MARY PETERS' FOURTH WAAA PENTATHLON TITLE

MARY PETERS chalked up her fourth successive WAAA pentathlon title amid semi-arctic conditions at Chiswick last Saturday. Pat Jones went into a two-point lead after the third event, the hurdles, but Mary's heavy advantage in the shot and high jump settled the issue beyond doubt. Pat's total of 4083 was a personal best and should assure her of an international vest against Belgium and the Netherlands in July.

The pentathlon was held in conjunction with the "Daily Mirror" Atalanta Trophy—Britain's premier women's inter-club contest. Mary Rand, suffering from a heavy cold (which explains why she withdrew from the taxing pentathlon), took the hurdles in 11.2w and the long jump, into a 15 mph wind, with her one valid leap of 18'6½"—with her track suit trousers on in both events. Jill Hall registered her second windy 10.7 100y of the season in downing Daphne Arden and Madeleine Cobb and came back to score in the 220y. The buffeting wind around the turn knocked the stuffing out of lightly built Daphne, who finished 4th.

Sheila Taylor (18) was most impressive in the half as she overtook Pat Brown (65.7 bell) 130y from the finish to win in 2:14.0. Earlier, she had placed 2nd in the 440y to smooth-striding Diane McNamara (17).

A Question of Freedom

READER A. H. G. TAYLOR takes me to task this week for my comments about the suspension by Hertfordshire A.A.A. of a number of their athletes for failing to represent the County in an inter-county match. He states that "at the last three annual General Meetings of the County this rule of suspension has been recommended from the floor because of the lack of honour and respect befitting County representation, as a direct result of the action of our top athletes, who just turned out when they felt like it, regardless of how it affects the rest of the team. This is not a matter of the 'red herring', Club versus County, or official versus athlete. It is an effort to make the honour of competing worth it."

Now this is not something new. Many counties have had the same problem and many will have it in the future. I still maintain, whatever reader Taylor may aver, that suspending an athlete because he will not be forced into competing in any such match is wrong—and it certainly won't do anything towards getting the co-operation of the same athletes in the future.

I understand, from a letter just received from Herts. Chairman, Don Vanhegan, which has caused me to re-write this paragraph, that the athletes are not really suspended, but that their colleagues will not invite them to join in joint matches for twelve months. Personally, I cannot see the distinction.

Don tells me that Herts. AAA go to a lot of trouble to ensure that County and Club events do not normally clash, and I can well believe, knowing some of the members personally, that the County Association is a very live body doing a very good job. But I am unrepentant in deploring this "action"—call it what you will—being taken when an athlete refuses an invitation to represent the County without what is considered a good reason. I know that some athletes are not always as co-operative as they might be, and this is to be deplored; but even so, I feel most strongly about anything which affects the freedom of the individual to accept or refuse an invitation to compete at any time.

And now to the ladies. In answer to the Middlesex Ladies' member who wrote complaining of the manner in which three girls were excluded from the Middlesex County Women's 220 yards Championship, Mrs. Vera Searle states that except for the 100 yds., all heats are drawn on the ground to avoid "lean" heats. Competitors were required to report by 3.30 p.m., which was clearly stated in the programme, and where it was an athlete's first event, it was so stated on the notice sent to all who entered. Competitors are given a programme on collecting their numbers, so there is no excuse for any competitor not knowing what was going on. A final call was also put out over the loudspeaker, despite which these three girls reported at 4.10 p.m. Mrs. Searle concludes with the comment: "I don't know what else we can do unless it is to teach the competitors to read!"

ANOMALY?

Dear Sir,

In the A.A.A. notes, edition 19, May 8th, it states "as some persons in athletics are still in doubt regarding the new A.A.A. age group ruling", it then went on to give a list of dates, one of which was:—

Road running for Youths is confined to persons 16 years and under 18 on the 1st April for competitions held between 1st April and 1st September. Thus a person born April 2nd, 1947 or later is a Youth for competitions held before 1st September.

Another A.A.A. law states that road running for Youths shall not exceed 3 miles.

Yet another law states, road races not exceeding 10 miles shall be open to persons of 18 years in age on the day of competition.

From this a person may run in a 10 mile road race one week as a Senior and the next as a Youth in a race of not more than 3 miles.

What is it coming to?

D. Billington
Feltham A.C.

An A.A.A. spokesman states that they are well aware of this—which surprises us considerably!

HAND IN HAND

Dear Sir,

After reading of two internationally famous distance runners crossing the finishing line hand-in-hand in a County Championship—and from different clubs—it makes me wonder what the sport may be like in a few years if young people who are interested in athletics come to think this is normal practice. It seems to happen quite regularly now amongst our "top" men.

I suggest officials should stop this feminine habit by making one of the runners the winner, otherwise the competitive spirit will be taken right out of our sport.

Come on lads, get back to the running we know you for, fighting through the tape—you don't need guiding.

Yours sincerely,
Phil Porter,
Oxford City A.C.

REPRESENTATIVE VESTS

Dear Sir,

All counties, as far as I understand, award vests to those athletes who compete in the British Games.

Could it not be possible to extend this awarding of vests to athletes who have repre-

sented their county in three or more inter-county matches. Quite often the athletes who compete in the British Games do not turn up at these inter-county events and so the second string men do not have a chance of receiving this "Token of the Counties Appreciation".

Even if the County does not actually give these vests away I am certain there are numerous athletes who would buy them. I myself competed for my County a few weeks ago and I wasn't even given a vest to compete in. My club colours had to suffice for the occasion. A county vest is a psychological boost to one's morale and definitely gives the athlete the will to pull out that bit extra.

I hope that something will be done on these lines and that there will soon be a standard awarding of a County Vest.

Yours in Athletics,
David Evans,
Waterloo Harriers & A.C.

This is entirely a County matter. Many Counties give a vest to any athlete representing them in the Inter-County Championships, others cannot afford to do this but allow the athletes to purchase a vest. Most follow the latter course where an athlete has represented the County in any inter-county competition. But surely every County endeavours to ensure that all athletes in any inter-county competition are wearing County colours?

MORE WORLD RECORDS

Those veteran campaigners Harold Connolly and Ralph Boston broke their own world records at Modesto, California, last Saturday. Connolly (33) improved his hammer figures from 231'10"/70.67 to 233'2"/71.07 (under the new rules this will be ratified as 71.06)—all six of his throws exceeding 224ft., five of them reaching 228ft. or further! Boston (26), who appropriately enough is featured by Jack Barlow in this issue, jumped 27'5"/8.35 (backed up by a 27'14"/8.27 and a 27'01"/8.24!) to erase his mark of 27'41"/8.34. At the same meet, Southern University tied the world 4x440v record of 3:04.5; the splits: Bob Johnson 47.4, Tony Gates 46.2, Everett Mason 46.0, Theron Lewis 44.9. Jim Ryun won a torrid mile in a personal best of 3:58.1 (he clashes with Peter Snell this week-end) from John Garrison 3:58.1, Jim Grelle 3:58.2 and Josef Odlozil 3:58.4; Ron Clarke ran his fastest 2 miles of 8:32.0; Ludvik Danek (204'11"/62.22) beat Jay Silvester (201'01"/61.28) in the discus; and Art Walker triple jumped a windy 54'41"/16.57.

TRAVIS WINS SOUTHERN DECATHLON TITLE

DAVE TRAVIS (Surrey AC), at 19 one of Britain's brightest javelin throwing prospects, won the Southern Counties Decathlon Championships at Eton Manor on May 21/22. Travis was 97 points behind Trevor Wood of Southend at the end of the first day but he came through, winning three of the five second-day events. In winning the title Travis set a personal best for the second time this year and the best decathlon total of the year by a U.K. athlete. In addition, his 229'4" javelin throw moved him to second position in this year's U.K. best performers lists, only Colin Smith having thrown further to date.

Herriot Denied U.K. Best

AFTER Maurice Herriott (Sparkhill) had strode through the 2000 metres Steeplechase in what was thought to be a U.K. record, Loughborough College officials found the course to be short by 36 yards. The incident took place in the Loughborough match against the Midlands and the R.A.F. on May 22nd. The error was made doubly galling for Herriott by the fact that the Olympic silver medallist would have had little trouble in covering the remaining 36 yards in less than the 8.6 seconds by which he broke the record. The fact that the error was made at one of Britain's foremost athletic institutions made the affair all the

more deplorable. The water-jump also came in for considerable criticism.

Fowler Wins In Exciting Finish

ROY FOWLER won the inaugural S.B. Crosland "10", at Royton on May 22nd in an exciting finish with Cyril Leigh of Wigan. For the first two miles the field was well bunched. At the three mile mark Richard Head (Sale) and Andrew Reade (Oldham) were out in front but by five miles Cyril Leigh held a 6 sec. lead from Fowler and F. Hargreaves (Oldham), with A. Platt (Bolton) and J. Doyle (N. Staffs) in close attendance.

From the sixth mile onwards it was obvious that the winner would come from the leading group comprising Fowler, Hargreaves, Leigh and J. McLoughlin (Sutton), as they piled on the pressure. With a mile to run W. Cooper (M/r & D) and L. Carroll (Wirral) came into the reckoning but the 31 year-old Fowler proved too experienced and just got home from Cyril Leigh. From the times, it is obvious that the course was less than 10 miles.

1, R. Fowler (North Staffs) 47.04
2, C. Leigh (Wigan) 47.06

Fine Treble by Alsop; 9.9, 25'1³/₄", 51'3"

HORNCHURCH 78, BONN CLUBS 77

FRED ALSOP scored a very good treble for Hornchurch in their match at Hornchurch on May 15th against a combined Bonn Clubs team. Apart from winning the long and triple jumps with very good early season efforts, Alsop scored a fine win in the 100 yards, beating Tempelhoff of Bonn (10.5 clocking for 100 metres this year).

The match result hinged on the final throws in the discus. After 3 rounds Bowen of Hornchurch was second with 123'11" from Lottermoser with 123'6¹/₂". In the fourth round Lottermoser improved to 126'11" but on his fifth effort Bowen regained second place with 127'4¹/₂". Both fouled their final throws, giving Hornchurch the match by one point.

Scientifically designed to meet the requirements of the discerning modern sportsman, Apollo tubular sporting equipment is light, strong, reliable and long-lasting. Time and again club committees have found that Apollo equipment is as valuable to the beginner as it is essential to the expert. This is why more and more leading coaches recommend Apollo.

BOSTON THE CONSISTENT

JACK BARLOW reviews the career of the world record long jumper

WORTHY of a place on almost any list of all-time great field athletes is Ralph Harold Boston, the tall lithe American who gained athletic immortality as the man who finally broke the Jesse Owens stranglehold on long jumping progress. Despite the determined challenge to his supremacy by Russia's outstanding Igor Ter-Ovanesyan and his much debated defeat at last year's Olympic Games by Britain's surprising Lynn Davies, Boston remains undeniably the most consistent horizontal jumper ever known.

Some idea of his clear lead over all of his rivals, both past and present, can be gained from the fact that of the total of 38 marks of 26'6"/8.07 or better achieved up to the middle of May, 1965, Boston—as the following table shows—could claim no fewer than 22.

	27'0" or better	26'6" or better	Total
Boston	7	15	22*
Ter-Ovanesyan	1	7	8+
Bell	0	3	3
Owens	0	1	1
Steele	0	1	1
Roberson	0	1	1
Hopkins	0	1	1
C. Robinson	0	1	1

* Including 1 indoor mark.

+ Including 2 indoor marks

Note:— These figures include only the winning or best mark for each separate meeting.

It was during an Olympic development meet at Walnut, California, on August 12th, 1960 that Ralph Boston achieved the leap which broke the deadlock in long jumping. For 25 long years no one could better the great Jesse Owens' record of 26'8½"/8.13 set at Ann Arbor, Michigan, on May 25th, 1935. Willie Steele had come within 2½" in 1947 and Greg Bell within 1½" in 1957, but Jesse still remained king until that August day nearly five years ago when the then 21-year-old student flashed through his 122ft. run-up, sailed high into the air, and landed 26'11½"/8.21 beyond the take-off board. An athletic epoch had ended and, inevitably, a new one had begun. From that day on, Boston went from strength to strength. Within three weeks he became an Olympic champion in Rome where, significantly, he smashed Owens' 24-year-old Games record of 26'5¼"/8.06 by 2½".

Less than a year later, Boston fulfilled all expectations by becoming the first man to jump more than NINE YARDS. This historic

feat occurred at the famed California Relays at Modesto on May 27th, 1961 in a needle match between Ralph and the man whose final jump at the Rome Olympics had brought him within just one half-inch of Boston's winning leap—Irvin "Bo" Roberson. The champion admitted to competing "somewhat scared" and in consequence exceeded 26ft. in all of his six efforts. The big one came on his fourth attempt and it measured out to the magic figure of 27'0½"/8.24 — and yet another "impossible" barrier had been breached.

Still the high-water mark had not been reached. In July that year Boston chose the all important annual USSR v. USA summit meeting in Moscow to improve the record yet a third time with 27'2"/8.28, with which leap he defeated, for the fourth time, Ter-Ovanesyan. It was this latter who, by dint of sheer unrelenting hard work, was to cause the biggest sensation of all when, in June 1962, he wrested the world mark from his great rival with a brilliant 27'3¼"/8.31 effort and thus became the first "white" record holder since Edward Hamm (USA) who held the figures briefly at 25'11"/7.90 in 1928.

Leads 8-5 against Igor

Of almost identical physical proportions and approximately equal sprinting speed (Igor 10.4 for 100 metres; Ralph 9.6 for 100 yards), these respective champions of the two major athletic powers have to date met 13 times in competition and the score reads: Boston 8 victories; Ter-Ovanesyan, 5. Certainly no praise can be too high for Ter-Ovanesyan's feat in capturing those coveted world figures, but it must be conceded that his overall form since 1962 has not been on a par with that of Boston. Neither man, in fact, bettered 27ft. in 1963, but in 1964 the American ace came back with a bang to regain his rightful place as undisputed world No. 1.

Quickly breaking ground once more beyond the phenomenal nine yard mark, Boston was only ¼" shy of Ter-Ovanesyan's record when winning his speciality at the California Relays in May with 27'2½"/8.29. Later, at the Semi-Final U.S. Olympic Trials in New York in July, he twice surpassed it with leaps of 27'4"/8.33 and 27'5¼"/8.37 but in both efforts he was aided by a following wind. In August at the Carreras Invitation meeting in Kingston, Jamaica, Ralph tantalisingly equalled the world figures on his final jump with 27'3¼"/8.31. Finally, at the vital team-selecting American

Ralph Boston's immediate predecessor as Olympic champion was Greg Bell (USA) here seen winning the title at Melbourne.

Olympic Try-Outs in Los Angeles last September, he pulled out all the stops in achieving a fantastic 27'10 $\frac{1}{4}$ "/8.49 with his first effort, assisted by a 2.6m/sec breeze, followed by an authentic new world record of 27'4 $\frac{1}{4}$ "/8.34 on his third trial when the wind had dropped to a negligible 1.0m/sec.

Even after his disappointing Olympic reversal, when a combination of audacious young talent in the shape of Lynn Davies and adverse weather conditions proved just too much to overcome on that particular day, Boston was able to come back only a few days later in Osaka and avenge himself against the courageous Welsh usurper with a leap which was only $\frac{1}{4}$ " short of 27ft.

To indicate still further the standard of Boston's long jumping exploits since 1960 the following table shows that he had, up to mid-May of 1965, exceeded Owens' former world mark of 26'8 $\frac{1}{4}$ "/8.13 no less than 26 times, counting all his individual jumps:—

27'4 $\frac{1}{4}$ "/8.34	Los Angeles	12.9.64

26'8 $\frac{1}{4}$ "/8.14	New York	3.7.64

In an event which is notorious for its telling effects upon the legs it is remarkable that Boston has been able to branch out in so many other events and produce such personal bests as 13.7 for 120y hurdles, 22.4 for straight 220y hurdles, 6'9"/2.055 in the high jump (7'0"/2.13 in training), 52'1 $\frac{1}{4}$ "/15.89 in the triple jump and 13'8"/4.16 in the pole vault. These performances, of course, can only add further lustre to his famed reputation as the man who not only paved the way beyond the 27ft. long jump, but also—with his "windy" 27'10 $\frac{1}{4}$ "/8.49 effort at Los Angeles last September and his mark of 27'6"/8.38 at Oslo in August 1961 where he fouled by less than an inch—made track fans everywhere look expectantly towards even 28 feet (8.53).

BIRTHDAYS OF THE WEEK

June 6th—John MacIsaac (28), Anita Webb (26), Mel Cheskin (23), Gwenda Matthews (21); June 7th—Lajos Szentgali (33); June 8th—Yuriy Kutyenko (33), Dorothy Window (26), Willie Davenport (22), David Dear (19); June 9th—Al Cantello (34), Beryl Wear (19); June 10th—Konstanty Maksimczyk (51), Vilmos Varju (28), Jim Alder and Mick Neville (25); June 11th—Karl Hein (57), Roland Hardy (39), Alan Paterson (37); June 12th—Mamo Wolde (33), Tommie Smith (21).

AAA RELAY CHAMPIONSHIPS

With the financial aid of "Titbits" magazine, the AAA is organising its first ever Championship Relay meeting at Hurlingham on August 28th. The championship events are 4 x 220, 4 x 880, 4 x 1 mile, mile medley and junior 4 x 110. The 4 x 110 and 4 x 440 events have already been allocated to another meeting but in future years all relays will be staged together.

Entries are expected from clubs all over the country, as the sponsors have agreed to pay up to 50% of travel costs. In addition, an international sprint relay race is being arranged (with Olympic bronze medallists, France, a possible starter). Invitation sprint events and a 3 miles race will also be included in the programme.

Remarkable Jamaican Schoolboy Times

KINGSTON COLLEGE produced a remarkable performance in the 4x440y relay at the Jamaican schools' championships, averaging 48.5 per boy for a time of 3:14.1. Jimmy Grant led off with 49.2, followed by Gerald Ramsay (49.4), Lennox Miller (47.7) and Rupert Hoilette (47.8). A few weeks later, at Philadelphia's famed Penn Relays, Kingston College won the high school relays in 41.9 (41.7 heat) and 3:19.2. Among other results in the Jamaican schools' championships (Kingston, April 8th-10th) were a 9.8/21.9 sprint double by Miller, a 47.9 quarter by Hoilette, a 1:51.6 half by fellow-Olympian Neville Myton, a 48'5½"/14.77 triple jump by George Thomas and a 42.7 sprint relay (behind Kingston College's 42.3) by Camperdown School—whose roll of boys numbers only 130.

Other leading Jamaican marks this year include—100y: Miller 9.7, Alvin Thompson 9.7; 200m: Laurie Kahn 21.4; 220y: Miller 21.3; 400m: Kahn 47.7; 440y: Myton 48.2, Kahn 46.1 relay leg, George Kerr 46.8 relay leg; 880y: Kerr 1:54.7; Mile: Myton 4:21.5; HJ: Trevor Tennant 6'4"/1.93; TJ: Trevor Thomas 49'11"/15.21; DT: Bob Darlow (USA) 160'2"/48.82, Winston Burt 155'10"/47.50 (rec); women's 100y: Angela Walters 11.1, Una Morris 11.1; 100m: Carmen Smith 12.0w; 200m: Morris 24.1, Smith 24.3; LJ: Beverley Welsh 19'7"/5.97; SP/DT: Joan Gordon 37'0¼"/11.29 (rec) and 120'2"/36.63 (rec).

In Trinidad, W. Stone has run 200m in 21.4 and Thora Best 100m in 11.8w and 200m in 24.2.

A GUIDE TO THROWING

by Don Anthony

PART FIFTEEN:

STRAWS IN THE WIND

A PART from the four well known throwing events in athletics there are other 'off beat' throwing sports. At Stroud in Gloucestershire, for example, "brick throwing" is part of the town's annual show. One year, 8,000 people were on hand to see Frank Meadows throw a brick 108'9". An eccentric competition took place in the USA to discover how many times an ice cube could be thrown to and fro before it melted!

Even in the 'serious' events there have been many comical situations caused by erring missiles. The electricity supply of a Midlands town has been cut off by an off course hammer; the big drum of a band at the Oxford v. Cambridge meeting once suffered a direct hit. At the Festival of Britain in 1951 a demonstrator tossed his missile out of the arena into a crowded thoroughfare; luckily passers by escaped but the implement hit a bicycle on the cross-bar and brought saddle and handlebars into immediate and close proximity!

Javelins have nipped the lobes of ears quite frequently; officials have been pinned to the ground by their raincoats and on one occasion a luckless photographer was pierced through the calf of the leg. Needless to say his colleagues rushed to his aid *after* clicking their shutters for the scoop of the day! A National Coach has been struck on the ear by a rebellious discus; a lady official has been seen hopping about the White City after a skidding discus had rapped her shin; a rotund coach was once spied fleeing across his meadow pursued by a cloud of bees who had been made homeless by his brass hammer. Despite the comical element in these (true) stories the line between tragedy and comedy was very thin. Throwers should never take chances; even where control has been good there have been fatal accidents. Always be meticulous in matters of safety.

One of the greatest problems facing the thrower is—where to practise? In hammer throwing this is often an insurmountable problem with the event barred from the stadium. In 1955 Mr. Percy Porter was prosecuted by the London County Council under the terms of an ancient bye-law. It was said that he "did wantonly project in a public place, a missile, to wit a metal ball on a four foot wire".

Throwing events *are* dangerous but if all training tracks had a coaching organiser, rather than a 'groundsman' devoted to keeping people off his lawns, the problem is a simple one of timing and administration.

Most throwers have a love and appreciation of all other athletic events; many of them graduated from the sprints after increasing weight slowed their horizontal momentum! Their appreciation of a skilled throwing event teaches them to understand excellence in the other athletic movements. They are always to be seen cheering on their running colleagues.

Because of the struggle field events have had to establish themselves, a number of specialist clubs have grown up during the last decade. These clubs, all well established now, organise get-togethers, circulate the latest technical information, and try to popularise their event.

Officials' invaluable service

There are many fine officials in the throwing events; they turn out from week to week, year to year. They are abused by throwers whom they "no throw", made to leap for their lives should they be inattentive. Throwers argue with them, question their judgment and intelligence, and give them dirty looks in moments of adversity. At the end of the battle, however, they thank them and sincerely acknowledge the invaluable service which they give to the sport.

In the throwing competitions a man works against himself. Rarely does he enjoy the mass support of a multitude of breathless mortals all poised for the final effort. There is no 'man against man' battle of the track. He performs, more often than not, against a background of chaos, of hurdles being moved, of runners surging past at critical moments in the technique, and of announcers reminding spectators of coming events. Only rarely is he singled out for special treatment.

Sport can introduce excitement into a humdrum life. Sport is rich with colour and passion, with anxiety and imagination. Throwing is one aspect of this world of sport. This series has been dedicated to all those who throw, who want to throw, and enjoy watching throwing. With apologies for the corruption, it is a testament of faith and a tribute to those who know that "A fling of beauty is a joy for ever".

(concluded).

NEXT WEEK

Next week's features include an article on Dallas Long and a UK Women's "Top 10".

RANDY'S BEST OUTSIDE TEXAS

IT was a let-down for the big boy and for those fans who expect weekly miracles, but Randy Matson's 67'11"/20.70 in winning a lacklustre Coliseum Relays shot put (Los Angeles, May 14th) exceeded Dallas Long's listed world record and was the best mark yet made outside of his home state of Texas. The usually classy meet was hurt by the absence of club athletes (due to the AAU-NCAA "war") and a wholesale flock of withdrawals, and only 18,451 fans, third lowest in the meet's history, were on hand for the USTFF sanctioned promotion.

The nearly unsullied record book was altered by Gerry Lindgren, who sprinted the last lap in 58.5 to run 8:39.0 for 2 miles and lower the national freshman mark for the second week in a row. Best race of the night was the 4 x 880y relay, won by Villanova with the same team and time as last year when its 7:19.0 equalled the world record. Irishman Noel Carroll anchored in 1:49.4, sufficient to keep his team ahead of Southern California, for whom Dennis Carr ran 1:47.3.

Bill Cornell finished second in the mile in 4:05.0, just a tenth slower than John Jackson's UK best for the year. Another Briton in the USA, Mal Robinson, recently clocked 8:53.4 for 2 miles. Mike Hauck won the Heptagonals 220y title in 22.1.

National high school records have been tumbling frequently this season. The new marks include:—220y (turn) in 20.6 by Clyde Glosson (into a 3.6m/sec wind along the straight!); mile in 3:58.3 by Jim Ryun; 120y hurdles (39") in 13.5 by Richmond Flowers, Jr. (17); 16'6 1/4"/5.05 vault by Paul Wilson; 25' 4 1/4"/7.74 long jump by Rafer's nephew, Johnny

Johnson; 49'5"/15.06 triple jump by Bob Beamon; 209'9"/63.93 hammer (12lb) by Dick Narcessian; 232'9"/70.94 javelin by Foss Miller; 4 x 110y in 41.2 by Port Neches-Groves High School (Texas) and 4 x 880y in 7:42.9 by Wichita East High School (Kansas).

Hohne Breaks Records

CHRISTOPH HOHNE, the 24-year-old East German who placed 6th in the Tokyo 50km walk in 4:17:41.6, set new track walking records of 4:02:32.0 for 30 miles and 4:10:51.8 for 50km at Potsdam last month. The listed records stand to the credit of Abdon Pamich (Italy) at 4:04:56.8 and 4:14:02.4 respectively. Grigoriy Klimov (USSR) has marks of 4:00:46.8 and 4:09:56.4 awaiting ratification from last September but in view of Klimov's record of international disqualifications these seem unlikely to be approved.

Hohne's intermediate times included 25:26.6 at 5km, 50:31.0 at 10km, 1:40:59 at 20km, 2:05:58 at 25km, 2:56:17 at 35km and 3:46:12 at 45km. Place times were Sakowski 4:22:00 and Leuschke 4:27:04.

Hohne, a Berliner who was born on February 12th, 1941, stands 5'7" and weighs 137lb, has been walking seriously since 1957 when he covered 1500m in 6:42.4. He moved up to 20km in 1960, clocking 1:34:56.2, and in 1962 he made his debut over 50km (4:28:14.6) and placed 4th in the European Championships in 4:29:37.8. He recorded road times of 1:32:26

and 4:10:46.8 in 1963, 1:30:27 and 4:12:49.2 in 1964.

The Polish teenagers Irena Kirszenstein and Ewa Klobukowska made a brilliant start to the season in Warsaw on May 15th. Irena clocked her fastest ever 100m of 11.4, whilst Ewa sliced no less than 1.3 sec. from her previous best 200m in returning 23.2, only a tenth outside Irena's European record.

Race Walking

By L. W. WOODCOCK

JUDGING: The RWA Committee has taken a decision which will no doubt lead to many hours of discussion when members of the walking fraternity get together, whether it be in the dressing rooms between active walkers or when officials get together over a glass of beer after club meetings and races.

Over the past twelve years there has been a large increase in the number of opportunities for international competition for our walkers. These events are always promoted under IAAF Rules; the walkers have felt it wrong that they have to compete under two sets of Rules and they have made several approaches to RWA officials. It is also true that we are the only country in the World that does not now operate the IAAF system which seems to operate quite well abroad.

On the other hand many experienced officials have felt that the strength of our walking has been due in a large measure to the strength of our judging and that our judges are respected not only by our own walkers but also abroad. The frequent appointment of a British judge to act as a Chief Judge in International competition proves this.

The changes now proposed relate to the altering of the RWA (and AAA) Definition of Walking to the IAAF Rule No. 44, paras 1 and 2 and the International system of judging. The RWA Southern Area Judges Sub-Committee recommendations were approved by the RWA National Judges Sub-Committee and later by the RWA General Committee and are as follows:—

A. That this Committee is in sympathy with and recommend that our Rule of Walking should be the same as the IAAF Rule No. 44, paras 1 and 2, subject to the agreement by a majority from the General Meeting of Clubs and not before a period of 12 months has elapsed from the same meeting.

B. That this Committee is in sympathy with and recommend that we amend our own machinery of Walking Judges to make possible multiple decisions before disqualifications of any one walker in any competition under the jurisdiction of the RWA, subject to a majority from the General Meeting of Clubs and not before a period of 12 months has elapsed from the same meeting.

The first change is intended to lead to the abolition of the "bent knee" walker and is expected to make walking look more like walking. The second change means that two judges will have to be in agreement before any disqualification and only the Chief Judge will disqualify a competitor.

These resolutions will be included in the agenda of the RWA Annual General Meeting

in September and obviously such important changes in our sport will be much discussed and should ensure that we have a well attended meeting and a lively discussion.

Track Events: Junior Walkers are reminded that the AAA Junior Championships will be held at Hurlingham, London on Saturday, August 7th and the One Mile Track Walk is scheduled for 4.25 p.m. Entries close Monday, 11th July and must be sent to the Hon. Secretary of the AAA Area in which the competitor resides. Entry Fee: 3/-. The Southern Counties AAA are promoting a track meeting at the Crystal Palace in conjunction with the CCPR on 17th August and the programme will include a 2 miles track walk with awards. Entry Fee: 2/6d. Entries should be sent to the Hon. Secretary, SCAAA, 26 Park Crescent, London, W.1. The RWA hope that this event will be well supported. The England v. Czechoslovakia match on Monday, August 30th will include a 20 Kms Walk and, like last year's French match, will be held in the morning, probably at Battersea Park and on the track. Opportunity will be given to our "Lugano Cup" team to compete as guest walkers.

Today's Events: Saturday/Monday. CAU Inter Counties Championships at White City —2 and 7 miles. Monday: Open 2 Miles Lichfield Bower Sports Meeting. Bradford Open 50 Kms incorporating RWA Northern Championship. Tuesday: Sheffield "Star" Open Novices Walk. Open 2 Miles scratch Sheffield Sports Meeting, Hillsborough Park.
