.9; 880 yds., 1:50.0; 440 yds., 48.8; 110 yds., 11.3 seconds.

BORN April 27, 1940 at Saginaw, Oregon, 6 feet 1 inch, 155 lbs., started racing in 1954 at age 14.

PRE-RACE WARMUP: Jog one mile. Calisthenics. 2 x 220 yds. at racing pace. Walk and jog until race.

PRE-TRAINING WARMUP: Jog one mile, followed by calisthenics.

PRE-COMPETITIVE SEASON TRAINING: At the conclusion of the competitive season in June or July, in the absence of trips for foreign competition, Dyrol rests from competition until September, at which time he starts running cross-country and continues this throughout the Fall. Then his training switches to the track.

Monday: 4 x 440 yds. in 70 seconds. Jog 220 to 440 yds. after each. Walk $\frac{1}{2}$ to $1\frac{1}{2}$ miles. Repeat 4 x 440 yds. in 70. Walk $\frac{1}{2}$ to $1\frac{1}{2}$ miles. Then 2 x 660 yds. in 1:45. Jog 660 yds. between.

Tuesday and Thursday: One hour of light speed play, including much jogging, some walking, and 50-300 yds. sprints, the number depending upon personal inclination.

Wednesday: 4 x 330 yds. in 50 sec. Jog 110 yds. to 220 yds. after each. Walk $\frac{1}{2}$ to $1\frac{1}{2}$ miles. Repeat 4 x 330 yds. in 50. Again walk $\frac{1}{2}$ to $1\frac{1}{2}$ miles. 4 x 220 yds. in 35 seconds each. Jog 220 yds. after each.

Friday: Rest or jog 2 miles.

Saturday: Time trial or competition.

Sunday: Jog 2 miles.

During competitive season, Dyrol's training remains essentially the same as during pre-competitive training, with respect to number and distance of repetitions, recovery jogging between repetitions, and with respect to his speed-play workouts. However, his training speed progresses to 59 secs. for 440 yds., 42-45 secs. for 330 yds., and 29-30 secs. for 220 yds. Occasionally Dyrol jogs two miles easily at 8 a.m. His workouts normally begin at 3 p.m. daily, and usually require one to two hours to complete. He participates in 3-4 cross-country races, two indoor races, and 8-10 outdoor track races annually. He uses a limited

amount of training with light weights, and occasionally swims after hard workouts. He was coached by Wallace Ciochetti and Sam Bell while in High School, and established a National High School mile record in 4:13.2 on 4/25/58. Now coached by Bill Bowerman, Burleson captured the National Collegiate Athletic Association 1500 metres title in 1960, and was 6th in the 1500 metres at the Rome Olympics. He never races against the clock and prefers to follow the opposition and finish strongly over the final 440 yds. The best has not been seen from this youthful champion, and his speed over 440 yds. is strong evidence of his great potential.

POLY. MARATHON

THAT institution of marathon running, the Polytechnic Marathon, tended for a quarter of a century by Hon. Organiser Arthur Winter, chalked up its 48th birthday on June 10th, when popular Poly President Sir Eric Studd, O.B.E., celebrating his own birthday—three-quarters of a century—started more than 200 runners on their way, out of a record entry of 218.

A classical athletic quintette of Wilkinson, Hardicker, Kilby, Edmonds and Joe Kelly began reeling off the miles at 5.12 a time, passing the first 5 in 26.00. The weather was bright and sunny with good running in the air which may account for so large a group—Gebbett, Pawson, Dowell, Haslam, Kemball, Shelley, Howe, and McIntyre—enjoying 26.30 for their part in the procession.

Cloud and coolish weather then descended and by 10 miles a stiffish breeze had developed, yet the leaders, Wilkinson, Hardicker, Kilby and Kelly—turned in 52.10. Ivor Edmonds had lost his grip and passed alone in 52.40, then at 53.35 came that companionable group—Dowell, Howe, Shelley, Pawson, Kemball and Haslam—just waiting for the “carve-up”. Buckingham, Gebbett and Bob Pape (inside 54.00) were just looking on. A geographical curve now forced the runners into a head wind—it was strong and it sapped one's strength in order to cope, yet that leading quartette—Wilkinson, Hardicker, Kilby and Kelly—were still happy with 1:19.00 for 15 miles. That other lot—Kemball, Haslam, Pawson, Howe, Edmonds and Dowell—were exactly 2 mins. behind and half-a-minute later Shelley passed alone just 20 secs. ahead of Turney, Buckingham and Pape (1:22.00).

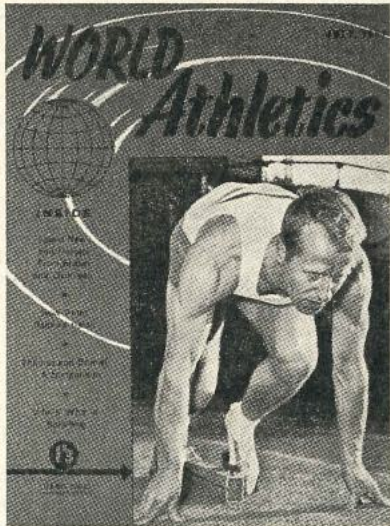

The chilly wind—and even “chillier” company at this stage—forced Brian Kilby to ease a bit at 17 miles with the result that three strong leaders—Wilkinson, Hardicker and Keily—moved on to 20 miles in 1:46.10, Brian being another minute down. Meanwhile Colin Kembball had split up the other little party to take 1:49.25. Howe and Turney (1:49.50) were strong too, and so were Bradshaw, Buckingham, Haslam and McIntyre—all inside 1:50.25. Shelley Pape and Len Jones came along less than a minute later.

Now for the grim battle to settle whose name goes on the magnificent *Sporting Life* Trophy. It was the old "Joe, Sam and Pete" saga as the leading trio fought out the toughest remaining miles against that menacing head wind. Joe Keily was first

By **SAM FERRIS**

to crack at 22 miles when Peter Wilkinson put on what pressure he could muster. Joe had to give it best as his strength was giving out but he struggled to hold what he had justly earned. The tough Sam Hardicker held the determined Peter Wilkinson for a time and then kept within 20 yards of the Derby boy until 28 miles, when the Mancunian had a slight bout of sickness which ended his hopes of a grandstand finish. Now let us raise our arms and open our hearts to Peter Wilkinson, one of the most modest and likeable chaps in this great game. Peter has a knack of running badly when we expect a lot and giving us "the lot" when we've written him off—"That's Peter".

238' 6" BY DICK MILLER AT KINNAIRD MEETING

LAST year I wrote that the 1960 Kinnaird Meeting was the most uninspiring yet, due to (a) lack of presentation, (b) paucity of first class athletes and (c) the wind. Well, this year's meeting was poorer still, due once again to (b) and (c) in particular. It is sad to recall what an honour it was to any club athlete at one time to even run in the Kinnaird, yet now it seems to have degenerated into a meeting of less consequence, except in name, than many an ordinary trophy meeting.

With Peter Radford not quite happy about his injury, Jochem Bender took both sprints, the furlong easily, while in the 440 the Valley's Brown was the only one to make Robbie Brightwell push the pace along. Mike Rawson played right into Bob Setti's hands in the 880, the Herne Hill man going all the way from just after the bell.

"Kipper" Herring showed that his injury and short lay-off has not impaired his form in the 3 miles, and in the field events some excellent javelin throwing, with a personal best by Dick Miller, and Howell's long jumping were the best of a poor meeting by past Kinnaird standards.

WALKING by A. D. McSweeney

THE R.W.A. National 50 km. Championship is at Sheffield today, Saturday, starting 1 p.m. from the Sheffield Wednesday Football Ground, and **DON THOMPSON** looks certain to add to his great record of five consecutive wins. His nearest rival in the past few years, Tom Misson, has now dropped out of competition, and any one of half a dozen could take second place. John Edgington, Dick Green, Bill Fogg, Albert Johnson, Albert Staines and Ken Mason are the possibles.

Midlands 50 Km., June 3rd. Veteran Albert Staines pulled off a surprise victory at Birmingham on a rather sticky day to win in 4h. 47m. 30s., and to beat the strong favourite John Edgington by almost 7 mins. Frank O'Reilly was third close up. After Jack Rawlings and Wilf Smith of Leicester had led in turn, Staines, never far behind moved up to take the lead at 18 miles. Edgington was outside the first half dozen but began to gain places soon after and after 4th at 20 miles he got into second place, within 200 yards of the leader, at 26 miles. The expected fight however did not materialise and it was soon clear that the Godiva man had shot his bolt. Staines pulled away fast over the closing stages to build up his big winning margin and Bill Bell, the Midland R.W.A. Hon. Secretary, says that the winner looked the fittest man in the race at the finish. With four in the first six Leicester had a very easy victory in the team race, from Coventry and Birmingham.

Vauxhall Motors Open 20 Km. Luton, June 10th. The good entry of 81 for this inaugural event was mainly a Southern representation and the quite classy field found the ten-lap course very testing. Times therefore look rather slow. John Godbear led for quarter distance then was joined by Arthur Thomson and Ray Middleton and this trio battled along in close company. At 10km. it was Thomson 48.22; Middleton and Godbear 48.23; Don Thompson and George Williams 49.12; Rudy Haluza (U.S.A.) 51.15; Mike Desmond 51.22. With 5km. to go Godbear faded and Don Thompson went by but could make no impression on the leaders who were moving further away every mile. At the bell Middleton and Thomson were still abreast but on the grass track for the final quarter-mile Thomson got three or four yards in front and managed to hold it round to the tape to win a very fine race, 1, Thomson 1.38.38; 2, Middleton 1.38.40; 3, Thompson 1.40.03. Colin Young pulled up places into 4th position and Desmond caught Godbear to finish level fifth. Haluza, the U.S.A. Olympic walker, dropped down to 10th, but will do better after a few more races here.

Leicester Agric. Show 7M. Ken Matthews left the field from the start, they in turn ignored him and decided upon a race of their own. Stapleford, Markham and Harding battled in close company for second place, and later Wallwork joined in. It became a test between Stapleford and Wallwork and in the last half mile the Leicester man proved the stronger. It was his best yet in this company and won him the handicap. 1, Matthews 48.58; 2, Stapleford 53.25; 3, Wallwork 53.50.

In the Boys' two miles Ivor Randall missed the start and took off a minute late. This cost him the race although he got through to 6th. R. Edwards also of the New Parks School, won a tight race from B. Slinn of Sheffield, in 16.56.

Track Topics. Ken Matthews continues to polish off records and his 13m.31.8s. in the Warks. County 2 miles was a Ch.B.P. With Stan Vickers taking a long rest Ken has had a clear field and Colin Williams has taken over as leading Southern 2-miler. Colin has had a fine first-half to the track season with his only defeat in the Inter-Counties. He set new figures for the Essex 2 Miles at Harlow, clocking 13m.53s. which beat Bert Cooper's long standing record (made in 1937) by 2 secs., and on Saturday won a very clearcut victory in the Kinnaird 2 miles at Chiswick in 14:11.2.

S.O.S.

Martin Hyman has arranged a visit of the premier Austrian club, U.L.C. Linz, to this country for matches in Portsmouth, Southampton, Bournemouth and Walton. The members of the Austrian Club were due to arrive in their own coach on Friday, August 11th, but now find they must cross the Channel on the Thursday evening. If any club or clubs in Southern or S.E. England can possibly arrange accommodation for the team of approx. 38 (about 25 men and 13 women), or part of the team, with the others in not too expensive accommodation locally, would they please advise Martin Hyman, The School House, East Worldham, Alton, Hants., as soon as possible.

PENNSYLVANIA & CORNELL BEAT OXFORD & CAMBRIDGE 8-7

THE largest ever Cornell crowd of 9,000 saw the home Universities win by 8 events to 7 in the meeting sponsored by the *Readers Digest* on June 10th. John Holt, who might well have taken the 880, was unwell and obviously unfit to race; the 880 therefore went to Brandels of Cornell. Two other expected successes for the visitors went to the homesters in the 440 and mile, Metcalfe withdrawing through sickness after winning the furlong, and Tim Briault finding a good one in Machooka who was just that bit too strong for him over the last 220 of the mile. In the javelin Lane and Schmidt were given equal second, their second best throws not being taken into account in deciding the issue.

Australian News By JOE GALLI

PROMISING runs by Ken Roche (Melbourne) highlighted the Australian Universities' Championships in Hobart on May 23rd and 25th, the last event of the 1961 summer season. Roche won the 120 and 440yd. hurdles double in 14.6 and 52.6 secs.

Both times were personal records, and his 440yd. bettered by 0.3 sec. the 1960-61 season's fastest by Barry Stanton (National champion) and Dave Prince.

Other double winners were Mick Malouf (Queensland) 220 and 440yds. in 21.3 and 48.3 secs.; Allan Crawley (Queensland) 100yds. 9.9 and broad jump 24'3¼"; Morland Smith (Queensland) 880yds. 1:56.5 and mile 4:17.2, and Keith Mottram (Sydney) shot put 47'8" and hammer throw 146'5½". Another Queensland student, Bob Hoffenetz, won the 220yd. hurdles in 24.1 secs.

Best of the women was Margaret Bergmann (Sydney), who won the 220yds. in 25 secs.
