## INTER-COUNTY CHAMPIONSHIPS

THE first really major meeting of the season is provided by the British Games, sponsored by the *News of the World* and incorporating the Inter-County Championships, at the White City, London, this week-end.

With so many showing top form early in the season, and many of the up and coming younger athletes challenging for places, this should be one of the most interesting meetings in this series for years. There is also the usual list of Whitsun meetings too numerous to mention here.

It would seem that I was a little too optimistic a few weeks ago when suggesting that we should be able to include *all* important results in the following Saturday's issue. Since then we have been inundated with results with the inevitable result that a number, including the Chichester-Portsmouth "16" and Vancouver Trophy meeting, have had to be held over until next week. We wish to avoid this in future and would ask everyone sending copy for publication to keep their report accompanying the results to a minimum. Furthermore, with so many large inter-club meetings now being held—the number is increasing all the time—it is obvious that we shall have to either keep results of some of these meetings to three per event except where performances warrant more, or merely summarise the smaller inter-club fixtures. Readers' views would be appreciated—a p.c. will suffice.

**Odds & Ends.** Bob Sparks points out, quite rightly, that I was wrong last week in stating that the Boys would be using a larger javelin this year — only Juniors and Youths are affected . . . Len Gebbett asks me to point out that Pat Brian, 5 Lancaster Court, West Norwood, London, S.E.27, is the Secretary of the N.U.T.S., not Charles Elliott, as has been printed in several publications . . . Event Secretaries, particularly in the North, are asked to note that in these enlightened days place performances are essential; we are still getting winners' performances only, even where placed men could qualify for ranking lists, and this just is not good enough today — so your co-operation would be appreciated . . . In reply to a Preston reader, the reason we have not given further details of the Preston C.C. Relay is because the extra information received was not what we asked for (particularly individuals and times in placed teams) and we did not consider the further details warranted publication . . . Attention of West Country athletes is drawn to their own area Championship Meeting at Devonport on June 17th. Few, if any West Country meetings include such a range of open field events. THE EDITOR

## ARE JUNIOR EVENTS "OPEN"

Dear Sir,

I believe that the A.A.A. definition of a Novice is a person who at the time of competition has never won a prize in an Open Competition for the same type of event.

I also understand that County Championships are classed as Open Competitions, but are Junior County Championships, which are confined to the 17 to 19 years age group, also classed as Open Competitions?

I believe that an Open Competition has to be open to all athletes who have reached the age of 18 years.

If a Junior County Championship is considered to be an Open Competition, then it would seem possible for a 17 yrs. old Junior to win the race and remain a novice and an 18 yrs. old Junior to finish behind him and lose his novice status. On these grounds, I should imagine that a Junior race cannot be considered to be an Open Competition. Do you agree?

Yours sincerely,

Vic Fowle

## WOMEN'S PENTATHLON

Dear Sir,

I have made it a practice when in disagreement with authority to try to settle such difference by private correspondence. I disagree with the W.A.A.A. in their decision of 1959, that, "when the pentathlon is completed on one day, the 200 metres race shall be the second event to be contested. Last year I wrote to some ladies in authority and also discussed with others the order of events, suggesting that it would appear to be reasonable for this exhausting run against the clock to be the last event of the competition. This suggestion may have been discussed in committee but on this point I have no information. Having failed to get action on what I consider

to be a sensible suggestion, may I try an alternative approach?

The purpose of this letter is to ask those women's clubs who may be in agreement with me on this point, to press the W.A.A.A. to rescind their 1959 decision and to lay down that the 200 metres shall be the last event when the pentathlon is held on one day.

As a matter of interest, on Saturday, 6th May, at Welwyn Garden City the programme gave the 200m. as the last event in the pentathlon. However, the referee decided to alter the order of events to comply with the ruling of the W.A.A.A.

Yours sincerely,

Fred Housden

## BOOK REVIEW

**British Best Performances of All Time**, compiled by the N.U.T.S. 5s. (post free) from A. Huxtable, 78 Toynbee Road, London, S.W.20. This comprehensive compilation contains, to quote from the foreword by Harold Abrahams, "Britain's athletic V.I.P.s". It is the first time a complete collection of U.K. best performances (men and women) has been published; marks are fully detailed with placing in event, meeting, venue and date. Relays are included complete with team composition. A supplement bringing the depth for the great 1960 Olympic season to 50 men's and 30 women's marks is published separately at 1s. (post free).

## DON THOMPSON NATIONAL 20 MILES WINNER

**A**FTER second place to Tom Misson at Amber Court in 1959 and second place to Stan Vickers at Gomersal (Yorks.) last year DON THOMPSON scored his first National win at 20 miles in the 42nd Annual R.W.A. Championship at Chiswick. Don, of course, has been undisputed winner over the longer distances for some years, but it is a great tribute to him that after hammering out the stayers' races for a long period, he is now fast enough at the distance of 20 miles to beat the best.

I expected a time of 2h. 40m. but the day turned out very warm indeed and 2h. 44m. 49s. was extremely good under the circumstances. Excellent performances were put up by the next three men to finish: 2nd John Edgington (Godiva H.) 2:48.58; 3rd Ray Middleton (Belgrave) 2:51.12; 4th Bill Fogg (Enfield and Met. Police) 2:52.18, and these were all personal bests. Former winners Eric Hall (Belgrave and Lol Allen (Sheffield) were 6th and 7th, close up, but they lacked that training necessary to fight for a place, although they both tried hard and used their experience to the best advantage. Bob Clark (Poly) was a tired fifth after challenging Thompson for the first ten miles, while Arthur Thomson (Met) had an unhappy time in the sun and retired well before the end.

Thompson, Clark, Allen and Easlea were the leaders, passing the stadium gates at one mile, but Easlea gave way to Fogg and Hall soon after. The East German quartet were tucked away rather unobtrusive at this stage. By halfway Thompson had the measure of Clark, and although Middleton and Edgington were moving through very nicely it looked as though Thompson would have the second half on his own. Then, quite suddenly, Hannes Koch of East Germany moved up into the reckoning and by the twelve miles point it was clear that he was gaining fast on Thompson and must soon catch him unless he himself slackened. Before 15 miles the battle was joined, with the muscular build and gymnastic-like action of the German in direct contrast to that of Thompson — and of most of our walkers, who looked very angular in comparison. Then Koch was ruled out, which eased the tension for Thompson, but as the German refused to stop his disqualification was unknown to most present who thought

the fight was still on. In any case Thompson pulled away over the last three miles, which was a good thing, because the German continued on into the stadium half a lap behind Thompson as though still in the race.

Altogether it was not a happy visit for the East Germans, for Lefanczik was also ruled out and Hadrych retired leaving Horst Astroth as their only finisher. He walked in very good style indeed to finish 8th in 2h. 54m. 47s.

The Team Championship, as in the 10 Miles a few weeks back, proved another very close affair with Sheffield United H. coming out on top by only one point from Belgrave, the holders, with Leicester, who were first club to finish four men, third only another six points away. Sheffield had Allen and Albert Johnson of their old team to lead the new youngsters Ray Ibbotson and Ken Woodward and they just got home. But there was little margin for error for Sheffield's next two men had been declared as individuals and their fifth scorer was in the sixties. So Sheffield went home to prepare for the 50km. in their home town in mid-June, and a possible treble.

Belgrave kept the 8 to score Nijmegen Shield which is some consolation for the fact that they have been unable to get out their strongest team in any of the big races this year so far.

The facilities afforded by the Polytechnic Harriers and the Trustees of the Stadium were much appreciated by all at Chiswick on Saturday and the course, confined by reason of main roads to a five miles zig-zag circuit, much pleasanter than expected by most.

# LOUGHBOROUGH COLLS. 143, WOODFORD GREEN 125, ARMY 123

Loughborough, May 6th

ON the newly laid track at Ashby Road, Stadium, heavy rain deadened the surface and a gusty wind favoured sprinters, high hurdlers and jumpers. David Jones was followed home in an assisted 9.6 100 yards by namesakes Berwyn (Lough) 9.7 and colleague Ron, 9.8. Tony Jones overhauled Mike Fleet in the last 30 yards to gain an impressive 880 win for the Army in 1:53.7 and Ben Grubb ran well to take the steeplechase despite a heavy fall. Best of the field events was Eric Cleaver's discus throw of 163'0".

# VALERIY BRUMEL

## —COSMIC JUMPER

by

**G. KONOVALYUK**

Soviet Sports Commentator

THE U.S. press called Valeriy Brumel, outstanding Soviet athlete, a "cosmic jumper" after his spectacular performance in the United States, and not without reason. He met the 20-year-old John Thomas, the American Negro high-jumper, three times in Madison Square Garden, and beat him each time.

The crowd rose to their feet to cheer the Soviet athlete when he sailed over the bar set at 7'3" in his initial appearance at Madison Square. Brumel went on to take the U.S. indoor title with a jump of 7'2", and wound up his tour by clearing 7'3½". The best results achieved by Thomas were 7'1", 7'0" and 6'10", respectively.

Valeriy Brumel celebrated his 19th birthday on April 14. He was born in Tolbuzino, a village in Siberia, where his parents were geologists and the family moved frequently from place to place.

Valeriy was 10 years old when his father went to Lugansk, a big industrial centre in the Ukraine. Soon after entering the Secondary School at Lugansk, Valeriy took up volleyball, football and athletics.

Pyotr Shein, a coach of the local Avangard Club's junior track and field section, spotted Brumel one day when

the lad was practising the high jump and offered to coach him.

Thanks to Valeriy's physique and hard work and to Shein's method of training, the boy cleared 6'4½" in 1958 and established a U.S.S.R. junior record of 6'7½" the following year. (Valeriy is 6'0½" tall).

Brumel had a very busy time last year. He crammed for his entrance exams at the Moscow Physical Culture Institute and trained for the Olympic Games. He came through both tests with flying colours. He passed his exams, took part in several pre-Olympic meets with great success, won a berth on the U.S.S.R. Olympic squad, and racked up a new U.S.S.R. and European record (7'1½") in the high jump in a Moscow meet shortly before leaving for Rome.

After winning a silver medal in the Eternal City, Brumel continued his attack on the record. He raised it to 7'1½" in Odessa (indoors), 7'2¼" in Lugansk, 7'2½" in Uzhgorod, and finally, to 7'4½" in Leningrad.

# TONY TOWL WINS SOUTHERN "20"

By SAM FERRIS

ON Cup Final Day, 6th May, it was not surprising to find that all roads led to Wembley; my interests, however, led me about 20 miles along the Brighton road to Redhill where I hoped to find a practical setting necessary for the event quoted in my diary as "The Southern Counties A.A.A. & Southern County A.A.A. 20 Miles Road Running Championships", venue, Battlebridge Track, Redhill.

Eager anticipation can eventually cause disappointment but years of experience had taught me that anything in connection with athletics bearing a Surrey label would be the acme of perfection. It was no surprise, therefore, to find a retinue of top-grade A.A.A. officials impartial to the calls of Wembley—although I did have a faint suspicion that someone was "transistorised"!

It was a pleasure to meet Herbert Bignall, now President of Surrey A.A.A., and with a personal interest in this event, inasmuch as the individual trophy for the winner of the Surrey title was named the "Nora & Stella" Cup and presented to the County by the proud Herbert in honour of the birth of his twins—now grown up and married. Herbert was one of my greatest rivals in our frolicsome period of youth—road running incidentally!

Fifty-four road runners—all grades—completed the efficient picture as they set about negotiating the first mile of a really testing course consisting of four laps, one of 4 miles 104 yards and three of 5 miles 552 yards, making up a 20 miles course, which, I am assured, is as near accuracy as anyone can vouch.

As holder of the Surrey title Tony Towl, the diminutive and stylish Herne Hill boy, was eager to get another "nick" on this handsome trophy. Devastating in his approach to front running, Tony tackled the long steep gradient, which established the first mile of the course, as if he was anxious to get into orbit. It took Tony six minutes to smooth out this first mile but what a punishing six minutes! Gerry McIntyre was the only one daring enough to follow Tony and I feel that Gerry paid dearly for such early pace because he did not seem to have the punch that I normally associate with this Irish international. Admitted he held on to second place but Gerry is a tough 'un to get by, whether on his feet or knees.

To balance that climb there just had to be some means of getting down to sea level

and Tony's feet scarcely touched the ground as he glided on to the third mile where half-a-minute separated him from McIntyre. Gerry was equal distance in front of Shave and Butcher who had just discarded the company of Honney, Winchester and Apps. On to 5 miles where I gave Towl a generous 25.30 with McIntyre exactly a minute in arrears. Almost another minute up and along came a bunch of half-a-dozen—Honney, Winchester, Butcher, Shave, Pawsey and Apps. Heavy rain and wind soon split up this little party but before 10 miles three of them—Honney, Winchester and Shave—were still on friendly terms and happy with their time (53.50) at that stage. Of course, Tony Towl and Gerry McIntyre had already passed this way—Tony in 50.30 and Gerry in 52.00. Butcher was clocking 54.10, Apps 55.00 and Turner 55.30 to take the next three placings.

Tony Towl was sticking to his task regardless and passed the 15 miles mark in 1:16.30, almost half-a-mile ahead of McIntyre who had an equal "couldn't care less" distance in front of Shave and Winchester. I fully expected these two old pals to see the lot through together but had a big surprise when, only a mile from home, Brian suddenly folded up and urged Geoff to "go it alone." Meanwhile Tony Towl, with his continuous relaxed running, can be congratulated on a superb performance, more so when one realises that Tony has been dogged persistently by a foot fracture which hinders concentrated training so necessary if one wants to compete frequently in the top class. Something tells me "Tony'll shake 'em one day." Hearty congrats too for Gerry McIntyre who frequently turns in this kind of performance with little apparent effort. "Burra Salaams" to those happy band of officials who stood over two-and-a-half hours in one spot and attended to 38 braves who finished the course.

## WELSH NOTES by Bernard Baldwin

**T**ROEDYRHIW Boys' Club near Merthyr staged some road races on the Thursday evening of May 4th. There was an amazing break in the downpour, which had lasted all day, and a good crowd turned out to watch in the dry. Ken Flowers beat Adrian Aylett in the Open 4 Miles (both Hereford L.I.) with George Matthiudis of Newport H. third. My school's team, Mill Street Secondary, Pontypridd, won the Boys' 1½ Miles, with our best boy Brian Perry showing good form in chasing the winner S. Aylett of Gilwern home. The Marshall brothers of Merthyr A.C., Eric and Alan, made a good job of the organisation, especially the marking of the course.

The South Wales Track League, which has had a checkered existence, since its inception 7 years ago, proved to be a sound organisation last year. I saw 150 athletes competing in one match at Maindy Stadium last season — a rare sight in these parts. The first of this season's matches was held at Maindy on Monday last and another four have been planned: 16th May, at Newport. 25th May, at Bargoed Park. 12th June, at Mountain Ash Rec. 20th June, at Maindy Stadium, Cardiff. Secretary Alf Jensen of Roath Harriers, can always be contacted at Maindy Stadium, or at 47 Lower Cathedral Road, Cardiff. Road Runners' Club (Glam), who are promoting the match in Mountain Ash on 12th June are providing prizes valued at half a guinea for each final winner, as a small incentive.

Cardiff Training College will have Peter Radford in their team this year. Peter clocked 9.6 at Maindy a fortnight ago.

An Open Pole Vault is the only athletics event on the Pontypridd Council's "All Events" programme this year. It is to be held in the evening of 24th June, and will be followed by the TAFF STREET DASH, an Invitation 100 yards along the most congested street in Wales, Taff Street, Pontypridd. R.R.C. (Glam) promote both these events.

Details from R.R.C. Sec., Picton Villa, Mountain Ash, Glam.

**Talking of Pole-vaulters** — Morton Evans was selected to represent the A.A.A. in the match with London University on 17th May. Although Morton has elected to compete in the Southern rather than the Welsh Championships this year, it will be the first time he has foregone the home event, and he will obviously still be considered by Wales. He clears 12ft. regularly nowadays.

### GLAMORGANSHIRE CHAMPIONSHIPS Bargoed, May 13th

# GEOFF HODGSON WINS THREE PEAKS FELL RACE

**D**ESPITE poor weather, 64 of the 87 entrants lined up for the Three Peaks Fell Race promoted by Cayton-le-Moors H. on April 30th, over 22 miles of rough moorland involving the ascent and descent of over 4,000 ft.

Soon after the start I. Watson (Macclesfield) took the lead and at the summit of Ingleborough (2,373ft.) was 50 yards ahead of the field. At the 8 mile check point D. Hodgson (St. Marks) had almost caught the leader, and J. West (Clayton) was another 100 yards back, just ahead of a bunch including record holder F. Dawson (Salford).

At the summit of Pen-y-ghent (2,273ft.) Watson still led from D. Hodgson and G. Garnett (Bingley) with the main bunch a minute behind, but the steep climb was taking its toll and Watson retired shortly afterwards. By Ribbleshead (17 miles) D. Hodgson was in the lead with R. Hill (M/r Univ.) running strongly in second place and G. Hodgson third, just ahead of Heaton, Dawson, Booth, Ellis and Bradshaw. Spectators were unable to follow the ascent of Whernside (2,419ft.) closely due to mist on the summit, but the large crowd at the finish saw G. Hodgson emerge as the winner, finishing in fine style almost 3 mins. ahead of D. Hodgson.

This year's event was sponsored by *The Daily Mirror* who presented a team trophy, won appropriately enough by Clayton H., the organisers, with last year's winners, Bingley, second. Fifteen gained 1st class standards.

## BUDD TIES SPRINT RECORD

OLYMPIC 100 metres finalist, Frank Budd (USA), equalled the 100 yards world record of 9.3 at Villanova, Pennsylvania, on May 6th. He later ran a straight 220 yards in 20.2, only a fifth slower than Dave Sime's world mark. Budd, the A.A.U. indoor 60 yards champion, was timed in 9.2, 9.3 and 9.4, with a reserve watch showing 9.2. Budd, a Negro, was born in Long Branch, New Jersey, on September 20th, 1939. A former polio victim, he stands 5'9½" and weighs 170 lbs.

Unhappy sprint news is that Armin Hary—the fastest, and most controversial, speedster of them all—may race no more. The Olympic champion has stated that, as a result of an injury to his left knee sustained in a car crash last November, he has retired from competition. He said doctors had forbidden him to train for several months. Only recently, Hary (whose suspension was lifted on May 7th) said he would compete in Frankfurt at the end of May.

Some quotes concerning Dennis Johnson's starting technique (as published in "Track & Field News," Los Altos, Calif.): **Chuck Coker**, Occidental College coach: "He creeps up slowly to the set position after the others are up and waiting. It's not legal and he should be disqualified—or taught a lesson with a few fast guns." **Cordner Nelson**, "Track & Field News" Editor: "He appears to be only an average starter. Thus, charges that he beats the gun are untrue. He does, however, take advantage of the other sprinters. If they obey the starter's command to "set," as they are supposed to do, they must wait in that difficult, tense position for an extra two seconds while Johnson gets ready. This is obviously unfair." **Bud Winter**, Johnson's coach: "The motivation behind his slow set is to keep him more relaxed in the set position, and that is the only motive."

# KEN WOOD WINS SWORD MILE IN 4:01.8

**M**AIN feature of the Sward Trophy Meeting was the great mile by Ken Wood. Mike Berisford took the lead after 1½ laps and stepped up the pace. Wood moved up to 2nd at 2½ laps but was then 12 yards down and with Berisford putting in 59.5 and 59.3 for his last two laps, he had to run desperately hard to get on terms, which he did at the beginning of the final straight. Though Berisford was far from done, Wood had the stronger finish and won by two yards in the season's fastest time of 4:01.8. Unofficial lap times for both: Wood 62.0, 62.3, 59.3, 58.2; Berisford 61.0, 62.3, 59.5, 59.3.

John Snowden's 4:03.6 in third place was perhaps even more of a surprise, for fine runner though he is, few could have expected such pace from him at this distance. He may surprise us even more.

Best of the other performances were Derek Haith's two miles in 8.48 after Herring had done the donkey work; Ann Fordyce holding Mary Rand (Bignal) all the way to win the 80m. hurdles; Suzanne All-day's double in shot and discus; and Dick Miller's 227ft. with the javelin. Vincent Gabriel (HJ) and Harry Kane (440 Hds.) also had excellent performances.

# CAMBRIDGE BEAT OXFORD 75-60

CAMBRIDGE recorded its second post-war victory against Oxford by 75 points to 60 points at the White City on May 13th. No fewer than 6 series records had been set up in the 1960 match and yet, helped once more by excellent weather, five records were created and two equalled in what was surely one of the finest in this illustrious series.

After his usual slow start Adrian Metcalfe finished last in 10 secs. in a very keenly contested 100 yards, won unexpectedly by Dewi Roberts in 9.9 for Cambridge. Later Metcalfe ran powerfully to win both 220 yards (21.5) and 440 yards (48.1) in match record times. He finished strongly on both occasions and over the longer distance had the satisfaction of beating A. G. K. Brown's record set up as long ago as 1937.

Herb Elliot achieved an excellent double over 880 yards in 1:49.9 and the mile in 4:7.2. He was made to run hard for his victory in the 880 yards ( $\frac{1}{4}$ —55.4) by Ray Norton and John Holt, who set the pace for most of the race. Tribe of Cambridge, and his team-mate, Martin Heath, led in the mile— $\frac{1}{4}$  mile 62.2;  $\frac{1}{2}$  mile 2:7.8;  $\frac{3}{4}$  mile 3:11.0. There was some spirited running by all three Oxford runners in the last lap but they were unable to match Herb's 56 sec.

The 3 miles went to Cambridge after a spirited finish. This was indeed an *allegro con Briault*.

Michael Parker achieved his expected double in the 120 and 220 yards hurdles and it is obvious the first British valid 14.2 is not far off.

A likely candidate for another double, David Harrison, was a little disappointing in the discus, where he barely salvaged third place, although he won the shot comfortably enough.

Michael Ralph made a splendid comeback in the hop, step and jump, equalling his own match record with 49'6" and led in the early stages of the long jump, a desperately close competition in which 3½ inches separated the 4 competitors. The H.S. & J. has produced some excellent competition since its inclusion in this match in 1959. How long will it be before the steeplechase and hammer are included?

Hutton equalled his personal best of 13'3"

in the pole vault and created a match record.

The fast improving Colin Bacon managed with a personal best of 223'9½" to oust the Oxford president, Roger Lane, from first place after a keenly fought duel.

**TUG-OF-WAR ASSOCIATION NOTES**

A booklet containing a comprehensive list of 1961 fixtures has been produced. It includes advice on the conduct of the T. of W. Draw and details of the Toucan League. The booklet is free but donations towards cost and postage will be welcomed.

The new T. of W. badge, price 10s. 6d. will be available within the next week or so. Flashes "Judge" are 3s. 6d. Cost must be sent with order.

Guinness Brewery lead the N.W. London section of the Toucan League with 12 pts., followed by Martin Baker 10 pts.; and De Havilland and R.A.F. Northolt equal third.

It is possible that, through the support of the A.A.A., the Association may possess its own scales during this season. Provisional arrangements are that member clubs may hire them at a charge of 10s. to cover maintenance and repair costs. Clubs will be responsible for collecting and returning the scales which can be conveyed by car.

Members' attention is drawn to the weights for our own Championships at Macclesfield on Aug. 26th: 88, 100 and 104 stone, and Catchweight events, plus a special 104st. event for clubs having joined since the 1960 Championships.

# GODIVA PRESS DERBY In Manchester to Blackpool Relay

Stage 1. Godiva (Adcocks) started in great style, with a 100 yards lead in 22.35 from Walker (N. Staffs) 22.53, Price (Wolverh'n) 22.57, Wood (Tipton) 22.59, Guilford (Derby) 23.02 and Woods (B'pool) 23.24.

(2). J. T. May (21.09) took Derby into the lead 18 sec. ahead of Godiva, with Tipton 3 sec. further behind. Derek Ibbotson broke the stage record (20.49), the only one to go, in taking Longwood from 16th to 4th with 20.34. Third fastest was Nightingale (Bolton) 21.19.

(3). Derby were now almost a minute in front, with Tipton 2nd and Godiva 3rd. M/r & D.L.C. had come from 17th on stage 1 to 5th, with B. Hall fastest here with 22.32, next being Sharpe (Derby) 22.50, S. G. Taylor (MAC) 22.51.

(4). Derby's lead dropped to 18 sec. over Godiva, with Tipton now 3rd another 14 sec. back. Fastest: P. Montague (M/r DLC) 28.13, R. Turney (Godiva) 28.16.

(5). Thorneycroft ran fastest leg of 25.43 to take Tipton to within 6 sec. of the leaders and Godiva were only 16 sec. further behind. Next fastest Thompson (MAC) 25.46.

(6). Deakin (23.01) now took Derby away to lead by 1 min. 23 sec., Godiva regaining second place through Crossfield (23.57). Only other runner to beat 24 mins. was Thompson (Birchfield) 23.36.

(7). Derby lost a little ground here but were still over a minute ahead of Godiva. Bolton had been moving up steadily and now, thanks to Freary, took over 3rd place for a brief spell, with Tipton and Blackpool close up. Fastest: H. R. Fowler (N. Staffs) 27.49, Freary 27.56.

(8). Godiva (Lloyd) made inroads into Derby's lead and were less than 200 yards behind. Blackpool (Eaves) had moved up to 3rd. Fastest: G. Rhodes (N. Staffs) 16.24, W. Feast (Birch) and Eaves 16.51.

(9). Dom. Keily with a brilliant run of 28.36, increased Derby's lead to 63 sec., the only other runner to beat 29 mins. being Rickhuss (Tipton) 28.52. Blackpool were third with a strong tail to follow.

(10). Cull, with fastest time of 21.31 ensured Derby's success, while Stubbings (22.00) brought Godiva in a minute ahead of Blackpool).

(11). Well though Basil Heatley (33.47) ran, he had no chance of catching Mike Bullivant (34.04) and Derby ran out good winners of a closer race than had been expected. Next fastest was Brian Craig

(34.34) who brought Blackpool into a well deserved third place. Final positions:

1. Derby & Cty. 4h.35m.34s.
