Race Walking

By L. W. WOODCOCK

CHANNEL Islands: A visit by a leading RWA Coach is being arranged for Jersey and Guernsey. For many years the local Clubs have promoted walking events and whilst their numbers may be considered small by mainland standards, there is no doubting their enthusiasm and hospitality.

Another foreign entry for RWA 50 Kms?: Following entries from Japan and America for the RWA 50 Kms. Championship at Enfield on 20th June, an enquiry has come in from France asking for details for their walker, Belin. This French walker finished third last year in the France v. G.B. IAAF Lugano Cup Zone match at Challes-les-eaux. Interest in our event by foreign walkers is most gratifying and gives added interest in this Olympic year.

Today's Big Event: Walton Athletic Club, in conjunction with the R.W.A. and R.R.C., are promoting a Two Hours Track Walk at the local track at Stompond Lane (Start: 10.30 a.m.). Invitations were sent out to all our leading walkers and the following sixteen have accepted:—G. J. Brown (Woodford Gn.), G. Chaplin (Coventry), R. A. Clark (Poly), K. Easlea (Enfield), J. Edgington (Coventry), G. Goodair (Wakefield), R. Hart (Roath & RAF), J. F. Knifton (Belgrave), K. J. Matthews (R. Sutton), P. McCullagh (Met. & Australia), D. Read (Steining), P. W. Selby (Surrey WC), J. C. Stancer (Sheffield), A. Thomson and D. J. Thompson (both Met.) and C. Young (Essex Bgls.). Everything is set for a most interesting event and with Ken Matthews in the field anything could happen. The only notable absentee will be Paul Nihill who has a previous engagement to walk in Eire.

The 2M. County Walking Championships are included under "Senior County Championships".

AGREEMENT AT LAST

A T last agreement has been reached on age qualifying dates and full details will be published next week, together with information on the institution of club relay records which are being introduced to stimulate interest in relay racing at club level.

The A.A.A. are to be congratulated on falling into line with the schools on the age groups, which will make for uniformity all round. The changes will not, of course, take place until 1965. The club relay records are also a sound idea, though I cannot see why, in the medley relay, only those performances where the race has been run in a certain order should be considered. But it is a good move which will be welcomed by the clubs.

OUR extra four pages this week have enabled us to clear a large number of results which had been held over from the Whitsun period. Within the next week or so we shall be right up-to-date and, except in a few extremely heavy weeks, will be able to include all important results in the following Saturday's issue, providing they are received on the Monday. All the senior county results arriving in time have been included this week, and though we have given preference to other outstanding results over the county junior and youth results, all these will be included next week, together with the few senior results which came in as we were going to press, those of Cheshire, Devon, Northants and Herts—in which Mike Wiggs set the best mile performance of the year, 4m. 1.3 sec.

Incidentally, will readers please note that in cases where place performances are not given, we have published all the information we have been able to obtain. Not only did we specifically ask in "A.W." for place performances, but when sending out our special forms to all counties, we always ask for these details. Maybe in some of these counties they don't time or record more than a winner's performance, I would not profess to know, but in these days when the performances of at least six finalists are considered essential, both from the athlete's point of view and also for the benefit of those who put in so much time compiling ranking lists, it is difficult to understand why only one performance is taken or obtainable.

To-day's events include Gt. Britain v. Benelux at Ghent; AAA v. Comb. Services v. Cdr. Collins' Team at Weymouth; Essex Champs. (Part 2) at Southend; Kent Champs. at Eltham; Staffs. v. Middlesex v. Eastern Cties. at Smethwick; Northern Decathlon and Jnr. Pentathlon at Doncaster; Battlebridge Trophy Meeting at Redhill; Lady Trefgarne Trophy at Victoria Park; Bath "15"; Stevenage "10"; Herne Hill "10" (from Crystal Palace); the Northern Women's Champs. at Blackburn; and the Southern Women's Champs. at Chiswick. Results of all these will be included next week if received on Monday. On Sunday Woodford Green compete in an international meeting in Berlin.

BACKWARD JUMPING

Dear Sir,

Mr. Stowe's letter prompts me to lift a veil on a little-known and rarely discussed period of British athletics history, the time of the "Lancashire jumpers", running from around 1880 to 1910. These professional jumpers, though by no means confined to Lancashire, centred round that area and specialised in unusual jumping feats, usually for wagers of large sums of money.

The best backward jump recorded was 12' 11" (1891) by Darby of Dudley, a distance almost a foot in excess of the present world amateur standing long jump best performance. Darby also had a mark of 21' 4" (no date) for two backward jumps and Colquitt (St. Helen's) a mark of 32' 4" (1899) for three backward jumps. The permutation of these jumps was infinite, and almost every one of these jumpers was a "world record holder" at some event or other, be it "Two stand forward spring jumps" or "stand, hop one, stride one, cross one, stride and jump (half single)!"

These jumpers gained much of their regular income from feats in music halls, jumping over chairs and tables, on and off people's faces and in and out of baskets of eggs. Another oft-quoted feat (well-documented, but unexplained) was that of jumping across canals, lightly touching the water in the middle before taking a "second spring" to the other side.

One of the problems, apart from slope, wind conditions, etc., in evaluating even the more standard events of this era is the fact that many of the feats were accomplished with the aid of weights. The canal jumps were probably made possible by weights, although the timing must have been rather fine!

In the more standard events, there are several notable performances, notably a 12' 1½" standing long jump by Darby, who also cleared 6' 0" in a standing high jump in 1892. Tom Burrows, in a £250 a side match cleared 48' 8" in a triple jump in 1884.

The "Lancashire jumpers" era died, as did many other things, with World War I, although a few of the old-time jumpers were still jumping on the music hall stages of the "twenties". I have used many of these "odd" events on courses with some of our top long and triple jumpers, but none of our athletes have succeeded in beating the "records" of the old-time jumpers. For anyone who wishes to attempt these events, the following marks may be of interest:—

4 hops and jump 72' 3" F. Alsop
72' 0" D. McBeth
3 hops, 2 steps and jump (30' run) 84' 0"
D. McBeth.
6 steps and jump (30' run) 81' 0" D. McBeth.
Yours sincerely,
Tom McNab

Dear Sir,

I was much interested in Mr. N. D. Stowe's letter about backward jumping and would much like to learn further details of A. Calvert from him. (5 Grange Close, Heston, Middx.)

I have always thought that backward jumping was the prerogative of the professional circus and music hall jumper. Tracing the evolution of backward jumping, I find W. Booth leaped 12' 2" about 1870, which was extended to 12' 11" by Joseph Darby at Haden Hill Park, 14th September, 1891. It appears that Mr. Darby used weights as he did in his record standing forward jump of 14' 9" (8lb. dumbbells) of 19th September, 1890; without artificial aid this remarkable jumper had a standing forward jump of 12' 1½".

Charlie Matthews claims to have jumped 13' 0" backwards in 1904; I have seen a photograph of him posing for this leap; he jumped from a chair and cleared an object 13' 0" distant, but as the height of the object is unknown to me the jump may not be as worthy as it sounds.

On the 25th August, 1910, we hear of another feat of backward jumping, this time by an American, R. P. Williams, at 13' 3", venue New London, Connecticut. Williams, a professional, is also credited with other fine performances, among them being a 24' 6" long jump in 1905; only the amateurs O'Connor 24' 11½", Prinstein 24' 7¼" and Newburn 24' 6¼" having jumped further at that time. He also managed a 10' 3" high kick. Best on record?

Other notable pro. backward jumpers have been 30 year old Tom Colquitt who averaged 11' 8" for two jumps 1907; J. Wynford 11' 4" average for two jumps 1906; W. Brophy 10' 4½" for three jumps 1895 and Jock Higgins 10' 3¼" for two jumps 1894. All these men hailed from Lancashire.

The best amateur backward jump known to me, and without the aid of weights, is Ray Ewry's 9' 5" made in the first decade of this century. Finally, I don't advise athletes taking up this obscure event as I nearly did myself a mischief when I tried it.

Yours in athletics,
Dave Terry

ALL QUALIFIED

Dear Sir,

A recent article in a London evening newspaper criticised officials of the London Athletic Club with regard to certain aspects of the London v. New York meeting due to be held at Crystal Palace on 17th June.

The article was headed "London A.C. snubs Davies" and went on to state . . . "Lynn Davies—Britain's only male field athlete of world stature—is already being overlooked . . . did L.A.C. officials think of inviting the Commonwealth record holder? Oh, no."

It further states "Apparently L.A.C. does not want too many 'outsiders' in this inter-club fixture. Yet Robbie Brightwell (Birchfield) competes in the match."

Through the courtesy of your columns I would like to clarify the position.

Firstly, what was originally an inter-club fixture has become inter-city owing to New York A.C. being unable to travel on the date arranged.

Secondly, as soon as possible after Lynn's record long jump at White City, I was in touch with Arthur Gold regarding the possibility of Lynn competing as a guest at Crystal Palace.

Thirdly, as regards Robbie Brightwell, this correspondent appears completely out of touch with current happenings otherwise he would have known that Robbie has lived in the

Greater London area for some time, is a teacher at Tiffin School, Kingston, and is now a member of Surrey Athletic Club. His qualifying record is therefore quite satisfactory.

Officials of L.A.C. are, as always, moving with the times. Perhaps the correspondent concerned might try to do the same?

I might add, Sir, that I telephoned this correspondent the morning after the article appeared and informed him of the position as stated above. He promised to publish something on the lines of what I had told him. I am still waiting to see it.

Every member of the London Team, which will include more than twenty internationals, has a birth, club, or residential qualifying record for London.

Yours faithfully,

Fred Miles,
Team Manager, L.A.C.

ANY SUGGESTIONS?

Dear Sir,

The Lancaster and Morecambe College of Further Education A.C. are contemplating organising an athletics meeting in either late August or September, on their new track which has facilities for all events except hammer and steeplechase.

I should be pleased if your readers could suggest the type of meeting we could promote which will attract both athletes and spectators, in an area where athletics is not a major sport.

What would the athletes want at this time of year? One thinks of an Inter-Club Trophy Meeting with the well-known clubs competing, or a relays meeting, and possibly a competition promoted by the Kangaroo Club. Would the A.A.A. be interested in using the meeting prior to the Olympic Games?

I invite any of your readers to write to me with any helpful suggestions.

Yours faithfully,

D. R. Kay
Chairman, Lancashire and Morecambe
College of Further Education A.C.,
"Isca," Westover Avenue, Warton, Nr.
Carnforth, Lancs.

CORRECTION

Dear Sir,

With reference to your report of the "Welsh 10 Mile Walk", I would like to point out that I am NOT studying Divinity at St. David's College, Lampeter. I am in fact studying for a B.A. Degree at that College. It seems to be a generally accepted view that Lampeter is principally a theological college. This is not so: I would like to do at least something to correct this wrong impression.

Yours sincerely,

S. Lightman

RADFORD STARS IN VANCOUVER TROPHY

PETER RADFORD was the star of the 10th annual Vancouver Trophy at Woodford Bridge on May 23rd. He made full use of the wind in the 100 metres in winning in a time that equalled the Olympic qualifying standard of 10.4. Second, a tenth behind was fast improving Pat Morrison (Ilford). Radford's win in the 200m was more decisive, recording 21.5 into the wind to beat Morrison by half a second.

SAM FERRIS APPEAL FUND

We are now considering the Fund closed at the total of £1,240 9s. 8d., though any further donations received in the meantime will be added to this very generous response from readers and others who have subscribed far more than we had ever anticipated. I know Sam would wish me to add the thanks of his family and himself—they have been quite overwhelmed not just by the response financially, but by the vast number of former friends and colleagues, and others who even Sam has never met, who wrote so warmly to him and have given him so much inspiration and encouragement for the future.

Harold Abrahams and Vic Fowle will be helping to decide the best way in which the money subscribed can be allocated and details will be published at a later date.

Further donations are acknowledged from:—Len Butler (3rd donation); J. I. Evans; G. L. Rampling; D. Eyles; Brentwood A.C.; L. E. Piper; J. W. Hibbs; Herne Hill H. (further donation); R.A.F. Anon; Eric Gibbett; J. C. Moore; Derby & Cty. A.C.

SPECIAL OFFER

Remember that until July 1st we are accepting subscriptions at the old rate of 49s. 8d. (12 months), for direct home subscribers (or 62s. 10d. all others).

From July 1st the normal subscription rate will be 75s. 10d., with special rate of £3 for direct home subscribers.

GEOFF WINCHESTER WINS I.O.W. MARATHON

ONCE again Ryde Harriers were efficient and generous in their presentation of the 8th Annual Marathon race sponsored by the Portsmouth "Evening News" on May 23rd. At the start of the race the weather was bright and warm but, an hour later low cloud contributed to a high degree of humidity which squeezed out the honest sweat and had the runners calling on their reserve corpuscles much too soon.

It looked as if this might be Butcher's day when Ted showed 56.47 for 10 miles. John Edwards was 12 seconds down and was "feeling the knife"—if you see what I mean! Clayton (57.29) was going strongly now and Sly (57.45) was feeling the pinch. Little Geoff Winchester (57.53) looked good—but he always does—with Dave Smythe was a companion.

Edwards won this marathon last year in 2:28.52 and you can feel assured that this little tough Bristolian would put up a great fight to hold what he had. Sure enough John shook off his rough time and was up in the lead with Butcher at 15 miles in 1:26.22. Clayton and Smythe had their eyes focused on the team award and were "boxing cleverly" as they passed together in 1:28.16. Winchester was there too, but he had no designs on anything or anyone.

Between 15 and 20 miles it was a "sticky wicket" where only the fittest could hope to survive yet only a few gave up before the 20 miles check; take a quick run over and visualise the effort involved—Edwards (1:56.12), Butcher (1:56.30), Winchester (1:57.55), Smythe (1:58.53), Clayton (1:59.25), Moore (1:59.53).

At 23 miles Edwards had a severe attack of cramp brought about by a mild attack of hay fever—an Edwards gremlin—and in stepped Geoff Winchester (the Surrey 20 miles champion)—to take over from John and record a very popular win. Geoff is a likeable little fellow, who always turns in a top-grade performance whatever the opposition or weather conditions may be.

KEOUGH TAKES KENT "20"

Humidity K.O.'s Many Runners

IT wasn't Keough who KO'd them in the 26th annual Kent "20", and most of the runners agreed that it was more the humidity than the heat that caused the 73 starters to dwindle to 35 who completed the full 20 miles—which, with 212 yards lopped off, was the exact distance.

The first lap (5M) saw Bill Bird in the lead in 27.34, then a bunch of eleven in 27.50. At 10 miles, despite a second lap of 27.24, Bird had his lead cut by 4 sec. as Keough clocked 55.10, with Hunn 55.23, Derham 55.41, Rigby 56.23 and Dellar 56.27.

It was between 10 and 15 miles that 24 runners retired. At three-quarter distance Bird was joined by Keough in 83.10. Derham had moved to third, then came Hunn 85.38, Dellar 86.16, Lang 86.43, Gaskin 88.00, Shave 89.51 and Ward 90.15.

Forty-one runners passed the 15 mile post and at the finish Keough appeared looking outwardly fresh and over 2 mins. ahead of Derham who had now put Bird into third place.

1. M. Keough (Eton Manor) ... 1h.51m.59s.
2. J. Derham (Herne Hill) 1h.54m.06s.
3. W. P. Bird (Ranelagh H.) ... 1h.55m.19s.

SURREY CHAMPIONSHIPS **At Wimbledon Park, May 23rd**

A strong wind (25.7 mph was recorded in the junior LJ) hindered competitors. In the 440 Jenny Smart, drawn on the outside, went really hard and held off a late challenge from Carole Mitchell whose 58.2 was a personal best. Brenda Bedford set championship bests in both shot and discus, but only one competitor took part in the senior high jump.

The final of the Surrey Women's 100 Yards Championship at Wimbledon Park. The winner was Jill Hall (Mitcham) on the far side, in 11.3 sec., from Jenny Taylor (Mitcham) in the centre, and Debbie Turner (Selsonia) No. 8.

YORKSHIRE CHAMPIONSHIPS

At Castleford, May 23rd

A crowd of nearly 2,000 watched, but a strong wind slowed sprinters and hurdlers and spoilt most of the track times. Dorothy Hyman and Allison Leggett took the track honours, the latter with an inches victory over Pam Piercy who was nursing an injured leg and unable to defend her 440 title. Madeline Ibbotson competed only in the 440 on the advice of her coach. Iona Mackinnon added nearly 8ft. to her previous Ch. B.P. in the discus.

100: 1, D. Hyman (Hickleton) 11.1; 2, S. Parkin (Sheffield UH) 11.2; 3, G. Wood (Roth'm) 11.6. **220:** 1, Hyman 25.0 (CBP); 2, Parkin 25.6; 3, Wood 26.3. **440:** 1, S. Bessant (Hull A) 60.0; 2, M. Terry Rooke Makes It Three In A Row

**DARLINGTON TO BARNARD CASTLE
16½M. ROAD RACE**

MAY 16th

BY winning the Darlington to Barnard Castle road race on Whit-Saturday, Terry Rooke (Middlesbrough and C) made it three consecutive wins. His victory also helped his club to win the A. J. Taylor Trophy for the third time, although not in successive years.

Thirty-seven runners set off at a pace to suit the very warm conditions.

By the time the Baydale Beck had been reached, a bunch of seven, consisting of Rooke, Britland (Hallamshire), Marshall (Rotherham), Lupton (Burn Road), Sugden (Pontefract and C), Makin (Hull) and Parr (Bolton) had detached themselves from the remainder. During the next 3 miles Terry made his usual effort at this stage and by the time he had reached the 5 mile check he had established a lead of 17 seconds. The times at this point were:—Rooke 25.31, Britland 25.48, Lupton 25.50, Marshall 25.54, Sugden 26.02, Parr 26.25, Makin 26.25. In the team race at this stage, with two to count and decided on aggregate time, Bolton were in the lead with 53.14, followed by Hull 53.20, Hallamshire 53.40 and Middlesbrough 54.43.

At Gainford, 8 miles, Rooke's nearest rivals appeared to be keeping the gap static. But with their arrival at the notorious Winston Bank the story took on a different complexion. At this point, 10 miles, it could be seen that Rooke had maintained his pace while his rivals had wilted and he was timed through in 52.07. Sugden, who had moved up, came through next in 53.35, and was followed by Marshall 53.40, Britland 53.59, Lupton 54.49, Parr 55.07, and Makin 55.08.

With 10 miles past, the team race took on a new and exciting turn. Middlesbrough's second counter, J. E. Thompson, had moved up 6 places, while both Britland and Makin had succumbed to the heat. Even so, Bolton still led Middlesbrough by 1min. 48secs., with Gosforth now 3rd, some 2mins. 18secs. behind them.

On to Barnard Castle, and as we waited, consternation was spread through the Middlesbrough camp when it was announced that the leader had cramp. The alarm was soon dispelled, however, when some four minutes later Terry Rooke came storming in to a tumultuous welcome from the awaiting crowd, and to a victor's kiss from the Barnard Castle Meet Queen. Incidentally I am told that he kept the fair lady waiting, while he had a quick wash down and donned a clean vest—undoubtedly a veteran of this part of the race.

His time of 1:28.49 was a personal best and

78 seconds outside Jack Haslam's record. Terry Sugden, also second last year, followed him home, with Alan Marshall and John Parr finishing 3rd and 4th. Meanwhile, in the team race Jim Thompson had improved his position to give Middlesbrough the team race with an advantage of 1min. 42secs. over Bolton.

1. T. Rooke (Middlesbrough)	88.49
2. J. Sugden (Pontefract)	90.42
3. A. Marshall (Rotherham)	92.30
4. T. Parr (Bolton) 93.11; 5. W. Ramage (Gosforth) 94.19; 6. A. Leitch (Gateshead) 96.15; 7. K. Lupton (Burn Rd) 96.17; 8. A. Collinson (Hull H) 96.20; 9. R. Holliday (Pont) 96.21; 10. F. Eccleston (Darl) 97.10; 11. F. Valentine (Bol) 97.26; 12. E. Foley (Bol) 99.47; 13. A. Hazel (Hallam) 99.56; 14. J. Hawes (Heaton) 100.05; 15. J. Thompson (Middlesbrough) 100.06; 16. R. POSSIBLE BOYCOTT OF OLYMPICS

REGRETTABLE though it may be, the proposed Arab boycott of the Olympic Games—unless Indonesia competes—will not have much effect, if any, on track and field medals or standards at Tokyo.

At Rome in 1960 only Rhadi (Morocco) got a place in the first six in any event, and it is very unlikely that any athlete from the 13 countries involved would do as well this time.

There are no athletes from Iraq, Jordan, Kuwait, Libya, Lebanon, Saudi Arabia, Sudan, Syria or Yemen who are anywhere near to achieving even the qualifying marks.

Of the others, Algeria has some good distance men and Ali Brakchi (LJ—25'11½") but little else, while Tunisia's Chemman (800m—1:51.0) and Gamoudi (5km—14:07.4) are well above the average. Morocco has been building up quite a strong team, relatively, and have a shot putter in America over 56'0". Zouakki (400mH—52.4), Bouchaib (100m—10.4) and a couple of marathon men would probably make up its Tokyo entry.

Egypt has the best national team in the area but only Teymourlenk (LJ—25'4½") could be expected to show up well in Olympic competition.

WORLD Athletics

THE happiest athlete in all America right now must be our old friend, Buddy Edelen. He alone is already entitled to pack his bags for Tokyo—the result of an astonishing display of running in the American AAU marathon championship at Yonkers, in New York State, on May 24th.

This was a vitally important race for Buddy. Naturally an athlete of his calibre does not look favourably on defeat in any race but this event was one which Buddy had been working up to for four years. He dearly wanted to represent his native country in the Olympics and only by winning the Yonkers test could he ensure a place in the team. The AAU had stipulated that the winner would be automatically selected, but the other two marathon representatives would be picked from the Culver City race in California in July. It was only through the YMCA in his home town of Sioux Falls, South Dakota, that Buddy was able to run at Yonkers (they raised his fare) and a return visit to the West Coast was out of the question.

Buddy confessed to me later that he was rather apprehensive about the possible outcome, especially in view of the great heat, but he need not have worried. Rarely can a high-class marathon race have been won by a margin of TWENTY MINUTES!

On paper, Buddy's winning time of 2:24:25.6 sounds neither here nor there. In fact this performance must be rated at least on a par with his record shattering Poly run of 2:14:28 for the 91°F heat and high humidity must surely have added ten minutes to his time. Out of a field of about 100, only 37 made the finish before the four-hour time limit . . . a mere five broke three hours. Such highly rated runners as Hal Higdon, Norm Higgins, Alex Breckenridge and Gordon McKenzie were forced to drop out en route, whilst consistent Johnny Kelley—who was overhauled at 22 miles by 44-year-old Adolf Gruber, of Austria—wound up third in a time that was 20 minutes slower than his norm.

The first 10 miles were, in the words of the winner, "ridiculously slow" — about 55 minutes. Buddy moved ahead at this point and by 20 miles was four minutes ahead of Higgins (an Igloi pupil), 1:48 to 1:52, with Higdon (slowed to a walk) just ahead of Kelley another six minutes back. Buddy said he was

suffering from 18 miles onwards, but it was not noticeable to spectators. He poured it on all the way to cross the line while Gruber and Kelley were still battling at 23 miles! It was a particularly gratifying success, for in less than 2½ hours he won an Olympic berth, scored his first American championship victory, proved to sceptical newsmen that he is as good as his reputation and proved to himself that he can acquit himself well in hot weather—previously a chink in his armour. Buddy does not want to be saddled with the tag of Olympic favourite, but if he will persist in running like this what can he expect?

Leading finishers: Buddy Edelen 2:24:25.6, Adolf Gruber (Austria) 2:44:11.4, John Kelley 2:44:46.4, Harold Harris 2:58:28, Anthony Sapienza 2:59:03, Abe Fornes 3:01:42.

KHOSI TWICE UNDER 1:49 FOR HALF MILE

ALTHOUGH the "European" athletics season in South Africa ended with the Durban meet as previously reported, the "non-whites" have carried on. Humphrey Khosi (25), who created history on April 25th by becoming the first "non-European" to break a South African record (1:48.9 for 880y), improved another fifth of a second on May 9th with 1:48.7, with Benoni Malaka clocking 1:49.9 for second place on the national all-time list.

A 20-year-old Rhodesian, Matthew Kanda, won the marathon at this meet in 2:29:26.6. Eleven athletes beat three hours.

April 19th, Welkom. 880y: Khosi 1:50.8.

April 25th, Johannesburg. 880y: Khosi 1:48.9 (51.8 at 440y), Malaka 1:50.5, Lesupi 1:51.2.

May 9th, Pretoria. (SA "non-white" championships) 100y: Mazibuko 9.9; 440y: Khosi 47.8; 880y: Khosi 1:48.7, Malaka 1:49.9, Hlomani 1:50.4 (440y time: 52.4); 3M: Mngqibisa 14:22.8; LJ: Senomali 23'2½"/7.08; HJ: Mququ 6'1¼"/1.87; DT: Nonyane 135'7"/41.33; JT: Gibson 204'5½"/62.32.

Soviet Shot Record Broken By Lipsnis

VIKTOR LIPSNIS set a new Soviet shot record of 63'1"/19.23 at Leselidze (Georgia) on May 16th, the best in Europe this year and an improvement of 7 1/4" (19cm) on the previous record he established on May 2nd. Boris Georgiyev placed 2nd at 60'1 1/4"/18.33. The Leselidze meet brought together many of the USSR's leading Olympic candidates and despite cold and rainy weather excellent performances were recorded in most events.

Irina Press, now completely recovered from her severe injury, won the hurdles in 10.6 to equal the national record. Fellow pentathletes Galina Bystrova (10.8) and Olga Kardas (10.9) followed her home. Tass News Agency reports that "Mary Rand's recent record in the pentathlon alerted Soviet sportswomen and they have stepped up their preparations for the forthcoming competitions.

Veteran Galina Popova took the 100m in a speedy 11.4, with Renate Latse 2nd in the same time and Maria Itkina 3rd in 11.5. Tamara Press was defeated in both her specialties; her conqueror in the shot was 1952 Olympic champion Galina Zybina who exceeded 17 metres for the first time in her long career: 55'10 1/2"/17.03!

Valeriy Brumel made his first appearance of the season and though he cleared 7'0 1/2"/2.15 he won only on the countback over Andrej Khmarskiy. Robert Shavlakadze (31) was 3rd at 6'10 1/4"/2.10.

STRONG AUSTRALIAN TEAM NAMED

THE Australian selectors have released the names of 31—19 men and 12 women—chosen to compete in the Tokyo Olympics. It is the largest athletics team ever to represent Australia abroad and is considerably stronger than the 1960 squad which gained one gold, one bronze and two silver medals. In Tokyo Australia could win three gold, three silver and perhaps as many as 11 bronze medals.

Bernie Cecins reports

Gold medal prospects are Pam Kilborn (80 mH), Dixie Willis (800m) and Ron Clarke (10,000m). Likely silver medallists, to our mind, are Margaret Burvill (200m), Michele Mason (HJ) and Alby Thomas (5,000m). The list of potential bronze medal winners includes the three relay teams, Clarke (5,000m), Tony Sneazwell (HJ), Trevor Vincent (3,000mST), Ian Tomlinson (TJ), Joyce Bennett (200m), Betty Cuthbert (400m), Helen Frith (LJ) and Robin Woodhouse (HJ).

The team, with best 1963/4 season marks in brackets, is—**Eric Bigby**, 200m and 4x100m (9.6y, 21.0y); **Tony Blue**, 800m (1:49.1y); **Graham Boase**, TJ (53'3"/16.23); **Ron Clarke**, 5,000m and 10,000m (13:41.6, 28:15.6); **Tony Cook**, 5,000m and 10,000m (13:51.2, 28:22.8 6M); **Bill Earle**, 100m and 4x100m (9.5y); **Gary Eddy**, 400m and 4x400m (47.3y); **Gary Holdsworth**, 100m, 200m and 4x100m (10.4, 20.9); **Gary Knoke**, 400mH and 4x400m (51.0 and 47.5y); **Bob Lay**, 100m, 200m and 4x100m (10.3, 20.8); **Lawrie Peckham**, HJ (6'10"/2.08); **Ken Roche**, 400mH and 4x400m (50.9y, 46.5); **Mick Ryan**, 400mH (50.9y); **Warwick Selvey**, SP and DT (56'8 1/2"/17.29, 186'9 1/2"/56.93); **Tony Sneazwell**, HJ (7'2 3/8"/2.20); **Peter Vassella**, 400m and 4x400m (47.0y); **Trevor Vincent**, 3,000mST (8:39.0); **Alby Thomas**, 1,500m and 5,000m (3:58.3 1M, 13:20.4 3M); **Ian Tomlinson**, LJ and TJ (25'3 3/4"/7.71, 53'3"/16.23); **Judith Amore**, 400m (54.3y); **Joyce Bennett**, 100m, 200m and 4x100m (10.7y, 23.4y); **Marilyn Black**, 200m and 4x100m (10.5y, 23.7y); **Diane Bowering**, 100m and 4x100m (10.5y); **Margaret Burvill**, 100m, 200m and 4x100m (10.5y, 22.9y); **Betty Cuthbert**, 400m (53.8); **Helen Frith**, LJ and Pen (20'9"/6.32, 47.67); **Pam Kilborn**, 80 mH and LJ (10.6, 20'3"/6.17); **Michele Mason-Brown**, HJ (5'10 1/2"/1.79); **Anna Pazera**, JT (170'3 1/2"/51.91); **Dixie Willis**, 800m (2:08.9y); **Robin Woodhouse**, HJ (5'9"/1.75). Two athletes—a walker and a marathon runner—are to be added later; probably Dave Power and Noel Freeman. Team captains are Ron Clarke and Helen Frith.

Late season results:—

Pam Kilborn and Ron Clarke will run in Zurich and Berne on June 24th and 26th, and early in July in Berlin and Cologne. Ken Roche, assisting his father on a longish business trip will also be seen in Europe this summer. A Nigerian team of 15 will train for six weeks prior to Tokyo with the Australian team at Narrabeen (Sydney) and will take part in several warm-up meets. Athletes from New Zealand, Jamaica and Trinidad also are expected to spend the last few weeks at the Narrabeen Camp and to compete on a brand new all-weather track.

RON CLARKE

**World Record Holder
for 6 Miles & 10,000m**

By DICK BANK

Ron Clarke (right) suffers a rare defeat at the hands of Bill Baillie.

Please describe your running career from the start until 1956:

At school, both primary and secondary, I was always athletic champion of my particular age group, although looking back, this was more due to my advantage in size than ability to sprint. These events that I won were without exception running events. Even with my size I could not excel at jumping or throwing. This did not even whet my appetite for running as, at the same time, I captained the school football and cricket teams and did not doubt that I would follow my father and brother into football. In secondary school I was also undefeated in cross-country running—this I really enjoyed. All these sports culminated in one outstanding afternoon during my final year at school (1954) when I won my age group events of 220, 440, 880 and 1 mile during a 2½ hour spell, breaking school records in the two longer events.

A good friend at the school, Gerry Tickle, who had an excellent knack of being able to persuade almost anyone to do anything, talked me into running with his athletic club of a Saturday afternoon instead of playing cricket. I was still not very keen on running and, to this point, had never trained for athletics but because I liked the success that I was having I agreed to compete—much to my father's disappointment. Becoming a world champion never entered my thoughts at any stage, but competing each Saturday would obviously help my football.

The first year I captured the Victorian Junior 1 mile record and title, still without a day's training. I entertained the belief that I may have had a bad style and that, if I trained, it would become impossible to alter my style. I played football again that winter and, first event next year, broke my record whilst defeating the Victorian 880 champion, Len McRae, in a mile event. This I was most excited about as it was not until much later that I realised he could not run the mile at all well. I continued for the next two or three Saturdays to shave the mile record and add the Victorian 880 Junior time to my list.

Then, that Christmas, I entered for two events in the country about 300 miles from Melbourne. The first was at Kerang and was organised by Ray Weinberg, the 120 yards hurdles finalist at Helsinki. As I was not licensed to drive (still under 18) I accepted a lift in a car driven by Neil Robbins, just back from representing Australia in the 6 miles at Vancouver. Other passengers were Neil's father and Bryce MacKay (an Australian marathon representative at Vancouver). As we drove they talked about the Games and training and, when I discussed my theories that I would not set foot on the training track until I found someone who would take an interest in me and who knew how to train, they volunteered to help me. At Kerang I met another of their friends, Ian Ormsby, who was one of Australia's leading middle distance men but, more importantly, was one of the most astute en-

thusiasts on athletics in the country. It was he who devised my first ever training session on the Sunday after I ran my race at Kerang. As I remember it consisted of 10 x 220 with a 110 yard jog interval. He ran some of them with me but had been suffering from an injury and did not complete the session. Next day we competed at Bendigo where I was defeated by the then leading junior in Australia, Doug Henderson. At this stage, around January 10th, 1955, I was still 17.

When I returned to Melbourne, Neil continued to train with me about twice a week as I received notification that I would be allowed to run in the Australian Junior Championships provided I could find the fare to get across. A veteran of about seven training sessions I ventured forth and came across our main rivals, two teenagers from Perth—Barry Tregenza (their 880 yard champion) and 16-year-old Herb Elliott (their Mile Champion). The mile was run on the Saturday in blistering heat (103° F. in the shade). I jumped the field in the third lap and gained around a 15 yard break on Herb but he caught me in the bottom of the straight and fought me off to win up the straight in 4:20.8 to my 4:20.9 (the fastest runs for both of us). On the windy Monday, Herb defeated Doug Henderson in the 880 by inches with about a 7 yard gap to me. After this I trained with Neil Robbins and had the satisfaction of defeating him (he wasn't very fit) and gaining my first Australian record 9:17.0 for two miles. The first important one anyhow because, in between those two events, the aforementioned Bryce MacKay secured my first athletic invitation to compete at Bathurst, N.S.W. and I broke the Australian Junior 3,000m. record.

Out of order a little but, when I returned from that Kerang trip, Ian Ormsby had contacted his best friend who, even though he was just leaving for a holiday, found the time to jot down a few notes on his training for my information if I was interested. That letter, which ran into about nine pages, is still one of my most treasured possessions and the writer remains my "man on a pedestal" . . . John Landy. After that season I played football again and gained a little weight.

Franz Stampfl arrived in Australia about August, 1955 and Neil Robbins, who was training hard and who took me out for some training sessions, went and discussed training with Franz . . . and was most impressed. So he then decided that I should also be trained by Franz. At that time I weighed 187lb. (I had always run at about 175lb. up to that period). My first race that year I ran badly but, placed on a diet by Franz, I improved rapidly till on Boxing Day, 1955 I finally broke that Australian Junior mile record. This was the first time that I had trained every day. I then went after every Junior record in the book over 440 yards and achieved my ambition by

February, 1956. It was Franz and his interval training that taught me pace judgment and how to train consistently. Franz's personality kept me in the business. At that time there was a great deal of personal animosity between Cerutti and Stampfl which mainly emanated from Percy but I was out of it until I received a bitter and attacking letter late in 1956. There was no rivalry until Herb returned to running and, by that time, I was not able to train every day because I was courting my present wife, taking accountancy examinations, working, and having fun. Athletics was important but days missed from training to take Helen out to dinner and dancing, etc., didn't seem that important.

Were you hopeful of making the Olympic team in 1956?

I never expected to make the team, never considered it a possibility. I didn't realise until February, 1957, that I may have stood a chance.

Why did you fade away from the track scene in 1957?

In 1957 I realised I had to get a career going. I was married in 1959, saving hard and just hadn't the incentive to sacrifice. Interval training had killed my love of running.

What were your objectives when you started your comeback?

When I came back in 1961 I went for long runs, which were very enjoyable. I didn't have any aim; I just wanted to train all winter and see I how would run. I thought I might win an Australian title in my third year but I certainly wasn't thinking of Empire or Olympic titles.

Are you coached by anyone now?

I am completely self-coached though I sometimes talk things over with Les Perry, John Landy and Neil Robbins. But I have never been coached by anyone else since Stampfl.

Were you surprised by your second place in the Empire 3 miles?

Yes. I expected to beat Tulloh only after having run against him the previous week but beforehand I did not expect to place in the first three. Halberg I knew was a certainty.

What is your favourite event?

Anything from one mile up. I like cross-country, track, road and indoor board racing. Probably the most satisfying is the marathon, though I don't like it much.

Which performance has pleased you most?

The one hour run (12M 22y), my first Australian record, in July, 1962. This was the first time I thought I had a chance at the Empire Games and the first mark that I thought was of world class.

Have you suffered any great disappointment?

No. I have a rather pessimistic attitude. I don't look for any laurels or great times, so

I've never been disappointed.

Did you expect to break the world 10,000m record?

When I worked out a schedule I thought I had a chance to break the 6 miles record. During the race I was waiting for it to hurt, and it didn't hurt as much as I expected. When it did hurt badly I was so far ahead of schedule that I knew I was on a good run and it gave me the incentive. After a few hours I had this depressed feeling (as also after the Empire Games) that the whole thing was over.

Have your performances in the last year brought you fame?

The average man in the street in Melbourne knows me as the Olympic torch bearer and as Jack Clarke's brother. Jack has achieved far more fame in Melbourne than I have.

What are your plans this year?

I shall be in full training in preparation for Tokyo. I will go for the marathon as well as the 10,000—and perhaps even the 5,000. Not that I want to emulate Zatopek (I think that's impossible), but I hope Lady Luck will favour me in one. (Ed: Ron has since been nominated for the 5,000 and 10,000).

How much longer will you race?

I hope to compete about four or five years. I have no specific targets in terms of times or

titles—I just want to improve gradually.

How important is the sport to you?

Athletics is not very important to me: It's a means of recreation. I could give it up completely to-morrow without worry. But I would continue training. That's what I like about athletics so much . . . the feeling of well-being. I think I would prefer to have been a good footballer, because it's a team sport. Athletics has one drawback in that the people you are most friendly with are usually the ones you are competing against.

Do you have any hobbies?

I play golf and squash. I read a lot, have a family and a lot of work to do. That keeps me going pretty well!

Would you describe your training?

I warm up about 35 minutes before the event: jogging, sometimes a stride out. I don't keep a training diary, I run as I feel. Sometimes I cover 10-12 miles, sometimes 17—it depends. I don't worry about any particular mileage in a week. I like one long run by myself each week, and running up and down hills one night a week or so. I don't think weight training is of any help, though I don't think it's of any hindrance as long as it doesn't take the place of actual running training. I do some weight training in the gym and exercises at night time.

Best in the field for ALL sports!

European Discus Record BALZER EQUALS HURDLES MARK

A SERIOUS challenger to American supremacy in the discus has arisen in the person of Ludvik Danek, of Czechoslovakia. Last season he occupied fifth place in the world list with 200'0½"/60.97; now he has smashed the European record and leapt to second best of all-time with a toss of 204'10½"/62.45. This fine throw came at Vyskov on May 10th, his series on that occasion being 176'4"/53.75, 195'3"/59.52, 172'4½"/52.54, 202'5"/61.70, 204'10½"/62.45, 198'11½"/60.65.

It was Danek's fourth competition of the year. Previously he had thrown 194'5"/59.26 on April 24th, 197'0"/60.05 on May 2nd and 199'5½"/60.80 on May 8th—each time at Brno.

Born at Horice on January 6th, 1937, Danek is 6'4"/1.93 tall and weighs 227lb./103kg. His coach is Jan Vrabec, a 173'3½"/52.82 performer himself in 1955. Danek's annual progress reads: 1956—140'0"/42.68, 1957—150'0"/45.72, 1959—141'10"/43.23, 1960—165'3½"/50.38, 1961—168'10½"/51.47, 1962—185'8"/56.59, 1963—200'0½"/60.97, 1964—204'10½"/62.45. His best with the shot is 49'5½"/15.07 (1963).

The world record of 10.5 for 80m hurdles, shared by Gisela Birkemeyer (E. Germany)

Welsh Notes

By Bernard Baldwin

THE Glam. A.A.A. Champs., held on two successive Saturdays this year, were much better as a result. It was good to see so many relay teams taking part—a fair indication of clubs' strength. The weather was kind on both occasions, and much more conducive to good athletics. Quite obviously there is a lot of substitution of athletes going on — officials stumbled across many instance this year.

Liz. Gill scored a convincing double in the Women's 100 and 220, soundly beating her rival Liz. Parsons on both occasions. Liz. Parsons seemed very tense and not in form yet, while the Barry girl was a very relaxed runner and finished full of running. Brian Coles, of Birchgrove Harriers, a pupil at Cathays High School, Cardiff, won the Junior Men's 100 and 220 in very impressive style.

On Whit-Monday Brian sprang a surprise in the R.R.C. (Wales) road meeting at Pencoed when he beat Kamoru Agboola, of Herne Hill, in the final of the Men's 100 in 9.9. Agboola was first away but was only a shadow of his former self in this event. The meeting was held up for 15 minutes waiting for the arrival of 18 sprinters. They were eventually found sitting on the wall of a house at the start of the 4 miles!

Ken Flowers looked good in the 4 miles, and he won in 20.25, beating Brian Davies, of Swansea Harriers by 10 seconds. John Collins of Pontypool A.C. was third in 20.43. Port Talbot H. (19) won the team race from Newport H. (32) and Neath H. (50). The events were sponsored by Pencoed British Legion Club.

Welsh National Coach Ron Pickering, is the new comper of the T.W.W. programme Sports Preview. Ron succeeds Danny Blanchflower.

In the period July 12-25, a group of Coventry Godiva athletes will be holidaying near the Merthyr Mawr Sandhills. Arthur Williams is arranging a Road Relay on the Aberavon Promenade, Port Talbot, on Wednesday, July 15th, and hopes to find a donor of Cup and Plaques for the winners. Entries would be welcomed from all Welsh or English clubs. Write to Arthur Williams, at 13, Hafod St., Port Talbot, Glam.

June 27: Welsh A.A.A. and Open Marathon, Port Talbot, 2 p.m.

July 4: Welsh Youths' and Boys' Champs., Bargoed Stadium, 2 p.m.

NORTHERN TRACK "6"

A strong wind spoilt any chance of a very fast time at Castleford on May 23rd, but Mike Freary set a fast pace, going through the first mile in 4:39.6. Hill and Ibbotson were the only runners to stay with him and when Ibbotson retired after 2½ miles it was a two-man race until 4½ miles when Hill took the lead and quickened the pace to win by more than 100 yards. 1, R. Hill (Bolton) 28:35.8; 2, M. W. Freary (Bolton) 28:52.4; 3, K. Stewart (Airedale) 29:24.6; 4, J. T. Sugden (Pont. and C.) 3:15.8; 5, A. Ward (M/r and DLC) 30:28.0; 6, J. C. Haslam (Bolton) 30:54.0.

WOMEN WALKERS ABROAD

The Swedish Race Walking Association have invited two women walkers to travel to Malmo for a match against Sweden and Denmark over 5,000 metres on the track. A trial was held in Birmingham on May 24th to select the two girls to go, and as a result Mrs. Judy Farr (Trowbridge), who won in 27:39.6, and Mrs. Audrey Hackett (Harborne HLS), who was 2nd in 28.20, will make the journey. Mrs. Joyce Heah (Birchfield) 3rd, in 28.28 is non-travelling reserve. Others to finish were: M. Billingsley (Harborne) 28.41, P. Horwill (Stourbridge) 29.38, N. Blaine (Birchfield) 29.54, G. Winters (Harborne) 31.17, J. Montgomery (Harborne) 31.30.

Slough A.C. require home fixtures on June 13, July 18, Aug. 15, and away fixtures June 27, July 25, Aug. 8th (all Saturdays). Write to Dennis Daly, 48 Court Cres., Slough Bucks.

EUROPEAN DISCUS RECORD continued

and Australian Betty Moore, was tied by Karin Balzer (née Richert), of E. Germany, in Leipzig on May 23rd. Frau Balzer, 26 on June 5th, was silver medallist at the last European Championships. At the same meet she is reported to have run 200m in 23.4 and totalled 4,790 points in the pentathlon. Her other best marks include 11.6 for 100m, 55.1 for 400m and 20'24"/6.15 LJ.

BRITISH ATHLETES ABROAD

Mary Rand came close to her UK long jump record with a leap of 21'0 $\frac{1}{2}$ "/6.42 at Hagen (W. Germany) last Sunday. Madeleine Cobb (11.8) and Janet Simpson (11.9) were 2nd and 3rd in the 100m; and young Maureen Tranter (24.1) placed 2nd in the 200m—ahead of European champion Jutta Heine. Ann Packer won the 400m in 55.3 at Amsterdam the same day. Peter Keeling made a disappointing American debut at Modesto on May 23rd, finishing 7th out of 8 in 4:14.5 in a mile race won by Dyrol Burleson in 4:00.2. Full details of this meet next week.

"BURTOFT" TROPHY MEETING

Victory Stadium, Portsmouth, May 23rd

WITH 3 wins, 2 seconds and a fighting relay anchor leg, Deirdre Watkinson (Gosport) dominated the afternoon's activities. Her runaway "quarter" victory in 58.7; coming after four strenuous trials in less than two hours, was a praiseworthy effort—she will be a serious contender for the Southern Championship.

Wendy Thomas (Hove) set new Ground and Trophy Records and showed a new-found and pleasing consistency with her first ever series to average over 140 feet (134'0 $\frac{1}{2}$ "; 142'5 $\frac{1}{2}$ "; 138'11"; 140'8 $\frac{1}{2}$ "; F; 144'7 $\frac{1}{2}$ "). Incidentally, more girls took part in this event than in any other on the programme—surely an unprecedented occurrence in Britain.
