THE OFFICIAL ORGAN OF ATHLETICS IN GREAT BRITAIN

WALKING by L. W. Woodcock

THE BRIGHTON

Thompson makes it eight in a row

A rule of this race is that no competitor will be allowed to enter if he is under 21 years of age. As soon as Don Thompson reached this age in 1955 he immediately entered and won at his first attempt and has won every year since!

On a cool morning 78 walkers lined up at Westminster to await the 7 a.m. start by Big Ben—competitors know that this start must always be a punctual one! Don Thompson took an immediate lead and at Streatham Hill Station (5 miles) was already 24 seconds in front of Colin Young with the next walkers over 2 mins. behind. Don's lead at South Croydon (10½ miles) was 2 mins. 13 secs., at Horley (24½ miles) nearly five minutes, at Crawley (30½ miles) seven minutes, at Bolney (38½ miles) eleven minutes, and he finally reached the finish 17 mins. 44 secs. in front of Young, who recorded his best time for this event.

Ken Mason had a great tussle with Dicky Green to retain the "Dithy Cup" awarded to the first member of the promoting club to finish, and Hugh Neilson, walking in his twenty-fourth Brighton put up a wonderful performance to retain the "Harry Preston" Cup, awarded to the first veteran.

The entries included three walkers from "overseas". D. Le Marinel (Jersey A.C.) finished sixteenth, Paul Schell (U.S.A. and Surrey W.C.) and Jan van Dijk (Amsterdam) all finished in creditable times.

The team race resulted in a win for the holders, Belgrave Harriers, after a close fight with the promoting club, with Highgate Harriers taking third place.

Result: 1, D. J. Thompson (Met. WC) 7h.49m.58s; 2, C. Young (Essex Beagles) 8:07.42; 3, K. J. Mason (Surrey WC) 8:26.22; 4, R. E. Green (Surrey WC) 8:37.06; 5, H. D. Neilson (Woodford Green AC) 8:39.51; 6, D. A. Bartliff (Belgrave H) 8:43.17; 7, G. E. Beecham (Belgrave H) 8:50.02; 8, K. J. Bailey (Belgrave H) 8:53.12; 9, E. K. Livermore (Woodford Green AC) 9:01.28; 10, C. Megnin (Highgate H) 9:01.29; 11, J. H. Eddershaw (Sheffield United H) 9:05.28; 12, R. W. Hyland (London Vidarians WC) 9:07.37.

Teams: 1, Belgrave Harriers (4, 5, 6, 11) 26 pts; 2, Surrey Walking Club (1, 2, 13, 15) 31; 3, Highgate Harriers (8, 10, 14, 19) 51.

Saturday's events: Yorkshire W.C. "Dick Hudson's" Open 8½ miles. Woodford Green A.C. Open 5 Miles. 3.0 p.m. R.W.A. Annual General Meeting. The Polytechnic, Regent Street, London. 3.0 p.m.

Australia has tabled a resolution on the

agenda of the British Empire & Commonwealth Games Federation Council Meeting at Perth seeking the inclusion of walking in future Empire Games. As has already been reported England has a similar resolution on the agenda and if these resolutions are approved, it will mean that our branch of athletics will be included from 1966 onwards.

DAVE BROWN FUND

The friends of Dave Brown have started a fund with the intention of buying a Club Championship Cup which will have his name engraved on it. The T.V.H. summer captain, T. F. Shorter, 15 Marborough Crescent, Bedford Park, London, W.4 (CHI 8136) has already been contacted by a number of R.A.F. friends and international athletes; others who may wish to contribute as a small gesture to perpetuate the memory of a great sportsman, may do so by writing to Mr. Shorter at the above address.

"A.W." PARTY IN BELGRADE

AT the time of writing these notes we are on our way to Belgrade; by the time you are reading them many of the results will be known and I hope they make good reading.

The forecast competition in connection with the Championships has proved interesting. As Melvyn Watman will no doubt tell you later, the main hopes on whom the vast majority have pinned their faith for gold medals are: 4x400m relay team, Robbie Brightwell, Dorothy Hyman, Ken Matthews, Don Thompson and Bruce Tulloh, so far as I know at the time of writing in that order. It will be interesting to see how this works out in practice.

Don't forget to make sure of your copy of "A.W." next week—four extra pages and complete coverage of all events. The following issue will also have extra pages and will complete the picture. Make sure of your copies and tell your friends so that they, too, can get a complete record of the Championships. The week after that, October 6th, will see the first of the issues containing the *World Athletics* supplement and, from letters we have received so far, readers are already looking forward to the merging of the two publications.

Readers will have seen my comments last week referring to Arthur Wignall. His enforced inactivity has meant that the Chairmanship of the Coaching and Development Committees have been taken over by Squire Yarrow, who is with us in Belgrade. It is Squire's wish that all coaches should feel that they are in touch with the deliberations of the committee and if they have any ideas or suggestions to put forward, he would like them to put them on paper and forward to Ted Strickland, c/o the A.A.A., when they will be discussed by the committee. The same applies to development.

Just before we left, I had a letter from Norman Watkins pointing out that Andrew Huxtable was very wide of the mark in suggesting that his 2,460 pts. pentathlon score in 1955 is a B.G. best. Not only has he scored over 2,500 himself, he also mentions a number of others who have done so, including the late David Brown who scored 2,542 in the 1956 Middlesex Championship held at Uxbridge. Norman wonders if the N.U.T.S. have ever bothered to compile the highest totals scored by U.K. athletes in the pentathlon or decathlon events with the individual performances not necessarily having taken place on the same day or competition, or even during the same season. As he says, "no doubt some startling points totals lie hidden in the records for some athletes, past and perhaps present."

THE EDITOR

LETTERS TO THE EDITOR

Views expressed in readers' letters are not necessarily those of the Editor or the publishers

Normally, we like readers to be as brief as possible with their letters, but in this instance, we feel the writer spotlights something which has received far too little attention in the past. As the writer of this letter states, there is no excuse whatever in these days for a handicapper failing to recognise an athlete who is prominent in published ranking lists. Yet, far too often they do just that.

HANDICAP EVENTS

Dear Sir,

I feel I must re-open the enduring controversy over handicap events. Recently I competed in two such meetings at Paignton and Babbacombe. I have returned not only confused, but in some cases appalled by the incredibly illogical way in which both my own marks and those of fellow competitors were framed.

In my own case at the two meetings, framed by the same handicapper and taking place within three days of each other, I was given two totally different marks for a race over the same distance—3 miles. On complaining at the first meet of being grossly under-handicapped considering my previous performances and marks in open events, I learned that my handicap had been calculated from a performance in a completely different event to that which I was running.

Despite the fact that the terms of the entry form were to blame for this misunderstanding, I found the stubborn, unrelenting attitude of the handicapper most unsympathetic and even disrespectful.

On arrival at the second meeting I was gratifyingly surprised to see that I had been given approximately the same mark as I had anticipated for the first event. However, my pleasant surprise was short-lived, for a few minutes before the start my handicap was drastically slashed to even less than I had been given at Paignton. Whether this was to save face on the handicapper's part or out of spite at our rather uncompromising argument three days before, I do not know, but certainly my chance of winning on either occasion was severely reduced by what I can only describe as short-sighted and unfair action.

However, any personal injustice done is small compared to the completely haphazard way in which some of these events seem to be handicapped. At Paignton, one runner, who has beaten 14 mins. for 3 miles this year and only last Saturday finished second in the London Championships "3" with a time close to this, was given 340 yards, while another who has only just beaten 15 mins., was off 150 yards.

Then a young girl with a best time of only 2 mins. 40 secs. started back-marker in the ladies half-mile behind another young lady whom I know to have run the distance more than 20 secs. faster than this and has competed in several important invitation races, amongst her achievements this season being a place in the S.C.W.A.A. 880 yds. championship.

At Babbacombe a runner with a time of 9 mins. 12 secs., this year for 2 miles was given 350 yds. in the 3 mile event, and naturally was able to run out an easy winner. Nor are these isolated examples, for being aware of some of the performances this season of some of the other competitors at this meetings, I was frankly puzzled at how some of them had attained such good marks.

At the other end of the scale one runner from my own club tells me that he had been pulled a couple of yards after being unplaced in his last two open races. This is hardly comprehensible when an event is supposedly handicapped against a defined time standard!

Of course, it is unfair to lay all the blame at the handicapper's feet. It is obvious to all and sundry—though few have the courage to openly condemn it—that there are many athletes who do not fill up their forms in a completely "honest" way. Yet I am convinced that there is more at fault than this. What is more, this **can** and **must** be rectified if we want handicap events to remain an integral part of the athletic calendar.

In the first place, why are the entry forms not made more comprehensive? Would it not be a good idea to include an athlete's last and best performances in closed as well as open events?

Secondly, surely it is high time all our official handicappers are at least vaguely aware of an athlete's "latent" abilities. There are deep ranking lists available now through the invaluable work of the N.U.T.S., etc., and there is no reason why anyone should escape the handicapper's net. I was told by a friend while in Devon that the same handicapper had given marks of between 350 and 400 yds. in a 3 miles open event at Torquay Police Sports to two runners from Coventry, both of whom

have done very respectable times for the distances this summer and have been very much in the news with their fine performances on the road. Moreover, a certain international athlete from the same club was given quite exorbitant marks in the half-mile and mile events, which he duly won with the greatest of ease.

With such goings-on, it is no surprise to find that many competitors are generally disgruntled and dis-satisfied with the present state of affairs. The public too, it is noticeable by attendance figures over the last ten years, are certainly tiring of handicap meetings, and the sporadic attempts to make them more streamlined and spectacular will be completely wasted if people are forced to share the harrowing experience of some novice struggling vainly to catch someone wearing his country's colours.

If such glaring inconsistencies continue to prevail, these traditional athletic festivals—in which all athletes are supposed to stand an equal chance—are going to disappear altogether from the programme. Indeed, one cannot help feeling that this would not be the tragedy that many imagine, although, with the fantastic increase in performances at the top of the tree, it would be a crying shame if all incentives at the roots for our great brotherhood of "rabbits" were removed. It is the size of the

base of the pyramid that determines the apex, and this we must not forget.

It is with this in mind, therefore, that I would like to make a plea to promoters of such meetings for more graded scratch races. These, I'm sure, are more beneficial to the athletes and certainly more attractive to the spectators.

Trusting you will be able to find space to air my grievances.

Yours discontentedly,

Michael G. Down

H.M.A. ON THE BALL

Dear Sir,

In your issue of September 1st, you published a letter from Mr. Geoff Clarke, which included the following sentence:—"Suzanne Allday won the shot, also for the 5th successive year, but this was not announced or reported anywhere." (The italics are mine).

On Sunday, 8th July, the following appeared in the *Sunday Times*:—"Suzanne Allday gained her 7th, and 5th successive win in the shot, but lost her discus title to Böhlting of the Netherlands; but had she been able to repeat her form of the qualifying round, she would have gained her 8th title in the discus".

Yours faithfully,

Harold M. Abrahams

MIKE BULLIVANT

(Derby & County A.C.)

answers the

A.W.

Questionnaire

Right—Mike Bullivant, No. 153, leading Martin Hyman, No. 13, at the White City, London.

Name (Surname first):

Bullivant, Michael John.

Birthplace and date:

Derby, 1.3.34.

Height:

6'0".

Weight:

10st. 7lbs.

Occupation:

Magistrates Clerk's Assistant.

Club:

Derby and County A.C.

When did you first commence athletics?

1951.

What were your first events?

1 mile, cross country.

What are your favourite events now?

6 miles track, road relay races.

What are your best marks at these events?

27:49.8 (6 miles).

Give brief details of your athletic career, championships won, dates and performances:

"Volunteered" when I was in the Army to run in Battalion Sports, and progressed from there. Joined club in 1953, spent 2 years abroad and returned in 1955. Started serious long term training in 1955. Scrambled into Empire Games in 1958. Represented G.B. v. Poland and U.S.S.R. in 1959 and G.B. v. France 1961. Gained E.C.C.U. place, 1959. G.B. v. Poland 1962. Co-holder U.K. 6 miles record.

Which performance gave you most personal satisfaction and why?

G.B. v. Poland, 1959. I partnered Martin Hyman in the 6 miles. On paper it would have appeared that Ozog, the Polish runner, would win. Martin and I ran a team race, doing alternate laps in the lead, finally well and truly beating the Pole.

How many days a week do you train in (a) Summer and (b) Winter?

(a) 7, (b) 7.

At what time of the day do you normally do your training?

5.30—7 p.m.

How long do you spend on each training session?

1½ hours.

Give a brief outline of your training in the Summer season, with a typical week's work:

Monday—12x440 (67-68), 220 recovery.
Tuesday—16x220 (31), 220 recovery.
Wednesday—16x440 (67-68), 220 recovery.
Thursday—as Tuesday.
Friday—Jogging if racing Saturday. If not, repeat Monday's schedule.
Saturday—Race.
Sunday—Either 440's or 220's, or perhaps 880's in 2:10.0.

Give a brief outline of your training in the Winter season, with a typical week's work:

Monday Tuesday Wednesday Thursday Friday Saturday Sunday	}	Try to do 60-70 miles at peak training period. All steady pace.
--	---	---

How often do you compete in the competitive season(s)?

Including cross country, track and road relays, I suppose it must be between 40 and 45 weekends per year.

Describe briefly the warming-up you do before competition and time taken.

Between 1½ and 2 miles according to weather conditions.

How many days rest do you prefer before competition?

Between 1 and 3 according to importance.

Name the coaches who have coached you.

Jim Tyler (Derby and County A.C.).

What advice would you offer to the young athlete or novice?

Join a club, find out what event you excel at and then if you aspire to get to the top, train hard.

Do you include any weight or circuit training in your programme? If so, what work of this nature do you do and what benefits have you noted?

No.

GODIVA TAKE FIRST TWO PLACES IN SOUTHALL '10'

Saturday, 1st September

GIVEN ideal conditions for road racing, plus the presence of some top-class men in top-class form, hotting-up the pace for those following behind, well, something has to happen. And it did... the first four beat the course record of 53:14.4 set up by George Brown two years ago, and no less than 56 runners finished inside the hour, causing quite a number to wear that pleased expression that goes with a "personal best", and also causing Southall A.C. to run out of standard medals!

Out of another bumper entry there were 156 starters, with 27 teams contesting the "Quaker" Challenge Trophy. The fast men soon sorted themselves out, with Mike Price leading Kilby and Taylor of Godiva, North, Mellor and Raper, and Seal just behind them. Half-way round the first lap the position of the leaders was much the same, with Seal and Adcocks about 40 yards behind; and at half-distance Kilby and Taylor went past in 24.59, giving more than a hint that a record was going to be broken, with Gerry North and Mellor (Ponders End) only 2 secs. behind the Godiva boys.

A gap of a few yards, and then in a matter of 20 secs. came Price, Butcher, Makin, Adcocks, Seal, Gale, Edwards, Crossfield, Day and Cook of Bilston. Maurice Baker, Dobb of Birchfield and Ivor Edmonds then came along to lead another string of fast-timers. At the Alderney Avenue turning, second time round, it could be seen that Kilby and Taylor really were applying the heat, for they were leading North by about 50 yards and the field was stringing out, the most prominent being Mellor, Price, Butcher, Adcocks, Seal, Makin and the two other Bristol boys, Edwards and Gale, and Cook of Bilston making sure of the Novice prize.

From then onwards Brian Kilby and teammate Taylor, knowing from experience that they had solid backing behind, drew steadily away from North with the "Quaker" Cup in mind, and on the run-in there were only a couple of seconds between the two of them—a fitting finish to a splendid race, which, we hope, will give Brian some added confidence for Belgrade.

Gerry North was in time to get third prize, and he and Mellor of Ponders End made up the quartet to beat the course record. Butcher of Colchester, the next man in, must also have been pleased with himself, and Adcocks in 6th position, made sure that the "Quaker" cup would reside in Coventry for the twelve months.

Mike Price and Frank Seal, coming in 7th and 8th, meant that Ponders End, last year's

team winners, had two out of their three men home, and Bristol only one; but, alas! they were without Gerry McIntyre, and John Edwards and Mike Gale, finishing practically together in 10th and 11th positions, turned the scales in favour of Bristol for second place. John has run in most Southall "Ten", but this is easily his best race over the course, and young Gale, who did his first "ten" in last year's race, convincingly proved how well he has come on in recent months.

Cook of Bilston, first Novice home, is another that will be well worth watching, for he was well up all through the race; and Arthur Bedford indicated his consistency by winning the Veteran's prize for the second time in three years. Result:

1, B. Kilby (Coventry Godiva H) ...	50.38
2, J. Taylor (Coventry Godiva)	50.40
3, G. North (Belgrave H)	51.37
4, P. Mellor (Ponders End) 52.48; 5, E. Butcher (Colchester) 53.30; 6, W. Adcocks (Godiva) 53.33; 7, M. Price (Bristol) 53.46; 8, F. Seal (Ponders End) 54.9; 9, M. Crossfield (Godiva) 54.22; 10, J. LEYTON JUNIOR FLOODLIT MEETING

At Leyton, September 5th

As usual, the Leyton "Junior" Floodlit Meeting put on by Eton Manor A.C., was interesting and provided some excellent competition. There were many personal bests accomplished during the evening and many exciting finishes to the track events. The only discordant note was the re-laid long jump run-up, about which something will certainly have to be done. In consequence all the jumpers failed to reach anything like their best performances and many were disappointed after travelling some distance to compete.

In the junior 220 and 440 Knowles (Brighton) and Cocks (Belgrave), respectively, were outstanding and had their events won by half-distance. It was a different story in the 880, where Dollimore was fortunate to escape disqualification when he moved out and baulked Biscoe of Mitcham, who would almost certainly have won, in the last 10 yards. Biscoe was brought up sharply and tried again on the inside, but it was too late. Being on the "blind" side of the judges, the officials did not see the full extent of the incident, and Biscoe very sportingly did not protest.

Vic Smith ran a well judged race to take the junior mile, making his effort at the end of the back straight and holding off Chidwick, whose front running had sapped his usual finishing "kick".

Webb in the hurdles and Stebbings in the steeplechase both scored convincing victories, and in the mile walk Hurst improved very considerably on his previous best to win very easily. Though his walking is apparently quite fair—and who should know better than former stylist Bert Cooper—I have never seen a walker with such an unusual action. When the hurdle on the grass allowed only a view above the hips, one would have sworn he was a runner, so near a natural running action has Hurst above the waist. Added to this is the fact that when he locks the knee, it gives him a rather unusual amount of bounce. With many overseas judges I don't think he would get far, but I would be the last person to disagree with our own judges. Hurst's pace is undeniable and if his style passes muster, he looks a great prospect.

On a different run-up to the long jump, Green and Tymms had some useful triple jumping with the former just having the edge, while Elvin in the shot and Aston in the hammer both won handily.

The youths' short sprint was a fine race and with little wind, unusually fast. The 880, too, was a fast race with Roskilly too strong for club-mate Green over the last lap.

In the women's events the outstanding girl was Christine Moore of Feltham, who went like a bomb. Jill Hall was pressed hard in the shorter sprint by Gould of Chelmsford, a girl with an unusually exaggerated high arm action without which she might run even faster. Another excellent sprinter on view was Harrison of Essex Ladies who took the junior 80 yards in fine style and with plenty to spare.

BETTY CUTHBERT'S "COME BACK"

JUST how successful will be Betty Cuthbert's come-back this year? In Sydney winter meets, Betty was doing well—and on August 19th, in cold, damp weather, she won over 100 and 220 yds. in 10.8 and 24.6.

Betty, who has been racing in black tights, said: "I am happy with my runs. The long rest—23 months—has given me a different mental outlook". Her times equalled the qualifying standards for the women's Commonwealth Games' trials in Melbourne in mid-October.

A week later, however, Betty was beaten in both races by Marilyn Black, who clocked 10.7 and 24.7.

Bob Lay, who has been running well all winter, beat Peter Vasella over 100 yds. in Sydney on August 26th, both clocking 9.7; but Vassella won the 220 yds. in 21.4.

Bob Vagg started a 1-hour record attempt, but pulled out after 6 miles in 28:51.5—Bob said he was "bored"! Winner was A. Harrison, who covered 11 miles 55 yds. 1 ft. 2 in.

Len Chinnery, who came from England, improved his best discus throw distance to 157'1½". Other good throwing marks were by Alf Mitchell (javelin 236'6") and Charlie Morris (hammer 186'6").

In Melbourne (cold), Ken Roche won over 440 yd. hurdles in 53.5; while John Randall won his division in 53.7. Sprinter Gary Holdsworth twice won over 160 yds., clocking 15.7 and 15.8.

In Adelaide, Merv Kemp set a South Australian State shot put record of 52'1½", while Graham Boase triple jumped 48'4", but had to withdraw because of an injured heel.

Chilla Porter (1956 Olympic silver medallist) high jumped 6'8" in Brisbane on August 19th, but slipped to 6'4" a week later. Mick Malouf won the 440 yds. on the 19th in 48.4.

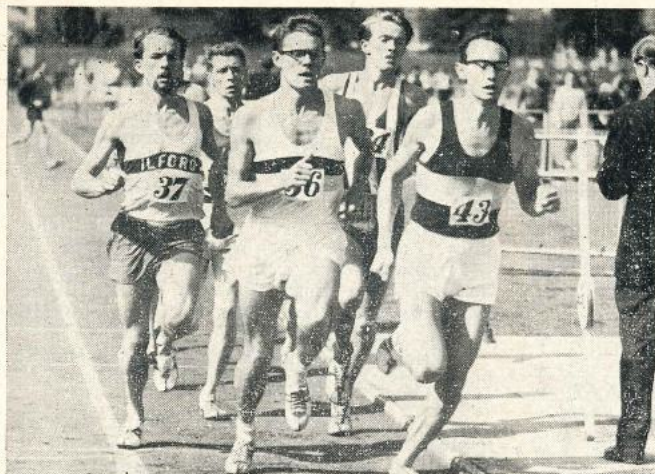

Back to the women—Helen Frith broad jumped 19'5½" in Sydney on August 19th; while a week later Robyn Woodhouse beat Carolyn Woodhouse on a count back in the high jump, both clearing 5'7".

INDOOR MEETINGS

The first of the Southern Counties A.A.A. indoor meetings will be held on Friday, 2nd November, at 6.15 p.m., and Saturday, 3rd November, at 1.45 p.m. The events will be 60 yards, 60 yards hurdles, triple jump, long jump, high jump and pole vault in senior, youth and junior age groups. Entries on A.A.A. entry forms, the fee being 2/- the first event and 1/- each additional event. The closing date is Saturday, 20th October, and entry forms should be sent to Mr. G. B. Cooper, S.C.A.A.A., 54 Torrington Place, London, W.C.1. Details of the suggested timetable will be available shortly.

ORSETT PAARLAUF

The 5 Mile Paarlauf organised by the Thurrock Harriers at the Orsett Show on September 1st was won appropriately enough by Mel Batty and Jim Catto of that club with a time of 22m.31s.

Bruce Tulloh, who was partnered by another ex-Devonian, Terry Dooris (Walton), found the handicap of having a team mate who has only run the longer road races in recent years, too much of a handicap and they finished third in 24m.34s. behind the young Walthamstow pair, Adams and Howe, who clocked 23m.15s.

The track was a bumpy 5 lap to the mile grass circuit which had witnessed show jumping, foxhounds and a parade of cattle in the preceding hour and both Batty and Tulloh discarded their spikes after two laps.

Right: Peter Duggan (Hercules) clearing the water jump for the last time to win the 1,500m steeplechase championship in a new best performance of 4 min. 18.5 sec.

Overseas News

By MELVYN WATMAN

OLYMPIC champion Pyotr Bolotnikov (USSR) came up with what must be considered one of the finest of all track performances: 10,000m in 28:18.2 in Moscow on August 11th. His previous world record, dating from 1960, was 28:18.8. Bolotnikov covered the kilometres in 2:41.5, 2:48.5, 2:51.0, 2:52.0 (15:04.0 at 5,000m!), 2:53.0, 2:53.0, 2:51.5, 2:53.0, 2:43.7.

Bolotnikov, 5'8"/1.73m tall and weighing 139lb/62kg, was born at Zanovkino on 8th March, 1930. He made the Soviet ranking lists for the first time in 1953 with a 3:53.4 1,500m (his best of 3:46.0 was made last year). The following year he moved up to the longer distances and clocked 15:15.0 for 5,000m and 31:40.0 for 10,000m. He improved rapidly and in 1957 his best times were 13:54.4 and 29:09.8. He was ready to take over Kuts' mantle, but in fact it was not until 1960 that he reached the heights. That year he scored a sensationally easy victory in the Olympic 10,000m, sliced 11.6 sec. off Kut's world record and ran 5,000m in a near record 13:38.1. He took things easy last year in preparation for this season.

"ADVERTISER" TROPHY MEETING

Carshalton Arena, September 1st

Mitcham A.C. 130 pts; Metropolitan Police A.C. 109; Portsmouth A.C. 108; Ilford A.C. 65; Guildford & Godalming A.C. 46; Hercules A.C. 42.

In a non-scoring junior mile there was another outstanding performance by Mitcham boy Stephen Badgery, just a few weeks past his 15th birthday, who went into the lead before halfway and pulled away on his own to win by nearly 100 yards in 4:28.4. This is Badgery's third successive mile within three weeks in 4:29.1 or better; in the same period he has clocked 9:36.0 for two miles.

THE "LAND O'BURNS" TROPHY

At Ayr, August 11th

Despite the blustery conditions some fine performances were recorded at this meeting. A very keen tussle for the custody of the Trophy was not decided till the last event, the 4x440 Relay, which was won by Bellahouston H., who also took the trophy with 50 pts. W. M. Campbell (Garscube) won both sprints in fine style, while the "locals", N. Duff, J. C. Davidson and J. P. McLatchie also recorded victories. C. W. Fairbrother (Vic. Pk) and C. Ridgeway (Australia) had another duel in the high jump, which Fairbrother won, clearing 6'7". Ground records were set up by W. M. Campbell in the 220 and by G. L. Brown (B'houston) in the 440 hurdles.

COWAL HIGHLAND GAMES

At Dunoon, August 24th-25th

First Day. A gale force wind caused the postponement till the Saturday of the Invitation 150y and mile. W. M. Campbell (Glas. Univ) was in good form and won both open sprints. Mike Berisford (Sale H) took the open 880y in 1:56.4. Madeline Ibbotson was a good winner of the women's mile in 5:17.5.

Second Day. The weather was better than on Friday although a strong wind favoured the sprinters. M. G. Hildrey (Vic. Pk) won the unusual event, 150y, in 14.2, which beats the

All-Comers' record of 14.6 set up in 1909 by R. E. Walker (S. Africa) and the Nat. record of 15.0 by E. H. Liddell (Ed. Un) in 1923. J. Anderson (Saltwell H) registered a fine double by winning the mile and two mile events. W. M. Campbell (Glas. Un) repeated his performance of the previous day by winning both open sprints, while Mrs. Ibbotson was again a winner, this time in the 880y.

EDWARDS AND JEFFERSON OUTSTANDING AT ST. HELENS

ON a breezy afternoon at St. Helens, on September 1st, the need for a wind gauge once again was strongly emphasised. In a triangular match involving Pilkington Rec., Cheadle & Gatley and Sale, David Edwards flowed across the cinders in stately grandeur, clocking 9.9 when the wind very possibly was below the maximum, and a fine 21.8 in slightly more helpful conditions later in the day. Last season at Blackburn, before an anemometer was provided, Edwards had another 21.8 "illegalised" because of doubtful wind-assistance and, by now, must consider himself a trifle unlucky. In border-line cases of this nature, the benefit of the doubt naturally cannot go to the athlete even if, in certain circumstances, this may seem grossly unfair. The remedy is obvious.

In conditions by now far from ideal, the mile field went off at a surprising pace with Mike Berisford (here out merely for a training stint) covering the first lap in 60 secs. Hogg and Jefferson (both Sale) were in close attendance and the leading positions were unchanged as the halfway stage was reached in 2.05. Despite the very fast first quarter, Jefferson, who seems to thrive on punishment, took the lead after about 1,200 yards and, at the bell, showed 3.10 on a running watch with Hogg and a coasting Berisford one second behind. In his favourite position, and feeling the wind for the first time, Jefferson provided his usual staggering exhibition of staying power and broke the tape in 4:09.6—an improvement of 2.4 sec. on his previous best and a mere half-second short of the A.A.A. Junior Record. A special mention is due to young David Hogg, second here in an excellent 4:15.0. In spite of being rather overshadowed at the moment by his club-mate, Hogg is running extremely well and improves with almost every race.

"ROUND THE LAKE" MARATHON

THE "Round the Lake" Marathon race, organised by Windermere A.A.C. on September 1st, was won by T. Rooke (Middlesbrough & Cleveland H.) in the excellent time of 2hr. 29m. 51s.

Of the 25 entries 16 started and the race was dominated from the start by Nunn of Longwood H., running his first marathon. He built up a lead steadily until at 10 miles he was 35 secs. up on the field, and maintained this for a large part of the race. At 17 miles Nunn was still 30 secs. in front of the next man, but at this point Rooke started putting in some determined running and stormed past Nunn 4 miles from home so strongly that he finished

with a lead of more than 3 mins. over Nunn, who was himself more than 9 mins. ahead of the third man.

This is one of the hardest marathon courses in the country and the fact that the first two men beat the time of last year's winner (J. Kerr, Airdrie, 2:38.36) by a considerable margin emphasizes the merit of their performances.

The team event was a clear win for Middlesbrough & Cleveland, with three men in the first eight.

1, T. Rooke (Middlesbrough & C.) 2:29.51
2, M. Nunn (Longwood H.) 2:33.15
3, I. Titterton (Derby & Cty.) 2:42.56
4, B. Gomersall (Leeds Harehills) 2:45.37; 5, H. Bell (Morpeth) 2:47.52; 6, J. Thompson (Middlesbrough) 2:49.04; 7, V. Short (Salford) 2:51.58; 8, A. Puckrin (Middlesbrough) 2:53.20; 9, J. Haslam (Bolton) 2:54.12; 10, L. Sullivan (Salford) 3:00.50; 11, L. Liles (Longwood) 3:02.57; 12, B. Spiby (Tipton) 3:11.36; 13, T. Sawford (Lanc'r & M) 3:30.44; 14, R. Lawton (Longwood) 3:56.36.

"THOMAS GIBSON" TROPHY

At Ilford, September 8th

A close discus competition was the main feature of an otherwise undistinguished meeting. Judy Tweedy achieved a personal best of 135'4½" with her very first throw, and Gail Smith replied with 128'2½". Both fouled in the second round. The Essex thrower gunned hard in the remaining rounds (126'7½", 134'11", 130'2½", 130'3") but failed to catch her Ilford rival (126'3", 129'9", 131'1½", 124'0½"). The 1962 score, Smith v. Tweedy, is 2-2.

GIRLS SET RELAY RECORD

ONE of the weakest United Kingdom records was removed last Saturday when Ann Packer, Janette Neil, Daphne Arden and Dorothy Hyman joined forces to clock 1:37.7 for the 4x220 yards relay. The previous best was 1:39.3. The girls, who averaged just over 24.4 per leg, were running for Pat Sage in the match at Aylesbury against Jack Crump's team in aid of the Paraplegic Sports Endowment Fund. The first leg was particularly significant, for Ann Packer—considered by many, this writer included, to have been lucky to gain selection for Belgrade—left Marianne Dew some yards back and was unofficially timed in 24.8, her best ever.

Earlier in the afternoon, Miss Hyman had won the 150 yards in 16.5, fair time on a somewhat heavy grass track and against a headwind that had slowed the winning hurdles time to a mediocre 11.7. The high jump was keenly contested; Frances Slaap slipped 2" below her customary 5'7" and was promptly shunted into third place. Barbara Nicholls gave Susan Platt a fright in the javelin, reaching a personal best of 153'6".

An error in marking the 300 yards course cost Robbie Brightwell a fast clocking. His time of 27.0 for the distance he covered of 266 yds. 1 ft. 9 ins. must be worth around 30.0 for 300y. He looked impressive, winning quite comfortably from Barry Jackson and Nick Overhead, who in turn were well ahead of Ken Wilcock.

David Jones was decisively beaten over 150y, the distance for which he holds the world's best performance of 13.9, by Alf Meakin. The latter won by a yard in 15.0 and later in the afternoon handed over a yard ahead of Jones on the first leg of the 4x220y relay.

Best performance in the field was Martyn Lucking's 57'11½" shot put, with arch-rival Mike Lindsay, not keen to compete so near the big day, acting as an official. During the previous week, Lucking hit 60'3" in training, Lindsay 60'4". Gordon Miller gained a handsome high jump victory at 6'7".

Sussex Decathlon & Pentathlon Championships

Brighton, 8th (a) & 9th (b) September

John Parry set what is believed to be a world decathlon 'record' of 4:06.1 for 1,500m. So far as one can discover the previous best was 4:07.6 by Cestmir Kodrle (Czechoslovakia) on 18th October, 1953. His total of 5,889, however, far surpassed the 3,288 of Parry. Chris Carter (born 25th December, 1942) also was under the 1,500m record with 4:07.5 and placed second with 4,521. John Harmes, who retained his title, moved to third on the U.K. all time junior list behind Geoff Elliott (5,415) and Vic Matthews (4,806), and provided he can improve in the throws and pole vault should be one of Britain's top decathlons in future years.

A 12lb. shot was used in the junior pentathlon but scored on the I.A.A.F. Tables, i.e. as for 16lb!

Pat Jones, who claims a hitherto unreported 1962 hurdles best of 11.4, set a very good new best of 3,818 and is obviously capable of 4,000.

Dec (ab): 1, J. W. Harmes (Hove) 4,762 (11.7, 21'9", 26'6", 5'6", 51.0, 16.5, 83'6½", 0, 115'11", 4:15.7).

2, C. S. Carter (Hove) 4,521 (12.1, 19'8½",

31'1¼", 4'10", 51.0, 17.2, 96'9", 0, 119'8", 4:07.5).

3, J. R. James (Crawley) 3,581 (12.7, 16'11¼", 33'3¼", 5'0", 59.5, 21.5, 105'9½", 9'6", 189'4½", 5:16.4).

4, P. S. Mackenzie (Brighton) 3,561 (HJ—6'1½"); 5, P. S. Shorland (Brighton) 3,553 (PV—10'6"); 6, P. Wilson (Brighton) 3,414; 7, J. Parry (Brighton) 3,288.

3, J. E. Long (Eastbourne R) 3,289 (16'1", 30'3, 14.0, 29'6½", 4'7½").

4, J. Unsted (Brighton L) 3,202; 5, S. Whistence-Smith (Hove) 3,172; 6, J. Mann (Hove) 3,101; 7, M. Burtenshaw (Brighton L) 2,764; 8, C. Virrals (Worthing & D) 2,500; 9, W. I. Thomas (Hove) 2,354 (SP—35'7½").

"JOE LOUIS" TROPHY

At Barking, September 8th

Highlights of the Essex Beagles "Joe Louis" Trophy meeting at Mayesbrook Park, Barking, on 8th September, were the 9.6 secs. "100" by Woodford Green A.C.'s Ron Jones, equalling the best ever British performance, with P. Cheskin (Hercules) fighting all the way to record 9.7 secs. Dave Chapman (Woodford) and Brian Jeffs (Essex Beagles) had a tussle in the 3,000m steeplechase, Chapman getting home up the straight in 9 mins. 09.2 secs. with Jeffs returning 9:11.0.

M. Bellingham (Cambridge) won the shot with 51'10½" and C. East (Beagles) the pole vault 12'0", with G. Sapsworth (Southgate) 2nd in a personal best of 12'0".

FAST TIME BY SHELLEY

It was all N. Staffs and Stone in the Staffordshire 6 Miles Championship at Rowley Park, Stafford, on September 5th, when Don Shelley put up an excellent performance to win in 28:57.8. The first five were all from the N. Staffs. club. 1, D. G. Shelley 28:57.8; 2, J. B. Doyle 29:16.8; 3, A. E. Walker 29:19.2; 4, S. Gerrard 30:41.5; 5, K. Boydon 30:59.8; 6, B. Cook (Bilston) 31:08.0.

Malcolm Bright advises us that the correct match score of the Welsh A.A.A. v. Midland Counties should be Welsh A.A.A. 67½ pts., Midland Counties 92½, and not as stated in the September 8th issue.
