IAN McCAFFERTY DISQUALIFIED FROM 3 MILES

IAN McCAFFERTY, who seems to have been at the centre of some rumpus or other virtually every other week this season, was once again the centre of controversy at the Scottish AAA Championships. Held up by traffic he missed the mile final, although it was delayed some ten minutes on his behalf, and then was disqualified from the three miles as per rule book. His absence enabled Lachie Stewart to complete a 3M/6M double as he had won the longer event the previous evening.

There were a number of good class performances including a Scottish national record by Andy Wood in the quarter and a championship best of 15'11" in the pole vault by David Stevenson, who seems to be approaching his best form once again. Second was his protegee Gordon Rule with 13'6", although he cleared a British Junior best of 14'7" in winning the Scottish Junior title the same afternoon.

A lot of hardy perennials won through again, Crawford Fairbrother clinching the high jump for the 12th successive time. It is hard to believe that, one day, he will not win it! Alastair Wood clinched the Marathon titled for the fifth consecutive time.

Amongst the younger athletes Robert Bruynooghe scored an unusual high jump/shot/discus treble while Chris Black won the youth's hammer with 202'7". Full details Junior and Youth results next week.

Cropper Defeats Boulter

At Warley, June 22nd

A BADLY affected track ruined any hope of fast times in the first part of the Midland Championship but most of the men expected to win still came through in the mud, wind and rain. One exception was John Boulter who was defeated by the immensely promising Dave Cropper (22). After a dawdling first lap in 63.1 Boulter expected to have the necessary speed for the ensuing sprint finish but was surprised to find that Cropper was better equipped to meet the situation.

The biggest shock was the news that Dick Taylor had been hurt in a road accident on the way to the meeting. Both legs were cut, requiring some stitches, his chest was bruised and he was

Southern Championships

At Motspur Park, June 21st/22nd

Successful Return Home By Jim Baker

THE 1968 Southern Championships, held in intermittent rain and weather that was ridiculously cool for late June, may well be remembered best for the return of two US-based students, Jim Baker and John Hemery. Baker, who had flown in just three days earlier, has already clocked the Olympic qualifying for the 880 but realises he probably stands more chance of making the British Olympic team in the 1500m. David Ross, who really is running well this year, made the pace a fast one (59.8, 2:00.7, 3:02.8) and only Baker remained with him at the bell. In the last furlong the 6'0", 154lb Blackheath Harrier picked him off at will but then nearly folded in the straight as Ken Riley and Roy Young (who misjudged his effort completely, running a 58.4 last lap) surged back. He held on, however, and as the season progresses will doubtless gain the strength to sustain his finishing burst. Afterwards he said "Athletics is really the only reason I'm home. I plan to stay until the end of August at least and I'll run the AAA mile and hope to make the team. If I do qualify I'll have to miss a year at College as the Olympics and the next scholastic year overlap." Having spent four years in America, where does his home now lie? "I think I'll probably settle back here eventually although I may be at College for another five years first." What, does he think, precipitated his sudden, spectacular improvement? "Well it's not just because I've been in the States, because I've been there four years. I think there are two factors involved. I have been completely free from injury for 18 months and for the first time I've been able to keep running right through. Also, for the last 18 months I've been racing and training with much better athletes."

John Hemery ran fifth in the quarter final and he too clearly has not yet fully acclimatised. He rather lacked snap or fire in his running but brother Dave, who was a spectator on this occasion, believes John could run a sub-47 before the year's end and make the Olympic relay squad. Up front Colin Campbell was inflicting on Martin Winbolt Lewis his second 440 defeat in two weeks, both running personal bests and Martin the Olympic qualifying for the first time. Colin was once again running inside his rival and blazed the opening furlong in 22.1 at which point he was 3-4 yards up and entering the final straight this had stretched to some 5 yards. Winbolt hauled this back in the closing strides . . . but too late. After a couple of years of hovering on the rim the pair seem ready to burst into world class. Two things were readily apparent after last Saturday's clash, firstly, if they ran this fast in such dismal conditions, what happens when they meet on Tartan? And, secondly, this looks like the start of a great rivalry (with Colin 2-0 up this year) between the two of them.

Also rapidly coming to athletics maturity is Mike Tagg whose 3 miles victory never looked in doubt after breaking for home. New Zealander Barry Jones did most of the leading (4:27.6, 9:01.6) from Tagg, Bob Holt and titleholder John Thresher. Two laps out Tagg put in a 64.4 and then a painful 63.4 last lap for a decisive win. On this sort of form Mike could, just possibly, make the 5000m squad.

Chris Cheetham, still only 17 and a Junior, looked very assured in winning the 100 in a windy 9.7 having clocked a legal 9.7 in his semi. Showing great talent when very young (he ran 10.3 at the age of 14) Chris looked extremely fit on the hard work set him by Doug James, father of Della.

Fastest 400 Of Year

LILLIAN BOARD clicked into top gear at an international meeting in Moscow last Saturday, winning the 400m in the world's fastest time this season of 53.5. Runner-up Ingrida Verbele (USSR) clocked 54.4. Lillian's time is the equal second fastest of her career and compares with a best of 54.4 for 440y at this stage last season. At the same meeting, on Sunday, Dick Steane not only won the 200m but, at last, recorded the Olympic qualifying standard of 21.0. Other British placings:—100m: 7, Steane 10.7; 800m: 3, Chris Carter 1:49.3; women's 100m: 4, Della James 12.0; 200m: 5, James 24.2.

Alan Blinston achieved the fastest UK 5000m time of the season, 13:57.6, in placing third in East Berlin on June 19th behind East Germans Bernd Diessner (13:50.8) and Jurgen Haase (13:51.2). John Cooper equalled his 1968 best with 51.2 but was well beaten by Joachim Singer, who set an East German 400mH record of 49.9. Other British placings: DT: 12, Bill Tancred 162'11"/49.66; women's HJ: 9, Barbara Inkpen 5'7"/1.70.

Chris Wade (Ranelagh), currently living in Sweden, won a marathon in Stockholm on June 8th in his best time of 2:26:26.4. John FitzSimons, recovered from injury, threw the javelin 232'7"/70.89 at Long Beach on June 16th.

16'6" BY MIKE BULL, BUT . . .

Mike Bull pole vaulted 16'6", nine inches above his UK record, in Belfast on June 19th—but it was in a demonstration for the benefit of TV cameras. He opened at 15'1" and cleared also at 15'8" and 16'2". Four days earlier at the Harpenden Highland Games, he had vaulted an official 15'4½" (making 15'9½" at the fourth attempt) ahead of Dave Stevenson (15'0"), Martin Higdon (14'6") and Dave Lease (Welsh record of 13'11½").

FINE PUT BY LUCKING

Martyn Lucking recorded his best put since 1964 with 59'2½" at Felsted on June 8th.

AAA 3 MILES CHAMPIONSHIP

Entries for the AAA 3 miles championship, at Aldersley on August 10th, close on July 8th. Athletes should apply to their area association.

SOUTHERN A.A.A. "200" COMPETITION

Winners in the June draw for prizes were: £25, H. A. Hathaway, London, N.19; £15, P. J. Gee, London, S.W.11; £5, E. J. Chappell, Mitcham. Membership is increasing but more members are required to build up to the maximum of 200 with even better prizes. Just 5s. per week brings worthwhile cash prizes every month and a bumper prize every six months which can be as much as £500, and at least £250. Write for further details to Frank Read, 15 Fairford Gardens, Worcester Park, Surrey.

'It's everyday training that counts whatever the sport'

*says Len Kilby,
Former British Olympic Masseur*

Len Kilby is a man who believes in keeping fit himself as well as the men and women he trains. "If you want to be a successful sportsman—you've got to work at it" said Len. "You've got to be really tough with yourself. Amateur or professional—the same rules apply. Whether you're an athlete, footballer, cyclist, rugby player—you must train *all the week!*"

"Fighting talk" I said. "Well, it's the only way if you want to be really on form. This means daily strengthening exercises every morning before you start your job and I recommend a 20 minute run at night, too. I still do training most evenings—the only thing that keeps me indoors is fog—no good breathing in that stuff!" "I know it's tempting to lay off training—especially on a cold winter's night, but believe me once you've got going, you'll feel really good. And remember, all the time you're exercising, you're building up stamina, so that when Saturday comes, you're ready for action! One more tip: I'm a great believer in massage. It's especially valuable for the week-end sportsman. Give your muscles a good work-out with Elliman Athletic Rub; I find it the finest thing out for warding off stiffness; keeps your body supple too. What's more if you have any aches, pains or sprains after a big event, rub on Ellimans. I use it myself."

So that's it in a nutshell. Exercise—no slacking—and a nightly massage with Ellimans. Len Kilby should know!

YOU TOO If you're a sportsman of any kind you'll find regular massage with Elliman Athletic Rub ideal for keeping in tip-top form. ELLIMAN ATHLETIC RUB 3/2d from chemists.

Davies Crushes Northern 880 Field

IF there were any doubters of John Davies' ability at the Northern Championships last week-end they were finally crushed with an awe inspiring show of power by the 19-year-old Sale Harrier. Against a savage wind Davies was content to let Maurice Benn lead with a slow first lap of 58 second. Then, with fully 300 yards to go, he tore to the front, head down and exuding confidence and determination. It seemed a long way out and it looked as if he was setting himself up for "the chop" in the finishing straight by Mal Rothwell. But what answer could even Mal Rothwell provide to a 53.1 last lap, run in a fierce wind that ruined every other track event? Around the final bend there was so much strength and vitality in Davies' effort I feared he was going to burrow a hole in the cinders as he streaked to his record breaking 1:51.1.

Other highlights were the stern tactical battle that produced a three mile win for Ricky Wilde, the first 200 foot hammer throw by Barry Williams (second best of 200'7") and John Thompson's 48'4" effort in the junior triple, a jump that would have won him the senior event had he been competing. But when is the long jump record of 23'9", set in 1939, to be beaten?

WALKING

By COLIN YOUNG

Midlands 50 kms Championship: Permission has been granted to hold this Championship in conjunction with the National race at Ewell on July 20th. Entrants for the Area race should note their entry will only be accepted if the individual has also entered the National.

Scandinavian Women's Championships: Competitors from Sweden, Norway and Denmark will contest this event at Gothenburg on September 8th.

BEM for Alf Cotton: All the walking fraternity will join with me in congratulating National Coach Alf Cotton on receiving the British Empire Medal for his work in the postal services.

Tough standards for Olympic 20 Kms trial: Standards of 75 minutes for 10 miles and 95 for 20 kms, recorded this year, have been imposed on would-be entrants of the Welsh Games 20 kms on July 27th. A quick check reveals that only 13 men have qualified so far, including our probable 50 kms trio. If the standard is strictly adhered to it means that a lot of very classy walkers will be ineligible. Surely the race could be made open? Many, no doubt, would be willing to make the long trip to Wales to "make-up" the field. Gerd Schuth, the current German International, has been making enquiries regarding this event. He has been under 94 minutes three times in 1968.

Market Harborough Open: Gerry Cameron of Belgrave is once again organising an open "7" on Sunday August 11th. In last year's event Americans Ron Laird and Larry Young led the field and certainly made an impression on local spectators. This year a team trophy will be presented by Golden Wonder Crisps Ltd. Entry details from Gerry at 64 Cromwell Crescent, Market Harborough, Leics.

Today's Events: The 5½ mile Manchester to Blackpool (6.15 a.m. start) takes pride of place today. Last year's winner, Pat Duncan of Belgrave who broke the 8-hour barrier last year, must again be favoured with George Barrass and Guy Goodair the danger men.

The Winterbourne "10" and Youths/Boys 2½M.

start at 2.15 on July 13th from Ridings School, Winterbourne. Entries to G. Evans, 11 St. Peters Crescent, Frampton Cotterell, Bristol.

A series of mid-week 3200 metre walks are being held at Crystal Palace on following dates: June 25th, July 2nd, July 23rd, August 6th, August 20th, September 10th, September 25th. Entries (1/-) to the SCAAA, 26 Park Crescent, London, W.1.

1MW. at Stretford, June 11th. 1, R. Wallwork (Lancs WC) 6:36.0; 2, B. Hatton (LWC) 6:50.4; 3, D. Warden (LWC) 6:50.5; 4, D. Ward (LWC) 7:15.9.

3200 metres walk, at Crystal Palace, June 12th. 1, J. Pedraza (Mexico) 13:39.4; 2, J. Oliveros (Mex) 14:23.0; 3, P. Keegan (Vids) 15:08.2; 4, J. Moran (Vids) 15:29.8; 5, G. Robinson (En) 15:54.4.

Essex Beagles 2M. Championships, at Barking, June 13th. 1, C. Young (EB) 14:56; 2, B. Armstrong (Ilf) 15:19; 3, R. Fortune (EB-Y) 16:08. (Juniors) G. Hunswicke (Ilf) 16:09. (Youths) Fortune. (Boys) J. Jones (NW) 16:45.

Arthur Jones third in Paris, June 13th. Filling the same position as last year Arthur Jones

Dispute in European Postmen Championships, at Bremen, W. Germany, June 15th. The four man Rumanian team, whose appearance was something of a surprise, caused much consternation when they were allowed to compete without the regulation postman's garb, tracksuit trousers being their only addition to normal racing gear. Not unnaturally then they had a distinct advantage in very hot conditions that necessitated many stops for refreshment. Ray Middleton held the lead after a mile but was overhauled by three of the Rumanians. Despite being bruised and cut by his bag and sweat-soaked uniform Middleton came back in the latter stages to snatch third, closing rapidly on the two leaders. Notable walkers like Istvan Havasi, Hans Jurgen Paul and Karl Pape were well down and unable to overcome the Rumanian advantage.

Wiltshire County & Open "20", at Swindon, June 22nd. In conditions that can mildly be described as atrocious (continuous, heavy rain plus strong winds and flooded roads) Shaun Lightman took the lead from Phil Thorn shortly after com-

pleting the first of three laps. Ripping through "10" in 78.41 he took no less than 3m 50s off Roy Lodge's winning time in last year's National, held over the same course. Despite an enforced stop at 11 miles Thorn also finished inside Lodge's old best. Probably the most remarkable performance of the day, however, came from Alec Banyard who, after starting steadily with Young and Moullin, stormed away after 13 miles. He soon caught Thompson and Duquemin and only narrowly failed to overhaul Middleton who had three minutes on him at the half-distance.

1, S. Lightman (Met. WC) 2:38.53; 2, P. Thorn (Trow) 2:43.43; 3, R. Middleton (Bel) 2:45.31; 4, A. Banyard (S'end) 2:46.22; 5, D. Thompson (MWC) 2:48.10; 6, L. Duquemin (Bel) 2:48.39; 7, C. Young (EB) 2:52.00; 8, B. Atkins (Trow) 2:58.40; 9, J. Moullin (Bel) 2:58.42. Teams: 1, Belgrave 10; 2, Trowbridge 13; 3, Bromsgrove 22. Wilts Championships: Thorn.

RWA Notice: The Race Walking Association would like all walkers who intend to compete in the Cwmbran Invitational 20 Kilos race on July 27th (an Olympic trial event) to forward their names to Mr. C. D. Bingham, 10 Nora Street, Roath, Cardiff by July 15th at the latest. Times of inside 75 minutes for 10 miles or inside 95 minutes for 20 kilos must have been achieved this year. All competitors will receive a circular with the acknowledgement of their entries informing them of how to get from Newport Station to the venue at Cwmbran. The event starts at 2 p.m.

Spotlight on Youth**by John Lusardi****RECORDS, RECORDS ALL THE WAY**

EVEN before the report of John Bednarski's European Junior best of 13:34.4 had seen the light of day Ian Stewart had hacked a chunk off the new record and had also lowered the best-ever "3" by a 19-year-old. Running through intermediate miles of 4.35e and 4.31e in the June 8th Grangemouth International, Ian "bombed" the last section in 4:22.4 for a final time of 13:28.4. However, as reported in last week's Kinnaird Trophy write-up, he has since been involved in a car accident which has temporarily called a halt to training. Although he stands as the second most prolific holder of British age records (with six to his name) Ian is a competitor rather than a record-breaker and any times he runs are incidental to the race result—which is as it should be of course. Consequently he derived more satisfaction from outkicking Ricky Wilde in the final straight than in setting a new mark. But one cannot help feeling (and I think Ian does too) that, in a more even paced effort, he could get very close to 13.20 this season. To put things in perspective though, Gerry Lindgren's 13:04.0 remains the world best for an athlete of 19.

June 3rd saw Andrew Barnett lower the best mile by a 12-year-old for the last time—he turned 13 the following day. Competing in the Camberley Young Athletes Meeting at Bracknell he won the Boys mile in a remarkable 4:43.8, thereby clipping

a 5.2 second slab off the age best he set less than a month earlier. Probably a major factor in youngsters of this age running this sort of time is that they are completely uninhibited about what they are doing. Doubtless Andrew had a less certain idea of any time schedule before the run than did his coach, but instead just went out and covered the distance as quickly as he could. No splits, oxygen debt or the rest of the paraphernalia that adults are burdened with. He just went out and ran.

In an invitation mile, at Leicester on June 15th, 15-year-old John Hiron of Ullathorne RC finished fifth in 4:18.5. This is the fastest ever by a Briton of this age, clipping exactly two seconds off the old best, set by Mike Tagg six years ago. John, who will be 16 on July 30th, ran through splits of 64.2, 67.0, 65.0 and 62.3 in recording this performance.

On June 4th, Dennis Coates ran a three miles at Middlesbrough. Aged 15 years and 3 months he was aiming specifically for John Boggis' 14.57 British age best (Bruce Kidd holds the world's best with 14:26.0). Taken through the first mile in 4.58 by marathoner Colin Pickett he went ahead after six laps and, passing "2" in 9:50.9, ran a 4:49.4 last mile (68.3 last lap) for a final time of 14:40.3. A member of Middlesbrough & Cleveland Harriers, Dennis is coached by Sid Milen of that club.

Five days later on June 9th another of poor John Boggis' national age marks tumbled. This time it was the two miles (9:23.0) and 15-year-old Ian Whittle clocked 9:19.0 in winning a senior event at Coventry. Ian (born October 4th 1952) belongs to Luton United AC and was the National Schools Junior cross country champion in 1967. Coached by Worksop Harriers' George Gandy, he ran in second place (2.18, 4.38 7.02) until 700 yards from home when he went ahead and, running the last lap in 66, came in a clear winner. The world best of 9:13.2 stands to Ralph Gamez (USA).

Ann Wilson, the most prolific of all British age record holders with 13 to her name in four different events, resumed her record-breaking career after a period of consolidation. In the Southern Pentathlon on June 8th she ran up a 4718 total with the following performances: 20'6½", 25.1, 11.2w (+2.2m), 35'11½" and 5'3¾". Her new record was the best ever by a world or British athlete aged 18, Ann eclipsing Swiss girl Meta Antenen's former world mark (4709 in 1967) and the last of Mary Bignal's pentathlon bests (4679 in 1959). I write "was" advisedly since Ann, of course, has improved the record. As most readers will doubtless have read she notched 4841 at Middlesbrough on June 15th. Her series then was: 21'0", 24.6, 11.0, 36'1½" and 5'3¾". The long jump and 200 metres were also personal bests! Although Ann has jumped higher and run the hurdles faster abroad her greatest improvement, the boost that will be needed to score over 5000, must come in the shot. Here she scores nearly 200 points less (786) than in her second worst (!) event (200-968).

In a week when fine performances seem commonplace the single jump record is possibly the most remarkable of all. On June 8th, at Hull in the Yorkshire Championships Junior triple jump, 15-year-old Peter Dale leapt a fantastic 47'7½". There has been talk of wind assistance and this is being investigated. The previous best by a Briton of this age stood to John Thompson (45'10½" in 1965) while the world best (47'1¼") was set by New Zealander Dave Norris in 1955. Peter Maugham Dale was born in Ilkley, Yorkshire on June 12th 1952. It is believed that his leading jump was perfectly valid but his series should help silence sceptics: 45'7", 47'7½", 46'6", 44'3¾", 47'2½" and 46'6¼". He had a previous best of 44'10".

On June 12th, while competing at the Carnival Trophy Meeting, Grays, Essex, 17-year-old Jenny Bloss hurled the discus a magnificent 147'0". This is the best-ever by a British girl of this age and her second best throw (145'3") also exceeds the old mark of 144'2" which Jenny herself set a few weeks ago. The new mark also improved the UK teenage record which Maureen Burtenshaw set with 144'11" in 1958.

* * *

At Norwich on June 8th Peter Tancred bagged five Eastern Counties titles. Apart from a clean sweep of all four Junior throwing events, he also grabbed the senior discus (153'1") in the absence of brother Bill (will Peter be anxious to let it go next year I wonder?). The quality of Peter's Junior shot-discus-hammer-javelin sweep, however, is even

IAN WHITTLE

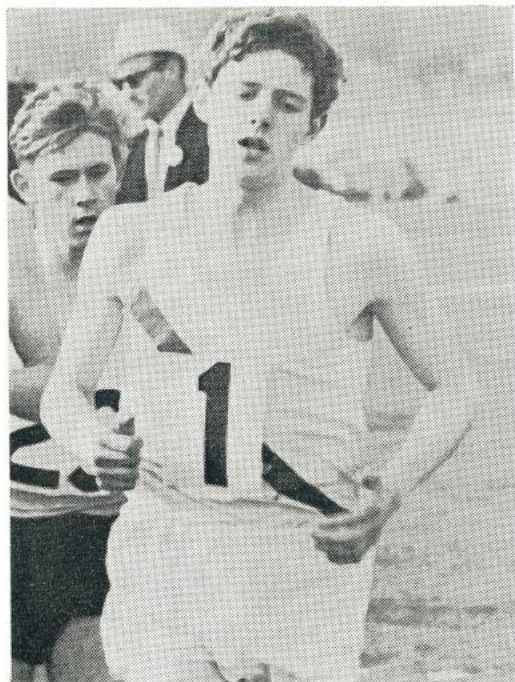

Peter Tempest

more amazing than the fact of its achievement. Read on and wonder! The shot he won (by over 9½ feet) with 57'6½". This is the best 12-lb effort in Britain this year and is the joint-7th best ever. The discus he won (by over 23 feet) with 182'2". Again, the best junior throw in Britain this summer and ranking behind only 5 others on the all-time list. With no other competitors he threw the hammer 179'3", ranking second behind only Jan Skrybant at the time of writing (32nd on the all-time list). Finally the Javelin, the only weak link in the chain, was clinched with 171'5" . . . Peter Tancred has been contemplating attempting all four throwing events in the Junior AAA Championships later in the year but Jan Skrybant is pretty determined that he is not going to win at least one. In the Warks AAA event he hurled the 12-pounder 192'1", moving him to No. 7 all-time. "I was really surprised because I hadn't trained for a month or so before because of exams. I'm not doing any serious competing until these "A" levels are out of the way." . . . Following the first of his appendix operations Danny Maloney, Twickenham youth discus thrower, resumed light training on May 26th. On June 8th he managed 143'7" for 5th in the Middlesex Championships and has subsequently thrown 165 feet (he threw over 180' prior to entering hospital). For the operation he had to lose 28lbs from his 214 lb frame and he is still way under his usual bodyweight. 15-year-old

Danny hopes to get at least one big throw before re-entering hospital in July for the second and final operation . . . Les Morrish, whose 47.08 "10" was mentioned a couple of weeks back, achieved the distance on his 19th and not 20th birthday . . . It may be a little unfair to burden him with the position of favourite in such events as the National Schools Championships and the AAA Junior, but there is no denying that Jarrow's Dave Wright ("Spotlight" Vol. 20 No. 46) is going to take a lot of stopping over the mile this summer. A terrific competitor, he clocked his personal best of 4:08.5 in the AAA Junior last year. At the Tees-side Games on June 16th he lowered this to 4:05.0—an indication of his fitness and a portent of things to come . . . The British 6M, best by a 19-year-old was believed to be 29:03.8, set by Colin Moxsom in 1966. A slightly faster performance (29:01.0) has now been turned up, which was run the previous year. Dave Walker of Worcester YMCA, born June 9th 1945, clocked the time in the Midland "6" on May 12th 1965 but since then he has been plagued by injuries.

The most important

The revolution has really got under way at Mexico City. They've laid a track with 'Tartan' Surfacing. All-weather, so the Olympics can still run in a cloud-burst, or a heatwave. Indestructible, so the heats won't damage the surface for the finals. Non-slip for explosive starts. Resilient for record times.

With the Olympics taking place on a 'Tartan' track athletes all over the world are demanding their own. We have a 'Tartan' track at Crystal Palace. Now British athletes will be able to train on the same kind of track that all major athletic events will use.

For some of them, it will mean

consistent, regular training and faster times. Maybe, one day we'll see a few of them with gold medals round their necks.

But unless someone finds the money for 'Tartan' tracks elsewhere many athletes will have to be also-runs. Someone will have to be persuaded.

It shouldn't be too hard. 'Tartan' surfacing is expensive to buy. It costs four times as much as an ordinary track. But even unsporting accountants buy it when they see the advantages laid out.

'Tartan' Surfacing is very, very tough. The original secret synthetic resin was developed for horse-racing

track event of our time

tracks. Think of pounding hooves, and it's no wonder spikes and studs leave 'Tartan' Surfacing untouched.

No 'Tartan' track has ever worn out. Not even when two caterpillar tractors were matched in a tug-of-war. It's true the oldest 'Tartan' tracks are only seven years old. But they are as perfect as the day they were laid. And this with no maintenance.

Ordinary tracks cost a fortune in running costs. 'Tartan' tracks need just the odd brush with a broom. Running need never stop.

Not even the weather can stop 'Tartan' Surfacing can't get water-logged. It stays non-slip in a

rainstorm. Even ice can be brushed off. You just break it up with a roller first.

So the weather never cancels meetings. And the gate-money always rolls in. Tot that up, and tot up the savings on track replacement and maintenance, and it's plain that 'Tartan' Surfacing isn't really an extravagance at all. It saves money.

But money isn't everything. It's the glory that 'Tartan' tracks could bring back to British Athletics that most people care about. And if 'Tartan' tracks save money too, the hearts of a whole nation of shopkeepers might beat a little faster.

'Tartan' Surfacing isn't only for

athletic tracks. It's revolutionising tennis courts, changing rooms, indoor sports halls, playgrounds, ice rink surrounds, veterinary areas, horse-racing tracks, and anything else that needs an indestructible non-slip surface as well.

SURPRISE DEFEAT FOR RON JONES

Welsh AAA 106, Army 85, at Barry, June 15th. The highlight of the match was the surprise defeat of reigning Welsh Champion Ron Jones by 20-year-old Cardiff CE student John Williams in the former's speciality, the 100. Williams got off to a perfect start and was well clear at halfway. Jones finished as strongly as ever but this time he had left it too late and Williams got the verdict by inches, both being credited with 10.0. Positions were nearly reversed later on in the furlong when Williams was a couple of yards down on Terry Davies with 100 yards left, but he was able to close the gap in time.

Adcocks Runs Away With Ericsson "15"

In the road race Bill Adcocks, after a tight duel with Ron Hill who had just returned from a holiday in Spain, broke away at the end of the second lap and strode home in a new race record, averaging 4.49 for each individual mile. Hill fell away sharply and eventually ran in sixth.

1, W. Adcocks (Cov. God) 72.21 (course record by 100 seconds); 2, C. Kirkham (CG) 74.11; 3, P. Lancaster (CG) 75.13; 4, P. Calladine (Dby) 75.41; 5, D. Rhodes (Dby) 76.31; 6, R. Teams: 1, Coventry 6; 2, Derby 16; 3, AEI Rugby 36. Notts Championship: Kirkham. First Veteran: Smith.

The set piece of the track events was the Invitation 1000 metres where John Boulter took the lead from the gun. He was allowed to dictate the pace, with the field poised behind him, until the back straight of the last lap when Mike Varah attacked. Boulter held him off however and leading into the finishing straight seemed to have the race in the bag. Walter Wilkinson charged through in the final 50 yards however and snatched the verdict on the line.

WEAKENED BRITISH DECATHLON TEAM

ALTHOUGH, for various reasons, Britain was unable to field her strongest team for the international decathlon against Belgium and the Netherlands at Clairville Stadium, Middlesbrough, on June 14th/15th, three of the four produced personal best scores. Stuart Scott, Britain's best placed competitor (4th with 6682), began brilliantly with a wind-assisted 10.8 100m and a long jump of 23'9½"—at least a foot over his previous best. Barry Sanderson registered his best score of 6246 in spite of throwing the javelin only 187'8" due to a slight injury. Long jump specialist Andy Mollett accounted for the other personal best.

To compensate for our minor placings in the decathlon, Ann Wilson produced a sparkling performance in the pentathlon. As reported last week, week, she broke Mary Peters' UK all-comers' record with a score of 4841, including personal bests in the long jump and 200m.

MORE MISFORTUNE FOR MARY PETERS

Poor Mary Peters. The luck of the Irish seems to have deserted her this season. Her only previous competition this year, a pentathlon at Solihull last month, was ruined by the weather (though she still managed to total 4683) and she had to withdraw from the international at Middlesbrough due to the after-effects of a T.A.B.T. injection plus a touch of flu and hamstring twinges. These troubles behind her, and with a 51ft. shot-put in training to her credit on the Thursday, Mary travelled to Harlow to compete as a guest in last Saturday's South v. Midlands pentathlon hoping for a score in the region of 4800. Alas, fate intervened again. For a start, the appalling weather put paid to hopes of a really high score, and then in the very first event—the long jump—she damaged some ligaments behind her left knee. Pluckily, she carried on, but in effect she could only go through the motions and finally, after consulting the referee, her coach and Marea Hartman, she reluctantly retired from the high jump after clearing only 4'7½". Her defeat by Sue Scott (4386 to 4350) obviously cannot be taken too seriously.

Mary, now a trim 146lb—compared to the 184lb she scaled during her great shot-putting season of 1966—realises she will need at least 5000 points to gain a medal in Mexico, and her coach "Buster" McShane feels she is capable of long jumping 19'6" (her best is a windy 19'0½"), high jumping 5'5" (5'5"), putting the shot 52'0" (53'6½"), running 200m in 24.8 (25.0) and hurdling in 10.9 (11.0). Such a series would net her a handy 5080 points!

Sue Scott, with GCE exams still on her mind ("After they are over I'll be able to get some proper training in"), performed magnificently in the conditions (it poured all day long) and will certainly be over 4500 before long. Good to see

her long jumping prowess reasserting itself again. Susan Hayward was a good third while Pat Pryce, who notched up the best mark of the day (11.0 hurdles), took fourth place before driving over to Hillingdon where she recorded 10.9. All the long jump, 200m and hurdle marks were wind assisted, though the wind was more of a handicap than a help in the 200.

Lusis Sets World Record

GOOD news for all who appreciate javelin throwing is that Janis Lusis, one of the most consistently great performers of all time, has succeeded Terje Pedersen as world record holder. Competing at Saarijarvi (Finland) last Sunday, the European champion reached 301'9"/92.98! His previous best was 298'6"/90.98, while the Norwegian's world mark had stood since 1964 at 300'11"/91.72.

Further details of an earlier Soviet-made world record: Vyera Korsakova's 10.2 80m hurdles at Riga on June 16th. A 27-year-old student from Kirghizia, Vyera (née Semyonova) clipped a tenth off Irina Press's figures in hot, windless weather. Behind her, Lyudmila Iyevlyeva returned 10.5 and Galina Zarubina 10.6. Vyera had not bettered 10.7 prior to this season; she had clocked 10.9 in 1964, 10.8 in 1965, 10.7 in 1966 and 10.8 in 1967.

West Germany's world record 4x880y relay time of 7:14.6 (equal to the unratified time by Britain in 1966) was set at Fulda on June 13th. Bodo Tummler (who two days earlier had made a startling 5000m debut in 13:49.6!) led off with laps of 54.0 and 55.1 (1:49.1), Walter Adams ran 51.0 and 56.5 (1:47.5), Harald Norpoth 53.0 and 55.5 (1:48.5!) and Franz-Josef Kemper 55.0 and 54.5 (1:49.5). A race between this team and a British foursome of Boulter, Carter, Davies and Varah would be worth travelling a long way to see.

'AW' Party To Athens

EUROPEAN CHAMPIONSHIPS 1969

WE have made arrangements for a 14-day holiday trip to the European Championships which will be held in the Karaiskakis Stadium, near Athens, from September 16th to 21st, 1969. The party will go by air London-Rimini, then follows a 6-hour coach trip to Brindisi which will enable members to see something of the countryside. We shall spend the last day and a half cruising from Brindisi to Piraeus (Athens). On arrival the party will be accommodated for the period of the Championships at the Hotel Omonia which has 275 rooms, all comfortably furnished, with private bathroom, telephone and balcony, lifts, escalators, and its own cinema.

After the Championships have been completed we shall move to the seaside resort of Glyfada where the remainder of the holiday will be spent at the Hotel Antonopoulos, with similar excellent facilities. During the tour optional excursions will be available to the various places of interest which many members will wish to visit while in Greece.

The cost of what should be a memorable tour, including breakfast and evening meal, will be approximately £79. Anyone thinking of joining our party should advise us now. No deposit is required at present but it will help if we have some idea of numbers likely to make the trip, and further details and booking forms will be sent to all likely to go when available. Write to Athens Tour, "Athletics Weekly," 344 High Street, Rochester, Kent.

INCREDIBLE SPRINTING AT AAU

Ten-second 100 metres barrier cracked by Hines, Greene and R. R. Smith

TWO men running 20.3 for 200m, two at 45.0 for 400m, three at 1:46.5 for 800m, a national steeplechase record of 8:30.6, 49.6 for 400m hurdles, and a 27'4" long jump . . . these were just a few of the scintillating performances utterly overshadowed by the happenings in the 100 metres at the American AAU Championships in Sacramento last week. Here is the sequence of events in that never to be forgotten sprint competition on June 20th; just read on and drool!

Heat 1: With the wind over the limit at 2.75m/sec, Jim Hines was clocked at 9.8—fastest time ever recorded in any conditions and the equivalent of 8.9/9.0 for 100 yards. Behind him, 19-year-old Ronnie Ray Smith ran 10.0, Kirk Clayton 10.1, Grundy Harris 10.1 and Dave Reeves 10.3.

Heat 2: The wind, unchanged at 2.75m, blew Mel Pender to 10.0 ahead of Larry Questad 10.1, Japan's Hideo Iijima 10.2, Orin Richburg 10.2 and Lou Castronova 10.3.

Heat 3: Remarkably, the wind gauge registered 2.75m yet again, and this time Jamaican Lennox Miller sped to a 9.9, followed by Bill Gaines 10.0, Micky Mathews 10.1, Andy Hopkins 10.2 and John Carlos, whose 10.2 was insufficient to advance him into the next round.

Heat 4: The gods were seen to be on Charlie Greene's side as the wind dropped to a just legal 1.99m, enabling him to equal the official world record of 10.0. Inches behind, France's Roger Bambuck returned the same time and thus also tied Armin Hary's European record though in fact born in Guadeloupe. Next came Jim Green 10.2, Ernie Provost 10.3 and Bob Rovere 10.3.

Semi-final 1: Four to qualify for the final, and yet in spite of a legal 10.0 (1.8m wind) Clayton fell by the wayside! Hines and Smith, in that order, became the first men officially to crack the 10 sec. barrier (though Bob Hayes really beat them to it in Tokyo but there the timing was electrical) with 9.9 apiece, Pender—a finalist in Tokyo—took 3rd in 10.0, Questad 4th in 10.0, Clayton 5th in 10.0 and Provost 6th in 10.2.

Semi-final 2: In identical wind conditions Greene also ran up a 9.9, with Miller matching what is now only a Commonwealth best of 10.0 by Harry Jerome and Bambuck clocking his second "even-time" of the day. Gaines ran 10.1, Mathews 10.2.

Final: A nightmare for the judges as the first six all finished in ten flat (3m wind) with Greene reversing last year's positions in winning from Hines, with Miller, Bambuck, Smith and Pender next in line. Gaines was 7th in 10.1 and Questad last in 10.2. And as if that were not enough for one day, a "consolation" race for losing semi-finalists produced a 10.0 by Clayton (no wind details) ahead of Jim Green 10.1 and Mathews 10.2.

Of course, there is still no guarantee that 9.9

men Hines, Greene and Ronnie Ray Smith will even make the Olympic team. The semi-final trials are being held this week-end in Los Angeles, the system being that the winner there will be considered to have made the team subject to retaining his form in September while up to nine others will be selected for high altitude training at South Lake Tahoe, Calif. The final trials in the track and field events will be held there from September 15th to 22nd.

"Wadoux Stronger Than Jazy"—says Ron Clarke

I BELIEVE that Wadoux is even stronger than Jazy over 5000 metres"; so said Ron Clarke after being decisively outkicked by the French star in a very fast race in Paris on June 13th. Wadoux summomed up a final 500m in 1:11.4 to win in 13:29.6 for 5th place on the all-time list. The kilometre fractions were 2:38.9, 2:41.3, 2:45.0, 2:48.2 and 2:36.4. At the same meet, Roger Bambuck beat Enrique Figuerola, credited with 10.0 the previous week, by two yards in a 10.1 100m and tied the European 200m record of 20.4. Switzerland's Hansruedi Wiedmer, who clashes with Jones, Kelly, Hauck and Steane this week-end, clocked 10.2 and 20.8.

Interview with KENJI KIMIHARA

By Roger Gynn

The Japanese star in action during the Polytechnic Marathon.

Ed Lacey

KENJI KIMIHARA, Japanese winner of the recent Polytechnic Marathon, was born at Fukuoka on March 20th, 1941, stands 5'5½" tall and weighs 123lb. An employee of an iron and steel company, Kimihara is coached by 1948 & 1952 Olympic 'chaser Susumu Takahashi. His best marks are 14:22 for 5000m, 29:01 for 10,000m and 2:13:33.4 for the marathon. He was 8th in the 1964 Olympic marathon (2:19:49) and in addition to winning the Asian title in 1966 he has been triumphant at Mainichi in 1963 & 1964, Boston in 1966 and Beppu in 1967. His annual marathon progress reads: 1962—2:18:01.8, 1963—2:16:19, 1964—2:17:11.4, 1965—no race, 1966—2:15:28, 1967—2:13:33.4, 1968—2:14:46.

Which performance has given you most satisfaction? My win at Beppu in 1967, when I achieved my fastest time to date.

How many days a week do you train? Six.

At what time of day? From 5 to 7.30 p.m.

What form does your training take? At least 100 miles every week of the year.

Do you ever use weights? No. I have an extensive programme of calisthenics and gymnastics.

How often do you like to compete on the road? Generally three or four times a year, although this year I am working on two-monthly cycles . . . February—Beppu; April—Otsu; June—Windsor to Chiswick; August—Hokkaido; and, I hope, October—Mexico.

Who encouraged you to take up the marathon? Masayuki Nagata, a fellow employee at the Yawata Iron & Steel Company. He ran 2:19:51.8 in 1962.

How many marathons have you run? The British race is my 19th since I first ran at Fukuoka in 1962 (placing 3rd in 2:18:01.8).

What are your future plans? I hope to do well

at Mexico if I am chosen to run. I have been there four times so far. I hope to compete until I am 30 and I would like to lower my best time to under 2:12.

Who do you think will win at Mexico, and what time do you think will be achieved by the winner? I think either Roelants or Bikila. Perhaps 2:16-2:17 will be sufficient to take the gold medal.

RAIN WRECKS WELSH CHAMPIONSHIPS

Appalling weather conditions caused the postponement of most of the field events in the Welsh Championships last Saturday, June 22nd. One notable casualty was Lynn Davies who re-injured his hamstring in a 100 heat and had to withdraw from the final. Winners of the few events completed included: 100: R. Jones (En) 9.7. 880: R. Adams (Broms) 1:52.9. Mile: G. Davis (Aberystwyth) 4:17.0. 3M: P. Darney (Birch) 14:22.6. 3000mSC: R. McAndrew (Read) 9:20.2. DT: J.

Walters (Birch) 155'4". HT: D. Harrigan (Cardiff TC) 162'9". (Full results held up by rail dispute, to be given next week.)

MIDLAND CHAMPIONSHIPS continued from page 2

badly shaken. Dick and his father, also involved in the accident, were allowed home from hospital but clubmate Mick Crossfield was detained with head and spinal injuries. In Dick's absence Allan Rushmer had a fairly easy passage in the three miles. He shook off John Jackson after nine laps and finished mud-covered in 13:35.8, commenting "I reckon that was worth 13.15 on a better day".
