Now's The Time

BEFORE the memory of Tokyo and a great Olympic Games fades into the memory, no effort should be spared to press local authorities to provide badly needed facilities for athletics or to improve those already existing but quite inadequate.

Money may be tight, the bank rate may be high temporarily, but there is every reason to believe that the provision of such facilities will be considered in the "essential" category if only the local authority is sufficiently interested to press ahead with suitable plans.

The last Olympics are still in people's minds. Let us take advantage of the inspiration provided by our track and field teams and press, and press still harder, for those facilities which are either non-existent, unsuitable or inadequate. Many of our athletes are badly hampered by lack of training facilities and some have to travel long distances at considerable expense and with consequent waste of time, an important point when one has a full time job to do as well. Next year may be too late. In any event it takes quite a long time before completion after plans are agreed and passed. So strike now while the iron is hot!

To-day's Events

Today's main events include the London C.C. Championships at Parliament Hill with a record entry of 25 teams and 318 runners; the Brampton to Carlisle "10"; Faversham "5"; R.A.F. v. Loughborough Colleges at Loughborough; League races at Walthamstow (Chingford Lge.) and Nottingham (N. Midlands Lge.); Worthing Youths & Boys 3 Miles Road Race; Rockingham Youths', Boys' and Women's Inter-City Races; City of Rochester Youths' and Schools' Cross-Country Races and Women's and Girls' Road Relays (62 teams entered). Tomorrow Mel Batty, Dave Cooke, Brian Kilby and Gerry North compete in the "Le Soir" race in Brussels.

Event Secretaries may like to know that the English Schools (Athletics) Championships in 1966 will be held at Blackburn on July 7/10, which is a week earlier than usual. In 1965 they are at the usual time, July 15/18 at Watford. The Schools Cross-Country Championships will be held on the third Saturday in March in both 1965 and 1966, at Colchester and Derby respectively.

NOT ANTI-I.A.C. SAYS ARTHUR GOLD

Dear Sir,

It remains my intention not to become involved in the correspondence between Martin Hyman and Mr. Gebbels but I cannot let Martin Hyman's comments published in your issue of the 14th November go uncorrected.

His letter, addressed to me, arrived at Torington Place on Monday, 26th October, at a time when I was much occupied in the logistics of delivering our returning Olympic Teams to Buckingham Palace for the luncheons so graciously given by The Queen and during the week when the A.A.A. were moving office to Park Crescent. Miss Tupholme wrote to Martin Hyman explaining the position and telling him that I would reply to his letter as soon as possible. This I did . . . at some considerable length; and an even longer reply was made to Martin Hyman's second private letter to me.

May I, Mr. Editor, repeat the gist of some of the points I made in those letters. I explained that my prime reason for writing in the first instance was that Commercial Sponsors, no less than international athletes, appreciate recognition and Press mention. Indeed the latter is a *sine qua non* if P.R.Os. are to justify to their Boards the grants given. Appropriately, but quite fortuitously, my letter appeared under one from Ross McWhirter making just that point!

The Courage Award Scheme provided some £250 for specialist field event equipment at Timsbury and contributed another £250 odd towards travel and accommodation costs. Surely the words "substantial proportion" were merited. I was specific in that I referred to "field event development" and, similarly, I

carefully indicated Les Golding's dual capacities.

Incidentally it was my suggestion to John Wrighton—chairman of the I.A.C.—that the Courage Award Committee be approached for their help.

When Martin Hyman goes on to accuse me of writing with "such anti-I.A.C. bias" he really is on the wrong track. I happen to be a member of the I.A.C. but Martin must not assume that anyone who fails to agree wholeheartedly with a fellow member of any organisation is automatically "anti" that body. After all, you recently published a letter from Guy Basan, the honorary secretary of The London Athletic Club, a letter which was written entirely without my knowledge. Its publication embarrassed me greatly and I would like to take this opportunity of absolutely disassociating myself from it. But this does not mean that I am not proud to be a member of The London A.C.—who, let me remind you, have done as much pioneer and forward looking work for British athletics over the past hundred years as any other two clubs in existence—and Guy Basan remains one of my oldest and best friends in the sport.

No, Martin, I am not "anti" anything constructive in athletics. I see Athletics as a fascinating sport offering a constant series of physical and intellectual problems to be sought out and solved. I believe that contests in that Sport should be between athlete and athlete, between team and team and against the stop watch and the tape measure. I do not see it, and I do not want to see it, as internecine warfare between a group of past and present athletes and those members of the Governing Bodies who that group has chosen to designate their enemies.

Yours faithfully,
Arthur Gold

WOMEN'S HURDLES RECORDS

Dear Sir,

Surely Mr. Greenberg has made a mistake in his list of national records performed in the Olympic Games, in your November 14th issue. I am referring to the women's 80m hurdles. In my issue Pam Kilborn is down as equalling the Australian record with 10.6 whereas she equalled the world record of 10.5. Also Karin Balzer, the winner, equalled the world record and her own German record of 10.5. Teresa Ciepla of Poland also did a world record of 10.5 in second place, which must also have been a Polish national record.

I'm not sure if Pat Pryce or Betty Moore officially holds our UK record. If it is Pat Pryce then she also equalled her record of 10.7. These last three were not mentioned.

Yours faithfully,

(Miss) C. Cotton

Melvyn Watman writes: As there was a following wind of 2.23m/sec in the Olympic 80m hurdles final the times of 10.5 achieved by Balzer, Ciepla and Kilborn cannot be recognised as world or national records. The maximum wind assistance allowed under the rules is two metres per second. Kilborn clocked a genuine 10.6 (+ 0.13m/sec wind) in her semi-final. Betty Moore holds the official UK record at 10.5, although Pat Pryce's 10.7 (which she equalled in Tokyo) is the fastest by a British-born athlete.

LYNN DAVIES LUCKY?

Dear Sir,

I don't know who is responsible for the notes headed "Gallery of Olympic Champions", but I do not think them worthy of your magazine. Of course Lynn Davies was lucky; of course conditions favoured him. This does not mean, as your writer so strongly denies, that the conditions actually helped him to jump further than before; it means that he was enabled to win the Olympic title with a jump nearly a foot below the world record, because no outstanding jump was possible in the circumstances. This reduced the competition from one in which the winner was the man who could jump the furthest to one in which the winner was the man who could best overcome the adversities of the conditions. Lynn Davies deserves all praise for fulfilling the latter requirement so extraordinarily well; but if conditions had been normal, if, in other words, Lynn Davies had not been so lucky, the winner would have been the man who, unhindered, simply could jump the furthest, and I know no athlete better suited for this role than Ralph Boston. Yes, victory did go to the best man on the day; that does not mean that Lynn Davies was not lucky.

Yours sincerely,

Henry Roche

I stand by everything Melvyn Watman wrote in "Gallery of Olympic Champions". It is purely hypothetical to say that Lynn Davies was lucky. It was assumed by many that the conditions favoured him, but this is assumption and nothing else. No-one can say that he would or would not have won in different conditions. We shall never know. But no-one can get away from the fact that bad conditions do not help a man to jump further than ever before. His performance was inspired and I do not agree that "lucky" is the right word. Ed.

R.A.F. Lose to Cambridge U. but Beat Woodford Gn. A.C.

THE 1964 R.A.F. Cross-Country team "gremlin" struck again on Saturday, November 14th, and the saga of disaster and frustration which seems to be dogging them this season continued. First J/T MacLennan and Cpl Evans arrived late and, because of a last minute change of venue, failed to find the start. Then SAC Porter got lost while warming up and also failed to reach the start in time! And so a team already weakened by illness and injury found the additional burden of the loss of several "stars" too much to carry and were well beaten by a strong Cambridge side.

Cambridge were using the race as a trial for their Inter-Varsity team and so had their strongest team out. They also changed from their normal venue to a course more like the one over which they will meet Oxford University at Roehampton. Two 3 mile laps of rolling countryside, mostly fast going but with some ploughed, was the result.

Cambridge dominated the race from the start with Mike Turner and Alistair Heron setting a fast pace which only Mel Edwards looked like holding. At the half-distance Heron held Turner by a few yards with Edwards fifty yards back. These three moved right away from the rest of the field and the two leaders decided not to fight it out for first place.

SAC Bennett, the RAF team captain, ran a well-judged race, moving through to fourth place after a sensibly slow start. The revelation of the RAF team was LAC Hurd in his first year of service and representing the RAF for the first time. Shepherded by J/T Pugh he ran extremely pluckily to finish 14th in a very strong field and was third scorer for the RAF. J/T Pugh stayed with Hurd until the last mile during which he made up seven places to finish seventh.

THIRD WIN FOR ALDER IN BILLINGHAM "10½"

November 14th

Jim Alder (Morpeth H.) set out to make this his third successive Billingham win. From the start he showed plenty of speed and was some fifty yards up by 2 miles, followed by Moore and Rooke, both Middlesbrough, with Balding and Dobson of Heaton in close attendance. Although it was very windy Alder never looked like being caught and at 3½ miles he was 45 seconds up. He increased this lead to 66 seconds by the 7 mile mark and ran in a comfortable winner in 53.51, 1min. 36secs. outside his own course record.

JACKSON FIRST HOME & N. STAFFS TEAM WINNERS In Kettering Charity Cup

THE Kettering Town Charity Cup Race at Wicksteeds Park again proved popular with the runners and a good crowd of spectators enjoyed the race. The field started over the 4-lap, 7 mile course at a fast pace with last year's winner, Ron Grove (LCAT), going into an early lead followed by Jackson of North Staffs, with McKim (Kettering) and Roy Fowler (N. Staffs) close up.

The pace soon spreadeagled the field and at the end of the second lap Jackson was leading with Groves in second place, and McKim and Fowler sharing third. North Staffs at this stage had five in the first ten.

Over the last two laps Jackson, running splendidly, opened up a 50 yard gap from Groves and went on to win comfortably. Meanwhile a great fight was going on for third place with McKim just getting away from Roy Fowler in the last forty yards. North Staffs emerged easy winners of the team race with six men in the first fifteen.

1. J. Jackson (North Staffs) 35.58
2. R. Grove (Leics. Colleges) 36.18
3. W. McKim (Kettering Town) 36.42

MEL BATTY SMASHES RECORD IN ROCHESTER "5"

MEL BATTY showed in no uncertain fashion that he is back to his best form when he smashed the Rochester 5 Mile Road Race record by 15 secs. last Saturday. Taking the lead almost from the start, Batty soon opened up a lead which had increased to 45 yards at the bottom of the steep Cookham Hill and 100 yards when they came out of the Borstal grounds on to the main road. He went further ahead from Pete Mellor over the next mile but then started coming back to Peter Mellor and young Tony Moore of Middlesbrough, running for Borough Road College, who were having a rare tussle for second place with Gerry North not far behind.

Batty eventually won by just over 100 yards and Mellor got away from Moore to take the runner-up position. Moore, who upset some of the runners by his rather careless running—undoubtedly due to inexperience—was the surprise of the race and looks a great prospect. He puts a lot of unnecessary effort into his running at the moment but when relaxation comes as he gets more running behind him, he is going to trouble the best. As it was he beat a number of our best seniors and many outstanding juniors.

The team race was just about as close as it could be and Surrey's better packing just did the trick. Evergreen Jackie Brown was the Bels' last scorer and his 30th place was just not quite good enough against Surrey's 4 in 22, so Surrey won by one point. The fight for third place was even closer. Just when Ealing looked likely to take third spot, up came the Hercules card with the same score and McBrearty's 33rd position against Wraight's 35th, just turned the tables for them.

The Best Distance Training Camp Yet

REPORTS JOHN PARRY

Vth DISTANCE RUNNING TRAINING CAMP

At Merthyr Mawr, 7/8th November

PART I

ONE hundred and sixteen athletes, as fine a collection of coaches as one could hope to engage, a first rate camp and miles of undulating sand dunes and beaches were the ingredients which helped to make this the "best yet" distance-running training camp to be held in this country.

In the first part of this article I shall attempt to describe the environs of the camp, and introduce the coaches and international athletes who guided and led the two days of tough training. In the second part I will give a brief account of the programme, followed by my personal impressions (as one who was on the receiving end) of the course and its value in an already overcrowded fixture list.

Athletes were expected to arrive at the Ogmere Youth Camp during Friday evening. For some, this meant a long journey, and it was not until nearly 2 o'clock that the gates were shut, with certain gentlemen from Essex at last inside. The camp consisted of a number of substantially built huts. The dormitories (50 beds) were both comfortable and warm, the washing facilities excellent, there were always hot showers available, and the dining room, lecture room, recreation room all more than adequate. The food (despite the mirth that greeted baked beans on the first morning) was generally regarded as good. I heard no complaints concerning the facilities at the camp at all. Surely high praise in itself.

The Ogmere Camp is situated high above the beach and it is only a short trot (2½ miles) down across the beach and the river, negotiable only at low tide, to the sand dunes. These consist of miles of litter-free sand and at no time did I find it necessary to wear shoes. The dunes are steep in places, the "big-dipper" being 180 feet high with a 1 in 2 gradient. The beach itself was very suitable for running on, and safe bathing was available (care needed here, however).

The panel of coaches and international athletes was most distinguished. The course was led by Ron Pickering (National coach for Wales) in conjunction with Tony Ward and assisted by Derek Ibbotson, Don Taylor, Gerry North, Tony Elder, Harry Wilson, Frank Horwill, Reg Crang, David Williams and Tony Clemo, who was the administrative mind behind the organisation. Each made his own very personal contribution towards the success of the camp, as will be seen in the second part of this article.

PART II

The programme devised by the staff at Merthyr Mawr was intended to be hard. Those attending the course were advised beforehand that this was not suitable for those that were unfit. The 116 athletes were divided up into groups and although they did not do the same activity at the same time, by the end of the two days everybody had done everything. I shall therefore take the activities in the order in which I did them.

On Saturday morning I, along with about fifty other unsuspecting lightly clad individuals were assigned to the "big-dipper". Here, under the watchful eye of Harry Wilson and the press, we proceeded to run, walk, crawl and drag ourselves up the 180 feet of soft sand. The record for the ascent went to Brian Griffiths, who had obviously been practising. He also claimed the 10 minute record with a total of 7 laps. A lap consisted of a climb of the hill followed by a circular run to the bottom. We finished, and were finished off, with a fifteen minute paarlauf over a similar course.

After lunch and an interesting, if somewhat

controversial, lecture on tape from Fred Wilt we again descended to the beach and split up into groups under an international athlete.

Derek Ibbotson persuaded some of us to run very hard in a paarlauf. It was good to be able to get our legs moving fast again. Tea was followed by a film show about the Tokyo Olympics. Cameraman Ron Pickering admitted to having bought the camera only recently and we looked forward to Mexico when he will have had a chance to practise with it. After supper we were rewarded with one of the most enjoyable sessions of the weekend. Ron Pickering, more at home with 150lbs of weights than with a few ounces of precision equipment, gave an amusing and informative introductory talk on weight training and this was followed by a question/answer discussion, with the coaches and internationals as the panel. Some interesting points were raised especially concerning the acclimatization question for Mexico.

Sunday dawned as brightly as Saturday had done (one wonders what effect a wet weekend would have had). We were all in for a double dose of sandhill running and some were wise to take only a light breakfast.

I was on the paarlauf to start with and found it killing. Much hard work was put in but the final whistle came as small mercy for we were soon off on the fartlek under Derek Ibbotson and Don Taylor, with Tony Booth thrown in for good measure. Once more we dragged our weary limbs across the dunes towards home, but it was not without regret that we realised we wouldn't see the dipper again until March.

After lunch another tape lecture from Arthur Lydiard. More interesting this, and his theories met with more support than those of Fred Wilt's had done the previous day. Finally, to our last session on the playing fields, a mass paarlauf, nine teams with eleven in each. Organised chaos, but a most enjoyable ten minutes nevertheless. Tea and words of thanks all

round and promises made with a sincere desire to meet at Merthyr Mawr again on the last weekend in March.

My own brief thoughts on the weekend are these. The farm house at Merthyr Mawr which we visited will provide a unique opportunity for athletes of this country to enjoy the rugged and yet beautiful Welsh coastline, with miles of varied and interesting training facilities on their doorstep. The lesson to be learned from the weekend itself was a realization that all our bodies could take far more work than most of us had hitherto appreciated. Perhaps this was a direct result of the friendly rivalry that existed within the groups. Don Taylor spoke of his difficulty in getting out training and of how the Merthyr Mawr Camp had provided the motivation. I'm sure he spoke for many of us. Finally a thoroughly rewarding weekend and one which I am pleased to say was a complete success.

Mike Barratt Record in Liddiard Trophy Race

At Eastcote, November 7th

MIKE BARRATT repeated his win of last year in the Liddiard Trophy race promoted by Queens Park Harriers, and in favourable conditions shattered his own course record of 25.55, which was also bettered by the next two runners home. Shaftesbury and Ealing were way ahead of the rest of the teams, Shaftesbury winning the close packing of their last three scorers. Ealing, having to wait until 38th place for their last scoring runner, finally lost by a mere 7 pts.

Ayrshire 10M Relay, Girvan, November 7th. Ayr Seaforth retained this title but only after a very close tussle with Beith Harriers. It was a very fine last lap effort by J. Davidson (11.42), the fastest of the day, which gave Ayr Seaforth victory. Two boys' races were also run, the senior 1¼M being won by J. Strain (Kilmarnock) 6.02 while J. Tinsley (Stevenson HS) won the junior 1¼M in 6.16.

1, Ayr Seaforth (R. Strickland 13.21, A. Strang 12.43, J. Wilson 12.11, J. Davidson 11.42) 49.57; 2, Ailsa AC 50.31; 3, Kilmarnock H 52.15.

Garscube Harriers' Open 3x1¼M Youths Relay, Westerton, November 7th. Springburn Harriers won this race, thanks chiefly to a record last leg run of 11.52 by E. Knox.

1, Springburn H (R. Colvin 13.29, F. Farrell 13.02, E. Knox 11.52) 38.41; 2, Victoria Park (J. Kane 13.15, J. Crawford 12.47, A. Johnstone 13.22) 39.24; 3, Shettleston H (M. Mahon 13.03, D. Farquhar 13.29, A. Rutherford 14.09) 40.41.

Eastern District League Race, Kirkcaldy, November 7th. Edinburgh University proved easy winners, placing their six counting men in the first twelve places. The individual race was won by Fergus Murray (Edin Univ), after a keen fight with J. Douglas (Teviotdale) in 20.06.

1, A. F. Murray (Edin Univ) 20.06; 2, J. Douglas (Teviot) 20.08; 3, R. Young (Edin Univ) 20.44; 4, G. Brownlee (Edin South H) 20.46;

"TIGER" NEWS!!!

We regret the delay in meeting all orders for Tiger Shoes as quickly as we would like. The main reason for this was the heavy demand on the manufacturers during the Olympic Games which meant that they were unable to cope with our orders until after the Games. Several shipments are now on their way and a limited number of the following will be available on or about 7th December.

MARUP—Super, Lightweight Racing Shoes **Price 65/-**

KOBE—Slightly Heavier with Heel Insert **Price 67/6**

TOKYO—Top Quality Training Shoes **Price 69/6**

Large stocks of these and the very popular "CUB" at 29/6 will be arriving between 10th December and early January. With the new 15% import charge some of these shoes will have to go up very shortly, but we are going to absorb the increase at present.

Order NOW at Present Prices

TRACK PANTS—Still as popular as ever. Light but warm. Small, medium, large. Colour: Black, Sky Blue, Red, White, Royal Amber, Maroon.

Only 19/11

TRACK SUITS BY SURRIDGE—Top quality, short zip, sewn-in crease. Colours: Black, Royal, Maroon. Medium and large. **Price 65/-**

CROSS-COUNTRY SHOES—Lawrence "Ripples". Blue with White Trim. **57/6**

STUDS—Blue/White **52/6**. Black/White **47/6**

All these shoes are extremely good value.

PART 2 — THE AMER

BOB HAYES

Robert Lee Hayes strengthened his claims (over those of Charles Paddock, Jesse Owens and Bobby Morrow) as the greatest sprinter of all time with three fantastic performances in Tokyo: a windy semi-final in 9.86 (which would certainly have been registered as 9.8 on hand timing), a two-yard victory in the final in a legal 10.00 (manually a probable 9.9) and a devastating anchor leg in the relay. Among Hayes' prior claims to immortality were his set of 9.1 100's, his 5.9 for the indoor 60y, and his three AAU titles (the last man to win the American 100y/100m title three years running was Ralph Metcalfe in 1932/3/4).

Facts and figures: Born at Jacksonville (Florida) on 20.12.42; 6'0"/1.83 tall, weight 190lb/86kg; student. Began sprinting in 1959. Annual progress: 1960—9.8; 1961—9.3; 1962—9.2; 1963—9.1; 1964—9.1, 10.0m. World record holder at 100y, 100m (equal) and 4x100m. Other marks: 20.1 220y (straight), 20.5 220y (turn), 48.6 440y (relay leg).

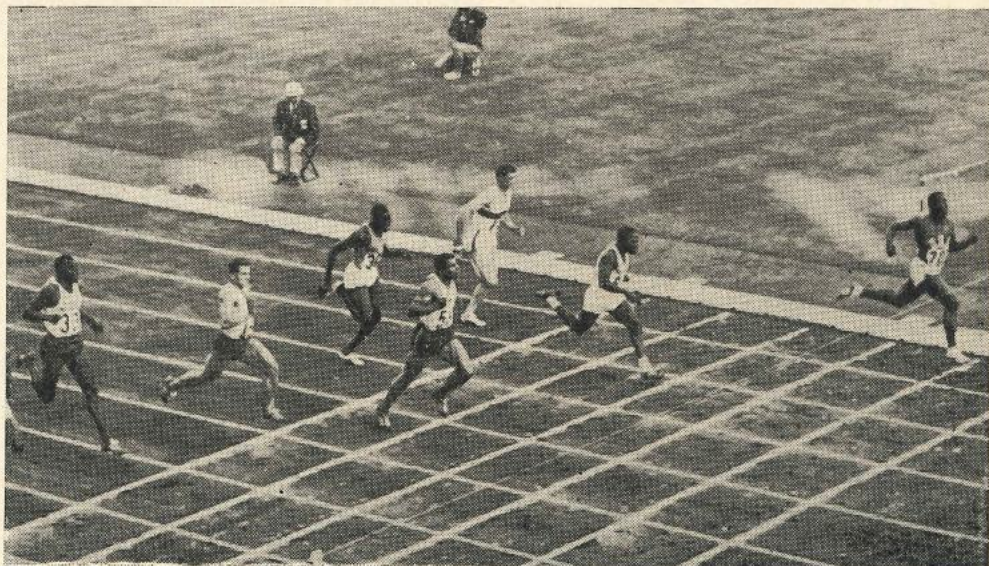

DICK STEBBINS

Richard Vaughn Stebbins, a member of the victorious sprint relay team, is only 19 and would appear to have a glittering future in store. He first made a big name for himself early this spring as a member of the outstanding Grambling College relay squad and greatly enhanced his reputation by defeating Henry Carr in 10.2 100m at the Coliseum Relays. He ran poorly in the NCAA and AAU Championships but came through in the Final Trials for 2nd in the 200m behind Paul Drayton. He placed 7th in the Tokyo 200m.

Facts and figures: Born in Los Angeles on 14.6.45; 5'11"/1.80 tall, weight 150lb/68kg; student. Annual progress: 1962—9.5; 1963—9.5; 1964—9.3, 10.2m. Best 220y (turn) time of 20.6. Holder of under-19 world best at 100y (equal), 100m, 200m and 220y.

PAUL DRAYTON

A 9.5 100y man as long ago as 1957, Otis

Finish of the 100 metres final. Reading from the right: Hayes (1st), Figuerola (2nd), Schumann (5th), Jerome (3rd), Kone (6th), Maniak (4th), Robinson (8th) and (just out of camera range) Pender (7th).

Olympic Champions

NEW GOLD MEDALLISTS

Paul Drayton can look back on a lengthy and successful career as a top-flight sprinter. Although he has run 9.3 and 10.2 he is best known as a furlong specialist, in which event he won the AAU title in 1961, 1962 and 1963 (in a dead-heat with Henry Carr). He won the Olympic Trials 200m in 20.4 for second place on the all-time list behind Carr. He gained the silver medal in the Tokyo 200m and ran first leg in the relay.

Facts and figures: Born in Glen Cove (New York) on 8.5.39; 6'0"/1.83 tall, weight 161lb/73kg; Private First Class in US Army. Annual progress: 1957—9.5; 1959—9.4; 1960—9.6; 1961—9.3; 1962—10.2m; 1963—9.3; 1964—10.3m. Former co-world record holder at 200m. Best 220y (straight) time of 20.1.

GERRY ASHWORTH

Gerald Howard Ashworth is one of the least known of all the Olympic gold medallists. He was a sprint star with Dartmouth College in New England and ran a 9.4 100y in 1962. His only activity last year was some indoor racing (5.3 for 50y) but this year, realising there was a slight chance of his making the Olympic team, he moved over to California . . . with good results. He clocked a windy 10.1 for 100m early in the season and made the relay squad by taking 4th place in the Final Trials.

Facts and figures: Born at Haverhill (Mass) on 1.5.42; 5'11"/1.80 tall, 165lb/75kg; graduate student. Annual progress: 1962—9.4; 1964—9.4, 10.3m.

HENRY CARR

An injury sustained in mid-June resulted in Henry Carr having to withdraw from the AAA sprint finals and placing only 4th in the Olympic Trials (just his second defeat in the furlong in two years). The US Olympic Committee used its discretion and chose Carr for the Olympic 200m instead of third-place finisher Bob Hayes . . . a decision that Carr amply justified with his superb victory in 20.3. He gained a second gold medal when he anchored the USA to a world record win in the 4x400m relay. Had the timetable and his own inclinations allowed it, he might have won further medals in the 400m, 100m and 4x100m—such is the range of his talent.

MIKE LARRABEE

Michael D. Larrabee provides a direct link with the days of Lou Jones, Charley Jenkins and Jim Lea, for he was numbered among the very best in the world as far back as 1955. Quarter milers came and went, but Mike seemed to stay for ever. He created quite a surprise last year with a 46.6 440y at the age of 29, and this past season he never failed to amaze as he won his first national title, improved to 45.4 in Europe and equalled the world record of 44.9 at the Final Trials. Finally, the man who finished last in the 1956 Olympic Trials final and did not even qualify for the trials in 1960, won two gold medals in Tokyo.

Facts and figures: Born in Los Angeles on 2.12.33; 6'1 1/4"/1.86 tall, weight 170lb/77kg; teacher. Annual progress: 1954—47.5*; 1955—46.6*; 1956—46.7* 1957—46.2*; 1958—47.4*; 1959—45.8*; 1960—46.0*; 1961—47.3*; 1962—46.7*; 1963—46.3*; 1964—44.9. Best 220y (turn) time of 21.1.

ULIS WILLIAMS

Ulis C. Williams' hopes of landing the Olympic 400m title were dashed when he was drawn in the eighth and outside lane. Never at ease when running on his own, he finished no higher than 5th in (for him) the modest time of 46.0. A coveted gold medal came his way, though, in the relay.

Facts and figures: Born at Hollandale (Mississippi) on 24.10.41; 6'1 1/4"/1.86 tall, weight 165lb/75kg; student. Annual progress: 1960—46.9*; 1961—45.8*; 1962—45.5*; 1963—45.3*; 1964—45.0. He has twice been runner-up in world record races (behind Plummer and Larrabee). Other marks: 220y (turn) in 21.3, 880y in 1:52.2.

OLLAN CASSELL

At one stage of the season it seemed as though Ollan Conn Cassell might turn out to be the USA's number one challenger for Otis Davis's title but he failed to improve as anticipated. He was very disappointing in the individual 400m, failing to make the final—but in the relay he got the USA team off to a sound start. Cassell began as a sprinter, clocking 9.4 for 100y in 1957.

Facts and figures: Born at Norton (Virginia) on 5.10.37; 6'1 1/4"/1.86 tall, weight 160lb/72.5kg; teacher. Annual progress: 1959—46.9*; 1960—45.9*; 1961—47.0*; 1962—45.7*; 1963—46.4; 1964—45.6. Other marks: 9.4 100y, 10.3 100m, 20.8 200m. Silver medallist in Pan-American 200m in 1963.

BOB SCHUL

Prior to this year, Robert Keyser Schul's best 5000m time was an ordinary 14:20.1 and what small reputation he possessed was built mainly on his steeplechasing potential—he ran 8:47.8 in 1961. Injuries and illness (mononucleosis) stunted his growth as a runner until last winter's indoor season. He has not looked back since and in the space of nine months has developed into a world record holder and Olympic champion. His finishing powers are already legendary.

Facts and figures: Born at West Milton (Ohio) on 28.9.37; 6'0½"/1.84 tall, weight 146lb/66 kg; student. Began running in 1952; first emerged in 1958 with 4:12.2 mile. Annual progress at 5000m: 1961—14.27.6*; 1963—14:20.1; 1964—13:38.0. Other marks: 3:58.9 mile, 8:26.4 2 miles (world record), 13:15.6 3 miles.

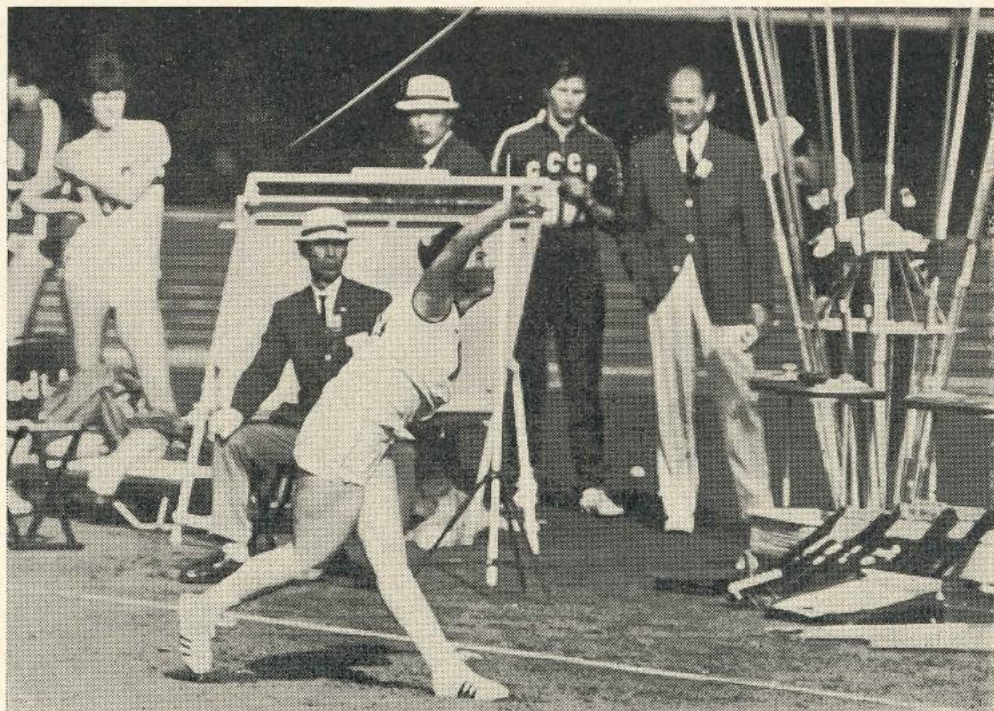

BILLY MILLS

There may have been greater upsets in Olympic history than the 10,000m victory of William M. Mills . . . but it is difficult to recall them. There was nothing in Mills' previous record to suggest the qualities he displayed in that race. He had run 6 miles or 10,000m on only five occasions: he was 9th in

the 1960 Olympic 10,000m trial in 31:00.0, 4th in the 1963 International Military 10,000m championship in Belgium in 30:08.0, the US inter-services 10,000m champion this year in 30:37.6, 2nd to Ron Larrieu over 6M with a time of 27:56.2, and 2nd to Gerry Lindgren in the Olympic 10,000m trial in 29:10.4. In Tokyo he clocked 28:24.4, and one week later placed 14th in the second marathon of his career in 2:22:55.4 (4½ minutes faster than his first).

Pre-Olympic quote: "I've improved so much this year by stepping up my workouts up to 100 miles a week. Before that I wasn't physically able to do that. I solved it by going on a protein supplement".

Facts and figures: Born at Pine Ridge (S. Dakota) on 30.6.38; 5'11"/1.80 tall, weight 154lb/70kg; 1st Lieutenant in Marine Corps. Annual progress at all events: 1958—9:25.3 (indoor 2M); 1959—4:16.4 (1M), 9:06.0, 14:18.9 (3M), 3rd AAU cross-country (1st US citizen to finish, and won trip to Sao Paulo Round-the-Houses race where he was 10th); 1960—9:12.2, 14:41.3 (5000m), 31:00.0 (10,000m), 6th in Olympic 5000m trial and 9th (5th US citizen) in 10,000m; 1961—3:03.9 (¼M relay leg), 4:13.4, 9:03.0, 14:01.5 (3M); 1962—no competition; 1963—4:09.0, 9:02.3, 14:12.0 (3M), 14:40.6

HAYES JONES

They don't come any more consistent than Hayes Wendell Jones, who has been among the three best high hurdlers in the world since 1957, when he was only 18 and competing over 42" barriers for the first time. His biggest disappointment was placing 3rd in Rome but four years later he won the title he so richly deserved. Fine a hurdler as he was outdoors, Jones was even greater indoors. His most recent defeat on the boards was at the hands of Lee Calhoun in March 1959! Jones, who began running in 1949, has now retired.

Facts and figures: Born at Starkville (Mississippi) on 4.8.38; 5'10"/1.78 tall, weight 161lb/73kg; youth employee. Annual progress: 1954—15.1 (39" hurdles); 1955—14.5 (39"); 1956—14.3 (39"); 1957—13.7; 1958—13.6; 1959—13.6; 1960—13.5; 1961—13.6; 1962—13.4; 1963—13.4; 1964—13.4. REX CAWLEY

Warren Jay Cawley was an 18-year-old

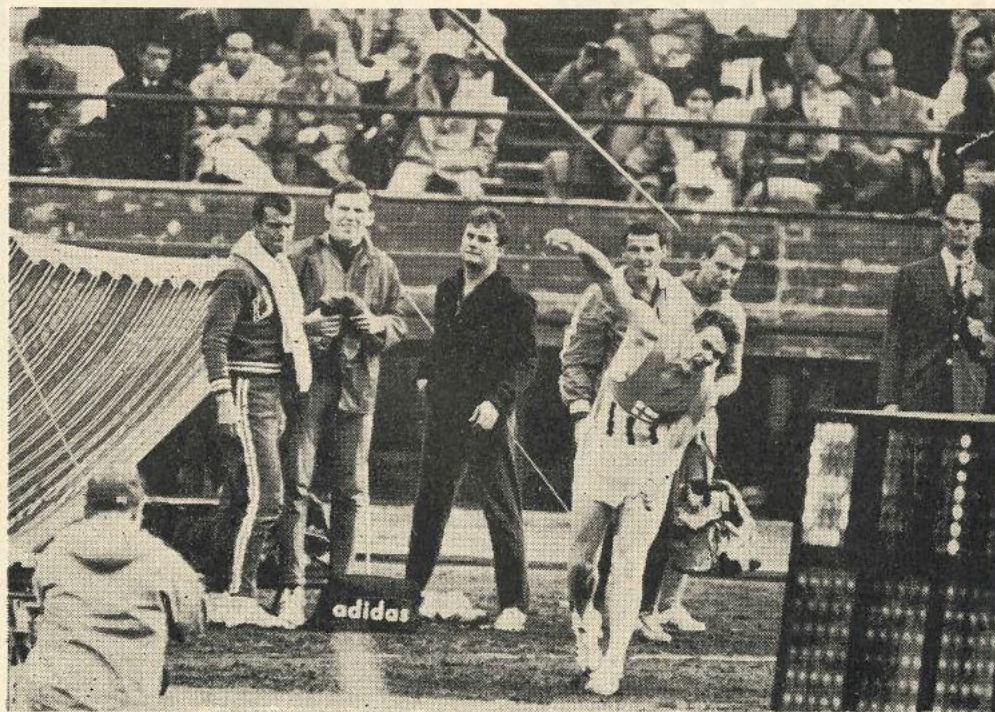

schoolboy when he made history by becoming the first athlete ever to place in all three hurdles finals at the AAU Championships. That was in 1959; three years earlier he had made his bow as a pole vaulter (10'6"/3.20)! Cawley did not make the 1960 Olympic team—he was last in the Olympic Trials final—but has been the world's number one most of the time since 1961. This year he clipped the world record with 49.1 but feels he can run as fast as 48.5.

Facts and figures: Born in Detroit on 6.7.40; 6'0"/1.83 tall, weight 165lb/75kg; graduate student. Annual progress: 1959—51.2*; 1960—50.6; 1961—49.9; 1962—50.3*; 1963—49.3*; 1964—49.1. Other marks: 9.7 100y, 46.2 440y, 14.1 120yH.

FRED HANSEN

Whatever one's views on fibre-glass poles, one cannot deny that Fred Morgan Hansen is a worthy successor to Don Bragg. Only a very special type of athlete could conquer the fatigue of a nine-hour contest and the almost unbearable tension of having to clear at the final attempt for victory. Hansen, who has increased the world record three times this year, is capable of much higher yet. He has raised his body over 18'6"/5.64 only to knock off

MICHELE BROWN JUMPS OVER 6 FEET —AND RON CLARKE BEATS BOB SCHUL

October 31st, Brisbane. Agnes de Rooy, a fast improving high jumper, raised her personal best to 5'6"/1.675. Recent Brisbane schoolboy performances include the 9.6 100y, 21.6 220y and 23'4"/7.11 LJ of Stuart Laing (18).

October 31st, Sydney. Jennifer Lamy (15), who on September 23rd ran 10.5 for 100y on a track that dropped two feet, clocked 11.0 on a rainsoaked track and long jumped 18'6 1/2"/5.66. 220y: Henry 24.8; 80mH: Marshall 11.5; JT: Chris Thompson (14) 128'2 1/2"/39.08 (142'5"/43.41 in mid-September).

November 1st, Sydney. Despite the appearance of a strong American team, the limelight was stolen by Michele Mason-Brown, who became the second female six-footer in history by clearing 6'0 1/2"/1.835. Mrs. Brown thus jumped a full five inches above her own head—the highest differential on record by a woman. In the men's 2000m, Bob Schul trailed Ron Clarke until the final 200y, at which point he unleashed a burst of speed that carried him away from Clarke with unbelievable ease. The times were 5:10.2 and 5:12.8. It may be that Schul is the man Peter Snell badly needs for an epic mile race.

100m: Carr (USA) 10.6, Lay 10.6; 200m: Carr 21.1, Lay 21.6; 2000m: Schul (USA) 5:10.2, Clarke 5:12.8, Vincent 5:18.6; 120yH: Boston (USA) 14.4; HJ: Thomas (USA) 7'0"/2.13, Sneazwell 6'8"/2.03, Peckham 6'6"/1.98; PV: Hansen (USA) 16'0"/4.87, Bickle 14'6 1/2"/4.44; LJ: Boston 25'9 1/2"/7.87; women's 100m/200m: Black 11.8/24.5; 400m: Amooore 54.4; 80mH: Kilborn 10.9.

November 1st, Adelaide. HJ/JT: Birks 6'2"/1.88 & 232'5 1/2"/70.85; TJ: Boase 49'6"/15.09.

A few days later javelin thrower Reg Spiers arrived home in Adelaide, having flown from London to Perth in a 5' x 2'6" crate—an exploit that, to Reg's dismay, hit the headlines both in Australia and Britain.

November 7th, Melbourne. HJ: Boyce (junior) 6'8 1/2"/2.045; women's 220y: Amooore 25.2; 80mH: Kilborn 11.4 (strong head-winds).

November 7th, Melbourne. At one of the biggest and finest athletics meets in Melbourne since the 1956 Olympics, some 15,000 spectators enjoyed Ron Clarke's moment of truth when he ran a superb race to take out Bob Schul's "sting" with a fast pace and win the 5000m in 13:42.4 from the Olympic champion

who was credited with 13:48.8. Keith Wheeler and Tony Cook set the early pace, covering 880y in 2:09 and the first mile in 4:23. Schul was at the rear in the field of six at this stage. After a relatively slow next lap, Clarke started to sprint and steadily increased his lead. Running strongly from here on and unleashing occasional surges he made it impossible for Schul to close the gap, and Clarke completed the race with an impressive last lap to win by some 40 yards. His 3 miles time was 13:16.8.

Other results:—100y: Lay 9.6; 440y Carr (USA) 46.0 (45.6 at 400m), Vassella 47.0; 3000mST: Vincent 8:44.6, Blackwood 8:54.8, Fishback (USA) fell; HJ: Thomas (USA) 7'1"/2.16, Sneazwell 6'10"/2.08; PV: Hansen (USA) 16'0"/4.87, Bickle 14'6"/4.42; LJ: Boston (USA) 26'1 1/2"/7.95; women's 100y/220y: Black 10.8/24.6; 80mH: Kilborn 10.8.

Dixie Willis has decided not to retire . . . Betty Cuthbert, on the other hand, is certain to step down. Herb Elliott told me the other day that despite sensational reports he is NOT making a comeback—"there is just nothing left for me". He is at present making a name for himself as a TV commentator.

DALLAS LONG

The shot-putting exploits of Dallas Crutcher Long III have been rocking the track and field world for so many years—eight or nine seasons—that it comes as a shock to realise that he has retired at the age of only 24. He set his first world record back in 1959, gained the bronze medal in Rome (the only great disappointment of his career) and this year exceeded by 10" his target of 67 feet.

Facts and figures: Born at Pine Bluff (Arkansas) on 13.6.40; 6'4"/1.93 tall, weight 260lb/118kg; graduate student in dentistry. Best discus mark: 172'3 1/2"/52.52.

AL OERTER

Alfred A. Oerter Jr. confirmed in Tokyo that, even though he has lost (temporarily?) the world record, he is the *nonpareil* of discus throwing. He gained his first Olympic gold in 1956 as a 20-year-old outsider with a personal best; again in 1960 he broke new ground on the most important day to notch gold medal number two; this time he overcame a mass of aches and pains to score his third triumph. Oerter, who retains his enthusiasm for throwing by competing relatively infrequently, intends to defend in Mexico City.

Facts and figures: Born at Astoria (New York) on 19.9.36; 6'4"/1.93 tall, weight 260lb/118kg; system analyst. Best shot: 56'11"/17.35.

WYOMIA TYUS

Wyomia Tyus showed promise for a 17-year-old on last year's European tour although she never finished higher than 3rd in her four races. In London she clocked 10.9 for 100y behind Dorothy Hyman (10.7) and Edith McGuire (10.8), and ahead of Daphne Arden (10.9). She created a minor sensation last February with an indoor 70y time of 7.5

Victory gesture by Olympic marathon winner, Bikila Abebe.

(worth 7.1 for 60m) but outdoors she was overshadowed by McGuire. She travelled to Tokyo with a best of 11.5; there she improved by some three yards to tie Wilma Rudolph's world record and win the final by an extraordinarily wide margin.

Facts and figures: Born at Griffin (Georgia) on 29.8.45; 5'7"/1.70 tall, weight 134lb/61kg; student at Tennessee State University. Annual progress: 1962—10.9; 1963—10.8, 11.8m; 1964—10.7, 11.2m.

EDITH MCGUIRE

Edith Marie McGuire was the American girl considered most likely to succeed, and that she did in the 200m after placing 2nd in the shorter sprint. Edith made her name last year when she won the Pan-American Games 100m, and this year she made a great impression with her double against the Russians.

SNELL SETS FOURTH WORLD RECORD

Adds 1,000 metres mark to his 800 metres, 880 yards & mile records

TWO days after being awarded the "Sportsman of the Year" trophy, New Zealand's golden boy Peter Snell gained his fourth world record when on November 12th he reduced the mark for 1000 metres by a tenth of a second before 15,000 people at Western Springs stadium, Auckland. Snell's time of 2:16.6 bettered the record which the German Siegfried Valentin set at Potsdam in 1960 with a time of 2:16.7.

Having his first race since returning home from his triumphs at the Olympics, Snell proved that he is greatest middle distance runner the world has ever known. Running on a finely prepared cinder track, Snell ran away from his opposition after one lap to finish 20 yards clear of his fellow medallists in the Olympic 1500 metres.

J. GRAHAM SHEATH

reports from
New Zealand

But this time it was John Davies' sprint which prevailed against the Czech silver medallist Josef Odlozil. Davies came second in 2:19.3 and Odlozil third in 2:19.4. Out of four watches on Snell one gave the time of 2:16.5 and the other three registered 2:16.6.

Snell ran cautiously early on and then called on his full power in the final half of the race.

Obviously there was going to be someone in the field who would provide the early pace—and there was no surprise when R. Dabb, a quarter-miler who is trying to graduate to the half-mile, opened up very quickly.

The trouble was that Dabb, as often the danger in these runs, started too quickly. He reached the 220 yards in 25 seconds, nearly two seconds faster than necessary, with another runner, M. Taylor, second. Behind Taylor was Snell—five yards back from Dabb.

If Dabb's pace had been a little slower Snell would doubtless have gone up to him—but he was taking the only alternative of lying back behind the next-best man. The result was that the quarter-mile time for Snell was 55.0, a good second slower than he had aimed for.

As Dabb gave way abruptly, Snell came past him with such purpose that Odlozil and Davies were unable to follow. Around the next bend five yards opened to Odlozil and, surprisingly, almost the same distance to Davies. Snell's

stride became long, powerful and constant, and the crowd instantly began to roar for him.

That stride was never to falter; if anything it became more hungry as he went by the finishing mark with half a lap left to the half mile and a full lap to the finish. He was 15 yards ahead around the next bend, with, behind him, Davies starting to make up some of his five yards deficit to Odlozil.

Snell went through the half-mile in 1:49.4. Still his speed was constant, and he won by 20 yards. Already however, much attention had switched behind him to where Davies, who had been strongly making up ground for the last 150 yards, came with a real thrust down the straight to gather in Odlozil 10 yards from the tape.

Afterwards Snell said, "If I hadn't got the 1000 metres record I'd have had to try again straight away. As it is I can wait, perhaps for a European visit, for a chance to lower it properly."

At the same meeting a New Zealand junior two-mile record of 9:03.2 was set by Rex Maddaford. Maddaford owed his good time to E. Rompelberg and P. Rise, both of whom ran with fire and determination over the first seven laps, but did not have the strength to match Maddaford's pace over the final 440 yards.

Olympic 80 metres hurdles bronze medallist Pam Kilborn (Australia) set a New Zealand all-comers' record of 10.6, only one tenth of a second off the world mark which she shares. She was pressed all the way by the New Zealand champion Mrs. Avis McIntosh, who was never more than a yard away from Miss Kilborn.

J. Graham Sheath writes: A disappointment to New Zealand athletics has been the withdrawal of the six man United States Olympic team to visit the country after competing in Australia. Three of the team—sprinter Henry Carr, long jumper Ralph Boston and high jumper John Thomas—were homesick and did not want to visit New Zealand.

Two of the other members, 5000 metres gold medallist Bob Schul and pole vaulter Fred Hansen, decided against touring New Zealand. The only competitor from the United States who will be coming to the country will be steeplechaser Jeff Fishback, who will be visiting friends for two months.

SNELL AGAIN—MILE IN 3:54.1

After covering first half in 1:54 and three-quarters in 2:54!

PETER SNELL marked up his second world record in five days when at the Western Springs Speedway Stadium, Auckland, on November 17th he clipped three-tenths from his mile standard with a time of 3:54.1. The Czech revelation, Josef Odlozil, finished second in 3:56.4 and John Davies (who had clocked 3:58.6 at Dunedin only three days earlier) was third in 3:56.8. Snell was timed at 3:37.6 at 1500m, a personal best.

The race was run in fine weather, watched by a crowd of 20,000. The early pace setting was provided by a couple of local runners and at 440y Snell was third in 56 seconds. Shortly before the halfway mark Snell assumed the lead, his time at 880y being an incredible 1:54—easily the fastest ever recorded in a top-class mile.

Snell was quite alone for the second half of the race and inevitably the pace dropped. At the bell he was timed in 2:54 ("I felt sure I had the record when I heard the time at the three-quarter mark. I knew I had only to run a 60 second final lap"), and he covered the last lap in 60.1 to win by nearly 20 yards. The order of finish was the same as in the Tokyo 1500m.

After the race (his tenth mile inside four minutes) Snell told reporters: "I had gone through the half-mile in about 1:54, which is far too fast, but I was carried away by the whole atmosphere and the tremendous crowd here, and I couldn't help myself". He thought that final lap was the hardest he had ever experienced in all his miling career.

Snell is attempting to lower the record again at Wanganui today (November 28th). "I think I'm capable of running close to 3:50 for the mile—perhaps this year, perhaps next season before I retire," he says.

ROBBIE IS SPORTSMAN OF THE YEAR

Robbie Brightwell was voted sportsman and Mary Rand sportswoman of the year in the nation-wide "Daily Express" poll. Lynn Davies, voted athlete of the year by the British Athletics Writers Association, was placed second and Ken Matthews fifth. Ann Packer was runner-up to Mary (who was also the BAWA choice) and Dorothy Hyman was third.

OLYMPIC DISCUS CORRECTION

In our report of the round-by-round positions in the women's discus final (November 7th issue, page 23) we gave Mikhailova as leading from Lotz after the 2nd, 3rd and 4th rounds. These positions should have been reversed; Lotz led until Press went ahead in the 5th round.

Race Walking

By L. W. WOODCOCK

BELGRAVE honour Ray Middleton: Belgrave Harriers have awarded the "Tommy Green Cup" for 1964 to their Olympic representative, Ray Middleton. The award was made at their annual Dinner/Dance last Saturday and it was fitting that the presentation was made by Jack Goswell, who, besides being their Walking Secretary, is the Bel's President for this year.

Need for more Walking Judges: With the increasing number of events in the racing calendar there are more calls on our judges than ever before. Every racing man who reaches the time when he hangs up his racing shoes is a potential Judge. He can greatly assist his own Club in domestic events and when they become satisfied with his capabilities in this field the Club is invited to submit an application to their Area Association for his inclusion on the RWA Judges List as a Grade III Judge. Judges accepted in this Grade officiate in Club Races, School Events, Trade Events and other Closed Events. In order to qualify for upgrading, Grade III Judges should officiate as often as possible, but they will only have powers of disqualification when officiating in Grade III Events. Whenever possible they are paired with Grade I Judges and are en-

NEW ZEALAND NEWS continued

On the brighter side the West Coast (North Island) athletic centre have announced that they will be bringing two Australian athletes over in January to compete against local athletes in four meetings. The Australians are British Empire Games 440y hurdles gold medallist Ken Roche, who reached the semi-finals at the Olympics, and Ross Filshie, bronze medallist in the pole vault at the Perth Empire Games.

Since her return from the Olympics, Mrs. Valerie Young has been in tremendous form. Within two weeks she has set two new New Zealand records in the shot put and discus. Narrowly missing a bronze medal in the shot put at Tokyo she tossed the shot out to 54'10"/16.71 to break her four-year-old record by 4½ inches. She only turned out at the last minute because of a heavy cold in a chilling wind.

The following week she threw the discus out to 176'2"/53.70, which was more than 8 feet over her best mark at Tokyo where she took 13th place. She beat her own national discus record of 171'5½"/52.26 three times in six throws.

Her throws were listed as: 164'9½"/50.23, 173'0"/52.73, 165'0"/50.29, 174'11½"/53.33, foul, 176'2"/53.70. A remarkable effort from the 27-year-old housewife who plans to retire from athletics at the end of the season.

couraged to demonstrate their knowledge and ability to the senior judge. Full written reports on the Grade III Judge are given by the Senior Judge after each event to the Chief Judge for transmission to the Area Judges' Sub-Committee. The Judges Panel is reviewed annually by each Area Judges Sub-Committee and the Area is empowered to up-grade to Grade II, but recommendations for up-grading to Grade I have to be submitted by the Areas to the National Judges Sub-Committee for consideration.

Today's Events: The third in the London series of annual Open Sevens will be held today at Wimbledon. The Belgrave Open has attracted 240 programme entries and include two Olympic walkers in Ray Middleton (Belgrave) and John Paddick (Royal Sutton). Other entrants are Bob Clark (Poly), who will be trying for a hat-trick of wins in this winter's series, Australian Peter McCullagh (Metropolitan), Arthur Thomson (Met), Dennis Read (Steyning) and the Fullager brothers (Surrey).

ERNIE POMFRET BEATS HILLEN IN CLIVE COOKSON CUP RACE

At North Shields, Nov. 21st

IN the absence of John Anderson and Jim Alder it was soon evident that Ernie Pomfret, fresh from Tokyo, and John Hillen, the Saltwell international, were to have a great struggle for supremacy, since right from the start they opened up a gap from the rest of the field and at half-distance held a substantial lead over the following bunch, headed by John Caine and Peter Parker (Gateshead), Malcolm MacDonald, Terry Rooke and Martin Starford (Middlesbrough), D. Cox and W. Wilkinson (Saltwell) and Harry Dobson of Heaton.

With four miles gone Pomfret made his bid and passed Hillen, going into a forty yard lead which he was content to maintain till the finish was in sight. Hillen made a final burst, but to no avail, and Ernie won by thirty yards in the record time of 24.21. In coming second John Hillen equalled the record that John Anderson had set in 1961. John Caine, only just a first year junior, repeated his Heaton performance in gaining third place. Saltwell regained the trophy with Middlesbrough second and Gateshead a disappointing third.

The Youths' race saw another tussle between D. Camp of Burn Road and J. Dawson of Houghton. Dawson on this occasion proved the stronger in a fast finish and he won by thirty yards. Elswick again took the team race with good packing, followed closely by Heaton and Sunderland.

Lowden, the winner of the Boys' race, seems unbeatable at present although I. Forster of Burn Road hung onto him until half-a-mile from home when the pressure of a fast run in became too much and Lowden triumphed by nearly a hundred yards. Elswick took the team race again, winning easily from Jarrow, with

Gosforth just beating South Shields on the position of their last scorer.
